Jurisdictional Statement

This handbook is an extension of board policy and is a reflection of the goals and objectives of the board. The board, administration, and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others. Students are expected to treat teachers, other employees, students, visitors and guests with respect and courtesy. Students may not use abusive language, profanity or obscene gestures or language.

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property, or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules and regulations are in effect 12 months a year. A violation of a school district policy, rule, or regulation may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities whether the violation occurred while school was in session or not.

Students are expected to comply with and abide by the school district's policies, rules, and regulations. Students who fail to abide by the school district's policies, rules and regulations may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, restrictive study hall, lunch detention, in-school suspension, out-of- school suspension, and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate, or establish school district policies, rules, and regulations as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with questions or concerns may contact the associate principal for information about the current enforcement of the policies, rules, or regulations of the school district.

SCHOOL ATTENDANCE

Compulsory Attendance

Parents within the school district who have children who are over six and under 16 years of age by September 15 in proper physical and mental condition to attend school shall have their children attend the school within the district designated as their child's attendance center. Policy 501.3

Attendance Policy

The Centerville School District attendance policy is based on the fact that something important happens in class every day and that the activity or interaction between teacher and student can never be exactly duplicated.

Parents/guardians are requested to call the school when their student will be absent. If no call is received, the school will attempt to call the parents/guardians of the absent student. If no contact is made between the home and the school during the absence, the student is expected to bring a note to school the first day back signed by the parent/guardian and explaining the reason for the absence.

Types of Absence

When a student is absent from school, the administrator in charge has sole responsibility for assigning the type of absence. A parent's note or phone call only indicates the parent's knowledge of the absence. School records list total absences and do not distinguish between unexcused and excused absences.

Excused Absence

1. Personal illness verified by a doctor's statement
2. Professional appointments, accompanied by an office card indicating the time and date of the appointment
3. Any other absence the administrator deems documented and reasonable, such as serious family crisis or funeral, may be excused due to special circumstances.

Unexcused Absence

Any absence not listed under EXCUSED ABSENCE indicates parents have knowledge of the absence. An unexcused absence carries no penalty until 10 or more unexcused absences are accumulated in a semester. At that point the Centerville Attendance Assurance Program is initiated. All unexcused absences, not verified by a parent or guardian within 24 hours of the absences, will become a truancy unless the Principal has extended the period of notification.

Truancy

Truancy is defined as absence from school without permission of parent or the school. When a student leaves the building without a pink pass, the student will be charged with a truancy. When a student is absent from or leaves a class, but remains in the building, the student will be charged with a class truancy.

The school administration will make the final determination whether an absence is considered excused, unexcused, or the absence is considered as a truancy regardless of the reason given by the parent.

Truancy may be subject to disciplinary action as follows:

1st Offense: May be assigned detention and/or suspension, notification of parents.

2nd offense: May be assigned up to three (3) days of In School Suspension, notification of parents.

3rd offense: May be assigned up to five (5) days of In School Suspension or referred to the Board of Education for expulsion.

School Absence

A school absence is when the student attends a school-authorized function or event. The student will be responsible for making arrangements with his/her teachers for completing all work missed during the absence.

College Visit Absence

All college visits should be arranged through the Guidance Office at least one week prior to the day of the proposed visit. Parental permission is required for all college visits. Juniors and Seniors will be allowed two days for college visits each year. The two days will be counted as School Absences. If college visits are not arranged through the Guidance Office or exceed two days, these absences will be designated unexcused absences. Students must meet the admissions requirements of the college they want to visit. No college visits will be allowed after the first week of May without permission from the Principal.

Leaving the High School Building

1. A high school student must secure a pink pass from the office before leaving the building during school hours.
2. All pink pass requests for that day should be made before the end of the first period. Any pink passes issued after first period should be for emergency reasons only.
3. Passes will be granted for the following reasons: illness, professional appointments, or serious family or personal problems. The administration may grant other requests on a case-by-case basis. The high school administration has the authority to allow a student to leave the building when parental permission cannot be obtained.
4. Failure to secure a pink pass will result in a truancy in each of the classes missed. Policy reference 501.11

Extra-Curricular Activities/Attendance Requirements

A student who is going to miss a class for a performance, scheduled contest, program or trip should turn in assignments to the involved teacher in advance or make special arrangements for such assignments with the involved teacher. A student should be in school the entire day of a performance, scheduled contest, program or trip if the student expects to participate. Any exception should be cleared through the administration one day prior to event/activity if possible. Any student removed from a class or study hall or who has been truant for any part of the school day will not be allowed to participate in any extra-curricular activities that day. Policy reference 503.5-R-4

Ill in the Restroom

A student who spends a class period in the restroom because of illness must inform the office. If no communication is made with the office, the absence will be a truancy.

