About MACPAC

The Medicaid and CHIP Payment and Access Commission (MACPAC) is a non-partisan legislative branch agency that provides policy and data analysis and makes recommendations to Congress, the Secretary of the U.S. Department of Health and Human Services, and the states on a wide array of issues affecting Medicaid and the State Children's Health Insurance Program (CHIP). The U.S. Comptroller General appoints MACPAC's 17 commissioners, who come from diverse regions across the United States and bring broad expertise and a wide range of perspectives on Medicaid and CHIP.

MACPAC serves as an independent source of information on Medicaid and CHIP, publishing issue briefs and data reports throughout the year to support policy analysis and program accountability. The Commission's authorizing statute, Section 1900 of the Social Security Act, outlines a number of areas for analysis, including:

- payment;
- eligibility;
- enrollment and retention;
- coverage;
- access to care;
- quality of care; and
- the programs' interaction with Medicare and the health care system generally.

MACPAC's authorizing statute also requires the Commission to submit reports to Congress by March 15 and June 15 of each year. In carrying out its work, the Commission holds public meetings and regularly consults with state officials, congressional and executive branch staff, beneficiaries, health care providers, researchers, and policy experts.

Introduction

The statutes governing Medicaid and CHIP—Titles XIX and XXI of the Social Security Act (the Act)—have evolved in the years since their enactment as Congress has added, rescinded, or amended provisions. The statutes are complex and can be challenging to navigate. MACPAC has annotated the Medicaid and CHIP statutes to provide an informal resource that we hope will assist users in identifying and understanding selected provisions.

MACPAC's annotations are overlaid on the March 30, 2023 versions of Titles XIX and XXI of the Act published by the Office of the House Legislative Counsel. To the best of our knowledge, these were the most up-to-date versions available at the time we developed this document. Annotations identify the specific provision referenced (e.g., a subsection or a paragraph) and, to the extent possible, are placed adjacent to it. We provide a list of acronyms and abbreviations used in the annotations and their definitions in Table 1, and a list of public laws we cite in the annotations in Table 2.

MACPAC's annotations are neither a formal legal opinion nor an official interpretation of the law and should not be construed as such. Moreover, our annotations are not exhaustive; as Congress makes future changes to the Medicaid or CHIP statutes, they may become outdated. In addition, this document does not address statutory provisions outside of the Act or federal regulations pertinent to Medicaid or CHIP. For assistance in identifying specific Medicaid provisions in statute, regulations, and state plans, please refer to the MACPAC Reference Guide to Federal Medicaid Statute and Regulations.

We would like to thank Ed Grossman, former deputy legislative counsel for the U.S. House of Representatives, for his assistance in editing and verifying these annotations.

(b) DUTIES.—

(1) REVIEW OF ACCESS POLICIES FOR ALL STATES AND ANNUAL REPORTS.—MACPAC shall—

(A) review policies of the Medicaid program established under this title (in this section referred to as "Medicaid") and the State Children's Health Insurance Program established under title XXI (in this section referred to as "CHIP") affecting access to covered items and services, including topics described in paragraph (2);

(B) make recommendations to Congress, the Secretary, and States concerning such access policies;

(C) by not later than March 15 of each year (beginning with 2010), submit a report to Congress containing the results of such reviews and MACPAC's recommendations concerning such policies; and

(D) by not later than June 15 of each year (beginning with 2010), submit a report to Congress containing an examination of issues affecting Medicaid and CHIP, including the implications of changes in health care delivery in the United States and in the market for health care services on such programs.

(2) SPECIFIC TOPICS TO BE REVIEWED.—Specifically, MACPAC shall review and assess the following:

(A) MEDICAID AND CHIP PAYMENT POLICIES.—Payment policies under Medicaid and CHIP, including—

(i) the factors affecting expenditures for the efficient provision of items and services in different sectors, including the process for updating payments to medical, dental, and health professionals, hospitals, residential and long-term care providers, providers of home and community based services, Federally-qualified health centers and rural health clinics, managed care entities, and providers of other covered items and services;

(ii) payment methodologies; and

(iii) the relationship of such factors and methodologies to access and quality of care for Medicaid and CHIP beneficiaries (including how such factors and methodologies enable such beneficiaries to obtain the services for which they are eligible, affect provider supply, and affect providers that serve a disproportionate share of low-income and other vulnerable populations).

(B) ELIGIBILITY POLICIES.—Medicaid and CHIP eligibility policies, including a determination of the degree to which Federal and State policies provide health care coverage to needy populations.

(C) ENROLLMENT AND RETENTION PROCESSES.—Medicaid and CHIP enrollment and retention processes, including a determination of the degree to which Federal and State policies encourage the enrollment of individuals who are eligible for such programs and screen out individuals who are ineligible, while minimizing the share of program expenses devoted to such processes.

(D) COVERAGE POLICIES.—Medicaid and CHIP benefit and coverage policies, including a determination of the degree to which Federal and State policies provide access to the services enrollees require to improve and maintain their health and functional status.

(E) QUALITY OF CARE.—Medicaid and CHIP policies as they relate to the quality of care provided under those programs, including a determination of the degree to which Federal and State policies achieve their stated goals and interact with similar goals established by other purchasers of health care services.

(F) INTERACTION OF MEDICAID AND CHIP PAYMENT POLICIES WITH HEALTH CARE DELIVERY GENERALLY.—The effect of Medicaid and CHIP payment policies on access to items and services for children and other Medicaid and CHIP populations other than under this title or title XXI and the implications of changes in health care delivery in the United States and in the general market for health care items and services on Medicaid and CHIP.

(G) INTERACTIONS WITH MEDICARE AND MEDICAID.—Consistent with paragraph (11), the interaction of policies under Medicaid and the Medicare program under title XVIII, including with respect to how such interactions affect access to services, payments, and dual eligible individuals.

MACPAC shall include in the annual report required under paragraph (1)(D) a description of all such areas or problems identified with respect to the period addressed in the report.

(5) COMMENTS ON CERTAIN SECRETARIAL REPORTS AND REGULATIONS.—

(A) CERTAIN SECRETARIAL REPORTS.—If the Secretary submits to Congress (or a committee of Congress) a report that is required by law and that relates to access policies, including with respect to payment policies, under Medicaid or CHIP, the Secretary shall transmit a copy of the report to MACPAC. [(a)(87)] Requires state plan to validate driver qualifications in providing non-emergency medical transportation.

Notwithstanding paragraph (5), if on January 1, 1965, and on the date on which a State submits its plan for approval under this title, the State agency which administered or supervised the administration of the plan of such State approved under title X (or title XVI, insofar as it relates to the blind) was different from the State agency which administered or supervised the administration of the State plan approved under title I (or title XVI, insofar as it relates to the aged), the State agency which administered or supervised the administration of such plan approved under title X (or title XVI, insofar as it relates to the blind) may be designated to administer or supervise the administration of the portion of the State plan for medical assistance which relates to blind individuals and a different State agency may be established or designated to

administer or supervise the administration of the rest of the State plan for medical assistance; and in such case the part of the plan which each such agency administers, or the administration of which each such agency supervises, shall be regarded as a separate plan for purposes of this title (except for purposes of paragraph (10)). The provisions of paragraphs (9)(A), (31), and (33) and of section 1903(i)(4) shall not apply to a religious nonmedical health care institution (as defined in section 1861(ss)(1)).

For purposes of paragraph (10) any individual who, for the month of August 1972, was eligible for or receiving aid or assistance under a State plan approved under title I, X, XIV, or XVI, or part A of title IV and who for such month was entitled to monthly insurance benefits under title II shall for purposes of this title only be deemed to be eligible for financial aid or assistance for any month thereafter if such individual would have been eligible for financial aid or assistance for such month had the increase in monthly insurance benefits under title II resulting from enactment of Public Law 92-336 not been applicable to such individual.

The requirement of clause (A) of paragraph (37) with respect to a State plan may be waived by the Secretary if he finds that the State has exercised good faith in trying to meet such requirement.

For purposes of this title, any child who meets the requirements of paragraph (1) or (2) of section 473(b) shall be deemed to be a dependent child as defined in section 406 and shall be deemed to be a recipient of aid to families with dependent children under part A of title IV in the State where such child resides. Notwithstanding paragraph (10)(B) or any other provision of this subsection, a State plan shall provide medical assistance with respect to an alien who is not lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law only in accordance with section 1903(v).

(b) The Secretary shall approve any plan which fulfills the conditions specified in subsection (a) of this section, except that he shall not approve any plan which imposes, as a condition of eligibility for medical assistance under the plan—

(1) an age requirement of more than 65 years; or

(2) any residence requirement which excludes any individual who resides in the State, regardless of whether or not the residence is maintained permanently or at a fixed address; or

[(b)(3)] Mandatory emergency services to non-citizens who would otherwise qualify under § 1903(v).

(3) any citizenship requirement which excludes any citizen of the United States.

(c) Notwithstanding subsection (b), the Secretary shall not approve any State plan for medical assistance if the State requires individuals described in subsection (l)(1) to apply for assistance under the State program funded under part A of title IV as a condition of applying for or receiving medical assistance under this title.

(d) If a State contracts with an entity which meets the requirements of section 1152, as determined by the Secretary, or a utilization and quality control peer review organization having a contract with the Secretary under part B of title XI for the performance of medical or utilization review functions (including quality review functions described in subsection (a)(30)(C)) required under this title of a State plan with respect to specific services or providers

(or services or providers in a geographic area of the State), such requirements shall be deemed to be met for those services or providers (or services or providers in that area) by delegation to such an entity or organization under the contract of the State's authority to conduct such review activities if the contract provides for the performance of activities not inconsistent with part B of title XI and provides for such assurances of satisfactory performance by such an entity or organization as the Secretary may prescribe.

[(e)] Providing numerous rules for extension of eligibility.

[(e)(1)] Requiring TMA under § 1925.

(e)(1) Beginning April 1, 1990, for provisions relating to the extension of eligibility for medical assistance for certain families who have received aid pursuant to a State plan approved under part A of title IV and have earned income, see section 1925.

(2)(A) In the case of an individual who is enrolled with a medicaid managed care organization (as defined in section 1903(m)(1)(A)), with a primary care case manager (as defined in section 1905(t)), or with an eligible organization with a contract under section 1876 and who would (but for this paragraph) lose eligibility for benefits under this title before the end of the minimum enrollment period (defined in subparagraph (B)), the State plan may provide, notwithstanding any other provision of this title, that the individual shall be deemed to continue to be eligible for such benefits until the end of such minimum period, but, except for benefits furnished under section 1905(a)(4)(C), only with respect to such benefits provided to the individual as an enrollee of such organization or entity or by or through the case manager.

(B) For purposes of subparagraph (A), the term "minimum enrollment period" means, with respect to an individual's enrollment with an organization or entity under a State plan, a period, established by the State, of not more than six months beginning on the date the individual's enrollment with the organization or entity becomes effective.

[(e)(3)] Katie Beckett option for children with disabilities who require an institutional level of care but are living at home.

(3) At the option of the State, any individual who—

(A) is 18 years of age or younger and qualifies as a disabled individual under section 1614(a);

(B) with respect to whom there has been a determination by the State that—

(i) the individual requires a level of care provided in a hospital, nursing facility, or intermediate care facility for the mentally retarded,

(ii) it is appropriate to provide such care for the individual outside such an institution, and

(iii) the estimated amount which would be expended for medical assistance for the individual for such care outside an institution is not greater than the estimated amount which would otherwise be expended for medical assistance for the individual within an appropriate institution; and

(C) if the individual were in a medical institution, would be eligible for medical assistance under the State plan under this title,

shall be deemed, for purposes of this title only, to be an individual with respect to whom a supplemental security income payment, or State supplemental payment, respectively, is being paid under title XVI.

[(e)(4)] Mandatory deemed eligibility for newborns for first year of life.

(4) A child born to a woman eligible for and receiving medical assistance under a State plan on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of one year. During the period in which a child is deemed under the preceding sentence to be eligible for medical assistance, the medical assistance eligibility identification number of the mother shall also serve as the identification number of the child, and all claims shall be submitted and paid under such number (unless the State issues a separate identification number for the child before such period expires). Notwithstanding the preceding sentence, in the case of a child who is born in the United States to an alien mother for whom medical assistance for the delivery of the child is made available pursuant to section 1903(v), the State immediately shall issue a separate identification number for the child upon notification by the facility at which such delivery occurred of the child's birth.

[(e)(5)] Mandatory continuous coverage of pregnant women (regardless of income changes) through required postpartum period. Optional postpartum coverage is provided for a full year under (e)(16).

(5) A woman who, while pregnant, is eligible for, has applied for, and has received medical assistance under the State plan, shall continue to be eligible under the plan, as though she were pregnant, for all pregnancy-related and postpartum medical assistance under the plan, through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends.

[(e)(6)] Mandatory continuous coverage of pregnant women (regardless of income changes) through required post-partum period.

(6) In the case of a pregnant woman described in subsection (a)(10) who, because of a change in income of the family of which she is a member, would not otherwise continue to be described in such subsection, the woman shall be deemed to continue to be an individual described in subsection (a)(10)(A)(i)(IV) and subsection (l)(1)(A) without regard to such change of income through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends. The preceding sentence shall not apply in the case of a woman who has been provided ambulatory prenatal care pursuant to section 1920 during a presumptive eligibility period and is then, in accordance with such section, determined to be ineligible for medical assistance under the State plan.

[(e)(7)] Mandatory continuous eligibility for children who age out of Medicaid while hospitalized.

(7) In the case of an infant or child described in subparagraph (B), (C), or (D) of subsection (l)(1) or paragraph (2) of section 1905(n)—

(A) who is receiving inpatient services for which medical assistance is provided on the date the infant or child attains the maximum age with respect to which coverage is provided under the State plan for such individuals, and

(B) who, but for attaining such age, would remain eligible for medical assistance under such subsection,

the infant or child shall continue to be treated as an individual described in such respective provision until the end of the stay for which the inpatient services are furnished.

[(e)(8)] QMB eligibility and redetermination periods.

(8) If an individual is determined to be a qualified medicare beneficiary (as defined in section 1905(p)(1)), such determination shall apply to services furnished after the end of the month in which the determination first occurs. For purposes of payment to a State under section 1903(a), such determination shall be considered to be valid for an individual for a period of 12 months, except

that a State may provide for such determinations more frequently, but not more frequently than once every 6 months for an individual.

(9)(A) At the option of the State, the plan may include as medical assistance respiratory care services for any individual who—

(iv) has adequate social support services to be cared for at home; and

(v) wishes to be cared for at home.

(B) The requirements of subparagraph (A)(ii) may be satisfied by a continuous stay in one or more hospitals, nursing facilities, or intermediate care facilities for the mentally retarded.

(C) For purposes of this paragraph, respiratory care services means services provided on a part-time basis in the home of the individual by a respiratory therapist or other health care professional trained in respiratory therapy (as determined by the State), payment for which is not otherwise included within other items and services furnished to such individual as medical assistance under the plan.

(10)(A) The fact that an individual, child, or pregnant woman may be denied aid under part A of title IV pursuant to section 402(a)(43) shall not be construed as denying (or permitting a State to deny) medical assistance under this title to such individual, child, or woman who is eligible for assistance under this title on a basis other than the receipt of aid under such part.

(B) If an individual, child, or pregnant woman is receiving aid under part A of title IV and such aid is terminated pursuant to section 402(a)(43), the State may not discontinue medical assistance under this title for the individual, child, or woman until the State has determined that the individual, child, or woman is not eligible for assistance under this title on a basis other than the receipt of aid under such part.

[(e)(11)] State option to extend eligibility to enrollees in a group health plan for a minimum enrollment period.

(11)(A) In the case of an individual who is enrolled with a group health plan under section 1906 and who would (but for this paragraph) lose eligibility for benefits under this title before the end of the minimum enrollment period (defined in subparagraph (B)), the State plan may provide, notwithstanding any other provision of this title, that the individual shall be deemed to continue to be eligible for such benefits until the end of such minimum period, but only with respect to such benefits provided to the individual as an enrollee of such plan.

(B) For purposes of subparagraph (A), the term "minimum enrollment period" means, with respect to an individual's enrollment with a group health plan, a period established by the State, of not

more than 6 months beginning on the date the individual's enrollment under the plan becomes effective.

[(e)(12)] State option to provide 12-month continuous eligibility for children.

(12) At the option of the State, the plan may provide that an individual who is under an age specified by the State (not to exceed 19 years of age) and who is determined to be eligible for benefits under a State plan approved under this title under subsection (a)(10)(A) shall remain eligible for those benefits until the earlier of—

(A) the end of a period (not to exceed 12 months) following the determination; or

(B) the time that the individual exceeds that age.

[Note: Section 5112(a) of division FF of Public Law 117–328 provides for an amendment to strike paragraph (12) and insert a new paragraph (12). Subsection (c) of such section 5112 states "[t]he amendments made by this section shall take effect on the first day of the first fiscal quarter that begins on or after the date that is 1 year after the date of enactment of this Act." [effective date is October 1, 2024]. Upon such date, paragraph (12) (as amended) will read as follows:]

(12) 1 YEAR OF CONTINUOUS ELIGIBILITY FOR CHILDREN.—The State plan (or waiver of such State plan) shall provide that an individual who is under the age of 19 and who is determined to be eligible for benefits under a State plan (or waiver of such plan) approved under this title under subsection (a)(10)(A) shall remain eligible for such benefits until the earlier of—

(A) the end of the 12-month period beginning on the date of such determination;

(B) the time that such individual attains the age of 19; or

(C) the date that such individual ceases to be a resident of such State.

[(e)(13)] Express lane eligibility option applies only through 09/30/27 under subparagraph (I).

(13) EXPRESS LANE OPTION.—

(A) IN GENERAL.—

(i) OPTION TO USE A FINDING FROM AN EXPRESS LANE AGENCY.—At the option of the State, the State plan may provide that in determining eligibility under this title for a child (as defined in subparagraph (G)), the State may rely on a finding made within a reasonable period (as determined by the State) from an Express Lane agency (as defined in subparagraph (F)) when it determines whether a child satisfies one or more components of eligibility for medical assistance under this title. The State may rely on a finding from an Express Lane agency notwithstanding sections 1902(a)(46)(B) and 1137(d) or any differences in budget unit, disregard, deeming or other methodology, if the following requirements are met:

(I) PROHIBITION ON DETERMINING CHILDREN INELIGIBLE FOR COVERAGE.—If a finding from an Express Lane agency would result in a determination that a child does not satisfy an eligibility requirement for

medical assistance under this title and for child health assistance under title XXI, the State shall determine eligibility for assistance using its regular procedures.

(II) NOTICE REQUIREMENT.—For any child who is found eligible for medical assistance under the State plan under this title or child health assistance under title XXI and who is subject to premiums based on an Express Lane agency's finding of such child's income level, the State shall provide notice that the child may qualify for lower premium payments if evaluated by the State using its regular policies and of the procedures for requesting such an evaluation.

(III) COMPLIANCE WITH SCREEN AND ENROLL REQUIREMENT.—The State shall satisfy the requirements under subparagraphs (A) and (B) of section 2102(b)(3) (relating to screen and enroll) before enrolling a child in child health assistance under title XXI. At its option, the State may fulfill such requirements in accordance with either option provided under subparagraph (C) of this paragraph.

(IV) VERIFICATION OF CITIZENSHIP OR NATIONALITY STATUS.—The State shall satisfy the requirements of section 1902(a)(46)(B) or 2105(c)(9), as applicable for verifications of citizenship or nationality status.

(V) CODING.—The State meets the requirements of subparagraph (E).

(ii) OPTION TO APPLY TO RENEWALS AND REDETERMINATIONS.—The State may apply the provisions of this paragraph when conducting initial determinations of eligibility, redeterminations of eligibility, or both, as described in the State plan.

(B) RULES OF CONSTRUCTION.—Nothing in this paragraph shall be construed—

(i) to limit or prohibit a State from taking any actions otherwise permitted under this title or title XXI in determining eligibility for or enrolling children into medical assistance under this title or child health assistance under title XXI; or

(ii) to modify the limitations in section 1902(a)(5) concerning the agencies that may make a determination of eligibility for medical assistance under this title.

(C) OPTIONS FOR SATISFYING THE SCREEN AND ENROLL REQUIREMENT.—

(i) IN GENERAL.—With respect to a child whose eligibility for medical assistance under this title or for child health assistance under title XXI has been evaluated by a State agency using an income finding from an Express Lane agency, a State may carry out its duties under subparagraphs (A) and (B) of section 2102(b)(3) (relating to screen and enroll) in accordance with either clause (ii) or clause (iii).

(ii) ESTABLISHING A SCREENING THRESHOLD.—

(I) IN GENERAL.—Under this clause, the State establishes a screening threshold set as a percentage of

the Federal poverty level that exceeds the highest income threshold applicable under this title to the child by a minimum of 30 percentage points or, at State option, a higher number of percentage points that reflects the value (as determined by the State and described in the State plan) of any differences between income methodologies used by the program administered by the Express Lane agency and the methodologies used by the State in determining eligibility for medical assistance under this title.

(II) CHILDREN WITH INCOME NOT ABOVE THRESHOLD.—If the income of a child does not exceed the screening threshold, the child is deemed to satisfy the income eligibility criteria for medical assistance under this title regardless of whether such child would otherwise satisfy such criteria.

(III) CHILDREN WITH INCOME ABOVE THRESHOLD.—If the income of a child exceeds the screening threshold, the child shall be considered to have an income above the Medicaid applicable income level described in section 2110(b)(4) and to satisfy the requirement under section 2110(b)(1)(C) (relating to the requirement that CHIP matching funds be used only for children not eligible for Medicaid). If such a child is enrolled in child health assistance under title XXI, the State shall provide the parent, guardian, or custodial relative with the following:

(aa) Notice that the child may be eligible to receive medical assistance under the State plan under this title if evaluated for such assistance under the State's regular procedures and notice of the process through which a parent, guardian, or custodial relative can request that the State evaluate the child's eligibility for medical assistance under this title using such regular procedures.

(bb) A description of differences between the medical assistance provided under this title and child health assistance under title XXI, including differences in cost-sharing requirements and covered benefits.

(iii) TEMPORARY ENROLLMENT IN CHIP PENDING SCREEN AND ENROLL.—

(I) IN GENERAL.—Under this clause, a State enrolls a child in child health assistance under title XXI for a temporary period if the child appears eligible for such assistance based on an income finding by an Express Lane agency.

(II) DETERMINATION OF ELIGIBILITY.—During such temporary enrollment period, the State shall determine the child's eligibility for child health assistance under title XXI or for medical assistance under this title in accordance with this clause.

(III) PROMPT FOLLOW UP.—In making such a determination, the State shall take prompt action to determine whether the child should be enrolled in medical assistance under this title or child health assistance under title XXI pursuant to subparagraphs (A) and (B) of section 2102(b)(3) (relating to screen and enroll).

(IV) REQUIREMENT FOR SIMPLIFIED DETERMINATION.—In making such a determination, the State shall use procedures that, to the maximum feasible extent, reduce the burden imposed on the individual of such determination. Such procedures may not require the child's parent, guardian, or custodial relative to provide or verify information that already has been provided to the State agency by an Express Lane agency or another source of information unless the State agency has reason to believe the information is erroneous.

(V) AVAILABILITY OF CHIP MATCHING FUNDS DURING TEMPORARY ENROLLMENT PERIOD.—Medical assistance for items and services that are provided to a child enrolled in title XXI during a temporary enrollment period under this clause shall be treated as child health assistance under such title.

(D) OPTION FOR AUTOMATIC ENROLLMENT.—

(i) IN GENERAL.—The State may initiate and determine eligibility for medical assistance under the State Medicaid plan or for child health assistance under the State CHIP plan without a program application from, or on behalf of, the child based on data obtained from sources other than the child (or the child's family), but a child can only be automatically enrolled in the State Medicaid plan or the State CHIP plan if the child or the family affirmatively consents to being enrolled through affirmation in writing, by telephone, orally, through electronic signature, or through any other means specified by the Secretary or by signature on an Express Lane agency application, if the requirement of clause (ii) is met.

(ii) INFORMATION REQUIREMENT.—The requirement of this clause is that the State informs the parent, guardian, or custodial relative of the child of the services that will be covered, appropriate methods for using such services, premium or other cost sharing charges (if any) that apply, medical support obligations (under section 1912(a)) created by enrollment (if applicable), and the actions the parent, guardian, or relative must take to maintain enrollment and renew coverage.

(E) CODING; APPLICATION TO ENROLLMENT ERROR RATES.—

(i) IN GENERAL.—For purposes of subparagraph (A)(iv), the requirement of this subparagraph for a State is that the State agrees to—

(I) assign such codes as the Secretary shall require to the children who are enrolled in the State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency for the duration of the State's election under this paragraph;

(II) annually provide the Secretary with a statistically valid sample (that is approved by Secretary) of the children enrolled in such plans through reliance on such a finding by conducting a full Medicaid eligibility review of the children identified for such sample for purposes of determining an eligibility error rate (as described in clause (iv)) with respect to the enrollment of such children (and shall not include such children in any data or samples used for purposes of complying with a Medicaid Eligibility Quality Control (MEQC) review or a payment error rate measurement (PERM) requirement);

(III) submit the error rate determined under subclause (II) to the Secretary;

(IV) if such error rate exceeds 3 percent for either of the first 2 fiscal years in which the State elects to apply this paragraph, demonstrate to the satisfaction of the Secretary the specific corrective actions implemented by the State to improve upon such error rate; and

(V) if such error rate exceeds 3 percent for any fiscal year in which the State elects to apply this paragraph, a reduction in the amount otherwise payable to the State under section 1903(a) for quarters for that fiscal year, equal to the total amount of erroneous excess payments determined for the fiscal year only with respect to the children included in the sample for the fiscal year that are in excess of a 3 percent error rate with respect to such children.

(ii) NO PUNITIVE ACTION BASED ON ERROR RATE.—The Secretary shall not apply the error rate derived from the sample under clause (i) to the entire population of children enrolled in the State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency, or to the population of children enrolled in such plans on the basis of the State's regular procedures for determining eligibility, or penalize the State on the basis of such error rate in any manner other than the reduction of payments provided for under clause (i)(V).

(iii) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed as relieving a State that elects to apply this paragraph from being subject to a penalty under section 1903(u), for payments made under the State Medicaid plan with respect to ineligible individuals and families that are determined to exceed the error rate permitted under that section (as determined without regard to the error rate determined under clause (i)(II)).

(iv) ERROR RATE DEFINED.—In this subparagraph, the term "error rate" means the rate of erroneous excess payments for medical assistance (as defined in section 1903(u)(1)(D)) for the period involved, except that such

payments shall be limited to individuals for which eligibility determinations are made under this paragraph and except that in applying this paragraph under title XXI, there shall be substituted for references to provisions of this title corresponding provisions within title XXI.

(F) EXPRESS LANE AGENCY.—

(i) IN GENERAL.—In this paragraph, the term "Express Lane agency" means a public agency that—

(I) is determined by the State Medicaid agency or the State CHIP agency (as applicable) to be capable of making the determinations of one or more eligibility requirements described in subparagraph (A)(i);

(iii) EXCLUSIONS.—Such term does not include an agency that determines eligibility for a program established under the Social Services Block Grant established under title XX or a private, for-profit organization.

(iv) RULES OF CONSTRUCTION.—Nothing in this paragraph shall be construed as—

(I) exempting a State Medicaid agency from complying with the requirements of section 1902(a)(4) relating to merit-based personnel standards for employees of the State Medicaid agency and safeguards against conflicts of interest); or

(II) authorizing a State Medicaid agency that elects to use Express Lane agencies under this subparagraph to use the Express Lane option to avoid complying with such requirements for purposes of making eligibility determinations under the State Medicaid plan.

