Sweden	1) As of 21 January 2022, people travelling to Sweden from EU/EEA countries, including the Nordic countries, must present the EU Digital COVID Certificate or a corresponding certificate showing that they have either been vaccinated against COVID-19, tested negative within 72 hours of arrival or recovered from COVID-19 in the last six months. This requirement applies to foreign citizens aged 18 and over, with certain exemptions. 2)As of 21 January, foreign citizens travelling to Sweden from a country outside the EU/EEA may only enter the country if they are covered by one of the exemptions from the entry ban and can also present a negative result from a COVID-19 test taken within 72 hours of arrival to Sweden, or are exempt from the test requirement. Exemptions from the entry ban and test requirement apply for several categories of travellers, including for those with a vaccination certificate issued in certain countries.	https://government.se/press-releases/2022/01/amendments-to-the-entry-ban-for-people-who-travel-to-sweden/
Tajikistan	All travelers must show results from a negative COVID-19 PCR test issued within 72 hours of arrival. Test results are verified before passengers are allowed to board flights to Dushanbe and again upon arrival in Dushanbe.	https://tj.usembassy.gov/covid-19-information/
Tanzania	1) Travelers are required to present a negative COVID-19 test certificate upon arrival. The test must be a Real Time Polymerase Chain Reaction (RT-PCR) test or Nucleic Acid Amplification Test (NAAT) collected at a nationally accredited/approved laboratory, with the sample collected within 96 hours of arrival in Tanzania. 2) Travelers who have recovered from COVID-19 can submit proof of recovery from authorized medical personnel for entry to Tanzania.	https://tz.usembassy.gov/covid-19-information/
Trinidad and Tobago	All travellers are required to submit a negative NASOPHARYNGEAL (nasal swab) RT-PCR test result. This test should have been taken no earlier than seventy-two (72) hours prior to arrival in Trinidad and Tobago.	https://ttravelpass.gov.tt/travel-requirement
US	Effective December 6, 2021, all air passengers 2 years or older with a flight departing to the US from a foreign country are required show a negative COVID-19 viral test result taken no more than 1 day before travel, or documentation of having recovered from COVID-19 in the past 90 days, before they board their flight. This test is required regardless of vaccination status or citizenship. Air passengers will also be required to confirm in the form of an attestation that the information they present is true.	https://www.cdc.gov/coronavirus/2019-ncov/travelers/noncitizens-US-air-travel.html
Uruguay	Travelers must have a negative COVID-19 RT-PCR or antigen test result. The test must be taken a maximum of 72 hours before departure.	https://www.gub.uy/ministerio-salud-publica/comunicacion/publicaciones/requisitos-para-ingreso-uruguay-personas-nacionales-extranieras