Make-up Work

The student will be given one more day than the total number of days of absence in order to complete the make-up work. All work missed (other than that due to school absences) shall be given credit provided it is completed within the allotted time.

Tardies

1. Any student arriving to class after the bell has stopped ringing is considered tardy.
2. A student who is late for class but arrives within five (5) minutes of the start of the class without a pass is considered tardy. Teachers are responsible for counting student tardy on attendance.
3. A student who arrives after five (5) minutes must have a pass and will be considered absent.

Tardiness will be subject to disciplinary action as follows:

1st Tardy - Teacher marks student tardy on Power School.

2nd Tardy - Teacher marks student tardy on Power School.

3rd Tardy - Teacher marks student tardy on Power School and student is informed of their third tardy.

4th Tardy - Teacher marks the student tardy on Power School.

5th Tardy - Teacher marks the student tardy on Power School. Teacher completes an office discipline referral for lunch detention and forwards it to the office. Parent contact from the Principal or Dean of Students will take place.

7th Tardy - Teacher marks the student tardy on Power School. Teacher completes an office discipline referral for lunch detentions and forwards it to the office. Parent contact from the Principal or Dean of Students will take place.

10th Tardy - Teacher marks the student tardy on Power School. Teacher completes office discipline referral and it is forwarded to the office. Parent contact from the Principal or Dean of Students will take place to arrange for a parent meeting.

Excessive Absence Plan

The Centerville School Board has limited the number of days a student can be absent from school to ten (10) days or the equivalent of ten (10) unexcused days of absence during a semester. Students will be counted as having missed 1/2 day if they miss 2 periods during class periods 1-4 or 2 periods during class periods 5-8. Students are placed in the Centerville Attendance Assurance Program after they reach five (5) unexcused days of absence.

Notification of the Number of Days of Absence

Parents or guardians will be notified when a student has missed the equivalent of 5 unexcused days of absence from school. Parents or guardians will be notified when a student misses the equivalent of 8 unexcused days of absence. Parents will also be notified when a student misses the equivalent of 10 unexcused days.

Notification of the Number of Periods of Absence

When a student misses 20 unexcused periods of absence in a class, a plan will be developed for the student to earn credit.

Centerville Attendance Assurance Program

- Step 1: The parent or guardian will be notified when the student misses the equivalent of 5 days of unexcused absence.
- Step 2: The parent or guardian will be notified when the student misses the equivalent of 8 days of unexcused absence. The parent or guardian will also be notified if the student has 3 incidents of truancy. The parent will be requested to meet with the school's administrator and the district's attendance officer.
- Step 3: If attendance still remains a problem, the parent or guardian will be notified when the student misses the equivalent of 10 days of unexcused absence or 4 incidents of truancy. The district's attendance officer will notify the Appanoose County Attorney of the above events. If the student is of compulsory attendance age, the County Attorney will appoint a mediator to meet with the parent or guardian and the student. If the student is not of compulsory attendance age, this step will only serve as a notice of the 10 unexcused days or 4 incidents of truancy.
- Step 4: The mediator will set up guidelines that must be followed in regards to truancy and attendance. If the guidelines developed are not followed, the attendance officer will refer the situation to the Appanoose County Attorney for prosecution. Policy reference: 501.10

Semester Tests

Two days at the end of each semester are set aside for semester tests. Semester tests are required in all courses. Semester tests will be summative in nature (cover the entire semester's work) and will count no less than 10% or more than 20% of the student's semester grade. In instances of extenuating circumstances as determined by the school administrator, arrangements to take the test at a different date may be made. Students not taking the semester test will receive a grade of zero or "F" for the test.

STUDENT GUIDELINES

Auditorium Seating

Each student will be assigned a seat in the auditorium by his/her homeroom teacher. This is where the student will sit during assemblies and pep rallies, unless instructed to do differently.

Books

All textbooks are the property of the school and are checked out to students for their use. The student is responsible for the damage and or loss of the checked out book. Fines may be assessed for damages, and the student is expected to pay for the book if it is lost or destroyed. Policy reference 502.2, 503.3

Lunches may be purchased and eaten in the cafeteria. All students are responsible for placing trash in the trash cans provided, both inside and outside the building. **Juniors and Seniors may eat lunch away from school with written parental permission. Freshmen and Sophomores will eat in the cafeteria.** Students who choose to eat their lunches away from the building may not bring food back into the building upon their return to school. It is the responsibility of the student whose lunch account shows a negative balance to bring the account to a zero balance before the student can graduate.