[(e)(14)] Mandatory use of MAGI for counting income, effective 01/01/14, subject to exceptions in subparagraph (D).

(14) INCOME DETERMINED USING MODIFIED ADJUSTED GROSS INCOME.—

(A) IN GENERAL.—Notwithstanding subsection (r) or any other provision of this title, except as provided in subparagraph (D), for purposes of determining income eligibility for medical assistance under the State plan or under any waiver of such plan and for any other purpose applicable under the plan or waiver for which a determination of income is required, including with respect to the imposition of premiums and cost-sharing, a State shall use the modified adjusted gross income of an individual and, in the case of an individual in a family greater than 1, the household income of such family. A State shall establish income eligibility thresholds for populations to be eligible for medical assistance under the State plan or a waiver of the plan using modified adjusted gross income and household income that are not less than the effective income eligibility levels that applied under the State plan or waiver on the date of enactment of the Patient Protection and Affordable Care Act. For purposes of complying with the maintenance of effort requirements under subsection (gg) during the transition to modified adjusted gross income and household income, a State shall, working with the Secretary, establish an equivalent income test that ensures individuals eligible for medical assistance under the State plan or under a waiver of the plan on the date of enactment of the Patient Protection and Affordable Care Act, do not lose coverage under the State plan or under a waiver of the plan. (II) Individuals who have attained age 65.

(III) Individuals who qualify for medical assistance under the State plan or under any waiver of such plan on the basis of being blind or disabled (or being treated as being blind or disabled) without regard to whether the individual is eligible for supplemental security income benefits under title XVI on the basis of being blind or disabled and including an individual who is eligible for medical assistance on the basis of section 1902(e)(3).

(IV) Individuals described in subsection (a)(10)(C).

(E) TRANSITION PLANNING AND OVERSIGHT.—Each State shall submit to the Secretary for the Secretary's approval the income eligibility thresholds proposed to be established using modified adjusted gross income and household income, the methodologies and procedures to be used to determine income eligibility using modified adjusted gross income and household income and, if applicable, a State plan amendment establishing an optional eligibility category under subsection (a)(10)(A)(ii)(XX). To the extent practicable, the State shall use the same methodologies and procedures for purposes of making such determinations as the State used on the date of enactment of the Patient Protection and Affordable Care Act. The Secretary shall ensure that the income eligibility thresholds proposed to be established using modified adjusted gross income and household income, including under the eligibility category established under subsection (a)(10)(A)(ii)(XX), and the methodologies and procedures proposed to be used to determine income eligibility, will not result in children who would have been eligible for medical assistance under the State plan or under a waiver of the plan on the date of enactment of the Patient Protection and Affordable Care Act no longer being eligible for such assistance.

(F) LIMITATION ON SECRETARIAL AUTHORITY.—The Secretary shall not waive compliance with the requirements of this paragraph except to the extent necessary to permit a State to coordinate eligibility requirements for dual eligible individuals (as defined in section 1915(h)(2)(B)) under the State plan or under a waiver of the plan and under title XVIII and individuals who require the level of care provided in a hospital, a nursing facility, or an intermediate care facility for the mentally retarded.

to use modified adjusted gross income and household income to determine income eligibility for medical assistance under the State plan or under any waiver of such plan and for any other purpose applicable under the plan or waiver for which a determination of income is required shall not be construed as affecting or limiting the application of—

(i) the requirement under this title and under the State plan or a waiver of the plan to determine an individual's income as of the point in time at which an application for medical assistance under the State plan or a waiver of the plan is processed; or

(ii) any rules established under this title or under the State plan or a waiver of the plan regarding sources of countable income.

(I) TREATMENT OF PORTION OF MODIFIED ADJUSTED GROSS INCOME.—For purposes of determining the income eligibility of an individual for medical assistance whose eligibility is determined based on the application of modified adjusted gross income under subparagraph (A), the State shall—

(i) determine the dollar equivalent of the difference between the upper income limit on eligibility for such an individual (expressed as a percentage of the poverty line) and such upper income limit increased by 5 percentage points; and

(ii) notwithstanding the requirement in subparagraph (A) with respect to use of modified adjusted gross income, utilize as the applicable income of such individual, in determining such income eligibility, an amount equal to the modified adjusted gross income applicable to such individual reduced by such dollar equivalent amount.

(J) EXCLUSION OF PARENT MENTOR COMPENSATION FROM INCOME DETERMINATION.—Any nominal amount received by an individual as compensation, including a stipend, for participation as a parent mentor (as defined in paragraph (5) of section 2113(f)) in an activity or program funded through a grant under such section shall be disregarded for purposes of determining the income eligibility of such individual for medical assistance under the State plan or any waiver of such plan.

(I) in the month in which such winnings or income (as applicable) is received if the amount of such winnings or income is less than $80,000;

(II) over a period of 2 months if the amount of such winnings or income (as applicable) is greater than or equal to $80,000 but less than $90,000;

(III) over a period of 3 months if the amount of such winnings or income (as applicable) is greater than or equal to $90,000 but less than $100,000; and

(IV) over a period of 3 months plus 1 additional month for each increment of $10,000 of such winnings or income (as applicable) received, not to exceed a period of 120 months (for winnings or income of $1,260,000 or more), if the amount of such winnings or income is greater than or equal to $100,000.

(ii) COUNTING IN EQUAL INSTALLMENTS.—For purposes of subclauses (II), (III), and (IV) of clause (i), winnings or income to which such subclause applies shall be counted in equal monthly installments over the period of months specified under such subclause.

(iii) HARDSHIP EXEMPTION.—An individual whose income, by application of clause (i), exceeds the applicable eligibility threshold established by the State, shall continue to be eligible for medical assistance to the extent that the State determines, under procedures established by the State (in accordance with standards specified by the Secretary), that the denial of eligibility of the individual would cause an undue medical or financial hardship as determined on the basis of criteria established by the Secretary.

(iv) NOTIFICATIONS AND ASSISTANCE REQUIRED IN CASE OF LOSS OF ELIGIBILITY.—A State shall, with respect to an individual who loses eligibility for medical assistance under the State plan (or a waiver of such plan) by reason of clause (i)—

(aa) of the individual's opportunity to enroll in a qualified health plan offered through an Exchange established under title I of the Patient Protection and Affordable Care Act during the special enrollment period specified in section 9801(f)(3) of the Internal Revenue Code of 1986 (relating to loss of Medicaid or CHIP coverage); and

(bb) of the date on which the individual would no longer be considered ineligible by reason of clause (i) to receive medical assistance under the State plan or under any waiver of such plan and be eligible to reapply to receive such medical assistance; and

(II) provide technical assistance to the individual seeking to enroll in such a qualified health plan.

(v) QUALIFIED LOTTERY WINNINGS DEFINED.—In this subparagraph, the term "qualified lottery winnings" means winnings from a sweepstakes, lottery, or pool described in paragraph (3) of section 4402 of the Internal Revenue Code of 1986 or a lottery operated by a multistate or multijurisdictional lottery association, including amounts awarded as a lump sum payment.

(e)(16) gives states an option to extend the postpartum coverage period for 12 months.

(16) EXTENDING CERTAIN COVERAGE FOR PREGNANT AND POSTPARTUM WOMEN.—

(A) IN GENERAL.—At the option of the State, the State plan (or waiver of such State plan) may provide, that an individual who, while pregnant, is eligible for and has received medical assistance under the State plan approved under this title (or a waiver of such plan) (including during a period of retroactive eligibility under subsection (a)(34)) shall, in addition to remaining eligible under paragraph (5) for all pregnancy-related and postpartum medical assistance available under the State plan (or waiver) through the last day of the month in which the 60-day period (beginning on the last day of her pregnancy) ends, remain eligible under the State plan (or waiver) for medical assistance for the period beginning on the first day occurring after the end of such 60-day period and ending on the last day of the month in which the 12-month period (beginning on the last day of her pregnancy) ends.

(B) FULL BENEFITS DURING PREGNANCY AND THROUGHOUT THE 12-MONTH POSTPARTUM PERIOD.—The medical assistance provided for a pregnant or postpartum individual by a State making an election under this paragraph, with-

[12] The numerical order of paragraphs (14) and (15) of subsection (e) as they appear above reflect the probable intent of Congress. These paragraphs were originally two paragraph (14)s' and both were subject to two different delayed effective dates. The original paragraph (14) (as subsequently redesignated as paragraph (15) by section 3004(c)(2) of Public Law 115–120) relating to "Exclusion of compensation for participation in a clinical trial for testing of treatments for a rare disease or condition" was enacted into law first followed by the other paragraph (14) relating to "Income determined using modified adjusted gross income".

[(f)] added by § 209(b) of P.L. 92-603 (the law that established the SSI program), permits states to elect to be more restrictive than the state's pre-SSI program on 01/01/72; as of April 2023, the 8 "209(b) States" electing this option were CT, HI, IL, MN, MO, NH, ND, & VA.

(f) Notwithstanding any other provision of this title, except as provided in subsection (e) and section 1619(b)(3) and section 1924, except with respect to qualified disabled and working individuals (described in section 1905(s)), and except with respect to qualified medicare beneficiaries, qualified severely impaired individuals, and individuals described in subsection (m)(1), no State not eligible to participate in the State plan program established under title XVI shall be required to provide medical assistance to any aged, blind, or disabled individual (within the meaning of title XVI) for any month unless such State would be (or would have been) required to provide medical assistance to such individual for such month had its plan for medical assistance approved under this title and in effect on January 1, 1972, been in effect in such month, except that for this purpose any such individual shall be deemed eligible for medical assistance under such State plan if (in addition to meeting such other requirements as are or may be imposed under the State plan) the income of any such individual as determined in accordance with section 1903(f) (after deducting any supplemental security income payment and State supplementary payment made with respect to such individual, and incurred expenses for medical care as recognized under State law regardless of whether such expenses are reimbursed under another public program of the State or political subdivision thereof) is not in excess of the standard for medical assistance established under the State plan as in effect on January 1, 1972. In States which provide medical assistance to individuals pursuant to paragraph (10)(C) of subsection (a) of this section, an individual who is eligible for medical assistance by reason of the requirements of this section concerning the deduction of incurred medical expenses from income shall be considered an individual eligible for medical assistance under paragraph (10)(A) of that subsection if that individual is, or is eligible to be (1) an individual with respect to whom there is payable a State supplementary payment on the basis of which similarly situated individuals are eligible to receive medical assistance equal in amount, duration, and scope to that provided to individuals eligible under paragraph (10)(A), or (2) an eligible individual or eligible spouse, as defined in title XVI, with respect to whom supplemental security income benefits are payable; otherwise that individual shall be considered to be an individual eligible for medical assistance under paragraph (10)(C) of that subsection. In States which do not provide medical assistance to individuals pursuant to paragraph (10)(C) of that subsection, an individual who is eligible for medical assistance by reason of the requirements of this section concerning the deduction of incurred medical expenses from income shall be considered an individual eligible for medical assistance under paragraph (10)(A) of that subsection.

(g) In addition to any other sanction available to a State, a State may provide for a reduction of any payment amount otherwise due with respect to a person who furnishes services under the plan in an amount equal to up to three times the amount of any payment sought to be collected by that person in violation of subsection (a)(25)(C).

[(h)] Permits home and community-based services to be provided in acute care hospitals if certain conditions are met (e.g., services are identified in patient's plan of care, to meet needs not met by hospital services, not substituting for services that a hospital is obligated to provide, and ensuring smooth transitions between home and community-based services and acute care settings and to preserve functional abilities).

(h)(1) Nothing in this title (including subsections (a)(13) and (a)(30) of this section) shall be construed as authorizing the Secretary to limit the amount of payment that may be made under a plan under this title for home and community care, home and community-based services provided under subsection (c), (d), or (i) of section 1915 or under a waiver or demonstration project under section 1115, self-directed personal assistance services provided pursuant to a written plan of care under section 1915(j), and home and community-based attendant services and supports under section 1915(k).

(2) Nothing in this title, title XVIII, or title XI shall be construed as prohibiting receipt of any care or services specified in paragraph (1) in an acute care hospital that are—

(A) identified in an individual's person-centered service plan (or comparable plan of care);

(B) provided to meet needs of the individual that are not met through the provision of hospital services;

(C) not a substitute for services that the hospital is obligated to provide through its conditions of participation or under Federal or State law, or under another applicable requirement; and

(D) designed to ensure smooth transitions between acute care settings and home and community-based settings, and to preserve the individual's functional abilities.

(i)(1) In addition to any other authority under State law, where a State determines that a intermediate care facility for the mentally retarded which is certified for participation under its plan no longer substantially meets the requirements for such a facility under this title and further determines that the facility's deficiencies—

(A) immediately jeopardize the health and safety of its patients, the State shall provide for the termination of the facility's certification for participation under the plan and may provide, or

(B) do not immediately jeopardize the health and safety of its patients, the State may, in lieu of providing for terminating

the facility's certification for participation under the plan, establish alternative remedies if the State demonstrates to the Secretary's satisfaction that the alternative remedies are effective in deterring noncompliance and correcting deficiencies, and may provide

that no payment will be made under the State plan with respect to any individual admitted to such facility after a date specified by the State.

(2) The State shall not make such a decision with respect to a facility until the facility has had a reasonable opportunity, following the initial determination that it no longer substantially meets the requirements for such a facility under this title, to correct its deficiencies, and, following this period, has been given reasonable notice and opportunity for a hearing.

(3) The State's decision to deny payment may be made effective only after such notice to the public and to the facility as may be provided for by the State, and its effectiveness shall terminate (A) when the State finds that the facility is in substantial compliance (or is making good faith efforts to achieve substantial compliance) with the requirements for such a facility under this title, or (B) in the case described in paragraph (1)(B), with the end of the eleventh month following the month such decision is made effective, whichever occurs first. If a facility to which clause (B) of the previous sentence applies still fails to substantially meet the provisions of the respective section on the date specified in such clause, the State shall terminate such facility's certification for participation under the plan effective with the first day of the first month following the month specified in such clause.

[(j)] General waiver authority (other than for FMAP and what constitutes medical assistance) for American Samoa and the Northern Mariana Islands.

(j) Notwithstanding any other requirement of this title, the Secretary may waive or modify any requirement of this title with respect to the medical assistance program in American Samoa and the Northern Mariana Islands, other than a waiver of the Federal medical assistance percentage, the limitation in section 1108(f),, the requirement that payment may be made for medical assistance only with respect to amounts expended by American Samoa or the Northern Mariana Islands for care and services described in a numbered paragraph of section 1905(a), or the requirement under subsection (qq)(1) (relating to data reporting).

[(k)(1)] New adult group (VIII) receives benchmark or benchmark equivalent coverage as described in § 1937.

(k)(1) The medical assistance provided to an individual described in subclause (VIII) of subsection (a)(10)(A)(i) shall consist of benchmark coverage described in section 1937(b)(1) or benchmark equivalent coverage described in section 1937(b)(2). Such medical assistance shall be provided subject to the requirements of section 1937, without regard to whether a State otherwise has elected the option to provide medical assistance through coverage under that section, unless an individual described in subclause (VIII) of subsection (a)(10)(A)(i) is also an individual for whom, under subparagraph (B) of section 1937(a)(2), the State may not require enrollment in benchmark coverage described in subsection (b)(1) of section 1937 or benchmark equivalent coverage described in subsection (b)(2) of that section.

[(k)(2)] Expired provision.

(2) Beginning with the first day of any fiscal year quarter that begins on or after April 1, 2010, and before January 1, 2014, a State may elect through a State plan amendment to provide medical assistance to individuals who would be described in subclause (VIII) of subsection (a)(10)(A)(i) if that subclause were effective before January 1, 2014. A State may elect to phase-in the extension of eligibility for medical assistance to such individuals based on income, so long as the State does not extend such eligibility to individuals described in such subclause with higher income before making individuals described in such subclause with lower income eligible for medical assistance.

[(k)(3)] Parents cannot be enrolled in new adult group unless child(ren) are insured.

(3) If an individual described in subclause (VIII) of subsection (a)(10)(A)(i) is the parent of a child who is under 19 years of age (or such higher age as the State may have elected) who is eligible for medical assistance under the State plan or under a waiver of such plan (under that subclause or under a State plan amendment under paragraph (2), the individual may not be enrolled under the State plan unless the individual's child is enrolled under the State plan or under a waiver of the plan or is enrolled in other health insurance coverage. For purposes of the preceding sentence, the term "parent" includes an individual treated as a caretaker relative for purposes of carrying out section 1931.

[(l)] Poverty-related pregnant women and children (covered under (a)(10)(A)(i)(IV), (VI), and (VIII) and (a)(10)(A)(ii)(IX)).

[(l)(2)(A)(i)] Option to expand to 185% FPL explicitly available to pregnant women and infants.

(2)(A)(i) For purposes of paragraph (1) with respect to individuals described in subparagraph (A) or (B) of that paragraph, the State shall establish an income level which is a percentage (not less than the percentage provided under clause (ii) and not more than 185 percent) of the income official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

(ii) The percentage provided under this clause, with respect to eligibility for medical assistance on or after—

(I) July 1, 1989, is 75 percent, or, if greater, the percentage provided under clause (iii), and

(II) April 1, 1990, 133 percent, or, if greater, the percentage provided under clause (iv).

(iii) In the case of a State which, as of the date of the enactment of this clause, has elected to provide, and provides, medical assistance to individuals described in this subsection or has enacted legislation authorizing, or appropriating funds, to provide such assistance to such individuals before July 1, 1989, the percentage provided under clause (ii)(I) shall not be less than—

[(I)(4)(B)] Territories need not cover poverty-related pregnant women and children and need not follow required income levels if they do provide coverage.

(B) In the case of a State which is not one of the 50 States or the District of Columbia, the State need not meet the requirement of subsection (a)(10)(A)(i)(IV), (a)(10)(A)(i)(VI), or (a)(10)(A)(i)(VII) and, for purposes of paragraph (2)(A), the State may substitute for the percentage provided under clause (ii) of such paragraph any percentage.

(C) The provisions of section 1905(p)(2)(D) shall apply to determinations of income under this subsection in the same manner as they apply to determinations of income under section 1905(p).

(3) Notwithstanding subsection (a)(17), for individuals described in paragraph (1) who are covered under the State plan by virtue of subsection (a)(10)(A)(ii)(X)—

(A) the income standard to be applied is the income standard described in paragraph (1)(B), and

(B) except as provided in section 1612(b)(4)(B)(ii), costs incurred for medical care or for any other type of remedial care shall not be taken into account in determining income.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(17), require or permit such treatment for other individuals.

(4) Notwithstanding subsection (a)(17), for qualified medicare beneficiaries described in section 1905(p)(1)—

(A) the income standard to be applied is the income standard described in section 1905(p)(1)(B), and

(B) except as provided in section 1612(b)(4)(B)(ii), costs incurred for medical care or for any other type of remedial care shall not be taken into account in determining income.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(17), require or permit such treatment for other individuals.

(n)(1) In the case of medical assistance furnished under this title for medicare cost-sharing respecting the furnishing of a service or item to a qualified medicare beneficiary, the State plan may provide payment in an amount with respect to the service or item that results in the sum of such payment amount and any amount of payment made under title XVIII with respect to the service or item exceeding the amount that is otherwise payable under the State plan for the item or service for eligible individuals who are not qualified medicare beneficiaries.

[(n)(2)] "Lesser of": Authority to limit Medicaid payment for Medicare cost sharing.

(2) In carrying out paragraph (1), a State is not required to provide any payment for any expenses incurred relating to payment for deductibles, coinsurance, or copayments for medicare cost-sharing to the extent that payment under title XVIII for the service would exceed the payment amount that otherwise would be made under the State plan under this title for such service if provided to an eligible recipient other than a medicare beneficiary.

(3) In the case in which a State's payment for medicare cost-sharing for a qualified medicare beneficiary with respect to an item or service is reduced or eliminated through the application of paragraph (2)—

(A) for purposes of applying any limitation under title XVIII on the amount that the beneficiary may be billed or charged for the service, the amount of payment made under title XVIII plus the amount of payment (if any) under the State plan shall be considered to be payment in full for the service;

(B) the beneficiary shall not have any legal liability to make payment to a provider or to an organization described in section 1903(m)(1)(A) for the service; and

(C) any lawful sanction that may be imposed upon a provider or such an organization for excess charges under this title or title XVIII shall apply to the imposition of any charge imposed upon the individual in such case.

This paragraph shall not be construed as preventing payment of any medicare cost-sharing by a medicare supplemental policy or an employer retiree health plan on behalf of an individual.

(o) Notwithstanding any provision of subsection (a) to the contrary, a State plan under this title shall provide that any supplemental security income benefits paid by reason of subparagraph (E) or (G) of section 1611(e)(1) to an individual who—

(1) is eligible for medical assistance under the plan, and

(2) is in a hospital, skilled nursing facility, or intermediate care facility at the time such benefits are paid,

will be disregarded for purposes of determining the amount of any post-eligibility contribution by the individual to the cost of the care and services provided by the hospital, skilled nursing facility, or intermediate care facility.

(p)(1) In addition to any other authority, a State may exclude any individual or entity for purposes of participating under the State plan under this title for any reason for which the Secretary could exclude the individual or entity from participation in a program under title XVIII under section 1128, 1128A, or 1866(b)(2).

(2) In order for a State to receive payments for medical assistance under section 1903(a), with respect to payments the State makes to a medicaid managed care organization (as defined in section 1903(m)) or to an entity furnishing services under a waiver approved under section 1915(b)(1), the State must provide that it will exclude from participation, as such an organization or entity, any organization or entity that—

(A) could be excluded under section 1128(b)(8) (relating to owners and managing employees who have been convicted of certain crimes or received other sanctions),

(B) has, directly or indirectly, a substantial contractual relationship (as defined by the Secretary) with an individual or entity that is described in section 1128(b)(8)(B), or

(C) employs or contracts with any individual or entity that is excluded from participation under this title under section 1128 or 1128A for the provision of health care, utilization review, medical social work, or administrative services or employs or contracts with any entity for the provision (directly or indirectly) through such an excluded individual or entity of such services.

(3) As used in this subsection, the term "exclude" includes the refusal to enter into or renew a participation agreement or the termination of such an agreement.

[(q)] Monthly personal needs allowance (PNA) for certain institutionalized individuals and couples.

(q)(1)(A) In order to meet the requirement of subsection (a)(50), the State plan must provide that, in the case of an institutionalized individual or couple described in subparagraph (B), in determining the amount of the individual's or couple's income to be applied monthly to payment for the cost of care in an institution, there shall be deducted from the monthly income (in addition to other allowances otherwise provided under the State plan) a monthly personal needs allowance—

(i) which is reasonable in amount for clothing and other personal needs of the individual (or couple) while in an institution, and

(ii) which is not less (and may be greater) than the minimum monthly personal needs allowance described in paragraph (2).

(B) In this subsection, the term "institutionalized individual or couple" means an individual or married couple—

(i) who is an inpatient (or who are inpatients) in a medical institution or nursing facility for which payments are made under this title throughout a month, and

(ii) who is or are determined to be eligible for medical assistance under the State plan.

(2) The minimum monthly personal needs allowance described in this paragraph is $30 for an institutionalized individual and $60 for an institutionalized couple (if both are aged, blind, or disabled, and their incomes are considered available to each other in determining eligibility).

(r)(1)(A) For purposes of sections 1902(a)(17) and 1924(d)(1)(D) and for purposes of a waiver under section 1915, with respect to the post-eligibility treatment of income of individuals who are institutionalized or receiving home or community-based services under such a waiver, the treatment described in subparagraph (B) shall apply, there shall be disregarded reparation payments made by the Federal Republic of Germany, and there shall be taken into account amounts for incurred expenses for medical or remedial care that are not subject to payment by a third party, including—

(i) medicare and other health insurance premiums, deductibles, or coinsurance, and

(ii) necessary medical or remedial care recognized under State law but not covered under the State plan under this title, subject to reasonable limits the State may establish on the amount of these expenses.

(B)(i) In the case of a veteran who does not have a spouse or a child, if the veteran—

(I) receives, after the veteran has been determined to be eligible for medical assistance under the State plan under this title, a veteran's pension in excess of $90 per month, and

(II) resides in a State veterans home with respect to which the Secretary of Veterans Affairs makes per diem payments for nursing home care pursuant to section 1741(a) of title 38, United States Code,

any such pension payment, including any payment made due to the need for aid and attendance, or for unreimbursed medical expenses, that is in excess of $90 per month shall be counted as income only for the purpose of applying such excess payment to the State veterans home's cost of providing nursing home care to the veteran.

(ii) The provisions of clause (i) shall apply with respect to a surviving spouse of a veteran who does not have a child in the same manner as they apply to a veteran described in such clause.

[(r)(2)] State flexibility to use "less restrictive methodologies" in income and resource counting for some populations superseded by MAGI for many populations (see § 1902(e)(14)).

(2)(A) The methodology to be employed in determining income and resource eligibility for individuals under subsection (a)(10)(A)(i)(III), (a)(10)(A)(i)(IV), (a)(10)(A)(i)(VI), (a)(10)(A)(i)(VII), (a)(10)(A)(ii), (a)(10)(C)(i)(III), or (f) or under section 1905(p) may be less restrictive, and shall be no more restrictive, than the methodology—

(i) in the case of groups consisting of aged, blind, or disabled individuals, under the supplemental security income program under title XVI, or

(ii) in the case of other groups, under the State plan most closely categorically related.

(B) For purposes of this subsection and subsection (a)(10), methodology is considered to be "no more restrictive" if, using the methodology, additional individuals may be eligible for medical assistance and no individuals who are otherwise eligible are made ineligible for such assistance.

(s) In order to meet the requirements of subsection (a)(55), the State plan must provide that payments to hospitals under the plan for inpatient hospital services furnished to infants who have not attained the age of 1 year, and to children who have not attained the age of 6 years and who receive such services in a disproportionate share hospital described in section 1923(b)(1), shall—

(1) if made on a prospective basis (whether per diem, per case, or otherwise) provide for an outlier adjustment in payment amounts for medically necessary inpatient hospital services involving exceptionally high costs or exceptionally long lengths of stay,

(2) not be limited by the imposition of day limits with respect to the delivery of such services to such individuals, and

(3) not be limited by the imposition of dollar limits (other than such limits resulting from prospective payments as adjusted pursuant to paragraph (1)) with respect to the delivery of such services to any such individual who has not attained their first birthday (or in the case of such an individual who is an inpatient on his first birthday until such individual is discharged).

[(t)] Provider taxes; but see limitations under § 1903(b)(5) & (w).

(t) Nothing in this title (including sections 1903(a) and 1905(a)) shall be construed as authorizing the Secretary to deny or limit payments to a State for expenditures, for medical assistance for items or services, attributable to taxes of general applicability imposed with respect to the provision of such items or services.

[(u)] Coverage of individuals receiving COBRA continuation coverage.

(u)(1) Individuals described in this paragraph are individuals—

(A) who are entitled to elect COBRA continuation coverage (as defined in paragraph (3)),

(B) whose income (as determined under section 1612 for purposes of the supplemental security income program) does not exceed 100 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved,

(C) whose resources (as determined under section 1613 for purposes of the supplemental security income program) do not exceed twice the maximum amount of resources that an individual may have and obtain benefits under that program, and

(D) with respect to whose enrollment for COBRA continuation coverage the State has determined that the savings in expenditures under this title resulting from such enrollment is likely to exceed the amount of payments for COBRA premiums made.

(2) For purposes of subsection (a)(10)(F) and this subsection, the term "COBRA premiums" means the applicable premium imposed with respect to COBRA continuation coverage.