Lunch Expectations

At CHS we believe that having an organized, well-supervised lunch in which students and staff understand their roles and expectations helps to provide a stable learning environment.

1. Students will eat during their assigned lunch period.
2. **ALL** food purchased in the cafeteria must stay in the cafeteria. This includes lunch AND breakfast
3. Freshmen and sophomores are expected to eat lunch in the high school cafeteria.
 - a. Students are **NOT** allowed to order food and have it delivered to the school. Example - ordering pizza from Casey's or Pizza Hut...NO FOOD DELIVERIES REGARDLESS OF GRADE.
4. Juniors and seniors have the open campus option for lunch, however, food and drink is **NOT** to be brought back into the school building.
 - a. Student entering the school with food or drink from lunch will be expected to throw it away. Ice cream, milk shakes, malts, canned beverages without lids, beverages with a lid and straw (fountain drink), etc. are not allowed in school and must be thrown away.
6. During lunch, student traffic on the south cafeteria stairs will be one-way down towards the cafeteria. The north cafeteria stairs will also only be one-way up out of the cafeteria. **NO FOOD OR DRINK COMES UP OUT OF THE CAFETERIA.**
7. If a student chooses to leave the lunch room during their lunch, they may spend the rest of their lunch period in the gymnasium, in front of the gymnasium, or in the grass in front of the gymnasium. Students are not allowed in any of the academic areas during lunch (tech wing, science wing, 1st floor, 2nd floor, or 3rd floor). If students need to use the restroom, they may use the men's or women's restroom in the first floor hallway.

8. Juniors or Seniors who choose to utilize open campus for lunch are expected to enter the building from the south parking lot doors, the auditorium doors, or the main office doors. Once a student enters the building they are expected to go to the gym area until lunch is over.

Change

The office or cafeteria staff will provide no change for vending machines.

CHS Style of Writing

Plagiarism is a form of cheating. Passing off another person's ideas, information, and expressions, without acknowledging that person's work is intellectual theft. Passing off another person's work to better a grade or gain some other advantage is fraud (Gibaldi, Joseph. *MLA Handbook for Writers of Research Papers*. New York: The Modern Language Association of America, 2003.) Students who *plagiarize* can lose credit for the affected work, face classroom discipline consequences, and possibly be removed from class. *Plagiarism*, like cheating or copying work from others, will not be tolerated in any form at CHS.

Class Changes

For a period of one week after the start of each semester, students will have the option to drop and add classes by contacting the Guidance Department

The student is to remain in class until the schedule has been changed. At that time all school-owned material must be turned in to the teacher involved. If the class dropped will give the student less than 6 classes plus P.E., the student will have to ask permission from the School Administration or a waiver of the policy that states that a student must carry 6 classes plus P.E.

Class Load

All students will be required to carry **six** subjects plus PE.

Seniors on a reduced schedule must be taking four (4) classes plus P.E. in order to remain eligible for activities covered by the State Associations of Athletics, Music and Speech. However, the 6-subject policy will be waived for all seniors on a reduced schedule in regards to CHS events not covered by the State Associations.

Any schedule that does not meet this requirement must be approved by the High School Principal.

Classrooms

The teacher is directly in charge of the classroom. Classroom rules and grading system are posted in the classroom. The teacher's decisions are not to be questioned. If it becomes necessary for a teacher to ask a student to leave the classroom, that student shall report directly to the office. Policy reference 503.1, 502.6

Course Offerings-Post-Secondary (IHCC Classes)

Centerville High School juniors, seniors and some other qualified students may take classes at Indian Hills Community College that are post-secondary option or concurrent enrollment approved classes. Students interested in taking a course at IHCC should contact the guidance office if you would like further information

Once a student leaves, he/she will not be allowed to return. At dances, all school rules are in effect. The dance policy also applies to Prom.

Elevators

The two elevators have been installed for the purpose of allowing handicapped individuals access to all areas of the building. High school students using crutches on a temporary basis are expected to use the elevator instead of the stairs. Students wishing to use the elevator must ask for permission from the office.

Equal Educational Opportunity

It is the goal of the board to develop a healthy social, intellectual, emotional, and physical self-concept in the students attending school within the school district. Each student attending school will have the opportunity to use it and its education program and services as a means for self-improvement and individual growth. In so doing, the students are expected to conduct themselves in a manner that assures each student the same opportunities.

The board supports the delivery of the education program and services to students free of discrimination on the basis of age, race, creed, color, sex, national origin, religion, or disability. This concept of equal educational opportunity serves as a guide for the board and the school district personnel in making decisions relating to school facilities, employment of personnel, selection of educational materials, equipment, curriculum, and regulations affecting the students.

Any grievance concerning this policy needs to be directed to: Mr. Andy Hotek, Howar Middle School, Centerville, Iowa 52544, or by phone at 641-856-0760. Policy reference 504.3

Flowers, Balloons, Etc.

The office will accept flowers, balloons, etc. sent to the school as student gifts. They will be kept in the office until the school day ends. For those receiving gifts, one general announcement will be made.

Fire Drill (continuous sounding buzzer)

When the fire or evacuation alarm sounds, every person in the building is to come to attention. When the teacher in charge gives the signal, the students are to move out of the room in accordance with the school's evacuation plan. MOVE QUICKLY. DO NOT PUSH, RUN OR BLOCK THE WAY. Policy reference 507.

When figuring a student's grade point average, all courses at CHS, with the exception of driver's education and physical education, will use the following uniform grading scale when calculating student grades. Driver's education and physical education grades will not be counted in the calculation. Student G.P.A.s will be calculated on a standard 4- point scale on their transcript.

Health Education

In various courses within the Centerville High School curriculum students shall receive instruction about personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; substance use and non-use, including alcohol and controlled substances, emotional and social health; health resources; disease prevention and control; sexually transmitted disease; and communicable diseases.

Parents or guardians who object to health education in human growth and development may file a written request that their student be excused from instruction. Included with the request must be a suggested alternate activity or study acceptable to the administration. The superintendent shall have final authority to determine the alternate activity or study. Policy reference 603.1

Homerooms

Homerooms will be assigned by grade every year.

Honor Roll

The honor roll is calculated at the end of each semester. To be eligible for the honor roll a student must have a grade point of at least 3.25 and be taking at least 6 credits during the specified period. Any failing grade during the period that appears on the report card will cause the student not to make the honor roll. This means a student must pass a quarter, semester, semester test and physical education grades. Seniors on a reduced schedule who are not enrolled in 6 classes plus P.E. will not be eligible for the honor roll. Policy reference 505.4

Ineligibility

At the end of each semester, the high school administration will post an ineligibility list. Seniors on a reduced schedule taking less than a full load are exempt from this policy as it applies to being assigned to restrictive study hall. The CHS Ineligibility Policy will be in accordance with State Law. A student must be enrolled in at least 4 academic subjects at all times, pass all classes, and make adequate progress toward graduation to remain eligible. If not passing all classes at the end of each semester, a student is ineligible for 30 consecutive school days in the interscholastic athletic event in which the student is a bona fide contestant. If at the end of any grading period a contestant is given a failing grade in any course for which credit is awarded, the contestant is ineligible to dress for and compete in the next

occurring interscholastic athletic contests and competitions in which the contestant is a contestant for 30 consecutive calendar days. If not passing all classes at the end of the school year and the student is a contestant in baseball or softball, a student is ineligible for the next four weeks of that sport but has eligibility in the fall. Students are not allowed to use summer school or other means to make up failing grades for eligibility purposes. A bona fide contestant is a student who presently is or previously has competed in an interscholastic activity. Aside from absent injury, illness, or similar circumstances outside of the student's control, a student must be participating in the activity to be considered a bona fide contestant in that activity. Because 9th graders may not have had interscholastic athletic activities available to them, this definition does not apply to them.

A student who drops out or is dismissed from a sport before the end of the season is not a bona fide contestant. A copy of the entire state-mandated policy is available in the athletic director's office.

Any changes will supersede existing policy and students will be notified.

Internet and Electronic Transmission-Safe and Appropriate Use

Since technology is a vital part of the school district curriculum, the Internet and Electronic Transmission will be made available to students when feasible. Electronic Transmission refers to the sending of information from one network connected computer system to another. Electronic Transmission includes but is not limited to: cell phones, bluetooth, etc. Appropriate and equitable use of the Internet and Electronic Transmission will allow students to access resources unavailable through traditional means.

Students will be able to access the Internet and Electronic Transmission through their teacher. Individual student accounts and electronic mail addresses may be issued to students. If a student already has an electronic mail address, the student may, with the permission of the supervising teacher, be permitted to use the address to send and receive mail at school.