(3) In this subsection, the term "COBRA continuation coverage" means coverage under a group health plan provided by an

employer with 75 or more employees provided pursuant to title XXII of the Public Health Service Act, section 4980B of the Internal Revenue Code of 1986, or title VI of the Employee Retirement Income Security Act of 1974.

(4) Notwithstanding subsection (a)(17), for individuals described in paragraph (1) who are covered under the State plan by virtue of subsection (a)(10)(A)(ii)(XI)—

(A) the income standard to be applied is the income standard described in paragraph (1)(B), and

(B) except as provided in section 1612(b)(4)(B)(ii), costs incurred for medical care or for any other type of remedial care shall not be taken into account in determining income.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(10)(B) or (a)(17), require or permit such treatment for other individuals.

[(v)] State disability definitions based on SSI.

(v) A State plan may provide for the making of determinations of disability or blindness for the purpose of determining eligibility for medical assistance under the State plan by the single State agency or its designee, and make medical assistance available to individuals whom it finds to be blind or disabled and who are determined otherwise eligible for such assistance during the period of time prior to which a final determination of disability or blindness is made by the Social Security Administration with respect to such an individual. In making such determinations, the State must apply the definitions of disability and blindness found in section 1614(a) of the Social Security Act.

[(w)] Information on patient treatment preferences and advance directives.

(w)(1) For purposes of subsection (a)(57) and sections 1903(m)(1)(A) and 1919(c)(2)(E), the requirement of this subsection is that a provider or organization (as the case may be) maintain written policies and procedures with respect to all adult individuals receiving medical care by or through the provider or organization—

(A) to provide written information to each such individual concerning—

(i) an individual's rights under State law (whether statutory or as recognized by the courts of the State) to make decisions concerning such medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives (as defined in paragraph (3)), and

(ii) the provider's or organization's written policies respecting the implementation of such rights;

(B) to document in the individual's medical record whether or not the individual has executed an advance directive;

(C) not to condition the provision of care or otherwise discriminate against an individual based on whether or not the individual has executed an advance directive;

(D) to ensure compliance with requirements of State law (whether statutory or as recognized by the courts of the State) respecting advance directives; and

(E) to provide (individually or with others) for education for staff and the community on issues concerning advance directives.

Subparagraph (C) shall not be construed as requiring the provision of care which conflicts with an advance directive.

(2) The written information described in paragraph (1)(A) shall be provided to an adult individual—

(A) in the case of a hospital, at the time of the individual's admission as an inpatient,

(B) in the case of a nursing facility, at the time of the individual's admission as a resident,

(C) in the case of a provider of home health care or personal care services, in advance of the individual coming under the care of the provider,

(D) in the case of a hospice program, at the time of initial receipt of hospice care by the individual from the program, and

(E) in the case of a medicaid managed care organization, at the time of enrollment of the individual with the organization.

(3) Nothing in this section shall be construed to prohibit the application of a State law which allows for an objection on the basis of conscience for any health care provider or any agent of such provider which as a matter of conscience cannot implement an advance directive.

(4) In this subsection, the term "advance directive" means a written instruction, such as a living will or durable power of attorney for health care, recognized under State law (whether statutory or as recognized by the courts of the State) and relating to the provision of such care when the individual is incapacitated.

(5) For construction relating to this subsection, see section 7 of the Assisted Suicide Funding Restriction Act of 1997 (relating to clarification respecting assisted suicide, euthanasia, and mercy killing).

[(y)] Termination of psychiatric hospital participation for noncompliance.

(y)(1) In addition to any other authority under State law, where a State determines that a psychiatric hospital which is certified for participation under its plan no longer meets the requirements for a psychiatric hospital (referred to in section 1905(h)) and further finds that the hospital's deficiencies—

(A) immediately jeopardize the health and safety of its patients, the State shall terminate the hospital's participation under the State plan; or

(B) do not immediately jeopardize the health and safety of its patients, the State may terminate the hospital's participation under the State plan, or provide that no payment will be made under the State plan with respect to any individual admitted to such hospital after the effective date of the finding, or both.

(2) Except as provided in paragraph (3), if a psychiatric hospital described in paragraph (1)(B) has not complied with the requirements for a psychiatric hospital under this title—

(A) within 3 months after the date the hospital is found to be out of compliance with such requirements, the State shall provide that no payment will be made under the State plan with respect to any individual admitted to such hospital after the end of such 3-month period, or

(B) within 6 months after the date the hospital is found to be out of compliance with such requirements, no Federal financial participation shall be provided under section 1903(a) with respect to further services provided in the hospital until the State finds that the hospital is in compliance with the requirements of this title.

(3) The Secretary may continue payments, over a period of not longer than 6 months from the date the hospital is found to be out of compliance with such requirements, if—

(A) the State finds that it is more appropriate to take alternative action to assure compliance of the hospital with the requirements than to terminate the certification of the hospital,

(B) the State has submitted a plan and timetable for corrective action to the Secretary for approval and the Secretary approves the plan of corrective action, and

(C) the State agrees to repay to the Federal Government payments received under this paragraph if the corrective action is not taken in accordance with the approved plan and timetable.

(z)(1) Individuals described in this paragraph are individuals not described in subsection (a)(10)(A)(i)—

(A) who are infected with tuberculosis;

(A) Prescribed drugs.

(B) Physicians' services and services described in section 1905(a)(2).

(4) are not otherwise covered under creditable coverage, as defined in section 2701(c) of the Public Health Service Act (42 U.S.C. 300gg(c)), but applied without regard to paragraph (1)(F) of such section.

[(bb)] FQHC and RHC payments.

(bb) PAYMENT FOR SERVICES PROVIDED BY FEDERALLY-QUALIFIED HEALTH CENTERS AND RURAL HEALTH CLINICS.—

(1) IN GENERAL.—Beginning with fiscal year 2001 with respect to services furnished on or after January 1, 2001, and each succeeding fiscal year, the State plan shall provide for payment for services described in section 1905(a)(2)(C) furnished by a Federally-qualified health center and services described in section 1905(a)(2)(B) furnished by a rural health clinic in accordance with the provisions of this subsection.

(2) FISCAL YEAR 2001.—Subject to paragraph (4), for services furnished on and after January 1, 2001, during fiscal year 2001, the State plan shall provide for payment for such services in an amount (calculated on a per visit basis) that is equal to 100 percent of the average of the costs of the center or clinic of furnishing such services during fiscal years 1999 and 2000 which are reasonable and related to the cost of furnishing such services, or based on such other tests of reasonableness as the Secretary prescribes in regulations under section 1833(a)(3), or, in the case of services to which such regulations do not apply, the same methodology used under section 1833(a)(3), adjusted to take into account any increase or decrease in the scope of such services furnished by the center or clinic during fiscal year 2001.

(3) FISCAL YEAR 2002 AND SUCCEEDING FISCAL YEARS.—Subject to paragraph (4), for services furnished during fiscal year 2002 or a succeeding fiscal year, the State plan shall provide for payment for such services in an amount (calculated on a per visit basis) that is equal to the amount calculated for such services under this subsection for the preceding fiscal year—

(B) adjusted to take into account any increase or decrease in the scope of such services furnished by the center or clinic during that fiscal year.

(4) ESTABLISHMENT OF INITIAL YEAR PAYMENT AMOUNT FOR NEW CENTERS OR CLINICS.—In any case in which an entity first qualifies as a Federally-qualified health center or rural health clinic after fiscal year 2000, the State plan shall provide for payment for services described in section 1905(a)(2)(C) furnished by the center or services described in section 1905(a)(2)(B) furnished by the clinic in the first fiscal year in

which the center or clinic so qualifies in an amount (calculated on a per visit basis) that is equal to 100 percent of the costs of furnishing such services during such fiscal year based on the rates established under this subsection for the fiscal year for other such centers or clinics located in the same or adjacent area with a similar case load or, in the absence of such a center or clinic, in accordance with the regulations and methodology referred to in paragraph (2) or based on such other tests of reasonableness as the Secretary may specify. For each fiscal year following the fiscal year in which the entity first qualifies as a Federally-qualified health center or rural health clinic, the State plan shall provide for the payment amount to be calculated in accordance with paragraph (3).

(5) ADMINISTRATION IN THE CASE OF MANAGED CARE.—

(A) IN GENERAL.—In the case of services furnished by a Federally-qualified health center or rural health clinic pursuant to a contract between the center or clinic and a managed care entity (as defined in section 1932(a)(1)(B)), the State plan shall provide for payment to the center or clinic by the State of a supplemental payment equal to the amount (if any) by which the amount determined under paragraphs (2), (3), and (4) of this subsection exceeds the amount of the payments provided under the contract.

(cc)(1) Individuals described in this paragraph are individuals—

(A) who are children who have not attained 19 years of age and are born—

(ii) on or after October 1, 1995 (or, at the option of a State, on or after an earlier date), in the case of each quarter of fiscal year 2008; and

(iii) after October 1, 1989, in the case of each quarter of fiscal year 2009 and each quarter of any fiscal year thereafter;

(B) who would be considered disabled under section 1614(a)(3)(C) (as determined under title XVI for children but without regard to any income or asset eligibility requirements that apply under such title with respect to children); and

(C) whose family income does not exceed such income level as the State establishes and does not exceed—

(i) 300 percent of the poverty line (as defined in section 2110(c)(5)) applicable to a family of the size involved; or

(ii) such higher percent of such poverty line as a State may establish, except that—

(I) any medical assistance provided to an individual whose family income exceeds 300 percent of such poverty line may only be provided with State funds; and

(II) no Federal financial participation shall be provided under section 1903(a) for any medical assistance provided to such an individual.

(2)(A) If an employer of a parent of an individual described in paragraph (1) offers family coverage under a group health plan (as defined in section 2791(a) of the Public Health Service Act), the State shall—

(i) notwithstanding section 1906, require such parent to apply for, enroll in, and pay premiums for such coverage as a condition of such parent's child being or remaining eligible for medical assistance under subsection (a)(10)(A)(ii)(XIX) if the parent is determined eligible for such coverage and the employer contributes at least 50 percent of the total cost of annual premiums for such coverage; and

(ii) if such coverage is obtained—

(I) subject to paragraph (2) of section 1916(h), reduce the premium imposed by the State under that section in an amount that reasonably reflects the premium contribution made by the parent for private coverage on behalf of a child with a disability; and

(II) treat such coverage as a third party liability under subsection (a)(25).

(B) In the case of a parent to which subparagraph (A) applies, a State, notwithstanding section 1906 but subject to paragraph (1)(C)(ii), may provide for payment of any portion of the annual premium for such family coverage that the parent is required to pay. Any payments made by the State under this subparagraph shall be considered, for purposes of section 1903(a), to be payments for medical assistance.

(dd) ELECTRONIC TRANSMISSION OF INFORMATION.—If the State agency determining eligibility for medical assistance under this title or child health assistance under title XXI verifies an element of eligibility based on information from an Express Lane Agency (as defined in subsection (e)(13)(F)), or from another public agency, then the applicant's signature under penalty of perjury shall not be required as to such element. Any signature requirement for an application for medical assistance may be satisfied through an electronic signature, as defined in section 1710(1) of the Government Paperwork Elimination Act (44 U.S.C. 3504 note). The require-

[(ee)] Option for verification of citizenship using SSA data match (alternative to § 1903(x)).

ments of subparagraphs (A) and (B) of section 1137(d)(2) may be met through evidence in digital or electronic form.

(ee)(1) For purposes of subsection (a)(46)(B)(ii), the requirements of this subsection with respect to an individual declaring to be a citizen or national of the United States for purposes of establishing eligibility under this title, are, in lieu of requiring the individual to present satisfactory documentary evidence of citizenship or nationality under section 1903(x) (if the individual is not described in paragraph (2) of that section), as follows:

(A) The State submits the name and social security number of the individual to the Commissioner of Social Security as part of the program established under paragraph (2).

(B) If the State receives notice from the Commissioner of Social Security that the name or social security number, or the declaration of citizenship or nationality, of the individual is inconsistent with information in the records maintained by the Commissioner—

(i) the State makes a reasonable effort to identify and address the causes of such inconsistency, including through typographical or other clerical errors, by contacting the individual to confirm the accuracy of the name or social security number submitted or declaration of citizenship or nationality and by taking such additional actions as the Secretary, through regulation or other guidance, or the State may identify, and continues to provide the individual with medical assistance while making such effort; and

(ii) in the case such inconsistency is not resolved under clause (i), the State—

(I) notifies the individual of such fact;

(II) provides the individual with a period of 90 days from the date on which the notice required under subclause (I) is received by the individual to either present satisfactory documentary evidence of citizenship or nationality (as defined in section 1903(x)(3)) or resolve the inconsistency with the Commissioner of Social Security (and continues to provide the individual with medical assistance during such 90-day period); and

(III) disenrolls the individual from the State plan under this title within 30 days after the end of such 90-day period if no such documentary evidence is presented or if such inconsistency is not resolved.

(2)(A) Each State electing to satisfy the requirements of this subsection for purposes of section 1902(a)(46)(B) shall establish a program under which the State submits at least monthly to the Commissioner of Social Security for comparison of the name and social security number, of each individual newly enrolled in the State plan under this title that month who is not described in section 1903(x)(2) and who declares to be a United States citizen or national, with information in records maintained by the Commissioner.

(B) In establishing the State program under this paragraph, the State may enter into an agreement with the Commissioner of Social Security—

(i) to provide, through an on-line system or otherwise, for the electronic submission of, and response to, the information submitted under subparagraph (A) for an individual enrolled in the State plan under this title who declares to be citizen or national on at least a monthly basis; or

(ii) to provide for a determination of the consistency of the information submitted with the information maintained in the records of the Commissioner through such other method as agreed to by the State and the Commissioner and approved by the Secretary, provided that such method is no more burdensome for individuals to comply with than any burdens that may apply under a method described in clause (i).

(C) The program established under this paragraph shall provide that, in the case of any individual who is required to submit a social security number to the State under subparagraph (A) and who is unable to provide the State with such number, shall be provided with at least the reasonable opportunity to present satisfactory documentary evidence of citizenship or nationality (as defined in section 1903(x)(3)) as is provided under clauses (i) and (ii) of section 1137(d)(4)(A) to an individual for the submittal to the State of evidence indicating a satisfactory immigration status.

(3)(A) The State agency implementing the plan approved under this title shall, at such times and in such form as the Secretary may specify, provide information on the percentage each month that the inconsistent submissions bears to the total submissions made for comparison for such month. For purposes of this subparagraph, a name, social security number, or declaration of citizenship or nationality of an individual shall be treated as inconsistent and included in the determination of such percentage only if—

(i) the information submitted by the individual is not consistent with information in records maintained by the Commissioner of Social Security;

(ii) the inconsistency is not resolved by the State;

(iii) the individual was provided with a reasonable period of time to resolve the inconsistency with the Commissioner of Social Security or provide satisfactory documentation of citizenship status and did not successfully resolve such inconsistency; and

(2) ENFORCEMENT AND CORRECTIVE ACTION.—

(A) IN GENERAL.—For each fiscal quarter that occurs during the period that begins on July 1, 2023, and ends on June 30, 2024, if a State does not satisfy the requirements of paragraph (1), the Federal medical assistance percentage determined for the State for the quarter under section 1905(b) shall be reduced by the number of percentage points (not to exceed 1 percentage point) equal to the product of 0.25 percentage points and the number of fiscal quarters during such period for which the State has failed to satisfy such requirements.

(B) CORRECTIVE ACTION PLAN; ADDITIONAL AUTHORITY.—

(i) IN GENERAL.—The Secretary may assess a State's compliance with all Federal requirements applicable to eligibility redeterminations and the reporting requirements described in paragraph (1), and, if the Secretary determines that a State did not comply with any such requirements during the period that begins on April 1, 2023, and ends on June 30, 2024, the Secretary may require the State to submit and implement a corrective action plan in accordance with clause (ii).

(ii) CORRECTIVE ACTION PLAN.—A State that receives a written notice from the Secretary that the Secretary has determined that the State is not in compliance with a requirement described in clause (i) shall—

(III) begin implementation of such corrective action plan not later than 14 days after such approval.

(iii) EFFECT OF FAILURE TO SUBMIT OR IMPLEMENT A CORRECTIVE ACTION PLAN.—If a State fails to submit or implement an approved corrective action plan in accordance with clause (ii), the Secretary may, in addition to any reduction applied under subparagraph (A) to the Federal medical assistance percentage determined for the State and any other remedy available to the Secretary for the purpose of carrying out this title, require the State to suspend making all or some terminations of eligibility for medical assistance from the State plan under this title (including any waiver of such plan) that are for procedural reasons until the State takes appropriate corrective action, as determined by the Secretary, and may impose a civil money penalty of not more than $100,000 for each day a State is not in compliance.

[(a)(7)] General 50% match for administration.

(7) subject to section 1919(g)(3)(B), an amount equal to 50 per centum of the remainder of the amounts expended during such quarter as found necessary by the Secretary for the proper and efficient administration of the State plan.

(b)(1) Notwithstanding the preceding provisions of this section, the amount determined under subsection (a)(1) for any State for any quarter beginning after December 31, 1969, shall not take into account any amounts expended as medical assistance with respect to individuals aged 65 or over and disabled individuals entitled to hospital insurance benefits under title XVIII which would not have been so expended if the individuals involved had been enrolled in the insurance program established by part B of title XVIII, other than amounts expended under provisions of the plan of such State required by section 1902(a)(34).

(2) For limitation on Federal participation for capital expenditures which are out of conformity with a comprehensive plan of a State or areawide planning agency, see section 1122.

(3) The amount of funds which the Secretary is otherwise obligated to pay a State during a quarter under subsection (a)(6) may not exceed the higher of—

(A) $125,000, or

(B) one-quarter of 1 per centum of the sums expended by the Federal, State, and local governments during the previous quarter in carrying out the State's plan under this title.

(4) Amounts expended by a State for the use of an enrollment broker in marketing medicaid managed care organizations and other managed care entities to eligible individuals under this title shall be considered, for purposes of subsection (a)(7), to be necessary for the proper and efficient administration of the State plan but only if the following conditions are met with respect to the broker:

(A) The broker is independent of any such entity and of any health care providers (whether or not any such provider participates in the State plan under this title) that provide coverage of services in the same State in which the broker is conducting enrollment activities.

[16] The amendment by section 207(b) of division CC of Public Law 116–260 to the matter following subparagraph (B) of paragraph (6) to strike "(as found necessary by the Secretary for the elimination of fraud in the provision and administration of medical assistance provided under the State plan (or waiver of such plan))" could not be carried out because that phrase does not appear in law.

(B) No person who is an owner, employee, consultant, or has a contract with the broker either has any direct or indirect financial interest with such an entity or health care provider or has been excluded from participation in the program under this title or title XVIII or debarred by any Federal agency, or subject to a civil money penalty under this Act.

(5) Notwithstanding the preceding provisions of this section, the amount determined under subsection (a)(1) for any State shall be decreased in a quarter by the amount of any health care related taxes (described in section 1902(w)(3)(A)) that are imposed on a hospital described in subsection [17] (w)(3)(F) in that quarter.

(c) Nothing in this title shall be construed as prohibiting or restricting, or authorizing the Secretary to prohibit or restrict, payment under subsection (a) for medical assistance for covered services furnished to a child with a disability because such services are included in the child's individualized education program established pursuant to part B of the Individuals with Disabilities Education Act or furnished to an infant or toddler with a disability because such services are included in the child's individualized family service plan adopted pursuant to part C of such Act.

[(d)(1)] Payments based on states' budgeted and actual expenditures under CMS form 37.

(d)(1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsections (a) and (b) for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsections, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State's proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

(2)(A) The Secretary shall then pay to the State, in such installments as he may determine, the amount so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(B) Expenditures for which payments were made to the State under subsection (a) shall be treated as an overpayment to the extent that the State or local agency administering such plan has been reimbursed for such expenditures by a third party pursuant to the provisions of its plan in compliance with section 1902(a)(25).

(C) For purposes of this subsection, when an overpayment is discovered, which was made by a State to a person or other entity, the State shall have a period of 1 year in which to recover or attempt to recover such overpayment before adjustment is made in the Federal payment to such State on account of such overpayment. Except as otherwise provided in subparagraph (D), the adjustment in the Federal payment shall be made at the end of the 1-year period, whether or not recovery was made.

[17] So in original. Probably should be "section 1902".

(D)(i) In any case where the State is unable to recover a debt which represents an overpayment (or any portion thereof) made to a person or other entity on account of such debt having been discharged in bankruptcy or otherwise being uncollectable, no adjustment shall be made in the Federal payment to such State on account of such overpayment (or portion thereof).

(ii) In any case where the State is unable to recover a debt which represents an overpayment (or any portion thereof) made to a person or other entity due to fraud within 1 year of discovery because there is not a final determination of the amount of the overpayment under an administrative or judicial process (as applicable), including as a result of a judgment being under appeal, no adjustment shall be made in the Federal payment to such State on account of such overpayment (or portion thereof) before the date that is 30 days after the date on which a final judgment (including, if applicable, a final determination on an appeal) is made.

(3)(A) The pro rata share to which the United States is equitably entitled, as determined by the Secretary, of the net amount recovered during any quarter by the State or any political subdivision thereof with respect to medical assistance furnished under the State plan shall be considered an overpayment to be adjusted under this subsection.

(B)(i) Subparagraph (A) and paragraph (2)(B) shall not apply to any amount recovered or paid to a State as part of the comprehensive settlement of November 1998 between manufacturers of tobacco products, as defined in section 5702(d) of the Internal Revenue Code of 1986, and State Attorneys General, or as part of any individual State settlement or judgment reached in litigation initiated or pursued by a State against one or more such manufacturers.

(ii) Except as provided in subsection (i)(19), a State may use amounts recovered or paid to the State as part of a comprehensive or individual settlement, or a judgment, described in clause (i) for any expenditures determined appropriate by the State.

(4) Upon the making of any estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemed obligated.

(5) In any case in which the Secretary estimates that there has been an overpayment under this section to a State on the basis of a claim by such State that has been disallowed by the Secretary under section 1116(d), and such State disputes such disallowance, the amount of the Federal payment in controversy shall, at the option of the State, be retained by such State or recovered by the Secretary pending a final determination with respect to such payment amount. If such final determination is to the effect that any amount was properly disallowed, and the State chose to retain payment of the amount in controversy, the Secretary shall offset, from any subsequent payments made to such State under this title, an amount equal to the proper amount of the disallowance plus interest on such amount disallowed for the period beginning on the date such amount was disallowed and ending on the date of such final determination at a rate (determined by the Secretary) based on the average of the bond equivalent of the weekly 90-day treasury bill auction rates during such period.

(6)(A) Each State (as defined in subsection (w)(7)(D)) shall include, in the first report submitted under paragraph (1) after the end of each fiscal year, information related to—

(i) provider-related donations made to the State or units of local government during such fiscal year, and

(ii) health care related taxes collected by the State or such units during such fiscal year.

(B) Each State shall include, in the first report submitted under paragraph (1) after the end of each fiscal year, information related to the total amount of payment adjustments made, and the amount of payment adjustments made to individual providers (by provider), under section 1923(c) during such fiscal year.

(e) A State plan approved under this title may include, as a cost with respect to hospital services under the plan under this title, periodic expenditures made to reflect transitional allowances established with respect to a hospital closure or conversion under section 1884.

(f)(1)(A) Except as provided in paragraph (4), payment under the preceding provisions of this section shall not be made with respect to any amount expended as medical assistance in a calendar quarter, in any State, for any member of a family the annual income of which exceeds the applicable income limitation determined under this paragraph.

(B)(i) Except as provided in clause (ii) of this subparagraph, the applicable income limitation with respect to any family is the amount determined, in accordance with standards prescribed by the Secretary, to be equivalent to 133⅓ percent of the highest amount which would ordinarily be paid to a family of the same size without any income or resources, in the form of money payments, under the plan of the State approved under part A of title IV of this Act.

(ii) If the Secretary finds that the operation of a uniform maximum limits payments to families of more than one size, he may adjust the amount otherwise determined under clause (i) to take account of families of different sizes.

(C) The total amount of any applicable income limitation determined under subparagraph (B) shall, if it is not a multiple of $100 or such other amount as the Secretary may prescribe, be rounded to the next higher multiple of $100 or such other amount, as the case may be.

(2)(A) In computing a family's income for purposes of paragraph (1), there shall be excluded any costs (whether in the form of insurance premiums or otherwise and regardless of whether such costs are reimbursed under another public program of the State or political subdivision thereof) incurred by such family for medical care or for any other type of remedial care recognized under State law or, (B) notwithstanding section 1916 at State option, an amount paid by such family, at the family's option, to the State, provided that the amount, when combined with costs incurred in prior months, is sufficient when excluded from the family's income to reduce such family's income below the applicable income limitation described in paragraph (1). The amount of State expenditures for which medical assistance is available under subsection (a)(1) will be reduced by amounts paid to the State pursuant to this subparagraph.

(3) For purposes of paragraph (1)(B), in the case of a family consisting of only one individual, the "highest amount which would ordinarily be paid" to such family under the State's plan approved under part A of title IV of this Act shall be the amount determined by the State agency (on the basis of reasonable relationship to the amounts payable under such plan to families consisting of two or more persons) to be the amount of the aid which would ordinarily be payable under such plan to a family (without any income or resources) consisting of one person if such plan provided for aid to such a family.

(4) The limitations on payment imposed by the preceding provisions of this subsection shall not apply with respect to any amount expended by a State as medical assistance for any individual described in section 1902(a)(10)(A)(i)(III), 1902(a)(10)(A)(i)(IV), 1902(a)(10)(A)(i)(V), 1902(a)(10)(A)(i)(VI), 1902(a)(10)(A)(i)(VII), 1902(a)(10)(A)(i)(VIII),1902(a)(10)(A)(i)(IX), 1902(a)(10)(A)(ii)(IX), 1902(a)(10)(A)(ii)(X), 1902(a)(10)(A)(ii)(XIII), 1902(a)(10)(A)(ii)(XIV), or [18]1902(a)(10)(A)(ii)(XV), 1902(a)(10)(A)(ii)(XVI), 1902(a)(10)(A)(ii)(XVII), 1902(a)(10)(A)(ii)(XVIII), 1902(a)(10)(A)(ii)(XIX), 1902(a)(10)(A)(ii)(XX), 1902(a)(10)(A)(ii)(XXI), 1902(a)(10)(A)(ii)(XXII), 1905(p)(1) or for any individual—

(A) who is receiving aid or assistance under any plan of the State approved under title I, X, XIV or XVI, or part A of title IV, or with respect to whom supplemental security income benefits are being paid under title XVI, or

(B) who is not receiving such aid or assistance, and with respect to whom such benefits are not being paid, but (i) is eligible to receive such aid or assistance, or to have such benefits paid with respect to him, or (ii) would be eligible to receive such aid or assistance, or to have such benefits paid with respect to him if he were not in a medical institution, or

(C) with respect to whom there is being paid, or who is eligible, or would be eligible if he were not in a medical institution, to have paid with respect to him, a State supplementary payment and is eligible for medical assistance equal in amount, duration, and scope to the medical assistance made available to individuals described in section 1902(a)(10)(A), or who is a PACE program eligible individual enrolled in a PACE program under section 1934, but only if the income of such individual (as determined under section 1612, but without regard to subsection (b) thereof) does not exceed 300 percent of the supplemental security income benefit rate established by section 1611(b)(1),

at the time of the provision of the medical assistance giving rise to such expenditure.