The Internet and Electronic Transmission can provide a vast collection of educational resources for students. It is a global network, which makes it impossible to control all available information. Because information appears, disappears, and changes constantly, it is not possible to predict or control what students may locate. The school district makes no guarantees as to the accuracy of information received on the Internet and Electronic Transmission. Although students will be under teacher supervision while on the network, it is not possible to constantly monitor individual students and what they are accessing on the network. Some students might encounter information that may not be of educational value. Student Internet and Electronic Transmission records and access records are confidential records treated like other student records. Student Internet and Electronic Transmission activities will be monitored by the school district to ensure they are not accessing inappropriate sites that have visual depictions that include obscenity, child pornography, or are harmful to minors. The school district will use technology protection measures (Internet and Electronic Transmission filters) to protect students from inappropriate access.

Students will be instructed on the appropriate use of the Internet and Electronic Transmission. Students will sign a form acknowledging they have read and understand the Internet and Electronic Transmission Appropriate Use Policy and Regulations, that they will comply with the policy and regulations, and understand the consequences for violation of the policy or regulations.

- A. Equal Opportunity-The Internet shall be available to all students within the school district through teacher access. The amount of time available for each student may be limited by the number of available workstations and the demands of each workstation.

- B. On-line Etiquette.
 - 1. The use of the network is a privilege and may be taken away for violation of Board policy or regulations. As a user of the Internet and Electronic

- Transmission, students may be allowed access to other networks. Each network may have its own set of policies and procedures. It is the user's responsibility to abide by the policies and procedures of these other networks.
2. Students should adhere to on-line protocol.
 - i. Respect all copyright and license agreements.
 - ii. Cite all quotes, references, and sources.
 - iii. Remain on the system only long enough to get information, and then exit the system.
 - iv. Apply the same privacy, ethical, and educational considerations utilized in other forms of communication.
 3. Student access for electronic mail will be through the supervising teacher's account and/or his/her own account. Students should adhere to the following guidelines:
 - i. Others may be able to read or access the mail so private messages should not be sent.
 - ii. Delete unwanted messages immediately.
 - iii. Use of objectionable language is prohibited.
 - iv. Always sign messages.
- C. Restricted Material-Students shall not intentionally access or download any text file or picture or engage in any conference that includes material which is obscene, libelous, indecent, vulgar, profane, or lewd; advertises any product or service not permitted to minors by law; constitutes insulting or fighting words, the very expression of which injures or harasses others; or presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption or the proper and orderly operation and discipline of the school or school activities, or will cause the commission of unlawful acts, or the violation of lawful school regulations.
- D. Student Violations-Consequences and Notifications
1. Fines or legal consequences of violations for copyright laws will be the responsibility of student and parent.
 2. Students who access restricted items on the Internet or Electronic Transmission shall be subject to the appropriate actions described in Board policy or regulations or the following consequences:
 - i. First Violation-A verbal and written "Warning" notice will be issued to the student. The student may lose Internet and Electronic Transmission access for a period up to 15 days as decided by the supervising teacher. A copy of the notice will be mailed to the student's parents and a copy provided to the building principal.
 - ii. Second Violation-A verbal and written "Second Violation" notice will be issued to the student. A copy of the notice will be sent to the student's parent and a copy provided to the building principal. The student shall forfeit all Internet and Electronic Transmission privileges for a minimum of 15 days until reinstated. Policy Reference 605.7

These courses are offered free of charge to students of Centerville High School. In order to take an Odyssey course, the student must contact the guidance department.

Lockers

Lockers are owned by the school district and should in no way be considered a student's personal property. Lockers should be kept clean both inside and outside. Lockers will be checked for cleanliness.

The inside of the locker is not to be a billboard for alcohol, tobacco products, drugs, or unclothed human anatomy.

Students are provided a school padlock. Non-school locks will be cut off and thrown away. The cost of an additional lock is \$4.00.

Any problem with the operation of a lock or locker should be reported to the office. THE SCHOOL DISTRICT IS NOT RESPONSIBLE FOR ITEMS TAKEN FROM A STUDENT'S LOCKER, LOCKED OR UNLOCKED.

Student lockers are subject to inspection. An inspection shall either occur in the presence of the student(s) whose locker(s) are being inspected or the inspection shall be conducted in the presence of at least one other person. The "other person" could be a parent, school employee, law enforcement or a student. Student lockers and desks are no longer considered protected areas." Policy reference 502.7, 502.10.

In accordance with board policy 502.10RI, vehicles parked on school property are subject to interior searches by school officials.