(g)(1) Subject to paragraph (3), with respect to amounts paid for the following services furnished under the State plan after June 30, 1973 (other than services furnished pursuant to a contract with a health maintenance organization as defined in section 1876 or

[18] So in law. The word "or" probably should precede "1905(p)(1).

which is a qualified health maintenance organization (as defined in section 1310(d) of the Public Health Service Act)), the Federal medical assistance percentage shall be decreased as follows: After an individual has received inpatient hospital services or services in an intermediate care facility for the mentally retarded for 60 days or inpatient mental hospital services for 90 days (whether or not such days are consecutive), during any fiscal year, the Federal medical assistance percentage with respect to amounts paid for any such care furnished thereafter to such individual shall be decreased by a per centum thereof (determined under paragraph (5)) unless the State agency responsible for the administration of the plan makes a showing satisfactory to the Secretary that, with respect to each calendar quarter for which the State submits a request for payment at the full Federal medical assistance percentage for amounts paid for inpatient hospital services or services in an intermediate care facility for the mentally retarded furnished beyond 60 days (or inpatient mental hospital services furnished beyond 90 days), such State has an effective program of medical review of the care of patients in mental hospitals and intermediate care facilities for the mentally retarded pursuant to paragraphs (26) and (31) of section 1902(a) whereby the professional management of each case is reviewed and evaluated at least annually by independent professional review teams. In determining the number of days on which an individual has received services described in this subsection, there shall not be counted any days with respect to which such individual is entitled to have payments made (in whole or in part) on his behalf under section 1812.

(2) The Secretary shall, as part of his validation procedures under this subsection, conduct timely sample onsite surveys of private and public institutions in which recipients of medical assistance may receive care and services under a State plan approved under this title, and his findings with respect to such surveys (as well as the showings of the State agency required under this subsection) shall be made available for public inspection.

(3)(A) No reduction in the Federal medical assistance percentage of a State otherwise required to be imposed under this subsection shall take effect—

(i) if such reduction is due to the State's unsatisfactory or invalid showing made with respect to a calendar quarter beginning before January 1, 1977;

(ii) before January 1, 1978;

(iii) unless a notice of such reduction has been provided to the State at least 30 days before the date such reduction takes effect; or

(iv) due to the State's unsatisfactory or invalid showing made with respect to a calendar quarter beginning after September 30, 1977, unless notice of such reduction has been provided to the State no later than the first day of the fourth calendar quarter following the calendar quarter with respect to which such showing was made.

(B) The Secretary shall waive application of any reduction in the Federal medical assistance percentage of a State otherwise required to be imposed under paragraph (1) because a showing by the State, made under such paragraph with respect to a calendar quarter ending after January 1, 1977, and before January 1, 1978, is determined to be either unsatisfactory under such paragraph or invalid under paragraph (2), if the Secretary determines that the State's showing made under paragraph (1) with respect to any calendar quarter ending on or before December 31, 1978, is satisfactory under such paragraph and is valid under paragraph (2).

(4)(A) The Secretary may not find the showing of a State, with respect to a calendar quarter under paragraph (1), to be satisfactory if the showing is submitted to the Secretary later than the 30th day after the last day of the calendar quarter, unless the State demonstrates to the satisfaction of the Secretary good cause for not meeting such deadline.

(B) The Secretary shall find a showing of a State, with respect to a calendar quarter under paragraph (1), to be satisfactory under such paragraph with respect to the requirement that the State conduct annual onsite inspections in mental hospitals and intermediate care facilities for the mentally retarded under paragraphs (26) and (31) of section 1902(a), if the showing demonstrates that the State has conducted such an onsite inspection during the 12-month period ending on the last date of the calendar quarter—

(i) in each of not less than 98 per centum of the number of such hospitals and facilities requiring such inspection, and

(ii) in every such hospital or facility which has 200 or more beds,

and that, with respect to such hospitals and facilities not inspected within such period, the State has exercised good faith and due diligence in attempting to conduct such inspection, or if the State demonstrates to the satisfaction of the Secretary that it would have made such a showing but for failings of a technical nature only.

(5) In the case of a State's unsatisfactory or invalid showing made with respect to a type of facility or institutional services in a calendar quarter, the per centum amount of the reduction of the State's Federal medical assistance percentage for that type of services under paragraph (1) is equal to 33⅓ per centum multiplied by a fraction, the denominator of which is equal to the total number of patients receiving that type of services in that quarter under the State plan in facilities or institutions for which a showing was required to be made under this subsection, and the numerator of which is equal to the number of such patients receiving such type of services in that quarter in those facilities or institutions for which a satisfactory and valid showing was not made for that calendar quarter.

(6)(A) Recertifications required under section 1902(a)(44) shall be conducted at least every 60 days in the case of inpatient hospital services.

(B) Such recertifications in the case of services in an intermediate care facility for the mentally retarded shall be conducted at least—

(i) 60 days after the date of the initial certification,

(ii) 180 days after the date of the initial certification,

(iii) 12 months after the date of the initial certification,

(iv) 18 months after the date of the initial certification,

(v) 24 months after the date of the initial certification, and

(vi) every 12 months thereafter.

(C) For purposes of determining compliance with the schedule established by this paragraph, a recertification shall be considered to have been done on a timely basis if it was performed not later than 10 days after the date the recertification was otherwise required and the State establishes good cause why the physician or other person making such recertification did not meet such schedule.

[(i)] Medicaid FFP exclusions.

(i) Payment under the preceding provisions of this section shall not be made—

(1) for organ transplant procedures unless the State plan provides for written standards respecting the coverage of such procedures and unless such standards provide that—

(A) similarly situated individuals are treated alike; and

(B) any restriction, on the facilities or practitioners which may provide such procedures, is consistent with the accessibility of high quality care to individuals eligible for the procedures under the State plan; or

(2) with respect to any amount expended for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished—

(A) under the plan by any individual or entity during any period when the individual or entity is excluded from participation under title V, XVIII, or XX or under this title pursuant to section 1128, 1128A, 1156, or 1842(j)(2);

(B) at the medical direction or on the prescription of a physician, during the period when such physician is excluded from participation under title V, XVIII, or XX or under this title pursuant to section 1128, 1128A, 1156, or 1842(j)(2) and when the person furnishing such item or service knew or had reason to know of the exclusion (after a reasonable time period after reasonable notice has been furnished to the person);

(3) with respect to any amount expended for inpatient hospital services furnished under the plan (other than amounts attributable to the special situation of a hospital which serves a disproportionate number of low income patients with special needs) to the extent that such amount exceeds the hospital's customary charges with respect to such services or (if such services are furnished under the plan by a public institution free of charge or at nominal charges to the public) exceeds an amount determined on the basis of those items (specified in regulations prescribed by the Secretary) included in the determination of such payment which the Secretary finds will provide fair compensation to such institution for such services; or

(4) with respect to any amount expended for care or services furnished under the plan by a hospital unless such hospital has in effect a utilization review plan which meets the requirements imposed by section 1861(k) for purposes of title XVIII; and if such hospital has in effect such a utilization review plan for purposes of title XVIII, such plan shall serve as the plan required by this subsection (with the same standards and procedures and the same review committee or group) as a condition of payment under this title; the Secretary is authorized to waive the requirements of this paragraph if the State agency demonstrates to his satisfaction that it has in operation utilization review procedures which are superior in their effectiveness to the procedures required under section 1861(k); or

[(i)(10)] Payment limitations on covered outpatient drugs, including requirement of rebate agreement; see also paragraph (21).

(9) with respect to any amount expended for non-emergency transportation authorized under section 1902(a)(4), unless the State plan provides for the methods and procedures required under section 1902(a)(30)(A); or

[(i)(27)] Aggregate limitation on FFS DME spending based on Medicare payment rates.

(27) with respect to any amounts expended by the State on the basis of a fee schedule for items described in section 1861(n) and furnished on or after January 1, 2018, as determined in the aggregate with respect to each class of such items as defined by the Secretary, in excess of the aggregate amount, if any, that would be paid for such items within such class on a fee-for-service basis under the program under part B of title XVIII, including, as applicable, under a competitive acquisition program under section 1847 in an area of the State.

Nothing in paragraph (1) shall be construed as permitting a State to provide services under its plan under this title that are not reasonable in amount, duration, and scope to achieve their purpose. Paragraphs (1), (2), (16), (17), and (18) shall apply with respect to items or services furnished and amounts expended by or through a managed care entity (as defined in section 1932(a)(1)(B)) in the same manner as such paragraphs apply to items or services furnished and amounts expended directly by the State.

(k) The Secretary is authorized to provide at the request of any State (and without cost to such State) such technical and actuarial assistance as may be necessary to assist such State to contract with any medicaid managed care organization which meets the requirements of subsection (m) of this section for the purpose of providing medical care and services to individuals who are entitled to medical assistance under this title.

[(l)] Penalty for failure to provide electronic visit verification system for personal care services and home health services.

(l)(1) Subject to paragraphs (3) and (4), with respect to any amount expended for personal care services or home health care services requiring an in-home visit by a provider that are provided under a State plan under this title (or under a waiver of the plan) and furnished in a calendar quarter beginning on or after January 1, 2020 (or, in the case of home health care services, on or after January 1, 2023), unless a State requires the use of an electronic visit verification system for such services furnished in such quarter under the plan or such waiver, the Federal medical assistance percentage shall be reduced—

[19] The placement of paragraph (25) after paragraph (24) as shown above has been carried out to reflect the probable intent of Congress. Section 6402(c)(3) of Public Law 111–148 inserts paragraph (25) "at the end" of subsection (i), which would result in paragraph (25) technically appearing after the continuation text in subsection (i).

The identical placement issue with paragraph (26) as with paragraph (25). See amendment made by section 2001(a)(2)(B)(iii) of Public Law 111–148.

(A) in the case of personal care services—

(i) for calendar quarters in 2020, by .25 percentage points;

(ii) for calendar quarters in 2021, by .5 percentage points;

(iii) for calendar quarters in 2022, by .75 percentage points; and

(iv) for calendar quarters in 2023 and each year thereafter, by 1 percentage point; and

(B) in the case of home health care services—

(i) for calendar quarters in 2023 and 2024, by .25 percentage points;

(ii) for calendar quarters in 2025, by .5 percentage points;

(iii) for calendar quarters in 2026, by .75 percentage points; and

(iv) for calendar quarters in 2027 and each year thereafter, by 1 percentage point.

(2) Subject to paragraphs (3) and (4), in implementing the requirement for the use of an electronic visit verification system under paragraph (1), a State shall—

(A) consult with agencies and entities that provide personal care services, home health care services, or both under the State plan (or under a waiver of the plan) to ensure that such system—

(i) is minimally burdensome;

(ii) takes into account existing best practices and electronic visit verification systems in use in the State; and

(iii) is conducted in accordance with the requirements of HIPAA privacy and security law (as defined in section 3009 of the Public Health Service Act);

(B) take into account a stakeholder process that includes input from beneficiaries, family caregivers, individuals who furnish personal care services or home health care services, and other stakeholders, as determined by the State in accordance with guidance from the Secretary; and

(C) ensure that individuals who furnish personal care services, home health care services, or both under the State plan (or under a waiver of the plan) are provided the opportunity for training on the use of such system.

(3) Paragraphs (1) and (2) shall not apply in the case of a State that, as of the date of the enactment of this subsection, requires the use of any system for the electronic verification of visits conducted as part of both personal care services and home health care services, so long as the State continues to require the use of such system with respect to the electronic verification of such visits.

(4)(A) In the case of a State described in subparagraph (B), the reduction under paragraph (1) shall not apply—

(i) in the case of personal care services, for calendar quarters in 2020; and

(ii) in the case of home health care services, for calendar quarters in 2023.

(B) For purposes of subparagraph (A), a State described in this subparagraph is a State that demonstrates to the Secretary that the State—

(i) has made a good faith effort to comply with the requirements of paragraphs (1) and (2) (including by taking steps to adopt the technology used for an electronic visit verification system); and

(ii) in implementing such a system, has encountered unavoidable system delays.

(5) In this subsection:

(A) The term "electronic visit verification system" means, with respect to personal care services or home health care services, a system under which visits conducted as part of such services are electronically verified with respect to—

(i) the type of service performed;

(ii) the individual receiving the service;

(iii) the date of the service;

(iv) the location of service delivery;

(v) the individual providing the service; and

(vi) the time the service begins and ends.

(B) The term "home health care services" means services described in section 1905(a)(7) provided under a State plan under this title (or under a waiver of the plan).

(C) The term "personal care services" means personal care services provided under a State plan under this title (or under a waiver of the plan), including services provided under section 1905(a)(24), 1915(c), 1915(i), 1915(j), or 1915(k) or under a wavier under section 1115.

(6)(A) In the case in which a State requires personal care service and home health care service providers to utilize an electronic visit verification system operated by the State or a contractor on behalf of the State, the Secretary shall pay to the State, for each quarter, an amount equal to 90 per centum of so much of the sums expended during such quarter as are attributable to the design, development, or installation of such system, and 75 per centum of so much of the sums for the operation and maintenance of such system.

(B) Subparagraph (A) shall not apply in the case in which a State requires personal care service and home health care service providers to utilize an electronic visit verification system that is not operated by the State or a contractor on behalf of the State.

[(m)(1)(A)] General requirements for Medicaid MCOs.

(m)(1)(A) The term "medicaid managed care organization" means a health maintenance organization, an eligible organization with a contract under section 1876 or a Medicare+Choice organization with a contract under part C of title XVIII, a provider sponsored organization, or any other public or private organization, which meets the requirement of section 1902(w) and—

(i) makes services it provides to individuals eligible for benefits under this title accessible to such individuals, within the area served by the organization, to the same extent as such services are made accessible to individuals (eligible for medical assistance under the State plan) not enrolled with the organization, and

(ii) has made adequate provision against the risk of insolvency, which provision is satisfactory to the State, meets the requirements of subparagraph (C)(i) (if applicable), and which assures that individuals eligible for benefits under this title are in no case held liable for debts of the organization in case of the organization's insolvency.

An organization that is a qualified health maintenance organization (as defined in section 1310(d) of the Public Health Service Act) is deemed to meet the requirements of clauses (i) and (ii).

(B) The duties and functions of the Secretary, insofar as they involve making determinations as to whether an organization is a medicaid managed care organization within the meaning of subparagraph (A), shall be integrated with the administration of section 1312 (a) and (b) of the Public Health Service Act.

(C)(i) Subject to clause (ii), a provision meets the requirements of this subparagraph for an organization if the organization meets solvency standards established by the State for private health maintenance organizations or is licensed or certified by the State as a risk-bearing entity.

(ii) Clause (i) shall not apply to an organization if—

(I) the organization is not responsible for the provision (directly or through arrangements with providers of services) of inpatient hospital services and physicians' services;

(II) the organization is a public entity;

(III) the solvency of the organization is guaranteed by the State; or

(IV) the organization is (or is controlled by) one or more Federally-qualified [20] health centers and meets solvency standards established by the State for such an organization.

For purposes of subclause (IV), the term "control" means the possession, whether direct or indirect, of the power to direct or cause the direction of the management and policies of the organization through membership, board representation, or an ownership interest equal to or greater than 50.1 percent.

[(m)(2)(A)] Requirements for comprehensive, risk-based plans. Additional requirements in regulation (42 CFR 438).

(2)(A) Except as provided in subparagraphs (B), (C), and (G), no payment shall be made under this title to a State with respect to expenditures incurred by it for payment (determined under a prepaid capitation basis or under any other risk basis) for services provided by any entity (including a health insuring organization) which is responsible for the provision (directly or through arrangements with providers of services) of inpatient hospital services and any other service described in paragraph (2), (3), (4), (5), or (7) of section 1905(a) or for the provision of any three or more of the services described in such paragraphs unless—

(i) the Secretary has determined that the entity is a medicaid managed care organization organization as defined in paragraph (1);

[(ii) repealed by sec. 4703(a) of P.L. 105–33; 111 Stat. 495.]

(iii) such services are provided for the benefit of individuals eligible for benefits under this title in accordance with a contract between the State and the entity under which prepaid

(iv) such contract provides that the Secretary and the State (or any person or organization designated by either) shall have the right to audit and inspect any books and records of the entity (and of any subcontractor) that pertain (I) to the ability of the entity to bear the risk of potential financial losses, or (II) to services performed or determinations of amounts payable under the contract;

(v) such contract provides that in the entity's enrollment, reenrollment, or disenrollment of individuals who are eligible for benefits under this title and eligible to enroll, reenroll, or disenroll with the entity pursuant to the contract, the entity will not discriminate among such individuals on the basis of their health status or requirements for health care services;

(vi) such contract (I) permits individuals who have elected under the plan to enroll with the entity for provision of such benefits to terminate such enrollment in accordance with section 1932(a)(4), and (II) provides for notification in accordance with such section of each such individual, at the time of the individual's enrollment, of such right to terminate such enrollment;

(vii) such contract provides that, in the case of medically necessary services which were provided (I) to an individual enrolled with the entity under the contract and entitled to benefits with respect to such services under the State's plan and (II) other than through the organization because the services were immediately required due to an unforeseen illness, injury, or condition, either the entity or the State provides for reimbursement with respect to those services,

(viii) such contract provides for disclosure of information in accordance with section 1124 and paragraph (4) of this subsection;

[(m)(2)(A)(ix)] MCO payments to FQHCs and RHCs.

(ix)[21] such contract provides, in the case of an entity that has entered into a contract for the provision of services with a Federally-qualified health center or a rural health clinic, that the entity shall provide payment that is not less than the level and amount of payment which the entity would make for the services if the services were furnished by a provider which is not a Federally-qualified health center or a rural health clinic;

(x) any physician incentive plan that it operates meets the requirements described in section 1876(i)(8);

(xi) such contract provides for maintenance of sufficient patient encounter data to identify the physician who delivers

(xii) such contract, and the entity complies with the applicable requirements of section 1932; and

[(m)(2)(A)(xiii)] Application of drug rebate requirements to MCOs.

(xiii)[22] such contract provides that (I) covered outpatient drugs dispensed to individuals eligible for medical assistance who are enrolled with the entity shall be subject to the same rebate required by the agreement entered into under section 1927 as the State is subject to and that the State shall collect such rebates from manufacturers, (II) capitation rates paid to the entity shall be based on actual cost experience related to rebates and subject to the Federal regulations requiring actuarially sound rates, and (III) the entity shall report to the State, on such timely and periodic basis as specified by the Secretary in order to include in the information submitted by the State to a manufacturer and the Secretary under section 1927(b)(2)(A), information on the total number of units of each dosage form and strength and package size by National Drug Code of each covered outpatient drug dispensed to individuals eligible for medical assistance who are enrolled with the entity and for which the entity is responsible for coverage of such drug under this subsection (other than covered outpatient drugs that under subsection (j)(1) of section 1927 are not subject to the requirements of that section) and such other data as the Secretary determines necessary to carry out this subsection.

(B) Subparagraph (A) except with respect to clause (ix) of subparagraph (A), does not apply with respect to payments under this title to a State with respect to expenditures incurred by it for payment for services provided by an entity which—

(i)(I) received a grant of at least $100,000 in the fiscal year ending June 30, 1976, under section 329(d)(1)(A) or 330(d)(1) of the Public Health Service Act, and for the period beginning July 1, 1976, and ending on the expiration of the period for which payments are to be made under this title has been the recipient of a grant under either such section; and

(ii) in the next month (or in the next 2 months) is not eligible for such benefits, but

(iii) in the succeeding month is again eligible for such benefits,

the State plan, subject to subparagraph (A)(vi), may enroll the individual for that succeeding month with the organization described in clause (i) if the organization continues to have a contract under this paragraph with the State or with the manager described in such clause if the manager continues to have a contract described in section 1905(t)(3) with the State.

[(m)(3)] MCOs must comply with provider enrollment screening requirements; see § 1902(kk).

(3) No payment shall be made under this title to a State with respect to expenditures incurred by the State for payment for services provided by a managed care entity (as defined under section 1932(a)(1)) under the State plan under this title (or under a waiver of the plan) unless the State—

(A) beginning on July 1, 2018, has a contract with such entity that complies with the requirement specified in section 1932(d)(5); and

(B) beginning on January 1, 2018, complies with the requirement specified in section 1932(d)(6)(A).

(4)(A) Each medicaid managed care organization which is not a qualified health maintenance organization (as defined in section 1310(d) of the Public Health Service Act) must report to the State and, upon request, to the Secretary, the Inspector General of the Department of Health and Human Services, and the Comptroller General a description of transactions between the organization and a party in interest (as defined in section 1318(b) of such Act), including the following transactions:

(i) Any sale or exchange, or leasing of any property between the organization and such a party.

The State or Secretary may require that information reported respecting an organization which controls, or is controlled by, or is under common control with, another entity be in the form of a consolidated financial statement for the organization and such entity.

(B) Each organization shall make the information reported pursuant to subparagraph (A) available to its enrollees upon reasonable request.

(5)(A) If the Secretary determines that an entity with a contract under this subsection—

(ii) imposes premiums on individuals enrolled under this subsection in excess of the premiums permitted under this title;

(iii) acts to discriminate among individuals in violation of the provision of paragraph (2)(A)(v), including expulsion or refusal to re-enroll an individual or engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment (except as permitted by this subsection) by eligible individuals with the organization whose medical condition or history indicates a need for substantial future medical services;

(iv) misrepresents or falsifies information that is furnished—

(I) to the Secretary or the State under this subsection, or

(II) to an individual or to any other entity under this subsection, or

the Secretary may provide, in addition to any other remedies available under law, for any of the remedies described in subparagraph (B).

(B) The remedies described in this subparagraph are—

(i) civil money penalties of not more than $25,000 for each determination under subparagraph (A), or, with respect to a determination under clause (iii) or (iv)(I) of such subparagraph, of not more than $100,000 for each such determination, plus, with respect to a determination under subparagraph (A)(ii), double the excess amount charged in violation of such subparagraph (and the excess amount charged shall be deducted from the penalty and returned to the individual concerned), and plus, with respect to a determination under subparagraph (A)(iii), $15,000 for each individual not enrolled as a result of a practice described in such subparagraph, or

(ii) denial of payment to the State for medical assistance furnished under the contract under this subsection for individuals enrolled after the date the Secretary notifies the organization of a determination under subparagraph (A) and until the Secretary is satisfied that the basis for such determination has been corrected and is not likely to recur.

The provisions of section 1128A (other than subsections (a) and (b)) shall apply to a civil money penalty under clause (i) in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a).

(6)(A) For purposes of this subsection and section 1902(e)(2)(A), in the case of the State of New Jersey, the term "contract" shall be deemed to include an undertaking by the State agency, in the State plan under this title, to operate a program meeting all requirements of this subsection.

(B) The undertaking described in subparagraph (A) must provide—

(i) for the establishment of a separate entity responsible for the operation of a program meeting the requirements of this subsection, which entity may be a subdivision of the State agency administering the State plan under this title;

(ii) for separate accounting for the funds used to operate such program; and

(iii) for setting the capitation rates and any other payment rates for services provided in accordance with this subsection using a methodology satisfactory to the Secretary designed to ensure that total Federal matching payments under this title for such services will be lower than the matching payments that would be made for the same services, if provided under the State plan on a fee for service basis to an actuarially equivalent population.

(C) The undertaking described in subparagraph (A) shall be subject to approval (and annual re-approval) by the Secretary in the same manner as a contract under this subsection.

(D) The undertaking described in subparagraph (A) shall not be eligible for a waiver under section 1915(b).

(7) Payment shall be made under this title to a State for expenditures for capitation payments described in section 438.6(e) of title 42, Code of Federal Regulations (or any successor regulation).

(8)(A) The State agency administering the State plan under this title may have reasonable access, as determined by the State, to 1 or more prescription drug monitoring program databases administered or accessed by the State to the extent the State agency is permitted to access such databases under State law.

(B) Such State agency may facilitate reasonable access, as determined by the State, to 1 or more prescription drug monitoring program databases administered or accessed by the State, to same extent that the State agency is permitted under State law to access such databases, for—

(i) any provider enrolled under the State plan to provide services to Medicaid beneficiaries; and

(ii) any managed care entity (as defined under section 1932(a)(1)(B)) that has a contract with the State under this subsection or under section 1905(t)(3).

(C) Such State agency may share information in such databases, to the same extent that the State agency is permitted under State law to share information in such databases, with—

(i) any provider enrolled under the State plan to provide services to Medicaid beneficiaries; and

(ii) any managed care entity (as defined under section 1932(a)(1)(B)) that has a contract with the State under this subsection or under section 1905(t)(3).

(m)(9)] Lowers the federal share for the collection of MLR remittances under subsection (d)(3) for the expansion group for fiscal years 2021-2023.

(9)(A) With respect to expenditures described in subparagraph (B) that are incurred by a State for any fiscal year after fiscal year 2020 (and before fiscal year 2024), in determining the pro rata share to which the United States is equitably entitled under subsection (d)(3), the Secretary shall substitute the Federal medical assistance percentage that applies for such fiscal year to the State under section 1905(b) (without regard to any adjustments to such percentage applicable under such section or any other provision of law) for the percentage that applies to such expenditures under section 1905(y).

(B) Expenditures described in this subparagraph, with respect to a fiscal year to which subparagraph (A) applies, are expenditures incurred by a State for payment for medical assistance provided to individuals described in subclause (VIII) of section 1902(a)(10)(A)(i) by a managed care entity, or other specified entity (as defined in subparagraph (D)(iii)), that are treated as remittances because the State—

(i) has satisfied the requirement of section 438.8 of title 42, Code of Federal Regulations (or any successor regulation), by electing—

(I) in the case of a State described in subparagraph (C), to apply a minimum medical loss ratio (as defined in subparagraph (D)(ii)) that is at least 85 percent but not greater than the minimum medical loss ratio (as so defined) that such State applied as of May 31, 2018; or

(II) in the case of a State not described in subparagraph (C), to apply a minimum medical loss ratio that is equal to 85 percent; and

(ii) recovered all or a portion of the expenditures as a result of the entity's failure to meet such ratio.

(C) For purposes of subparagraph (B), a State described in this subparagraph is a State that as of May 31, 2018, applied a minimum medical loss ratio (as calculated under subsection (d) of section 438.8 of title 42, Code of Federal Regulations (as in effect on

June 1, 2018)) for payment for services provided by entities described in such subparagraph under the State plan under this title (or a waiver of the plan) that is equal to or greater than 85 percent.

(D) For purposes of this paragraph:

(i) The term "managed care entity" means a medicaid managed care organization described in section 1932(a)(1)(B)(i).

(ii) The term "minimum medical loss ratio" means, with respect to a State, a minimum medical loss ratio (as calculated under subsection (d) of section 438.8 of title 42, Code of Federal Regulations (as in effect on June 1, 2018)) for payment for services provided by entities described in subparagraph (B) under the State plan under this title (or a waiver of the plan).

(iii) The term "other specified entity" means—

(I) a prepaid inpatient health plan, as defined in section 438.2 of title 42, Code of Federal Regulations (or any successor regulation); and

(II) a prepaid ambulatory health plan, as defined in such section (or any successor regulation).

[(n) Repealed by sec. 8(h)(1) of P.L. 100–93; 101 Stat. 694.]

(o) Notwithstanding the preceding provisions of this section, no payment shall be made to a State under the preceding provisions of this section for expenditures for medical assistance provided for an individual under its State plan approved under this title to the extent that a private insurer (as defined by the Secretary by regulation and including a group health plan (as defined in section 607(1) of the Employee Retirement Income Security Act of 1974), a service benefit plan, and a health maintenance organization) would have been obligated to provide such assistance but for a provision of its insurance contract which has the effect of limiting or excluding such obligation because the individual is eligible for or is provided medical assistance under the plan.

(p)(1) When a political subdivision of a State makes, for the State of which it is a political subdivision, or one State makes, for another State, the enforcement and collection of rights of support or payment assigned under section 1912, pursuant to a cooperative arrangement under such section (either within or outside of such State), there shall be paid to such political subdivision or such other State from amounts which would otherwise represent the Federal share of payments for medical assistance provided to the eligible individuals on whose behalf such enforcement and collection was made, an amount equal to 15 percent of any amount collected which is attributable to such rights of support or payment.

(2) Where more than one jurisdiction is involved in such enforcement or collection, the amount of the incentive payment determined under paragraph (1) shall be allocated among the jurisdictions in a manner to be prescribed by the Secretary.

[(q)] Medicaid fraud control unit (MFCU)

(iii) procedures for acting upon such complaints under the criminal laws of the State or for referring such complaints to other State agencies for action.

(B) For purposes of this paragraph, the term "board and care facility" means a residential setting which receives payment (regardless of whether such payment is made under the State plan under this title) from or on behalf of two or more unrelated adults who reside in such facility, and for whom one or both of the following is provided:

(6) The entity employs such auditors, attorneys, investigators, and other necessary personnel and is organized in such a manner as is necessary to promote the effective and efficient conduct of the entity's activities.

(7) The entity submits to the Secretary an application and annual reports containing such information as the Secretary determines, by regulation, to be necessary to determine whether the entity meets the other requirements of this subsection.

[(r)(1)] Medicaid Management Information Systems (MMIS).

(r)(1) In order to receive payments under subsection (a) for use of automated data systems in administration of the State plan under this title, a State must, in addition to meeting the requirements of paragraph (3), have in operation mechanized claims processing and information retrieval systems that meet the requirements of this subsection and that the Secretary has found—

(A) are adequate to provide efficient, economical, and effective administration of such State plan;

(B) are compatible with the claims processing and information retrieval systems used in the administration of title XVIII, and for this purpose—

(i) have a uniform identification coding system for providers, other payees, and beneficiaries under this title or title XVIII;

(ii) provide liaison between States and carriers and intermediaries with agreements under title XVIII to facilitate timely exchange of appropriate data;

(iii) provide for exchange of data between the States and the Secretary with respect to persons sanctioned under this title or title XVIII; and

(iv) effective for claims filed on or after October 1, 2010, incorporate compatible methodologies of the National Correct Coding Initiative administered by the Secretary (or any successor initiative to promote correct coding and to control improper coding leading to inappropriate payment) and such other methodologies of that Initiative (or such other national correct coding methodologies) as the Secretary identifies in accordance with paragraph (4);

(C) are capable of providing accurate and timely data;

(2) In order to meet the requirements of this paragraph, mechanized claims processing and information retrieval systems must meet the following requirements:

(A) The systems must be capable of developing provider, physician, and patient profiles which are sufficient to provide specific information as to the use of covered types of services and items, including prescribed drugs.

(B) The State must provide that information on probable fraud or abuse which is obtained from, or developed by, the systems, is made available to the State's medicaid fraud control unit (if any) certified under subsection (q) of this section.

(C) The systems must meet all performance standards and other requirements for initial approval developed by the Secretary.

(3) In order to meet the requirements of this paragraph, a State must have in operation an eligibility determination system which provides for data matching through the Public Assistance Reporting Information System (PARIS) facilitated by the Secretary (or any successor system), including matching with medical assistance programs operated by other States.

(4) For purposes of paragraph (1)(B)(iv), the Secretary shall do the following:

(A) Not later than September 1, 2010:

(i) Identify those methodologies of the National Correct Coding Initiative administered by the Secretary (or any successor initiative to promote correct coding and to control improper coding leading to inappropriate payment) which are compatible to claims filed under this title.

(ii) Identify those methodologies of such Initiative (or such other national correct coding methodologies) that should be incorporated into claims filed under this title with respect to items or services for which States provide medical assistance under this title and no national correct coding methodologies have been established under such Initiative with respect to title XVIII.

(iii) Notify States of—

(I) the methodologies identified under subparagraphs (A) and (B) (and of any other national correct coding methodologies identified under subparagraph (B)); and

(II) how States are to incorporate such methodologies into claims filed under this title.

(B) Not later than March 1, 2011, submit a report to Congress that includes the notice to States under clause (iii) of subparagraph (A) and an analysis supporting the identification of the methodologies made under clauses (i) and (ii) of subparagraph (A).

(s) Notwithstanding the preceding provisions of this section, no payment shall be made to a State under this section for expenditures for medical assistance under the State plan consisting of a designated health service (as defined in subsection (h)(6) of section 1877) furnished to an individual on the basis of a referral that would result in the denial of payment for the service under title XVIII if such title provided for coverage of such service to the same extent and under the same terms and conditions as under the State plan, and subsections (f) and (g)(5) of such section shall apply to a provider of such a designated health service for which payment may be made under this title in the same manner as such subsections apply to a provider of such a service for which payment may be made under such title.

[(t)] EHR incentive payments.

(t)(1) For purposes of subsection (a)(3)(F), the payments described in this paragraph to encourage the adoption and use of certified EHR technology are payments made by the State in accordance with this subsection —

(A) to Medicaid providers described in paragraph (2)(A) not in excess of 85 percent of net average allowable costs (as defined in paragraph (3)(E)) for certified EHR technology (and support services including maintenance and training that is for, or is necessary for the adoption and operation of, such technology) with respect to such providers; and

(B) to Medicaid providers described in paragraph (2)(B) not in excess of the maximum amount permitted under paragraph (5) for the provider involved.

(2) In this subsection and subsection (a)(3)(F), the term "Medicaid provider" means—

(A) an eligible professional (as defined in paragraph (3)(B))—

(i) who is not hospital-based and has at least 30 percent of the professional's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to individuals who are receiving medical assistance under this title;

(ii) who is not described in clause (i), who is a pediatrician, who is not hospital-based, and who has at least 20 percent of the professional's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to individuals who are receiving medical assistance under this title; and

(iii) who practices predominantly in a Federally qualified health center or rural health clinic and has at least 30 percent of the professional's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to needy individuals (as defined in paragraph (3)(F)); and

(B)(i) a children's hospital, or

(ii) an acute-care hospital that is not described in clause (i) and that has at least 10 percent of the hospital's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to individuals who are receiving medical assistance under this title.

An eligible professional shall not qualify as a Medicaid provider under this subsection unless any right to payment under sections 1848(o) and 1853(l) with respect to the eligible professional has been waived in a manner specified by the Secretary. For purposes of calculating patient volume under subparagraph (A)(iii), insofar as it is related to uncompensated care, the Secretary may require the adjustment of such uncompensated care data so that it would be an appropriate proxy for charity care, including a downward adjustment to eliminate bad debt data from uncompensated care. In applying subparagraphs (A) and (B)(ii), the methodology established by the Secretary for patient volume shall include individuals enrolled in a Medicaid managed care plan (under section 1903(m) or section 1932).

(3) In this subsection and subsection (a)(3)(F):

(A) The term "certified EHR technology" means a qualified electronic health record (as defined in 3000(13) of the Public Health Service Act) that is certified pursuant to section 3001(c)(5) of such Act as meeting standards adopted under section 3004 of such Act that are applicable to the type of record involved (as determined by the Secretary, such as an ambulatory electronic health record for office-based physicians or an inpatient hospital electronic health record for hospitals).

(B) The term "eligible professional" means a—

(i) physician;

(ii) dentist;

(iii) certified nurse mid-wife;

(iv) nurse practitioner; and

(v) physician assistant insofar as the assistant is practicing in a rural health clinic that is led by a physician assistant or is practicing in a Federally qualified health center that is so led.

(C) The term "average allowable costs" means, with respect to certified EHR technology of Medicaid providers described in paragraph (2)(A) for—

(i) the first year of payment with respect to such a provider, the average costs for the purchase and initial implementation or upgrade of such technology (and support services including training that is for, or is necessary for the adoption and initial operation of, such technology) for such providers, as determined by the Secretary based upon studies conducted under paragraph (4)(C); and

(ii) a subsequent year of payment with respect to such a provider, the average costs not described in clause (i) relating to the operation, maintenance, and use of such technology for such providers, as determined by the Secretary based upon studies conducted under paragraph (4)(C).

(D) The term "hospital-based" means, with respect to an eligible professional, a professional (such as a pathologist, an-

esthesiologist, or emergency physician) who furnishes substantially all of the individual's professional services in a hospital inpatient or emergency room setting and through the use of the facilities and equipment, including qualified electronic health records, of the hospital. The determination of whether an eligible professional is a hospital-based eligible professional shall be made on the basis of the site of service (as defined by the Secretary) and without regard to any employment or billing arrangement between the eligible professional and any other provider.

(E) The term "net average allowable costs" means, with respect to a Medicaid provider described in paragraph (2)(A), average allowable costs reduced by the average payment the Secretary estimates will be made to such Medicaid providers (determined on a percentage or other basis for such classes or types of providers as the Secretary may specify) from other sources (other than under this subsection, or by the Federal government or a State or local government) that is directly attributable to payment for certified EHR technology or support services described in subparagraph (C).

(F) The term "needy individual" means, with respect to a Medicaid provider, an individual—

(i) who is receiving assistance under this title;

(ii) who is receiving assistance under title XXI;

(iii) who is furnished uncompensated care by the provider; or

(iv) for whom charges are reduced by the provider on a sliding scale basis based on an individual's ability to pay.

(4)(A) With respect to a Medicaid provider described in paragraph (2)(A), subject to subparagraph (B), in no case shall—

(i) the net average allowable costs under this subsection for the first year of payment (which may not be later than 2016), which is intended to cover the costs described in paragraph (3)(C)(i), exceed $25,000 (or such lesser amount as the Secretary determines based on studies conducted under subparagraph (C));

(ii) the net average allowable costs under this subsection for a subsequent year of payment, which is intended to cover costs described in paragraph (3)(C)(ii), exceed $10,000; and

(iii) payments be made for costs described in clause (ii) after 2021 or over a period of longer than 5 years.

(B) In the case of Medicaid provider described in paragraph (2)(A)(ii), the dollar amounts specified in subparagraph (A) shall be ⅔ of the dollar amounts otherwise specified.

(C) For the purposes of determining average allowable costs under this subsection, the Secretary shall study the average costs to Medicaid providers described in paragraph (2)(A) of purchase and initial implementation and upgrade of certified EHR technology described in paragraph (3)(C)(i) and the average costs to such providers of operations, maintenance, and use of such technology described in paragraph (3)(C)(ii). In determining such costs for such providers, the Secretary may utilize studies of such amounts submitted by States.

(5)(A) In no case shall the payments described in paragraph (1)(B) with respect to a Medicaid provider described in paragraph (2)(B) exceed—

(i) in the aggregate the product of—

(I) the overall hospital EHR amount for the provider computed under subparagraph (B); and

(II) the Medicaid share for such provider computed under subparagraph (C);

(ii) in any year 50 percent of the product described in clause (i); and

(iii) in any 2-year period 90 percent of such product.

(B) For purposes of this paragraph, the overall hospital EHR amount, with respect to a Medicaid provider, is the sum of the applicable amounts specified in section 1886(n)(2)(A) for such provider for the first 4 payment years (as estimated by the Secretary) determined as if the Medicare share specified in clause (ii) of such section were 1. The Secretary shall establish, in consultation with the State, the overall hospital EHR amount for each such Medicaid provider eligible for payments under paragraph (1)(B). For purposes of this subparagraph in computing the amounts under section 1886(n)(2)(C) for payment years after the first payment year, the Secretary shall assume that in subsequent payment years discharges increase at the average annual rate of growth of the most recent 3 years for which discharge data are available per year.

(C) The Medicaid share computed under this subparagraph, for a Medicaid provider for a period specified by the Secretary, shall be calculated in the same manner as the Medicare share under section 1886(n)(2)(D) for such a hospital and period, except that there shall be substituted for the numerator under clause (i) of such section the amount that is equal to the number of inpatient-bed-days (as established by the Secretary) which are attributable to individuals who are receiving medical assistance under this title and who are not described in section 1886(n)(2)(D)(i). In computing inpatient-bed-days under the previous sentence, the Secretary shall take into account inpatient-bed-days attributable to inpatient-bed-days that are paid for individuals enrolled in a Medicaid managed care plan (under section 1903(m) or section 1932).

(D) In no case may the payments described in paragraph (1)(B) with respect to a Medicaid provider described in paragraph (2)(B) be paid—

(i) for any year beginning after 2016 unless the provider has been provided payment under paragraph (1)(B) for the previous year; and

(ii) over a period of more than 6 years of payment.

(6) Payments described in paragraph (1) are not in accordance with this subsection unless the following requirements are met:

(A)(i) The State provides assurances satisfactory to the Secretary that amounts received under subsection (a)(3)(F) with respect to payments to a Medicaid provider are paid, subject to clause (ii), directly to such provider (or to an employer or facility to which such provider has assigned payments) without any deduction or rebate.

(ii) Amounts described in clause (i) may also be paid to an entity promoting the adoption of certified EHR technology, as

designated by the State, if participation in such a payment arrangement is voluntary for the eligible professional involved and if such entity does not retain more than 5 percent of such payments for costs not related to certified EHR technology (and support services including maintenance and training) that is for, or is necessary for the operation of, such technology.

(B) A Medicaid provider described in paragraph (2)(A) is responsible for payment of the remaining 15 percent of the net average allowable cost and shall be determined to have met such responsibility to the extent that the payment to the Medicaid provider is not in excess of 85 percent of the net average allowable cost.

(C)(i) Subject to clause (ii), with respect to payments to a Medicaid provider—

(I) for the first year of payment to the Medicaid provider under this subsection, the Medicaid provider demonstrates that it is engaged in efforts to adopt, implement, or upgrade certified EHR technology; and

(II) for a year of payment, other than the first year of payment to the Medicaid provider under this subsection, the Medicaid provider demonstrates meaningful use of certified EHR technology through a means that is approved by the State and acceptable to the Secretary, and that may be based upon the methodologies applied under section 1848(o) or 1886(n).

(ii) In the case of a Medicaid provider who has completed adopting, implementing, or upgrading such technology prior to the first year of payment to the Medicaid provider under this subsection, clause (i)(I) shall not apply and clause (i)(II) shall apply to each year of payment to the Medicaid provider under this subsection, including the first year of payment.

(D) To the extent specified by the Secretary, the certified EHR technology is compatible with State or Federal administrative management systems.

For purposes of subparagraph (B), a Medicaid provider described in paragraph (2)(A) may accept payments for the costs described in such subparagraph from a State or local government. For purposes of subparagraph (C), in establishing the means described in such subparagraph, which may include clinical quality reporting to the State, the State shall ensure that populations with unique needs, such as children, are appropriately addressed.

(7) With respect to Medicaid providers described in paragraph (2)(A), the Secretary shall ensure coordination of payment with respect to such providers under sections 1848(o) and 1853(l) and under this subsection to assure no duplication of funding. Such coordination shall include, to the extent practicable, a data matching process between State Medicaid agencies and the Centers for Medicare & Medicaid Services using national provider identifiers. For such purposes, the Secretary may require the submission of such data relating to payments to such Medicaid providers as the Secretary may specify.

(8) In carrying out paragraph (6)(C), the State and Secretary shall seek, to the maximum extent practicable, to avoid duplicative requirements from Federal and State governments to demonstrate

meaningful use of certified EHR technology under this title and title XVIII. In doing so, the Secretary may deem satisfaction of requirements for such meaningful use for a payment year under title XVIII to be sufficient to qualify as meaningful use under this subsection. The Secretary may also specify the reporting periods under this subsection in order to carry out this paragraph.

(9) In order to be provided Federal financial participation under subsection (a)(3)(F)(ii), a State must demonstrate to the satisfaction of the Secretary, that the State—

(A) is using the funds provided for the purposes of administering payments under this subsection, including tracking of meaningful use by Medicaid providers;

(B) is conducting adequate oversight of the program under this subsection, including routine tracking of meaningful use attestations and reporting mechanisms; and

(C) is pursuing initiatives to encourage the adoption of certified EHR technology to promote health care quality and the exchange of health care information under this title, subject to applicable laws and regulations governing such exchange.

(10) The Secretary shall periodically submit reports to the Committee on Energy and Commerce of the House of Representatives and the Committee on Finance of the Senate on status, progress, and oversight of payments described in paragraph (1), including steps taken to carry out paragraph (7). Such reports shall also describe the extent of adoption of certified EHR technology among Medicaid providers resulting from the provisions of this subsection and any improvements in health outcomes, clinical quality, or efficiency resulting from such adoption.

[(u)] Reductions in FFP for erroneous payments, implemented through Medicaid Eligibility Quality Control (MEQC).

(u)(1)(A) Notwithstanding subsection (a)(1), if the ratio of a State's erroneous excess payments for medical assistance (as defined in subparagraph (D)) to its total expenditures for medical assistance under the State plan approved under this title exceeds 0.03, for the period consisting of the third and fourth quarters of fiscal year 1983, or for any full fiscal year thereafter, then the Secretary shall make no payment for such period or fiscal year with respect to so much of such erroneous excess payments as exceeds such allowable error rate of 0.03.

(B) The Secretary may waive, in certain limited cases, all or part of the reduction required under subparagraph (A) with respect to any State if such State is unable to reach the allowable error rate for a period or fiscal year despite a good faith effort by such State.

(C) In estimating the amount to be paid to a State under subsection (d), the Secretary shall take into consideration the limitation on Federal financial participation imposed by subparagraph (A) and shall reduce the estimate he makes under subsection (d)(1), for purposes of payment to the State under subsection (d)(3), in light of any expected erroneous excess payments for medical assistance (estimated in accordance with such criteria, including sampling procedures, as he may prescribe and subject to subsequent adjustment, if necessary, under subsection (d)(2)).

(D)(i) For purposes of this subsection, the term "erroneous excess payments for medical assistance" means the total of—

(I) payments under the State plan with respect to ineligible individuals and families, and

(II) overpayments on behalf of eligible individuals and families by reason of error in determining the amount of expenditures for medical care required of an individual or family as a condition of eligibility.

(ii) In determining the amount of erroneous excess payments for medical assistance to an ineligible individual or family under clause (i)(I), if such ineligibility is the result of an error in determining the amount of the resources of such individual or family, the amount of the erroneous excess payment shall be the smaller of (I) the amount of the payment with respect to such individual or family, or (II) the difference between the actual amount of such resources and the allowable resource level established under the State plan.

(iii) In determining the amount of erroneous excess payments for medical assistance to an individual or family under clause (i)(II), the amount of the erroneous excess payment shall be the smaller of (I) the amount of the payment on behalf of the individual or family, or (II) the difference between the actual amount incurred for medical care by the individual or family and the amount which should have been incurred in order to establish eligibility for medical assistance.

(iv) In determining the amount of erroneous excess payments, there shall not be included any error resulting from a failure of an individual to cooperate or give correct information with respect to third-party liability as required under section 1912(a)(1)(C) or 402(a)(26)(C) or with respect to payments made in violation of section 1906.

[(v)] General limitation on FFP for non-permanent resident aliens.

(v) In determining the amount of erroneous excess payments, there shall not be included any erroneous payments made for ambulatory prenatal care provided during a presumptive eligibility period (as defined in section 1920(b)(1)), for items and services described in subsection (a) of section 1920A provided to a child during a presumptive eligibility period under such section, for medical assistance provided to an individual described in subsection (a) of section 1920B during a presumptive eligibility period under such section, or for medical assistance provided to an individual during a presumptive eligibility period resulting from a determination of presumptive eligibility made by a hospital that elects under section 1902(a)(47)(B) to be a qualified entity for such purpose. [23]

(E) For purposes of subparagraph (D), there shall be excluded, in determining both erroneous excess payments for medical assistance and total expenditures for medical assistance—

(i) payments with respect to any individual whose eligibility therefor was determined exclusively by the Secretary under an agreement pursuant to section 1634 and such other classes of individuals as the Secretary may by regulation prescribe whose eligibility was determined in part under such an agreement; and

(ii) payments made as the result of a technical error.

[23] Effective on date of enactment of Public Law 111–148 (March 23, 2010), section 2303(b)(2)(B) of Public Law 111–148 to section 1903(u)(1)(D)(v) (as amended by section 2202(b) of such Public Law) attempts to amend this clause by inserting "or for medical assistance provided to an individual described in subsection (a) of section 1920C during a presumptive eligibility period under such section," after "1920B during a presumptive eligibility period under such section,". Such amendment could not be carried out because a comma at the end of the phrase specifying where to place new language does not appear in law.

[(v)(2)] Exception for mandatory coverage of emergency services for non-citizens who would otherwise qualify.

(2) The State agency administering the plan approved under this title shall, at such times and in such form as the Secretary may specify, provide information on the rates of erroneous excess payments made (or expected, with respect to future periods specified by the Secretary) in connection with its administration of such plan, together with any other data he requests that are reasonably necessary for him to carry out the provisions of this subsection.

(3)(A) If a State fails to cooperate with the Secretary in providing information necessary to carry out this subsection, the Secretary, directly or through contractual or such other arrangements as he may find appropriate, shall establish the error rates for that State on the basis of the best data reasonably available to him and in accordance with such techniques for sampling and estimating as he finds appropriate.

(B) In any case in which it is necessary for the Secretary to exercise his authority under subparagraph (A) to determine a State's error rates for a fiscal year, the amount that would otherwise be payable to such State under this title for quarters in such year shall be reduced by the costs incurred by the Secretary in making (directly or otherwise) such determination.

(4) This subsection shall not apply with respect to Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, or American Samoa.

(v)(1) Notwithstanding the preceding provisions of this section, except as provided in paragraphs (2) and (4), no payment may be made to a State under this section for medical assistance furnished to an alien who is not lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law.

(2) Payment shall be made under this section for care and services that are furnished to an alien described in paragraph (1) only if—

(A) such care and services are necessary for the treatment of an emergency medical condition of the alien,

(B) such alien otherwise meets the eligibility requirements for medical assistance under the State plan approved under this title (other than the requirement of the receipt of aid or assistance under title IV, supplemental security income benefits under title XVI, or a State supplementary payment), and

(C) such care and services are not related to an organ transplant procedure.

(3) For purposes of this subsection, the term "emergency medical condition" means a medical condition (including emergency labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in—

(A) placing the patient's health in serious jeopardy,

(B) serious impairment to bodily functions, or

(C) serious dysfunction of any bodily organ or part.

[(v)(4)(A)] Optional coverage of pregnant and child non-citizens who have been lawfully residing in the U.S. less than 5 years.

(4)(A) A State may elect (in a plan amendment under this title) to provide medical assistance under this title, notwithstanding sections 401(a), 402(b), 403, and 421 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, to children and pregnant women who are lawfully residing in the United States (including battered individuals described in section 431(c) of such Act) and who are otherwise eligible for such assistance, within either or both of the following eligibility categories:

(i) PREGNANT WOMEN.—Women during pregnancy (and during the 60-day period beginning on the last day of the pregnancy).

(ii) CHILDREN.—Individuals under 21 years of age, including optional targeted low-income children described in section 1905(u)(2)(B).

(B) In the case of a State that has elected to provide medical assistance to a category of aliens under subparagraph (A), no debt shall accrue under an affidavit of support against any sponsor of such an alien on the basis of provision of assistance to such category and the cost of such assistance shall not be considered as an unreimbursed cost.

(C) As part of the State's ongoing eligibility redetermination requirements and procedures for an individual provided medical assistance as a result of an election by the State under subparagraph (A), a State shall verify that the individual continues to lawfully reside in the United States using the documentation presented to the State by the individual on initial enrollment. If the State cannot successfully verify that the individual is lawfully residing in the United States in this manner, it shall require that the individual provide the State with further documentation or other evidence to verify that the individual is lawfully residing in the United States.

[(w)]§ 615 of P.L. 111-3 (42 USC 1396b note) clarifies the non-regulation of transfers in applying § 1903(w).

[(w)] Provider-related donations and health care related taxes.

(w)(1)(A) Notwithstanding the previous provisions of this section, for purposes of determining the amount to be paid to a State (as defined in paragraph (7)(D)) under subsection (a)(1) for quarters in any fiscal year, the total amount expended during such fiscal year as medical assistance under the State plan (as determined without regard to this subsection) shall be reduced by the sum of any revenues received by the State (or by a unit of local government in the State) during the fiscal year—

(i) from provider-related donations (as defined in paragraph (2)(A)), other than—

(I) bona fide provider-related donations (as defined in paragraph (2)(B)), and

(II) donations described in paragraph (2)(C);

(ii) from health care related taxes (as defined in paragraph (3)(A)), other than broad-based health care related taxes (as defined in paragraph (3)(B));

(iii) from a broad-based health care related tax, if there is in effect a hold harmless provision (described in paragraph (4)) with respect to the tax; or

(iv) only with respect to State fiscal years (or portions thereof) occurring on or after January 1, 1992, and before October 1, 1995, from broad-based health care related taxes to the

extent the amount of such taxes collected exceeds the limit established under paragraph (5).

(B) Notwithstanding the previous provisions of this section, for purposes of determining the amount to be paid to a State under subsection (a)(7) for all quarters in a Federal fiscal year (beginning with fiscal year 1993), the total amount expended during the fiscal year for administrative expenditures under the State plan (as determined without regard to this subsection) shall be reduced by the sum of any revenues received by the State (or by a unit of local government in the State) during such quarters from donations described in paragraph (2)(C), to the extent the amount of such donations exceeds 10 percent of the amounts expended under the State plan under this title during the fiscal year for purposes described in paragraphs (2), (3), (4), (6), and (7) of subsection (a).

(C)(i) Except as otherwise provided in clause (ii), subparagraph (A)(i) shall apply to donations received on or after January 1, 1992.

(ii) Subject to the limits described in clause (iii) and subparagraph (E), subparagraph (A)(i) shall not apply to donations received before the effective date specified in subparagraph (F) if such donations are received under programs in effect or as described in State plan amendments or related documents submitted to the Secretary by September 30, 1991, and applicable to State fiscal year 1992, as demonstrated by State plan amendments, written agreements, State budget documentation, or other documentary evidence in existence on that date.

(iii) In applying clause (ii) in the case of donations received in State fiscal year 1993, the maximum amount of such donations to which such clause may be applied may not exceed the total amount of such donations received in the corresponding period in State fiscal year 1992 (or not later than 5 days after the last day of the corresponding period).

(D)(i) Except as otherwise provided in clause (ii), subparagraphs (A)(ii) and (A)(iii) shall apply to taxes received on or after January 1, 1992.

(ii) Subparagraphs (A)(ii) and (A)(iii) shall not apply to impermissible taxes (as defined in clause (iii)) received before the effective date specified in subparagraph (F) to the extent the taxes (including the tax rate or base) were in effect, or the legislation or regulations imposing such taxes were enacted or adopted, as of November 22, 1991.

(iii) In this subparagraph and subparagraph (E), the term "impermissible tax" means a health care related tax for which a reduction may be made under clause (ii) or (iii) of subparagraph (A).

(E)(i) In no case may the total amount of donations and taxes permitted under the exception provided in subparagraphs (C)(ii) and (D)(ii) for the portion of State fiscal year 1992 occurring during calendar year 1992 exceed the limit under paragraph (5) minus the total amount of broad-based health care related taxes received in the portion of that fiscal year.

(ii) In no case may the total amount of donations and taxes permitted under the exception provided in subparagraphs (C)(ii) and (D)(ii) for State fiscal year 1993 exceed the limit under paragraph (5) minus the total amount of broad-based health care related taxes received in that fiscal year.

(F) In this paragraph in the case of a State—

(i) except as provided in clause (iii), with a State fiscal year beginning on or before July 1, the effective date is October 1, 1992,

(ii) except as provided in clause (iii), with a State fiscal year that begins after July 1, the effective date is January 1, 1993, or

(iii) with a State legislature which is not scheduled to have a regular legislative session in 1992, with a State legislature which is not scheduled to have a regular legislative session in 1993, or with a provider-specific tax enacted on November 4, 1991, the effective date is July 1, 1993.