Medication

All medications to be used by the students during the school day are to be delivered to the office in the original container and labeled with the student's name, and accompanied by detailed instructions for use from parent or prescribing practitioner. Forms are available in the office or from the nurse that may be used for this purpose. Students with written parental permission may self-medicate. Policy reference 507.3

Mid-Quarter Progress Reports

Each teacher is to inform students of their academic progress at mid- quarter. Students are to be notified of the grade, be it passing or failing. Progress letter days are built into the calendar. **Students are also encouraged to check their grades on PowerSchool.**

Parking

Students must consider parking on school property a privilege and not a right. The privilege to park on school property may be denied to any student if CHS administration deems it necessary to revoke the privilege. The large parking lots south and east of the high school is designated as student parking area. All student-owned vehicles must be parked in this area or on the street. Parking space is on a first-come first-serve basis. Nuisance driving in the designated areas will be reported to the authorities and disciplined according to the administration.

In accordance with board policy 502.10RI, vehicles parked on school property are subject to interior searches by school officials.

THE FACULTY PARKING AREA IS EAST OF THE BUILDING; STUDENTS PARKING IN THIS AREA WILL BE ASKED TO MOVE THEIR VEHICLES. THIS EXCLUDES THE 10 SPACES ON THE SOUTH END OF THE LOT. Policy reference 502.4

Parking Lot Expectations

At CHS we believe that having parking lot environment in which students and staff understand expectations and routines promotes a safe and stable learning environment.

1. Students are expected to park in the large parking lots to the south and south east of the high school or on the street.
2. Students will use caution and obey all traffic laws as they enter and park their vehicles.
3. When students arrive at school to start the school day, they will park and promptly enter the building.
4. Students are expected to park in designated spaces in parking lots.
5. Students will be good neighbors by ensuring the parking lot is free of trash as well as keeping engine noise and music at appropriate levels as they enter school grounds and park their vehicles.
6. The faculty parking area is east of the building, however, students may also park in the 10 spaces on the south end of the faculty parking area.

Reduced Schedule Option

This option is for second semester Juniors and Seniors. Students electing a reduced schedule should make sure eligibility requirements are being met. See the explanation under class load. The criteria for a reduced schedule follows:

1. The students must apply to the CHS Principal for permission and have parent consent.
2. A senior must have earned 36 credits if applying for a reduced schedule after 6 semesters, or 42 credits if applying for a reduced schedule after 7 semesters. Second semester juniors must have 30 credits to apply for a reduced schedule.
3. **Students must have had no truancies, have passed all classes, and less than 9 days of unexcused absences in the semester before applying for a reduced schedule. Students who qualify for a permanent pink pass who incur a truancy after receiving the permanent pink pass will have their pink pass revoked immediately. Students, who are, at any time, failing any class, will have their pink pass revoked until they are again passing all coursework.**
4. **Students seeking a waiver of the criteria must do so by appearing before the Centerville School Board.**
5. **Permanent Pink passes will only be allowed at the beginning or end of the day. Example: Senior is enrolled in classes 2-8 and is open 1st and has a study hall 5th. That student can arrive at the beginning of 2nd period and remain in school until the end of 8th. Pink passes will not be allowed 5th. This is to avoid students coming and going. Once you are at school you remain at school. Extenuating circumstances would include leaving campus for work study or college classes. Any schedule that does not meet this requirement must be approved by the High School Principal.**

The annual date is the first Tuesday of September. Policy reference: 506.2.

Student Publications

Students may produce official school publications as part of the curriculum under the supervision of a faculty advisor and the principal. Official school publications include material produced in the journalism, newspaper, yearbook, or writing classes and distributed to the student body either free or for a fee.

Any expression made by students in the exercise of free speech, including student expression in official school publications, is not an expression of official school policy. The school district, the board, and the school district employees or officials are not liable in any civil or criminal action for any student expression made or published by the students, unless the school district employees or officials have interfered with or altered the content of the student speech or expression. The liability, if any, is only to the extent of the interference or alteration of the speech or expression. Policy reference 504.3

"Good Conduct" Rule

GOOD CONDUCT RULE Code No. 503.5 R-1

Participation in school activities is a privilege. School activities provide the benefits of promoting additional interests and abilities in the students during their school years and for a lifetime. Students who participate in extracurricular activities serve as ambassadors of the school district throughout the calendar year, whether away from school or at school. Students who wish to have the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities which are illegal or inappropriate. Students who fail to abide by this policy and the administrative regulations supporting it may be subject to disciplinary measures. The principal or designee shall keep records of violations of the good conduct rule.