(2)(A) In this subsection (except as provided in paragraph (6)), the term "provider-related donation" means any donation or other voluntary payment (whether in cash or in kind) made (directly or indirectly) to a State or unit of local government by—

(i) a health care provider (as defined in paragraph (7)(B)),

(ii) an entity related to a health care provider (as defined in paragraph (7)(C)), or

(iii) an entity providing goods or services under the State plan for which payment is made to the State under paragraph (2), (3), (4), (6), or (7) of subsection (a).

(B) For purposes of paragraph (1)(A)(i)(I), the term "bona fide provider-related donation" means a provider-related donation that has no direct or indirect relationship (as determined by the Secretary) to payments made under this title to that provider, to providers furnishing the same class of items and services as that provider, or to any related entity, as established by the State to the satisfaction of the Secretary. The Secretary may by regulation specify types of provider-related donations described in the previous sentence that will be considered to be bona fide provider-related donations.

(C) For purposes of paragraph (1)(A)(i)(II), donations described in this subparagraph are funds expended by a hospital, clinic, or similar entity for the direct cost (including costs of training and of preparing and distributing outreach materials) of State or local agency personnel who are stationed at the hospital, clinic, or entity to determine the eligibility of individuals for medical assistance under this title and to provide outreach services to eligible or potentially eligible individuals.

(3)(A) In this subsection (except as provided in paragraph (6)), the term "health care related tax" means a tax (as defined in paragraph (7)(F)) that—

(i) is related to health care items or services, or to the provision of, the authority to provide, or payment for, such items or services, or

(ii) is not limited to such items or services but provides for treatment of individuals or entities that are providing or paying for such items or services that is different from the treatment provided to other individuals or entities.

In applying clause (i), a tax is considered to relate to health care items or services if at least 85 percent of the burden of such tax falls on health care providers.

(B) In this subsection, the term "broad-based health care related tax" means a health care related tax which is imposed with respect to a class of health care items or services (as described in paragraph (7)(A)) or with respect to providers of such items or services and which, except as provided in subparagraphs (D), (E), and (F)—

(i) is imposed at least with respect to all items or services in the class furnished by all non-Federal, nonpublic providers in the State (or, in the case of a tax imposed by a unit of local government, the area over which the unit has jurisdiction) or is imposed with respect to all non-Federal, nonpublic providers in the class; and

(ii) is imposed uniformly (in accordance with subparagraph (C)).

(C)(i) Subject to clause (ii), for purposes of subparagraph (B)(ii), a tax is considered to be imposed uniformly if—

(I) in the case of a tax consisting of a licensing fee or similar tax on a class of health care items or services (or providers of such items or services), the amount of the tax imposed is the same for every provider providing items or services within the class;

(II) in the case of a tax consisting of a licensing fee or similar tax imposed on a class of health care items or services (or providers of such services) on the basis of the number of beds (licensed or otherwise) of the provider, the amount of the tax is the same for each bed of each provider of such items or services in the class;

(III) in the case of a tax based on revenues or receipts with respect to a class of items or services (or providers of items or services) the tax is imposed at a uniform rate for all items and services (or providers of such items of services) in the class on all the gross revenues or receipts, or net operating revenues, relating to the provision of all such items or services (or all such providers) in the State (or, in the case of a tax imposed by a unit of local government within the State, in the area over which the unit has jurisdiction); or

(IV) in the case of any other tax, the State establishes to the satisfaction of the Secretary that the tax is imposed uniformly.

(ii) Subject to subparagraphs (D) and (E), a tax imposed with respect to a class of health care items and services is not considered to be imposed uniformly if the tax provides for any credits, exclusions, or deductions which have as their purpose or effect the return to providers of all or a portion of the tax paid in a manner that is inconsistent with subclauses (I) and (II) of subparagraph (E)(ii) or provides for a hold harmless provision described in paragraph (4).

(D) A tax imposed with respect to a class of health care items and services is considered to be imposed uniformly—

(i) notwithstanding that the tax is not imposed with respect to items or services (or the providers thereof) for which payment is made under a State plan under this title or title XVIII, or

(ii) in the case of a tax described in subparagraph (C)(i)(III), notwithstanding that the tax provides for exclusion (in whole or in part) of revenues or receipts from a State plan under this title or title XVIII.

(E)(i) A State may submit an application to the Secretary requesting that the Secretary treat a tax as a broad-based health care related tax, notwithstanding that the tax does not apply to all health care items or services in class (or all providers of such items and services), provides for a credit, deduction, or exclusion, is not applied uniformly, or otherwise does not meet the requirements of subparagraph (B) or (C). Permissible waivers may include exemptions for rural or sole-community providers.

(ii) The Secretary shall approve such an application if the State establishes to the satisfaction of the Secretary that—

(I) the net impact of the tax and associated expenditures under this title as proposed by the State is generally redistributive in nature, and

(II) the amount of the tax is not directly correlated to payments under this title for items or services with respect to which the tax is imposed.

The Secretary shall by regulation specify types of credits, exclusions, and deductions that will be considered to meet the requirements of this subparagraph.

(F) In no case shall a tax not qualify as a broad-based health care related tax under this paragraph because it does not apply to a hospital that is described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from taxation under section 501(a) of such Code and that does not accept payment under the State plan under this title or under title XVIII.

(4) For purposes of paragraph (1)(A)(iii), there is in effect a hold harmless provision with respect to a broad-based health care related tax imposed with respect to a class of items or services if the Secretary determines that any of the following applies:

(A) The State or other unit of government imposing the tax provides (directly or indirectly) for a payment (other than under this title) to taxpayers and the amount of such payment is positively correlated either to the amount of such tax or to the difference between the amount of the tax and the amount of payment under the State plan.

(B) All or any portion of the payment made under this title to the taxpayer varies based only upon the amount of the total tax paid.

(C)(i) The State or other unit of government imposing the tax provides (directly or indirectly) for any payment, offset, or waiver that guarantees to hold taxpayers harmless for any portion of the costs of the tax.

[(w)(4)(C)(ii)] "Safe harbor" threshold adjustment for provider taxes.

(ii) For purposes of clause (i), a determination of the existence of an indirect guarantee shall be made under paragraph (3)(i) of section 433.68(f) of title 42, Code of Federal Regulations, as in effect on November 1, 2006, except that for portions of fiscal years beginning on or after January 1, 2008, and before October 1, 2011, "5.5 percent" shall be substituted for "6 percent" each place it appears.

The provisions of this paragraph shall not prevent use of the tax to reimburse health care providers in a class for expenditures under this title nor preclude States from relying on such reimbursement to justify or explain the tax in the legislative process.

[(w)(5)(A)] 25% limit on health care related taxes expired in 1995 under § 1903(w)(1)(A)(iv).

(5)(A) For purposes of this subsection, the limit under this subparagraph with respect to a State is an amount equal to 25 percent (or, if greater, the State base percentage, as defined in subparagraph (B)) of the non-Federal share of the total amount expended under the State plan during a State fiscal year (or portion thereof), as it would be determined pursuant to paragraph (1)(A) without regard to paragraph (1)(A)(iv).

(B)(i) In subparagraph (A), the term "State base percentage" means, with respect to a State, an amount (expressed as a percentage) equal to—

(I) the total of the amount of health care related taxes (whether or not broad-based) and the amount of provider-related donations (whether or not bona fide) projected to be collected (in accordance with clause (ii)) during State fiscal year 1992, divided by

(II) the non-Federal share of the total amount estimated to be expended under the State plan during such State fiscal year.

(ii) For purposes of clause (i)(I), in the case of a tax that is not in effect throughout State fiscal year 1992 or the rate (or base) of which is increased during such fiscal year, the Secretary shall project the amount to be collected during such fiscal year as if the tax (or increase) were in effect during the entire State fiscal year.

(C)(i) The total amount of health care related taxes under subparagraph (B)(i)(I) shall be determined by the Secretary based on only those taxes (including the tax rate or base) which were in effect, or for which legislation or regulations imposing such taxes were enacted or adopted, as of November 22, 1991.

(ii) The amount of provider-related donations under subparagraph (B)(i)(I) shall be determined by the Secretary based on programs in effect on September 30, 1991, and applicable to State fiscal year 1992, as demonstrated by State plan amendments, written agreements, State budget documentation, or other documentary evidence in existence on that date.

(iii) The amount of expenditures described in subparagraph (B)(i)(II) shall be determined by the Secretary based on the best data available as of the date of the enactment of this subsection.

[(w)(6)(A)] IGTs and CPEs.

(6)(A) Notwithstanding the provisions of this subsection, the Secretary may not restrict States' use of funds where such funds are derived from State or local taxes (or funds appropriated to State university teaching hospitals) transferred from or certified by units of government within a State as the non-Federal share of expenditures under this title, regardless of whether the unit of government is also a health care provider, except as provided in section 1902(a)(2), unless the transferred funds are derived by the unit of government from donations or taxes that would not otherwise be recognized as the non-Federal share under this section.

(B) For purposes of this subsection, funds the use of which the Secretary may not restrict under subparagraph (A) shall not be

considered to be a provider-related donation or a health care related tax.

(7) For purposes of this subsection:

(A) Each of the following shall be considered a separate class of health care items and services:

(i) Inpatient hospital services.

(ii) Outpatient hospital services.

(iii) Nursing facility services (other than services of intermediate care facilities for the mentally retarded).

(iv) Services of intermediate care facilities for the mentally retarded.

(v) Physicians' services.

(vi) Home health care services.

(vii) Outpatient prescription drugs.

(viii) Services of managed care organizations (including health maintenance organizations, preferred provider organizations, and such other similar organizations as the Secretary may specify by regulation).

(ix) Such other classification of health care items and services consistent with this subparagraph as the Secretary may establish by regulation.

(B) The term "health care provider" means an individual or person that receives payments for the provision of health care items or services.

(C) An entity is considered to be "related" to a health care provider if the entity—

(i) is an organization, association, corporation or partnership formed by or on behalf of health care providers;

(ii) is a person with an ownership or control interest (as defined in section 1124(a)(3)) in the provider;

(iii) is the employee, spouse, parent, child, or sibling of the provider (or of a person described in clause (ii)); or

(iv) has a similar, close relationship (as defined in regulations) to the provider.

(D) The term "State" means only the 50 States and the District of Columbia but does not include any State whose entire program under this title is operated under a waiver granted under section 1115.

(E) The "State fiscal year" means, with respect to a specified year, a State fiscal year ending in that specified year.

(F) The term "tax" includes any licensing fee, assessment, or other mandatory payment, but does not include payment of a criminal or civil fine or penalty (other than a fine or penalty imposed in lieu of or instead of a fee, assessment, or other mandatory payment).

(G) The term "unit of local government" means, with respect to a State, a city, county, special purpose district, or other governmental unit in the State.

[(x)(1)] Process for citizenship verification using documentation (alternative to § 1902(ee)).

(x)(1) For purposes of section 1902(a)(46)(B)(i), the requirement of this subsection is, with respect to an individual declaring to be a citizen or national of the United States, that, subject to paragraph (2), there is presented satisfactory documentary evidence of citizenship or nationality (as defined in paragraph (3)) of the individual.

(2) The requirement of paragraph (1) shall not apply to an individual declaring to be a citizen or national of the United States who is eligible for medical assistance under this title—

(A) and is entitled to or enrolled for benefits under any part of title XVIII;

(B) and is receiving—

(i) disability insurance benefits under section 223 or monthly insurance benefits under section 202 based on such individual's disability (as defined in section 223(d)); or

(ii) supplemental security income benefits under title XVI;

(C) and with respect to whom—

(i) child welfare services are made available under part B of title IV on the basis of being a child in foster care; or

(ii) adoption or foster care assistance is made available under part E of title IV;

(D) pursuant to the application of section 1902(e)(4) (and, in the case of an individual who is eligible for medical assistance on such basis, the individual shall be deemed to have provided satisfactory documentary evidence of citizenship or nationality and shall not be required to provide further documentary evidence on any date that occurs during or after the period in which the individual is eligible for medical assistance on such basis); or

(E) on such basis as the Secretary may specify under which satisfactory documentary evidence of citizenship or nationality has been previously presented.

(3)(A) For purposes of this subsection, the term "satisfactory documentary evidence of citizenship or nationality" means—

(i) any document described in subparagraph (B); or

(ii) a document described in subparagraph (C) and a document described in subparagraph (D).

(B) The following are documents described in this subparagraph:

(i) A United States passport.

(ii) Form N–550 or N–570 (Certificate of Naturalization).

(iii) Form N–560 or N–561 (Certificate of United States Citizenship).

(iv) A valid State-issued driver's license or other identity document described in section 274A(b)(1)(D) of the Immigration and Nationality Act, but only if the State issuing the license or such document requires proof of United States citizenship before issuance of such license or document or obtains a social security number from the applicant and verifies before certification that such number is valid and assigned to the applicant who is a citizen.

(v)(I) Except as provided in subclause (II), a document issued by a federally recognized Indian tribe evidencing membership or enrollment in, or affiliation with, such tribe (such as a tribal enrollment card or certificate of degree of Indian blood).

(II) With respect to those federally recognized Indian tribes located within States having an international border whose membership includes individuals who are not citizens of the United States, the Secretary shall, after consulting with such tribes, issue regulations authorizing the presentation of such other forms of documentation (including tribal documentation, if appropriate) that the Secretary determines to be satisfactory documentary evidence of citizenship or nationality for purposes of satisfying the requirement of this subsection.

(vi) Such other document as the Secretary may specify, by regulation, that provides proof of United States citizenship or nationality and that provides a reliable means of documentation of personal identity.

(C) The following are documents described in this subparagraph:

(i) A certificate of birth in the United States.

(ii) Form FS–545 or Form DS–1350 (Certification of Birth Abroad).

(iii) Form I–197 (United States Citizen Identification Card).

(iv) Form FS–240 (Report of Birth Abroad of a Citizen of the United States).

(v) Such other document (not described in subparagraph (B)(iv)) as the Secretary may specify that provides proof of United States citizenship or nationality.

(ii) Any other documentation of personal identity of such other type as the Secretary finds, by regulation, provides a reliable means of identification.

(E) A reference in this paragraph to a form includes a reference to any successor form.

(4) In the case of an individual declaring to be a citizen or national of the United States with respect to whom a State requires the presentation of satisfactory documentary evidence of citizenship or nationality under section 1902(a)(46)(B)(i), the individual shall be provided at least the reasonable opportunity to present satisfactory documentary evidence of citizenship or nationality under this subsection as is provided under clauses (i) and (ii) of section 1137(d)(4)(A) to an individual for the submittal to the State of evidence indicating a satisfactory immigration status.

(5) Nothing in subparagraph (A) or (B) of section 1902(a)(46), the preceding paragraphs of this subsection, or the Deficit Reduction Act of 2005, including section 6036 of such Act, shall be construed as changing the requirement of section 1902(e)(4) that a child born in the United States to an alien mother for whom medical assistance for the delivery of such child is available as treatment of an emergency medical condition pursuant to subsection (v) shall be deemed eligible for medical assistance during the first year of such child's life.

(y) PAYMENTS FOR ESTABLISHMENT OF ALTERNATE NON-EMERGENCY SERVICES PROVIDERS.—

(1) PAYMENTS.—In addition to the payments otherwise provided under subsection (a), subject to paragraph (2), the Secretary shall provide for payments to States under such subsection for the establishment of alternate non-emergency service providers (as defined in section 1916A(e)(5)(B)), or networks of such providers.

(2) LIMITATION.—The total amount of payments under this subsection shall not exceed $50,000,000 during the 4-year period beginning with 2006. This subsection constitutes budget authority in advance of appropriations Acts and represents the obligation of the Secretary to provide for the payment of amounts provided under this subsection.

(3) PREFERENCE.—In providing for payments to States under this subsection, the Secretary shall provide preference to States that establish, or provide for, alternate non-emergency services providers or networks of such providers that—

(A) serve rural or underserved areas where beneficiaries under this title may not have regular access to providers of primary care services; or

(B) are in partnership with local community hospitals.

(4) FORM AND MANNER OF PAYMENT.—Payment to a State under this subsection shall be made only upon the filing of such application in such form and in such manner as the Secretary shall specify. Payment to a State under this subsection shall be made in the same manner as other payments under section 1903(a).

(z) MEDICAID TRANSFORMATION PAYMENTS.—

(1) IN GENERAL.—In addition to the payments provided under subsection (a), subject to paragraph (4), the Secretary shall provide for payments to States for the adoption of innovative methods to improve the effectiveness and efficiency in providing medical assistance under this title.

(2) PERMISSIBLE USES OF FUNDS.—The following are examples of innovative methods for which funds provided under this subsection may be used:

(A) Methods for reducing patient error rates through the implementation and use of electronic health records, electronic clinical decision support tools, or e-prescribing programs.

(B) Methods for improving rates of collection from estates of amounts owed under this title.

(C) Methods for reducing waste, fraud, and abuse under the program under this title, such as reducing improper payment rates as measured by annual payment error rate measurement (PERM) project rates.

(D) Implementation of a medication risk management program as part of a drug use review program under section 1927(g).

(E) Methods in reducing, in clinically appropriate ways, expenditures under this title for covered outpatient drugs, particularly in the categories of greatest drug utilization, by increasing the utilization of generic drugs through the use of education programs and other incentives to promote greater use of generic drugs.

(F) Methods for improving access to primary and specialty physician care for the uninsured using integrated university-based hospital and clinic systems.

(5)(A) The Secretary shall develop and distribute to States a simplified application form for use by individuals (including both qualified medicare beneficiaries and specified low-income medicare beneficiaries) in applying for medical assistance for medicare cost-sharing under this title in the States which elect to use such form. Such form shall be easily readable by applicants and uniform nationally. The Secretary shall provide for the translation of such application form into at least the 10 languages (other than English) that are most often used by individuals applying for hospital insurance benefits under section 226 or 226A and shall make the translated forms available to the States and to the Commissioner of Social Security. [27]

[(ii)] 5 percentage point increase in FMAP for 2 years for states that newly expand Medicaid.

(ii) TEMPORARY INCREASE IN FMAP FOR MEDICAL ASSISTANCE UNDER STATE MEDICAID PLANS WHICH BEGIN TO EXPEND AMOUNTS FOR CERTAIN MANDATORY INDIVIDUALS.—

(1) IN GENERAL.—For each quarter occurring during the 8-quarter period beginning with the first calendar quarter during which a qualifying State (as defined in paragraph (3)) expends amounts for all individuals described in section 1902(a)(10)(A)(i)(VIII) under the State plan (or waiver of such plan), the Federal medical assistance percentage determined under subsection (b) for such State shall, after application of any increase, if applicable, under section 6008 of the Families First Coronavirus Response Act, be increased by 5 percentage points, except for any quarter (and each subsequent quarter) during such period during which the State ceases to provide medical assistance to any such individual under the State plan (or waiver of such plan).

(2) SPECIAL APPLICATION RULES.—Any increase described in paragraph (1) (or payment made for expenditures on medical assistance that are subject to such increase)—

(A) shall not apply with respect to disproportionate share hospital payments described in section 1923;

(B) shall not be taken into account in calculating the enhanced FMAP of a State under section 2105;

(C) shall not be taken into account for purposes of part A, D, or E of title IV; and

(D) shall not be taken into account for purposes of applying payment limits under subsections (f) and (g) of section 1108.

(3) DEFINITION.—For purposes of this subsection, the term "qualifying State" means a State which has not expended amounts for all individuals described in section 1902(a)(10)(A)(i)(VIII) before the date of the enactment of this subsection.

ENROLLMENT OF INDIVIDUALS UNDER GROUP HEALTH PLANS

SEC. 1906. [42 U.S.C. 1396e] (a) Each State plan—

(1) may implement guidelines established by the Secretary, consistent with subsection (b), to identify those cases in which enrollment of an individual otherwise entitled to medical assistance under this title in a group health plan (in which the individual is otherwise eligible to be enrolled) is cost-effective (as defined in subsection (e)(2));

(2) may require, in case of an individual so identified and as a condition of the individual being or remaining eligible for medical assistance under this title and subject to subsection (b)(2), notwithstanding any other provision of this title, that the individual (or in the case of a child, the child's parent) apply for enrollment in the group health plan; and

(3) in the case of such enrollment (except as provided in subsection (c)(1)(B)), shall provide for payment of all enrollee premiums for such enrollment and all deductibles, coinsurance, and other cost-sharing obligations for items and services otherwise covered under the State plan under this title (exceeding the amount otherwise permitted under section 1916), and shall treat coverage under the group health plan as a third party liability (under section 1902(a)(25)).

(b)(1) In establishing guidelines under subsection (a)(1), the Secretary shall take into account that an individual may only be eligible to enroll in group health plans at limited times and only if other individuals (not entitled to medical assistance under the plan) are also enrolled in the plan simultaneously.

(2) If a parent of a child fails to enroll the child in a group health plan in accordance with subsection (a)(2), such failure shall not affect the child's eligibility for benefits under this title.

(c)(1)(A) In the case of payments of premiums, deductibles, coinsurance, and other cost-sharing obligations under this section shall be considered, for purposes of section 1903(a), to be payments for medical assistance.

(B) If all members of a family are not eligible for medical assistance under this title and enrollment of the members so eligible in a group health plan is not possible without also enrolling members not so eligible—

(i) payment of premiums for enrollment of such other members shall be treated as payments for medical assistance for eligible individuals, if it would be cost-effective (taking into account payment of all such premiums), but

(ii) payment of deductibles, coinsurance, and other cost-sharing obligations for such other members shall not be treated as payments for medical assistance for eligible individuals.

(2) The fact that an individual is enrolled in a group health plan under this section shall not change the individual's eligibility for benefits under the State plan, except insofar as section 1902(a)(25) provides that payment for such benefits shall first be made by such plan.

[Subsection (d) repealed by section 4741(b)(2) of Public Law 105–33 (111 Stat. 523)]

(e) In this section:

(1) The term "group health plan" has the meaning given such term in section 5000(b)(1) of the Internal Revenue Code of 1986, and includes the provision of continuation coverage by such a plan pursuant to title XXII of the Public Health Service Act, section 4980B of the Internal Revenue Code of 1986, or title VI of the Employee Retirement Income Security Act of 1974.

(2) The term "cost-effective" has the meaning given that term in section 2105(c)(3)(A).

[42 U.S.C. 1396e–1] (a) IN GENERAL.—A State shall [29] to offer a premium assistance subsidy (as defined in subsection (c)) for qualified employer-sponsored coverage (as defined in subsection (b)) to all individuals who are entitled to medical assistance under this title (and, in the case of an individual under age 19, to the parent of such an individual) who have access to such coverage if the State meets the requirements of this section and the offering of such a subsidy is cost-effective, as defined for purposes of section 2105(c)(3)(A).

(b) QUALIFIED EMPLOYER-SPONSORED COVERAGE.—

(1) IN GENERAL.—Subject to paragraph (2)), in this paragraph, the term "qualified employer-sponsored coverage" means a group health plan or health insurance coverage offered through an employer—

(A) that qualifies as creditable coverage as a group health plan under section 2701(c)(1) of the Public Health Service Act;

(B) for which the employer contribution toward any premium for such coverage is at least 40 percent; and

(C) that is offered to all individuals in a manner that would be considered a nondiscriminatory eligibility classification for purposes of paragraph (3)(A)(ii) of section 105(h) of the Internal Revenue Code of 1986 (but deter-

[29] Section 2003(a)(1)(A) of Public Law 111–148 amended this provision by striking "may elect to" and inserting "shall" which has been executed to the version shown above. Subparagraph (B) of section 10203(b)(2) provides: "[t]his Act shall be applied without regard to subparagraph (A) of section 2003(a)(1) of this Act and that subparagraph and the amendment made by that subparagraph are hereby deemed null, void, and of no effect.

[(a)(1)] State option to provide premium assistance for the purchase of cost effective group coverage for Medicaid-eligible individuals. Referred to as HIPP (Health Insurance Premium Program).

[(a)(2)] States may make enrollment in premium assistance mandatory.

[(a)(3)] Medicaid pays for all enrollee premiums, deductibles, coinsurance, and cost sharing obligations.

[(c)(1)(B)] States may pay premiums for a family member not eligible for Medicaid, if the family member's enrollment in the group plan is required for enrolling the Medicaid eligible individual in the plan and if it is cost effective.

[(e)(2)] The cost-effectiveness test for CHIP premium assistance applies to § 1906 and to § 1906A (below).

[1906A] Footnote to section explains that "shall" means "may."

[(b)(1)(B)] Minimum employer contribution toward premium is 40%.

[1906A] State Medicaid programs may provide premium assistance to Medicaid eligible individuals to enroll in cost-effective employer-sponsored insurance (ESI). Cost effective has the same meaning as in CHIP premium assistance.

mined without regard to clause (i) of subparagraph (B) of such paragraph).

(2) EXCEPTION.—Such term does not include coverage consisting of—

(A) benefits provided under a health flexible spending arrangement (as defined in section 106(c)(2) of the Internal Revenue Code of 1986); or

(B) a high deductible health plan (as defined in section 223(c)(2) of such Code), without regard to whether the plan is purchased in conjunction with a health savings account (as defined under section 223(d) of such Code).

(3) TREATMENT AS THIRD PARTY LIABILITY.—The State shall treat the coverage provided under qualified employer-sponsored coverage as a third party liability under section 1902(a)(25).

(c) PREMIUM ASSISTANCE SUBSIDY.—In this section, the term "premium assistance subsidy" means the amount of the employee contribution for enrollment in the qualified employer-sponsored coverage by the individual or by the individual's family. Premium assistance subsidies under this section shall be considered, for purposes of section 1903(a), to be a payment for medical assistance.

(d) VOLUNTARY PARTICIPATION.—

(1) EMPLOYERS.—Participation by an employer in a premium assistance subsidy offered by a State under this section shall be voluntary. An employer may notify a State that it elects to opt-out of being directly paid a premium assistance subsidy on behalf of an employee.

(2) BENEFICIARIES.—No subsidy shall be provided to an individual under this section unless the individual (or the individual's parent) voluntarily elects to receive such a subsidy. A State may not require such an election as a condition of receipt of medical assistance. A State may not require, as a condition of an individual (or the individual's parent) being or remaining eligible for medical assistance under this title, that the individual (or the individual's parent) apply for enrollment in qualified employer-sponsored coverage under this section.

(3) OPT-OUT PERMITTED FOR ANY MONTH.—A State shall establish a process for permitting an individual (or the parent of an individual) receiving a premium assistance subsidy to disenroll the individual from the qualified employer-sponsored coverage.

(e) REQUIREMENT TO PAY PREMIUMS AND COST-SHARING AND PROVIDE SUPPLEMENTAL COVERAGE.—In the case of the participation of an individual (or the individual's parent) in a premium assistance subsidy under this section for qualified employer-sponsored coverage, the State shall provide for payment of all enrollee premiums for enrollment in such coverage and all deductibles, coinsurance, and other cost-sharing obligations for items and services otherwise covered under the State plan under this title (exceeding the amount otherwise permitted under section 1916 or, if applicable, section 1916A). The fact that an individual (or a parent) elects to enroll in qualified employer-sponsored coverage under this section shall not change the individual's (or parent's) eligibility for medical assistance under the State plan, except insofar as section

1902(a)(25) provides that payments for such assistance shall first be made under such coverage.

OBSERVANCE OF RELIGIOUS BELIEFS

SEC. 1907. [42 U.S.C. 1396f] Nothing in this title shall be construed to require any State which has a plan approved under this title to compel any person to undergo any medical screening, examination, diagnosis, or treatment or to accept any other health care or services provided under such plan for any purpose (other than for the purpose of discovering and preventing the spread of infection or contagious disease or for the purpose of protecting environmental health), if such person objects (or, in case such person is a child, his parent or guardian objects) thereto on religious grounds.