It shall be the responsibility of the superintendent to develop rules and regulations for school activities. Students wanting to participate in school activities must meet the requirements set out by the school district for participation in the activity.

STUDENT ELIGIBILITY FOR EXTRACURRICULAR ACTIVITIES

The Board of Directors of the Centerville Community School District offers a variety of voluntary activities designed to enhance the classroom education of its students. Students who participate in extracurricular activities serve as ambassadors of the school throughout the calendar year, whether away from or at school. Students who wish to exercise the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities that are illegal or inappropriate. Participation in these activities is a privilege, conditioned upon meeting the eligibility criteria established by the board, administration, and individual activity coaches and sponsors. The principal or designee shall keep records of violations of the Good Conduct Rule.

The following activities are covered by the board's policy and these rules:

Athletics, instrumental and vocal music performances, drama productions, speech contests, FFA, FCCLA, FBLA, National Honor Society, all co-curricular clubs (e.g., Art Club, Spanish Club), all honorary and elected offices (e.g., Homecoming and Prom King/Queen/court, class officer, student government officer or representative), graduation speakers, cheerleading and drill team, mock trial, Academic Quiz Bowl, or any other activity where the student represents the school outside the classroom. Graded activities do not fall under the jurisdiction of the Good Conduct Policy.

Good Conduct Rule

To retain eligibility for participation in Centerville School District extracurricular and co-curricular activities, students must conduct themselves as good citizens both in and out of school at all times. Students who represent the school in an activity are expected to serve as good role models to other students and to the members of the community.

Administrators will make reasonable and timely attempts to reach parents before the Good Conduct Rule hearing. Any student who, after a hearing at which the student shall be confronted with the allegation, the basis of the allegation, and given an opportunity to tell the student's side, is found to have violated the school's Good Conduct Rule will be deemed ineligible for a period of time, as described below. A student may lose eligibility under the Good Conduct Rule for any of the following behaviors:

- possession, use, or purchase of tobacco products, regardless of the student's age;
- possession, use, or purchase of alcoholic beverages, including beer and wine (having the odor of alcohol on one's breath is evidence of "use");
- being in attendance at a function or party where the student knows or has reason to know that alcohol or other drugs are being consumed illegally by minors and failing to leave despite having a reasonable opportunity to do so;

- possession, use, purchase, or attempted sale/purchase of illegal drugs, or the unauthorized possession, use, purchase, or attempted sale/purchase of otherwise lawful drugs;
- engaging in any act that would be grounds for arrest or citation in the criminal or juvenile court system (excluding minor offenses such as traffic or hunting/fishing, violations), regardless of whether the student was cited, arrested, convicted, or adjudicated for the act(s);
- exceedingly inappropriate or offensive conduct such as assaulting staff or students, gross insubordination (talking back or refusing to cooperate with authorities), hazing or harassment of others. Such harassment does not have to rise to the level of violating the school's anti-bullying/harassment policy, but rather may include inappropriate and/or disparaging comments to or about others, whether made verbally, in writing, or by electronic means (e.g., text messages, electronic mail, or posting on social networking sites). Examples of such harassment includes, but is not limited to: threats; inappropriate comments about the traits of an individual or group; creating parodies to make fun of others; posting or otherwise sharing potentially embarrassing photographs, drawings, video, or depictions of others without permission. NOTE: This could include group conduct! This rule is not intended to prevent a student from expressing his/her religious or political beliefs.

Any student declared ineligible under a prior school district's Good Conduct Rule without having completed and the full period of ineligibility at that school and transfers to Centerville High School, will not be eligible at Centerville High School until the full period of ineligibility has been completed. Once the time period of ineligibility has been completed, the student is then eligible in accordance with the Centerville High School Good Conduct Policy.

Consequences

Any student who, after a hearing before the administration, is found to have violated the Good Conduct Rule, during the school year or summer, is subject to a loss of eligibility as follows:

The following list has been established to give guidance to properly delegated administrative personnel or activities director when administering the sanctions set forth in the Good Conduct Rule. However, it should be noted that the Board of Directors or its delegates may exercise their discretion in assessing more severe or less severe penalties when they have assessed the seriousness of the violation, its circumstances and any mitigating factors. (For "mere presence" violations, see item 2 under "Reduction in Penalty.")

First Offense - Up to 25% of the next season or combination of seasons.

Second Offense - Up to 50% of the next season or combination of seasons.

Third or More Offense Within 12 months- Up to twelve (12) calendar months of ineligibility. Back to step one next violation step.