STATE PROGRAMS FOR LICENSING OF ADMINISTRATORS OF NURSING HOMES

[(b)] Licensing of nursing homes is a state responsibility.

SEC. 1908. [42 U.S.C. 1396g] (a) For purposes of section 1902(a)(29), a "State program for the licensing of administrators of nursing homes" is a program which provides that no nursing home within the State may operate except under the supervision of an administrator licensed in the manner provided in this section.

(b) Licensing of nursing home administrators shall be carried out by the agency of the State responsible for licensing under the healing arts licensing act of the State, or, in the absence of such act or such an agency, a board representative of the professions and institutions concerned with care of chronically ill and infirm aged patients and established to carry out the purposes of this section.

(c) It shall be the function and duty of such agency or board to—

(1) develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator, which standards shall be designed to insure that nursing home administrators will be individuals who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators;

(2) develop and apply appropriate techniques, including examinations and investigations, for determining whether an individual meets such standards;

(3) issue licenses to individuals determined, after the application of such techniques, to meet such standards, and revoke or suspend licenses previously issued by the board in any case where the individual holding any such license is determined substantially to have failed to conform to the requirements of such standards;

(4) establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards;

(5) receive, investigate, and take appropriate action with respect to, any charge or complaint filed with the board to the effect that any individual licensed as a nursing home adminis-

trator has failed to comply with the requirements of such standards; and

(6) conduct a continuing study and investigation of nursing homes and administrators of nursing homes within the State with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

(d) No State shall be considered to have failed to comply with the provisions of section 1902(a)(29) because the agency or board of such State (established pursuant to subsection (b)) shall have granted any waiver, with respect to any individual who, during all of the three calendar years immediately preceding the calendar year in which the requirements prescribed in section 1902(a)(29) are first met by the State, has served as a nursing home administrator, of any of the standards developed, imposed, and enforced by such agency or board pursuant to subsection (c).

(e) As used in this section, the term—

(1) "nursing home" means any institution or facility defined as such for licensing purposes under State law, or, if State law does not employ the term nursing home, the equivalent term or terms as determined by the Secretary, but does not include a religious nonmedical health care institution (as defined in section 1861(ss)(1)).

(2) "nursing home administrator" means any individual who is charged with the general administration of a nursing home whether or not such individual has an ownership interest in such home and whether or not his functions and duties are shared with one or more other individuals.

REQUIRED LAWS RELATING TO MEDICAL CHILD SUPPORT

SEC. 1908A. [42 U.S.C. 1396g–1] (a) IN GENERAL.—The laws relating to medical child support, which a State is required to have in effect under section 1902(a)(60), are as follows:

(1) A law that prohibits an insurer from denying enrollment of a child under the health coverage of the child's parent on the ground that—

(A) the child was born out of wedlock,

(B) the child is not claimed as a dependent on the parent's Federal income tax return, or

(C) the child does not reside with the parent or in the insurer's service area.

(2) In any case in which a parent is required by a court or administrative order to provide health coverage for a child and the parent is eligible for family health coverage through an insurer, a law that requires such insurer—

(A) to permit such parent to enroll under such family coverage any such child who is otherwise eligible for such coverage (without regard to any enrollment season restrictions);

(B) if such a parent is enrolled but fails to make application to obtain coverage of such child, to enroll such child under such family coverage upon application by the child's

other parent or by the State agency administering the program under this title or part D of title IV; and

(C) not to disenroll (or eliminate coverage of) such a child unless the insurer is provided satisfactory written evidence that—

(i) such court or administrative order is no longer in effect, or

(ii) the child is or will be enrolled in comparable health coverage through another insurer which will take effect not later than the effective date of such disenrollment.

(3) In any case in which a parent is required by a court or administrative order to provide health coverage for a child and the parent is eligible for family health coverage through an employer doing business in the State, a law that requires such employer—

(A) to permit such parent to enroll under such family coverage any such child who is otherwise eligible for such coverage (without regard to any enrollment season restrictions);

(B) if such a parent is enrolled but fails to make application to obtain coverage of such child, to enroll such child under such family coverage upon application by the child's other parent or by the State agency administering the program under this title or part D of title IV; and

(C) not to disenroll (or eliminate coverage of) any such child unless—

(i) the employer is provided satisfactory written evidence that—

(I) such court or administrative order is no longer in effect, or

(II) the child is or will be enrolled in comparable health coverage which will take effect not later than the effective date of such disenrollment, or

(ii) the employer has eliminated family health coverage for all of its employees; and

(D) to withhold from such employee's compensation the employee's share (if any) of premiums for health coverage (except that the amount so withheld may not exceed the maximum amount permitted to be withheld under section 303(b) of the Consumer Credit Protection Act), and to pay such share of premiums to the insurer, except that the Secretary may provide by regulation for appropriate circumstances under which an employer may withhold less than such employee's share of such premiums.

(4) A law that prohibits an insurer from imposing requirements on a State agency, which has been assigned the rights of an individual eligible for medical assistance under this title and covered for health benefits from the insurer, that are different from requirements applicable to an agent or assignee of any other individual so covered.

(5) A law that requires an insurer, in any case in which a child has health coverage through the insurer of a noncustodial parent—

(A) to provide such information to the custodial parent as may be necessary for the child to obtain benefits through such coverage;

(B) to permit the custodial parent (or provider, with the custodial parent's approval) to submit claims for covered services without the approval of the noncustodial parent; and

(C) to make payment on claims submitted in accordance with subparagraph (B) directly to such custodial parent, the provider, or the State agency.

(6) A law that permits the State agency under this title to garnish the wages, salary, or other employment income of, and requires withholding amounts from State tax refunds to, any person who—

(A) is required by court or administrative order to provide coverage of the costs of health services to a child who is eligible for medical assistance under this title,

(B) has received payment from a third party for the costs of such services to such child, but

(C) has not used such payments to reimburse, as appropriate, either the other parent or guardian of such child or the provider of such services,

to the extent necessary to reimburse the State agency for expenditures for such costs under its plan under this title, but any claims for current or past-due child support shall take priority over any such claims for the costs of such services.

(b) DEFINITION.—For purposes of this section, the term "insurer" includes a group health plan, as defined in section 607(1) of the Employee Retirement Income Security Act of 1974, a health maintenance organization, and an entity offering a service benefit plan.

(b) REQUIREMENTS.—For purposes of subsection (a), the requirements of this subsection are that the Inspector General of the Department of Health and Human Services, in consultation with the Attorney General, determines that the State has in effect a law that meets the following requirements:

(1) The law establishes liability to the State for false or fraudulent claims described in section 3729 of title 31, United States Code, with respect to any expenditure described in section 1903(a).

(d) NO PRECLUSION OF BROADER LAWS.—Nothing in this section shall be construed as prohibiting a State that has in effect a law that establishes liability to the State for false or fraudulent claims described in section 3729 of title 31, United States Code, with respect to programs in addition to the State program under this title, or with respect to expenditures in addition to expenditures described in section 1903(a), from being considered to be in compliance with the requirements of subsection (a) so long as the law meets such requirements.

(A) to assign the State any rights, of the individual or of any other person who is eligible for medical assistance under this title and on whose behalf the individual has the legal authority to execute an assignment of such rights, to support (specified as support for the purpose of medical care by a court or administrative order) and to payment for medical care from any third party;

(B) to cooperate with the State (i) in establishing the paternity of such person (referred to in subparagraph (A)) if the person is a child born out of wedlock, and (ii) in obtaining support and payments (described in subparagraph (A)) for himself and for such person, unless (in either case) the individual is described in section 1902(l)(1)(A) or the individual is found to have good cause for refusing to cooperate as determined by the State agency in accordance with standards prescribed by the Secretary, which standards shall take into consideration the best interests of the individuals involved; and

(C) to cooperate with the State in identifying, and providing information to assist the State in pursuing, any third party who may be liable to pay for care and services available under the plan, unless such individual has good cause for refusing to cooperate as determined by the State agency in accordance with standards prescribed by the Secretary, which standards shall take into consideration the best interests of the individuals involved; and

(2) provide for entering into cooperative arrangements (including financial arrangements), with any appropriate agency of any State (including, with respect to the enforcement and collection of rights of payment for medical care by or through a parent, with a State's agency established or designated under section 454(3)) and with appropriate courts and law enforcement officials, to assist the agency or agencies administering the State plan with respect to (A) the enforcement and collection of rights to support or payment assigned under this section and (B) any other matters of common concern.

(b) Such part of any amount collected by the State under an assignment made under the provisions of this section shall be retained by the State as is necessary to reimburse it for medical assistance payments made on behalf of an individual with respect to whom such assignment was executed (with appropriate reimbursement of the Federal Government to the extent of its participation

in the financing of such medical assistance), and the remainder of such amount collected shall be paid to such individual.

HOSPITAL PROVIDERS OF NURSING FACILITY SERVICES

[1913] Hospital swing beds.

SEC. 1913. [42 U.S.C. 1396l] (a) Notwithstanding any other provision of this title, payment may be made, in accordance with this section, under a State plan approved under this title for nursing facility services furnished by a hospital which has in effect an agreement under section 1883 and which, with respect to the provision of such services, meets the requirements of subsections (b) through (d) of section 1919.

(b)(1) Except as provided in paragraph (3), payment to any such hospital, for any nursing facility services furnished pursuant to subsection (a), shall be at a rate equal to the average rate per patient-day paid for routine services during the previous calendar year under the State plan to nursing facilities, respectively, located in the State in which the hospital is located. The reasonable cost of ancillary services shall be determined in the same manner as the reasonable cost of ancillary services provided for inpatient hospital services.

(2) With respect to any period for which a hospital has an agreement under section 1883, in order to allocate routine costs between hospital and long-term care services, the total reimbursement for routine services due from all classes of long-term care patients (including title XVIII, title XIX, and private pay patients) shall be subtracted from the hospital total routine costs before calculations are made to determine reimbursement for routine hospital services under the State plan.

(3) Payment to all such hospitals, for any nursing facility services furnished pursuant to subsection (a), may be made at a payment rate established by the State in accordance with the requirements of section 1902(a)(13)(A).

SEC. 1914. [42 U.S.C. 1396m] (a) The Secretary may adjust, in accordance with this section, the Federal matching payment to a State with respect to expenditures for medical assistance for care or services furnished in any quarter by—

(1) an institution (A) which has or previously had in effect an agreement with the Secretary under section 1866; and (B)(i) from which the Secretary has been unable to recover overpayments made under title XVIII, or (ii) from which the Secretary has been unable to collect the information necessary to enable him to determine the amount (if any) of the overpayments made to such institution under title XVIII; and

(2) any person (A) who (i) has previously accepted payment on the basis of an assignment under section 1842(b)(3)(B)(ii), and (ii) during the annual period immediately preceding such quarter submitted no claims for payment under title XVIII, or submitted claims for payment under title XVIII which aggregated less than the amount of overpayments made to him, and (B)(i) from whom the Secretary has been unable to recover

overpayments received in violation of the terms of such assignment, or (ii) from whom the Secretary has been unable to collect the information necessary to enable him to determine the amount (if any) of the overpayments made to such person under title XVIII.

(b) The Secretary may (subject to the remaining provisions of this section) reduce payment to a State under this title for any quarter by an amount equal to the lesser of the Federal matching share of payments to any institution or person specified in subsection (a), or the total overpayments to such institution or person under title XVIII, and may require the State to reduce its payment to such institution or person by such amount.

(c) The Secretary shall not make any adjustment in the payment to a State, nor require any adjustment in the payment to an institution or person, pursuant to subsection (b) until after he has provided adequate notice (which shall be not less than 60 days) to the State agency and the institution or person.

(d) The Secretary shall by regulation provide procedures for implementation of this section, which procedures shall (1) determine the amount of the Federal payment to which the institution or person would otherwise be entitled under this section which shall be treated as a setoff against overpayments under title XVIII, and (2) assure the restoration to the institution or person of amounts withheld under this section which are ultimately determined to be in excess of overpayments under title XVIII and to which the institution or person would otherwise be entitled under this title.

(e) The Secretary shall restore to the trust funds established under sections 1817 and 1841, as appropriate, amounts recovered under this section as setoffs against overpayments under title XVIII.

(f) Notwithstanding any other provision of this title, an institution or person shall not be entitled to recover from any State any amount in payment for medical care and services under this title which is withheld by the State agency pursuant to an order by the Secretary under subsection (b).

PROVISIONS RESPECTING INAPPLICABILITY AND WAIVER OF CERTAIN REQUIREMENTS OF THIS TITLE

[(a)(1)] Voluntary managed care contracting.

SEC. 1915. [42 U.S.C. 1396n] (a) A State shall not be deemed to be out of compliance with the requirements of paragraphs (1), (10), or (23) of section 1902(a) solely by reason of the fact that the State (or any political subdivision thereof)—

(1) has entered into—

(A) a contract with an organization which has agreed to provide care and services in addition to those offered under the State plan to individuals eligible for medical assistance who reside in the geographic area served by such organization and who elect to obtain such care and services from such organization, or by reason of the fact that the plan provides for payment for rural health clinic services only if those services are provided by a rural health clinic; or

(B) arrangements through a competitive bidding process or otherwise for the purchase of laboratory services referred to in section 1905(a)(3) or medical devices if the Secretary has found that—

(i) adequate services or devices will be available under such arrangements, and

(ii) any such laboratory services will be provided only through laboratories—

(I) which meet the applicable requirements of section 1861(e)(9) or paragraphs (16) and (17) of section 1861(s), and such additional requirements as the Secretary may require, and

(II) no more than 75 percent of whose charges for such services are for services provided to individuals who are entitled to benefits under this title or under part A or part B of title XVIII; or

[(a)(2)] Lock-in permitted for excess utilization.

(2) restricts for a reasonable period of time the provider or providers from which an individual (eligible for medical assistance for items or services under the State plan) can receive such items or services, if—

(A) the State has found, after notice and opportunity for a hearing (in accordance with procedures established by the State), that the individual has utilized such items or services at a frequency or amount not medically necessary (as determined in accordance with utilization guidelines established by the State), and

(B) under such restriction, individuals eligible for medical assistance for such services have reasonable access (taking into account geographic location and reasonable travel time) to such services of adequate quality.

(b) The Secretary, to the extent he finds it to be cost-effective and efficient and not inconsistent with the purposes of this title, may waive such requirements of section 1902 (other than subsection (s)) (other than sections 1902(a)(15), 1902(bb), and 1902(a)(10)(A) insofar as it requires provision of the care and services described in section 1905(a)(2)(C)) as may be necessary for a State—

[(b)(1)] Lock-in waiver for PCCMs.

(1) to implement a primary care case-management system or a specialty physician services arrangement which restricts the provider from (or through) whom an individual (eligible for medical assistance under this title) can obtain medical care services (other than in emergency circumstances), if such restriction does not substantially impair access to such services of adequate quality where medically necessary,

[(b)(2)] Waiver allowing central brokers.

(2) to allow a locality to act as a central broker in assisting individuals (eligible for medical assistance under this title) in selecting among competing health care plans, if such restriction does not substantially impair access to services of adequate quality where medically necessary,

[(b)(3)] Beneficiary waiver for additional non-Medicaid services.

(3) to share (through provision of additional services) with recipients of medical assistance under the State plan cost savings resulting from use by the recipient of more cost-effective medical care, and

G:\COMP\SSA\SOCIAL SECURITY ACT-TITLE XIXGRANTS TO STATE....XML

[(b)(4)] General freedom of choice waiver.

(4) to restrict the provider from (or through) whom an individual (eligible for medical assistance under this title) can obtain services (other than in emergency circumstances) to providers or practitioners who undertake to provide such services and who meet, accept, and comply with the reimbursement, quality, and utilization standards under the State plan, which standards shall be consistent with the requirements of section 1923 and are consistent with access, quality, and efficient and economic provision of covered care and services, if such restriction does not discriminate among classes of providers on grounds unrelated to their demonstrated effectiveness and efficiency in providing those services and if providers under such restriction are paid on a timely basis in the same manner as health care practitioners must be paid under section 1902(a)(37)(A).

No waiver under this subsection may restrict the choice of the individual in receiving services under section 1905(a)(4)(C). Subsection (h)(2) shall apply to a waiver under this subsection.

[(c)] HCBS waivers.

(c)(1) The Secretary may by waiver provide that a State plan approved under this title may include as "medical assistance" under such plan payment for part or all of the cost of home or community-based services (other than room and board) approved by the Secretary which are provided pursuant to a written plan of care to individuals with respect to whom there has been a determination that but for the provision of such services the individuals would require the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded the cost of which could be reimbursed under the State plan. For purposes of this subsection, the term "room and board" shall not include an amount established under a method determined by the State to reflect the portion of costs of rent and food attributable to an unrelated personal caregiver who is residing in the same household with an individual who, but for the assistance of such caregiver, would require admission to a hospital, nursing facility, or intermediate care facility for the mentally retarded.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) the State will provide, with respect to individuals who—

(i) are entitled to medical assistance for inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded under the State plan,

(ii) may require such services, and

(iii) may be eligible for such home or community-based care under such waiver,

for an evaluation of the need for inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded;

(C) such individuals who are determined to be likely to require the level of care provided in a hospital, nursing facility, or intermediate care facility for the mentally retarded are informed of the feasible alternatives, if available under the waiver, at the choice of such individuals, to the provision of inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded;

[(c)(2)(D)] Cost neutrality required.

(D) under such waiver the average per capita expenditure estimated by the State in any fiscal year for medical assistance provided with respect to such individuals does not exceed 100 percent of the average per capita expenditure that the State reasonably estimates would have been made in that fiscal year for expenditures under the State plan for such individuals if the waiver had not been granted; and

(E) the State will provide to the Secretary annually, consistent with a data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

[(c)(3)] Initial waiver approval for 3 years (5 years if involving dual eligibles) with extensions of up to 5 years each.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1902(a)(1) (relating to statewideness), section 1902(a)(10)(B) (relating to comparability), and section 1902(a)(10)(C)(i)(III) (relating to income and resource rules applicable in the community). A waiver under this subsection (other than a waiver described in subsection (h)(2)) shall be for an initial term of three years and, upon the request of a State, shall be extended for additional five-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met. A waiver may provide, with respect to post-eligibility treatment of income of all individuals receiving services under that waiver, that the maximum amount of the individual's income which may be disregarded for any month for the maintenance needs of the individual may be an amount greater than the maximum allowed for that purpose under regulations in effect on July 1, 1985.

[(c)(4)] Eligibility and scope of HCBS waiver.

(4) A waiver granted under this subsection may, consistent with paragraph (2)—

(A) limit the individuals provided benefits under such waiver to individuals with respect to whom the State has determined that there is a reasonable expectation that the amount of medical assistance provided with respect to the individual under such waiver will not exceed the amount of such medical assistance provided for such individual if the waiver did not apply, and

(B) provide medical assistance to individuals (to the extent consistent with written plans of care, which are subject to the approval of the State) for case management services, homemaker/home health aide services and personal care services, adult day health services, habilitation services, respite care, and such other services requested by the State as the Secretary may approve and for day treatment or other partial hospitalization services, psychosocial rehabilitation services, and

clinic services (whether or not furnished in a facility) for individuals with chronic mental illness.

Except as provided under paragraph (2)(D), the Secretary may not restrict the number of hours or days of respite care in any period which a State may provide under a waiver under this subsection.

(5) For purposes of paragraph (4)(B), the term "habilitation services"—

(A) means services designed to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community based settings; and

(B) includes (except as provided in subparagraph (C)) prevocational, educational, and supported employment services; but

(C) does not include—

(i) special education and related services (as such terms are defined in section 602 of the Individuals with Disabilities Education Act (20 U.S.C. 1401)) which otherwise are available to the individual through a local educational agency; and

(ii) vocational rehabilitation services which otherwise are available to the individual through a program funded under section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

(6) The Secretary may not require, as a condition of approval of a waiver under this section under paragraph (2)(D), that the actual total expenditures for home and community-based services under the waiver (and a claim for Federal financial participation in expenditures for the services) cannot exceed the approved estimates for these services. The Secretary may not deny Federal financial payment with respect to services under such a waiver on the ground that, in order to comply with paragraph (2)(D), a State has failed to comply with such a requirement.

(7)(A) In making estimates under paragraph (2)(D) in the case of a waiver that applies only to individuals with a particular illness or condition who are inpatients in, or who would require the level of care provided in, hospitals, nursing facilities, or intermediate care facilities for the mentally retarded, the State may determine the average per capita expenditure that would have been made in a fiscal year for those individuals under the State plan separately from the expenditures for other individuals who are inpatients in, or who would require the level of care provided in, those respective facilities.

(B) In making estimates under paragraph (2)(D) in the case of a waiver that applies only to individuals with developmental disabilities who are inpatients in a nursing facility and whom the State has determined, on the basis of an evaluation under paragraph (2)(B), to need the level of services provided by an intermediate care facility for the mentally retarded, the State may determine the average per capita expenditures that would have been made in a fiscal year for those individuals under the State plan on the basis of the average per capita expenditures under the State plan for services to individuals who are inpatients in an inter-

mediate care facility for the mentally retarded, without regard to the availability of beds for such inpatients.

(C) In making estimates under paragraph (2)(D) in the case of a waiver to the extent that it applies to individuals with mental retardation or a related condition who are resident in an intermediate care facility for the mentally retarded the participation of which under the State plan is terminated, the State may determine the average per capita expenditures that would have been made in a fiscal year for those individuals without regard to any such termination.

(8) The State agency administering the plan under this title may, whenever appropriate, enter into cooperative arrangements with the State agency responsible for administering the program for children with special health care needs under title V in order to assure improved access to coordinated services to meet the needs of such children.

(9) In the case of any waiver under this subsection which contains a limit on the number of individuals who shall receive home or community-based services, the State may substitute additional individuals to receive such services to replace any individuals who die or become ineligible for services under the State plan.

(10) The Secretary shall not limit to fewer than 200 the number of individuals in the State who may receive home and community-based services under a waiver under this subsection.

[(d)] HCBS for the elderly.

(d)(1) Subject to paragraph (2), the Secretary shall grant a waiver to provide that a State plan approved under this title shall include as "medical assistance" under such plan payment for part or all of the cost of home or community-based services (other than room and board) which are provided pursuant to a written plan of care to individuals 65 years of age or older with respect to whom there has been a determination that but for the provision of such services the individuals would be likely to require the level of care provided in a skilled nursing facility or intermediate care facility the cost of which could be reimbursed under the State plan. For purposes of this subsection, the term "room and board" shall not include an amount established under a method determined by the State to reflect the portion of costs of rent and food attributable to an unrelated personal caregiver who is residing in the same household with an individual who, but for the assistance of such caregiver, would require admission to a hospital, nursing facility, or intermediate care facility for the mentally retarded.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) with respect to individuals 65 years of age or older who—

(i) are entitled to medical assistance for skilled nursing or intermediate care facility services under the State plan,

(ii) may require such services, and

(iii) may be eligible for such home or community-based services under such waiver,

the State will provide for an evaluation of the need for such skilled nursing facility or intermediate care facility services; and

(C) such individuals who are determined to be likely to require the level of care provided in a skilled nursing facility or intermediate care facility are informed of the feasible alternatives to the provision of skilled nursing facility or intermediate care facility services, which such individuals may choose if available under the waiver.

Each State with a waiver under this subsection shall provide to the Secretary annually, consistent with a reasonable data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1902(a)(1) (relating to statewideness), section 1902(a)(10)(B) (relating to comparability), and section 1902(a)(10)(C)(i)(III) (relating to income and resource rules applicable in the community). Subject to a termination by the State (with notice to the Secretary) at any time, a waiver under this subsection (other than a waiver described in subsection (h)(2))[31] shall be for an initial term of 3 years and, upon the request of a State, shall be extended for additional 5-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met. A waiver may provide, with respect to post-eligibility treatment of income of all individuals receiving services under the waiver, that the maximum amount of the individual's income which may be disregarded for any month is equal to the amount that may be allowed for that purpose under a waiver under subsection (c).

(4) A waiver under this subsection may, consistent with paragraph (2), provide medical assistance to individuals for case management services, homemaker/home health aide services and personal care services, adult day health services, respite care, and other medical and social services that can contribute to the health and well-being of individuals and their ability to reside in a community-based care setting.

(5)(A) In the case of a State having a waiver approved under this subsection, notwithstanding any other provision of section 1903 to the contrary, the total amount expended by the State for medical assistance with respect to skilled nursing facility services, intermediate care facility services, and home and community-based services under the State plan for individuals 65 years of age or older during a waiver year under this subsection may not exceed the projected amount determined under subparagraph (B).

(B) For purposes of subparagraph (A), the projected amount under this subparagraph is the sum of the following:

[31] The amendment made by section 2601(b)(1)(C) of Public Law 111–148 to the second sentence of section 1915(d)(3) by inserting "(other than a waiver described in subsection (h)(2))" after "A waiver under this subsection" was carried out by inserting such language after "[a] waiver under this subsection" in order to effectuate the probable intent of Congress.

(i) The aggregate amount of the State's medical assistance under this title for skilled nursing facility services and intermediate care facility services furnished to individuals who have attained the age of 65 for the base year increased by a percentage which is equal to the lesser of 7 percent times the number of years (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year involved or the sum of—

(I) the percentage increase (based on an appropriate market-basket index representing the costs of elements of such services) between the beginning of the base year and the beginning of the waiver year involved, plus

(II) the percentage increase between the beginning of the base year and the beginning of the waiver year involved in the number of residents in the State who have attained the age of 65, plus

(III) 2 percent for each year (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year.

(ii) The aggregate amount of the State's medical assistance under this title for home and community-based services for individuals who have attained the age of 65 for the base year increased by a percentage which is equal to the lesser of 7 percent times the number of years (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year involved or the sum of—

(I) the percentage increase (based on an appropriate market-basket index representing the costs of elements of such services) between the beginning of the base year and the beginning of the waiver year involved, plus

(II) the percentage increase between the beginning of the base year and the beginning of the waiver year involved in the number of residents in the State who have attained the age of 65, plus

(III) 2 percent for each year (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year.

(iii) The Secretary shall develop and promulgate by regulation (by not later than October 1, 1989)—

(I) a method, based on an index of appropriately weighted indicators of changes in the wages and prices of the mix of goods and services which comprise both skilled nursing facility services and intermediate care facility services (regardless of the source of payment for such services), for projecting the percentage increase for purposes of clause (i)(I);

(II) a method, based on an index of appropriately weighted indicators of changes in the wages and prices of the mix of goods and services which comprise home and community-based services (regardless of the source of payment for such services), for projecting the percentage increase for purposes of clause (ii)(I); and

(III) a method for projecting, on a State specific basis, the percentage increase in the number of residents in each State who are over 65 years of age for any period.

The Secretary shall develop (by not later than October 1, 1989) a method for projecting, on a State-specific basis, the percentage increase in the number of residents in each State who are over 65 years of age for any period. Effective on and after the date the Secretary promulgates the regulation under clause (iii), any reference in this subparagraph to the "lesser of 7 percent" shall be deemed to be a reference to the "greater of 7 percent".

(iv)[32] If there is enacted after December 22, 1987, an Act which amends this title whose provisions become effective on or after such date and which results in an increase in the aggregate amount of medical assistance under this title for nursing facility services and home and community-based services for individuals who have attained the age of 65 years, the Secretary, at the request of a State with a waiver under this subsection for a waiver year or years and in close consultation with the State, shall adjust the projected amount computed under this subparagraph for the waiver year or years to take into account such increase.

(C) In this paragraph:

(i) The term "home and community-based services" includes services described in sections 1905(a)(7) and 1905(a)(8), services described in subsection (c)(4)(B), services described in paragraph (4), and personal care services.