1. The period of ineligibility attaches immediately upon a finding of a violation if the student is eligible for and currently engaged in an extracurricular activity and, if not, or if not completed during the current activity, is begun or carried over to the time the student seeks to go out for the next activity or contest.
2. However, if the period of time between a violation and an activity is twelve calendar months or more, the student shall not serve an ineligibility period for the violation and the student will be reverted back to first offense status. The next ensuing violation will be at second offense.
3. An ineligible student shall attend all practices or rehearsals but will not "suit up" nor perform/participate.

4. If a student drops out of an activity prior to completion of the ineligibility period, the full penalty or the remainder of the penalty, at the administration's discretion, will attach when the student next seeks to go out for an activity, subject to the 12-month limitation above.
5. If a student violates the Good Conduct Rule while ineligible due to an earlier violation, the penalty for the subsequent offense will attach at the completion of the earlier penalty.

CONTEST SUSPENSION GUIDELINES:

- Students will be suspended from the level of competition in which they are involved. For instance, a varsity athlete cannot count a junior varsity contest toward his/her suspension.
- Students must continue to attend practice during the time of suspension. Withdrawing from the activity does not satisfy the terms of the suspension.

Reduction in Penalty:

1. Admission Prior to Determination: If a student comes forward to a coach, administrator, or activity sponsor to admit (self-report) a violation of the Good Conduct Rule prior to a finding of guilt by the administration (no longer than 48 hours after committing the violation), the student's penalty may be reduced by one quarter of contests/events for a first violation, and one-fourth of contests/events for a second violation.
2. A student who violates the "mere presence" provision of this policy shall serve no more than one-half of the established penalty for the first, second, or third/subsequent violation. The punishment may be reduced by an administrator or designee based on the preponderance of evidence to indicate a student was not knowingly participating in activities that violate the Good Conduct Code Rules. (To find a student violation of the Good Conduct Code by the use of "Mere Presence" there must be some evidence that the student knew the drugs/alcohol were present and being used illegally, and the student must have failed to leave [after discovery of the drugs/alcohol/illegal activity] within a reasonable time, assuming the student had an opportunity to leave.) If a student finds himself/herself in a situation where alcohol or other drugs are being consumed illegally by minors, the student options are:
 - a. Leave immediately, an intention to leave is not a defense.
 - b. Apply "reverse peer pressure" to convince the persons responsible for bringing the offending substances to leave the party and take the offending items with them.
 - c. Otherwise get rid of the offending items. (Flush or pour, but Do Not consume)

Violations Occurring During Ineligibility:

If a student is ineligible at the time of a violation of the Good Conduct Rule, the penalty for the violation will not begin until the student regains eligibility. Example: A student academically ineligible for a quarter [or "semester"] is found to have been in possession of tobacco, a Good Conduct Rule violation. When the student is again academically eligible, the penalty attaches. Example: A student violates the Good Conduct Rule and is ruled ineligible for 5 dates. While ineligible, the student again violates the Good Conduct Rule. The second penalty starts only when the first penalty is completed.

Academic Consequences:

There will be no academic consequences for the violation (e.g., detention, suspension, expulsion from school, or grade reduction/withholding) unless the violation of the Good Conduct Rule occurred (a) on school grounds, (b) at a school event regardless of location, or (c) the violation has a direct and immediate negative impact on the efficient operation of the school despite occurring off school grounds/time.

Letters and Awards:

Students who are ineligible at the conclusion of an activity are at risk of not receiving a letter and will forfeit all individual post season honors/awards.

APPEALS

Any student who is found by administration to have violated the Good Conduct Rule may appeal this determination to the superintendent. The appeal must be made by contacting the superintendent in writing within three (3) days of receiving written notification of the finding of violation and imposition of sanctions. The sanction will remain in effect pending the superintendent's decision.

If the student or family chooses, he or she may appeal to the school board by filing a written appeal with the board secretary at least 24 hours prior to the next regular board meeting. The review by the board will be in closed session unless the student's parents(s) or the student, if the student is 18 years old, requests an open session. The grounds for appeal to the school board are limited to the following:

- 1. The student did not violate the Good Conduct Rule;**
- 2. And/or the student was not given due process during the investigation process;**
- 3. And/or the sanction is in violation of the Handbook or Board Policy.**

The sanction will remain in effect pending the outcome of the meeting with the Board.

If the school board reverses the decision of administration, the student shall be immediately eligible and shall have the record of the ineligibility period and violation deleted from the student's record. If the school board modifies the decision of administration, the student's eligibility and record will be modified to accurately reflect the decision of the board.