(ii)(I) Subject to subclause (II), the term "base year" means the most recent year (ending before the date of the enactment of this subsection) for which actual final expenditures under this title have been reported to, and accepted by, the Secretary.

(II) For purposes of subparagraph (C), in the case of a State that does not report expenditures on the basis of the age categories described in such subparagraph for a year ending before the date of the enactment of this subsection, the term "base year" means fiscal year 1989.

(iii) The term "intermediate care facility services" does not include services furnished in an institution certified in accordance with section 1905(d).

(6)(A) A determination by the Secretary to deny a request for a waiver (or extension of waiver) under this subsection shall be subject to review to the extent provided under section 1116(b).

(B) Notwithstanding any other provision of this Act, if the Secretary denies a request of the State for an extension of a waiver under this subsection, any waiver under this subsection in effect on the date such request is made shall remain in effect for a period of not less than 90 days after the date on which the Secretary denies such request (or, if the State seeks review of such determination in accordance with subparagraph (A), the date on which a final determination is made with respect to such review).

[(e)] HIV/AIDS "boarder baby" waiver. Never used.

(e)(1)(A) Subject to paragraph (2), the Secretary shall grant a waiver to provide that a State plan approved under this title shall include as "medical assistance" under such plan payment for part or all of the cost of nursing care, respite care, physicians' services, prescribed drugs, medical devices and supplies, transportation services, and such other services requested by the State as the Secretary may approve which are provided pursuant to a written plan

[32] Alignment as in original; should be moved 2-ems to the right.

of care to a child described in subparagraph (B) with respect to whom there has been a determination that but for the provision of such services the infants would be likely to require the level of care provided in a hospital or nursing facility the cost of which could be reimbursed under the State plan.

(B) Children described in this subparagraph are individuals under 5 years of age who—

(i) at the time of birth were infected with (or tested positively for) the etiologic agent for acquired immune deficiency syndrome (AIDS),

(ii) have such syndrome, or

(iii) at the time of birth were dependent on heroin, cocaine, or phencyclidine,

and with respect to whom adoption or foster care assistance is (or will be) made available under part E of title IV.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) under such waiver the average per capita expenditure estimated by the State in any fiscal year for medical assistance provided with respect to such individuals does not exceed 100 percent of the average per capita expenditure that the State reasonably estimates would have been made in that fiscal year for expenditures under the State plan for such individuals if the waiver had not been granted; and

(C) the State will provide to the Secretary annually, consistent with a data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1902(a)(1) (relating to statewideness) and section 1902(a)(10)(B) (relating to comparability). A waiver under this subsection shall be for an initial term of 3 years and, upon the request of a State, shall be extended for additional five-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met.

(4) The provisions of paragraph (6) of subsection (d) shall apply to this subsection in the same manner as it applies to subsection (d).

[(f)(2)] General state plan amendment (SPA) approval timing — 90-day clock.

(f)(1) The Secretary shall monitor the implementation of waivers granted under this section to assure that the requirements for such waiver are being met and shall, after notice and opportunity for a hearing, terminate any such waiver where he finds noncompliance has occurred.

(2) A request to the Secretary from a State for approval of a proposed State plan or plan amendment or a waiver of a requirement of this title submitted by the State pursuant to a provision

of this title shall be deemed granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing or informs the State agency in writing with respect to any additional information which is needed in order to make a final determination with respect to the request. After the date the Secretary receives such additional information, the request shall be deemed granted unless the Secretary, within 90 days of such date, denies such request.

[(g)] Targeted case management waiver.

(g)(1) A State may provide, as medical assistance, case management services under the plan without regard to the requirements of section 1902(a)(1) and section 1902(a)(10)(B). The provision of case management services under this subsection shall not restrict the choice of the individual to receive medical assistance in violation of section 1902(a)(23). A State may limit the provision of case management services under this subsection to individuals with acquired immune deficiency syndrome (AIDS), or with AIDS-related conditions, or with either, or to individuals described in section 1902(z)(1)(A) and a State may limit the provision of case management services under this subsection to individuals with chronic mental illness. The State may limit the case managers available with respect to case management services for eligible individuals with developmental disabilities or with chronic mental illness in order to ensure that the case managers for such individuals are capable of ensuring that such individuals receive needed services.

(2) For purposes of this subsection:

(A)(i) The term "case management services" means services which will assist individuals eligible under the plan in gaining access to needed medical, social, educational, and other services.

(ii) Such term includes the following:

(I) Assessment of an eligible individual to determine service needs, including activities that focus on needs identification, to determine the need for any medical, educational, social, or other services. Such assessment activities include the following:

(aa) Taking client history.

(bb) Identifying the needs of the individual, and completing related documentation.

(cc) Gathering information from other sources such as family members, medical providers, social workers, and educators, if necessary, to form a complete assessment of the eligible individual.

(II) Development of a specific care plan based on the information collected through an assessment, that specifies the goals and actions to address the medical, social, educational, and other services needed by the eligible individual, including activities such as ensuring the active participation of the eligible individual and working with the individual (or the individual's authorized health care decision maker) and others to develop such goals and identify a course of action to respond to the assessed needs of the eligible individual.

(III) Referral and related activities to help an individual obtain needed services, including activities that

help link eligible individuals with medical, social, educational providers or other programs and services that are capable of providing needed services, such as making referrals to providers for needed services and scheduling appointments for the individual.

(IV) Monitoring and followup activities, including activities and contacts that are necessary to ensure the care plan is effectively implemented and adequately addressing the needs of the eligible individual, and which may be with the individual, family members, providers, or other entities and conducted as frequently as necessary to help determine such matters as—

(aa) whether services are being furnished in accordance with an individual's care plan;

(bb) whether the services in the care plan are adequate; and

(cc) whether there are changes in the needs or status of the eligible individual, and if so, making necessary adjustments in the care plan and service arrangements with providers.

(iii) Such term does not include the direct delivery of an underlying medical, educational, social, or other service to which an eligible individual has been referred, including, with respect to the direct delivery of foster care services, services such as (but not limited to) the following:

(I) Research gathering and completion of documentation required by the foster care program.

(II) Assessing adoption placements.

(III) Recruiting or interviewing potential foster care parents.

(IV) Serving legal papers.

(V) Home investigations.

(VI) Providing transportation.

(VII) Administering foster care subsidies.

(VIII) Making placement arrangements.

(B) The term "targeted case management services" are case management services that are furnished without regard to the requirements of section 1902(a)(1) and section 1902(a)(10)(B) to specific classes of individuals or to individuals who reside in specified areas.

(3) With respect to contacts with individuals who are not eligible for medical assistance under the State plan or, in the case of targeted case management services, individuals who are eligible for such assistance but are not part of the target population specified in the State plan, such contacts—

(A) are considered an allowable case management activity, when the purpose of the contact is directly related to the management of the eligible individual's care; and

(B) are not considered an allowable case management activity if such contacts relate directly to the identification and management of the noneligible or nontargeted individual's needs and care.

(4)(A) In accordance with section 1902(a)(25), Federal financial participation only is available under this title for case management

G:\COMP\SSA\SOCIAL SECURITY ACT-TITLE XIXGRANTS TO STATE....XML

services or targeted case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program.

(B) A State shall allocate the costs of any part of such services which are reimbursable under another federally funded program in accordance with OMB Circular A–87 (or any related or successor guidance or regulations regarding allocation of costs among federally funded programs) under an approved cost allocation program.

(5) Nothing in this subsection shall be construed as affecting the application of rules with respect to third party liability under programs, or activities carried out under title XXVI of the Public Health Service Act or by the Indian Health Service.

[(h)] Duration of waivers.

(h)(1) No waiver under this section (other than a waiver under subsection (c), (d), or (e), or a waiver described in paragraph (2)) may extend over a period of longer than two years unless the State requests continuation of such waiver, and such request shall be deemed granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing or informs the State agency in writing with respect to any additional information which is needed in order to make a final determination with respect to the request. After the date the Secretary receives such additional information, the request shall be deemed granted unless the Secretary, within 90 days of such date, denies such request.

(2)(A) Notwithstanding subsections (c)(3) and (d) (3), any waiver under subsection (b), (c), or (d), or a waiver under section 1115, that provides medical assistance for dual eligible individuals (including any such waivers under which non dual eligible individuals may be enrolled in addition to dual eligible individuals) may be conducted for a period of 5 years and, upon the request of the State, may be extended for additional 5-year periods unless the Secretary determines that for the previous waiver period the conditions for the waiver have not been met or it would no longer be cost-effective and efficient, or consistent with the purposes of this title, to extend the waiver.

(B) In this paragraph, the term "dual eligible individual" means an individual who is entitled to, or enrolled for, benefits under part A of title XVIII, or enrolled for benefits under part B of title XVIII, and is eligible for medical assistance under the State plan under this title or under a waiver of such plan.

[(i)] State plan option for HCBS.

(i) STATE PLAN AMENDMENT OPTION TO PROVIDE HOME AND COMMUNITY-BASED SERVICES FOR ELDERLY AND DISABLED INDIVIDUALS.—

[(i)(1)] Individuals do not have to meet institutional level of care.

(1) IN GENERAL.—Subject to the succeeding provisions of this subsection, a State may provide through a State plan amendment for the provision of medical assistance for home and community-based services (within the scope of services described in paragraph (4)(B) of subsection (c) for which the Secretary has the authority to approve a waiver and not including room and board) for individuals eligible for medical assistance under the State plan whose income does not exceed 150 percent of the poverty line (as defined in section 2110(c)(5)), without determining that but for the provision of such services the individuals would require the level of care provided in a hos-

pital or a nursing facility or intermediate care facility for the mentally retarded, but only if the State meets the following requirements:

(A) NEEDS-BASED CRITERIA FOR ELIGIBILITY FOR, AND RECEIPT OF, HOME AND COMMUNITY-BASED SERVICES.—The State establishes needs-based criteria for determining an individual's eligibility under the State plan for medical assistance for such home and community-based services, and if the individual is eligible for such services, the specific home and community-based services that the individual will receive.

(B) ESTABLISHMENT OF MORE STRINGENT NEEDS-BASED ELIGIBILITY CRITERIA FOR INSTITUTIONALIZED CARE.—The State establishes needs-based criteria for determining whether an individual requires the level of care provided in a hospital, a nursing facility, or an intermediate care facility for the mentally retarded under the State plan or under any waiver of such plan that are more stringent than the needs-based criteria established under subparagraph (A) for determining eligibility for home and community-based services.

(C) PROJECTION OF NUMBER OF INDIVIDUALS TO BE PROVIDED HOME AND COMMUNITY-BASED SERVICES.—The State submits to the Secretary, in such form and manner, and upon such frequency as the Secretary shall specify, the projected number of individuals to be provided home and community-based services.

(D) CRITERIA BASED ON INDIVIDUAL ASSESSMENT.—

(i) IN GENERAL.—The criteria established by the State for purposes of subparagraphs (A) and (B) requires an assessment of an individual's support needs and capabilities, and may take into account the inability of the individual to perform 2 or more activities of daily living (as defined in section 7702B(c)(2)(B) of the Internal Revenue Code of 1986) or the need for significant assistance to perform such activities, and such other risk factors as the State determines to be appropriate.

(ii) ADJUSTMENT AUTHORITY.—The State plan amendment provides the State with the option to modify the criteria established under subparagraph (A) (without having to obtain prior approval from the Secretary) in the event that the enrollment of individuals eligible for home and community-based services exceeds the projected enrollment submitted for purposes of subparagraph (C), but only if—

(I) the State provides at least 60 days notice to the Secretary and the public of the proposed modification;

(II) the State deems an individual receiving home and community-based services on the basis of the most recent version of the criteria in effect prior to the effective date of the modification to continue to be eligible for such services after the effective date of the modification and until such time as the individual no longer meets the standard for receipt of such services under such pre-modified criteria; and

(III) after the effective date of such modification, the State, at a minimum, applies the criteria for determining whether an individual requires the level of care provided in a hospital, a nursing facility, or an intermediate care facility for the mentally retarded under the State plan or under any waiver of such plan which applied prior to the application of the more stringent criteria developed under subparagraph (B).

(E) INDEPENDENT EVALUATION AND ASSESSMENT.—

(i) ELIGIBILITY DETERMINATION.—The State uses an independent evaluation for making the determinations described in subparagraphs (A) and (B).

(ii) ASSESSMENT.—In the case of an individual who is determined to be eligible for home and community-based services, the State uses an independent assessment, based on the needs of the individual to—

(I) determine a necessary level of services and supports to be provided, consistent with an individual's physical and mental capacity;

(II) prevent the provision of unnecessary or inappropriate care; and

(III) establish an individualized care plan for the individual in accordance with subparagraph (G).

(F) ASSESSMENT.—The independent assessment required under subparagraph (E)(ii) shall include the following:

(i) An objective evaluation of an individual's inability to perform 2 or more activities of daily living (as defined in section 7702B(c)(2)(B) of the Internal Revenue Code of 1986) or the need for significant assistance to perform such activities.

(ii) A face-to-face evaluation of the individual by an individual trained in the assessment and evaluation of individuals whose physical or mental conditions trigger a potential need for home and community-based services.

(iii) Where appropriate, consultation with the individual's family, spouse, guardian, or other responsible individual.

(iv) Consultation with appropriate treating and consulting health and support professionals caring for the individual.

(v) An examination of the individual's relevant history, medical records, and care and support needs, guided by best practices and research on effective strategies that result in improved health and quality of life outcomes.

(G) INDIVIDUALIZED CARE PLAN.—

(i) IN GENERAL.—In the case of an individual who is determined to be eligible for home and community-based services, the State uses the independent assessment required under subparagraph (E)(ii) to establish a written individualized care plan for the individual.

(ii) PLAN REQUIREMENTS.—The State ensures that the individualized care plan for an individual—

(I) is developed—

(aa) in consultation with the individual, the individual's treating physician, health care or support professional, or other appropriate individuals, as defined by the State, and, where appropriate the individual's family, caregiver, or representative; and

(bb) taking into account the extent of, and need for, any family or other supports for the individual;

(II) identifies the necessary home and community-based services to be furnished to the individual (or, if the individual elects to self-direct the purchase of, or control the receipt of, such services, funded for the individual); and

(III) is reviewed at least annually and as needed when there is a significant change in the individual's circumstances.

[(i)(1)(G)(iii)] Self-directed care option.

(iii) STATE OPTION TO OFFER ELECTION FOR SELF-DIRECTED SERVICES.—

(I) INDIVIDUAL CHOICE.—At the option of the State, the State may allow an individual or the individual's representative to elect to receive self-directed home and community-based services in a manner which gives them the most control over such services consistent with the individual's abilities and the requirements of subclauses (II) and (III).

(II) SELF-DIRECTED SERVICES.—The term "self-directed" means, with respect to the home and community-based services offered under the State plan amendment, such services for the individual which are planned and purchased under the direction and control of such individual or the individual's authorized representative, including the amount, duration, scope, provider, and location of such services, under the State plan consistent with the following requirements:

(aa) ASSESSMENT.—There is an assessment of the needs, capabilities, and preferences of the individual with respect to such services.

(bb) SERVICE PLAN.—Based on such assessment, there is developed jointly with such individual or the individual's authorized representative a plan for such services for such individual that is approved by the State and that satisfies the requirements of subclause (III).

(III) PLAN REQUIREMENTS.—For purposes of subclause (II)(bb), the requirements of this subclause are that the plan—

(aa) specifies those services which the individual or the individual's authorized representative would be responsible for directing;

(bb) identifies the methods by which the individual or the individual's authorized representative will select, manage, and dismiss providers of such services;

(cc) specifies the role of family members and others whose participation is sought by the individual or the individual's authorized representative with respect to such services;

(dd) is developed through a person-centered process that is directed by the individual or the individual's authorized representative, builds upon the individual's capacity to engage in activities that promote community life and that respects the individual's preferences, choices, and abilities, and involves families, friends, and professionals as desired or required by the individual or the individual's authorized representative;

(ee) includes appropriate risk management techniques that recognize the roles and sharing of responsibilities in obtaining services in a self-directed manner and assure the appropriateness of such plan based upon the resources and capabilities of the individual or the individual's authorized representative; and

(ff) may include an individualized budget which identifies the dollar value of the services and supports under the control and direction of the individual or the individual's authorized representative.

(IV) BUDGET PROCESS.—With respect to individualized budgets described in subclause (III)(ff), the State plan amendment—

(aa) describes the method for calculating the dollar values in such budgets based on reliable costs and service utilization;

(bb) defines a process for making adjustments in such dollar values to reflect changes

in individual assessments and service plans; and

(cc) provides a procedure to evaluate expenditures under such budgets.

(H) QUALITY ASSURANCE; CONFLICT OF INTEREST STANDARDS.—

(i) QUALITY ASSURANCE.—The State ensures that the provision of home and community-based services meets Federal and State guidelines for quality assurance.

(ii) CONFLICT OF INTEREST STANDARDS.—The State establishes standards for the conduct of the independent evaluation and the independent assessment to safeguard against conflicts of interest.

(I) REDETERMINATIONS AND APPEALS.—The State allows for at least annual redeterminations of eligibility, and appeals in accordance with the frequency of, and manner in which, redeterminations and appeals of eligibility are made under the State plan.

(J) PRESUMPTIVE ELIGIBILITY FOR ASSESSMENT.—The State, at its option, elects to provide for a period of presumptive eligibility (not to exceed a period of 60 days) only for those individuals that the State has reason to believe may be eligible for home and community-based services. Such presumptive eligibility shall be limited to medical assistance for carrying out the independent evaluation and assessment under subparagraph (E) to determine an individual's eligibility for such services and if the individual is so eligible, the specific home and community-based services that the individual will receive.

(2) DEFINITION OF INDIVIDUAL'S REPRESENTATIVE.—In this section, the term "individual's representative" means, with respect to an individual, a parent, a family member, or a guardian of the individual, an advocate for the individual, or any other individual who is authorized to represent the individual.

(3) NONAPPLICATION.—A State may elect in the State plan amendment approved under this section to not comply with the requirements of section 1902(a)(10)(B) (relating to comparability) and section 1902(a)(10)(C)(i)(III) (relating to income and resource rules applicable in the community), but only for purposes of provided home and community-based services in accordance with such amendment. Any such election shall not be construed to apply to the provision of services to an individual receiving medical assistance in an institutionalized setting as a result of a determination that the individual requires the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded.

(4) NO EFFECT ON OTHER WAIVER AUTHORITY.—Nothing in this subsection shall be construed as affecting the option of a State to offer home and community-based services under a waiver under subsections (c) or (d) of this section or under section 1115.

(5) CONTINUATION OF FEDERAL FINANCIAL PARTICIPATION FOR MEDICAL ASSISTANCE PROVIDED TO INDIVIDUALS AS OF EFFECTIVE DATE OF STATE PLAN AMENDMENT.—Notwithstanding paragraph (1)(B), Federal financial participation shall continue to be available for an individual who is receiving medical assistance in an institutionalized setting, or home and community-based services provided under a waiver under this section or section 1115 that is in effect as of the effective date of the State plan amendment submitted under this subsection, as a result of a determination that the individual requires the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded, without regard to whether such individuals satisfy the more stringent eligibility criteria established under that paragraph, until such time as the individual is discharged from the institution or waiver program or no longer requires such level of care.

[(i)(6)] States may cover individuals up to about 300% SSI (or about 223% FPL per MACStats Exhibit 37 for 2022) only if they are receiving § 1915(c) waiver services.

(6) STATE OPTION TO PROVIDE HOME AND COMMUNITY-BASED SERVICES TO INDIVIDUALS ELIGIBLE FOR SERVICES UNDER A WAIVER.—

(A) IN GENERAL.—A State that provides home and community-based services in accordance with this subsection to individuals who satisfy the needs-based criteria for the receipt of such services established under paragraph (1)(A) may, in addition to continuing to provide such services to such individuals, elect to provide home and community-based services in accordance with the requirements of this paragraph to individuals who are eligible for home and community-based services under a waiver approved for the State under subsection (c), (d), or (e) or under section 1115 to provide such services, but only for those individuals whose income does not exceed 300 percent of the supplemental security income benefit rate established by section 1611(b)(1).

(B) APPLICATION OF SAME REQUIREMENTS FOR INDIVIDUALS SATISFYING NEEDS-BASED CRITERIA.—Subject to subparagraph (C), a State shall provide home and community-based services to individuals under this paragraph in the same manner and subject to the same requirements as apply under the other paragraphs of this subsection to the provision of home and community-based services to individuals who satisfy the needs-based criteria established under paragraph (1)(A).

(C) AUTHORITY TO OFFER DIFFERENT TYPE, AMOUNT, DURATION, OR SCOPE OF HOME AND COMMUNITY-BASED SERVICES.—A State may offer home and community-based services to individuals under this paragraph that differ in type, amount, duration, or scope from the home and community-based services offered for individuals who satisfy the needs-based criteria established under paragraph (1)(A), so long as such services are within the scope of services described in paragraph (4)(B) of subsection (c) for which the Secretary has the authority to approve a waiver and do not include room or board.

[(i)(7)] States can limit eligibility to serve individuals up to 300% SSI (or 223% FPL per MACStats Exhibit 37 for 2022) only if they are receiving § 1915(c) waiver services.

(i) IN GENERAL.—An election by a State under this paragraph shall be for a period of 5 years.

(ii) PHASE-IN OF SERVICES AND ELIGIBILITY PERMITTED DURING INITIAL 5-YEAR PERIOD.—A State making an election under this paragraph may, during the first 5-year period for which the election is made, phase-in the enrollment of eligible individuals, or the provision of services to such individuals, or both, so long as all eligible individuals in the State for such services are enrolled, and all such services are provided, before the end of the initial 5-year period.

(C) RENEWAL.—An election by a State under this paragraph may be renewed for additional 5-year terms if the Secretary determines, prior to beginning of each such renewal period, that the State has—

[(j)] Self-directed personal assistant services.

(j)(1) A State may provide, as "medical assistance", payment for part or all of the cost of self-directed personal assistance services (other than room and board) under the plan which are provided pursuant to a written plan of care to individuals with respect to whom there has been a determination that, but for the provision of such services, the individuals would require and receive personal care services under the plan, or home and community-based services provided pursuant to a waiver under subsection (c). Self-directed personal assistance services may not be provided under this subsection to individuals who reside in a home or property that is owned, operated, or controlled by a provider of services, not related by blood or marriage.

(2) The Secretary shall not grant approval for a State self-directed personal assistance services program under this section unless the State provides assurances satisfactory to the Secretary of the following:

(A) Necessary safeguards have been taken to protect the health and welfare of individuals provided services under the program, and to assure financial accountability for funds expended with respect to such services.

(B) The State will provide, with respect to individuals who—

(D) The State will provide for a support system that ensures participants in the self-directed personal assistance services program are appropriately assessed and counseled prior to enrollment and are able to manage their budgets. Additional counseling and management support may be provided at the request of the participant.

(E) The State will provide to the Secretary an annual report on the number of individuals served and total expenditures on their behalf in the aggregate. The State shall also provide an evaluation of overall impact on the health and welfare of participating individuals compared to non-participants every three years.

(3) A State may provide self-directed personal assistance services under the State plan without regard to the requirements of section 1902(a)(1) and may limit the population eligible to receive these services and limit the number of persons served without regard to section 1902(a)(10)(B).

(4)(A) For purposes of this subsection, the term "self-directed personal assistance services" means personal care and related services, or home and community-based services otherwise available under the plan under this title or subsection (c), that are provided to an eligible participant under a self-directed personal assistance services program under this section, under which individuals, within an approved self-directed services plan and budget, purchase personal assistance and related services, and permits participants to hire, fire, supervise, and manage the individuals providing such services.

(ii) the individual may use the individual's budget to acquire items that increase independence or substitute (such as a microwave oven or an accessibility ramp) for human assistance, to the extent that expenditures would otherwise be made for the human assistance.

(5) For purpose of this section, the term "approved self-directed services plan and budget" means, with respect to a participant, the establishment of a plan and budget for the provision of self-directed

personal assistance services, consistent with the following requirements:

(A) SELF-DIRECTION.—The participant (or in the case of a participant who is a minor child, the participant's parent or guardian, or in the case of an incapacitated adult, another individual recognized by State law to act on behalf of the participant) exercises choice and control over the budget, planning, and purchase of self-directed personal assistance services, including the amount, duration, scope, provider, and location of service provision.

(B) ASSESSMENT OF NEEDS.—There is an assessment of the needs, strengths, and preferences of the participants for such services.

(C) SERVICE PLAN.—A plan for such services (and supports for such services) for the participant has been developed and approved by the State based on such assessment through a person-centered process that—

(i) builds upon the participant's capacity to engage in activities that promote community life and that respects the participant's preferences, choices, and abilities; and

(ii) involves families, friends, and professionals in the planning or delivery of services or supports as desired or required by the participant.

(D) SERVICE BUDGET.—A budget for such services and supports for the participant has been developed and approved by the State based on such assessment and plan and on a methodology that uses valid, reliable cost data, is open to public inspection, and includes a calculation of the expected cost of such services if those services were not self-directed. The budget may not restrict access to other medically necessary care and services furnished under the plan and approved by the State but not included in the budget.

(E) APPLICATION OF QUALITY ASSURANCE AND RISK MANAGEMENT.—There are appropriate quality assurance and risk management techniques used in establishing and implementing such plan and budget that recognize the roles and responsibilities in obtaining services in a self-directed manner and assure the appropriateness of such plan and budget based upon the participant's resources and capabilities.

In the case of any calendar year beginning after 2000, the dollar amount specified in paragraph (2) shall be increased in accordance with the provisions of section 215(i)(2)(A)(ii).

(h) In applying this section and subsections (c) and (e) of section 1916A, with respect to cost sharing that is "nominal" in amount, the Secretary shall increase such "nominal" amounts for each year (beginning with 2006) by the annual percentage increase in the medical care component of the consumer price index for all urban consumers (U.S. city average) as rounded up in an appropriate manner.

(B) the requirement is imposed consistent with section 1902(cc)(2)(A)(ii)(I).

(3) A State shall not require prepayment of a premium imposed pursuant to paragraph (1) and shall not terminate eligibility of a child under section 1902(a)(10)(A)(ii)(XIX) for medical assistance under this title on the basis of failure to pay any such premium until such failure continues for a period of at least 60 days from the date on which the premium became past due. and any service described in section 1916(a)(2)(G) that is furnished during any such portion.

[(b)(3)(B)(xii) and (xiii)] Effective (beginning 03/11/21) during the COVID-19 public health emergency period.

(xiii) During the period beginning on the date of the enactment of this clause and ending on the last day of the first calendar quarter that begins one year after the last day of the emergency period described in section 1135(g)(1)(B), testing and treatments for COVID–19, including specialized equipment and therapies (including preventive therapies), and, in the case of an individual who is diagnosed with or presumed to have COVID–19, during the period during which such individual has (or is presumed to have) COVID–19, the treatment of a condition that may seriously complicate the treatment of COVID–19, if otherwise covered under the State plan (or waiver of such plan).

(xiv) Vaccines described in section 1905(a)(13)(B) and the administration of such vaccines.

(C) CONSTRUCTION.—Nothing in this paragraph shall be construed as preventing a State from exempting additional classes of individuals from premiums under this section or from exempting additional individuals or services from cost sharing under subsection (a).

(4) DETERMINATIONS OF FAMILY INCOME.—In applying this subsection, family income shall be determined in a manner specified by the State for purposes of this subsection, including the use of such disregards as the State may provide. Family income shall be determined for such period and at such periodicity as the State may provide under this title.

(5) POVERTY LINE DEFINED.—For purposes of this section, the term "poverty line" has the meaning given such term in section 673(2) of the Community Services Block Grant Act (42 U.S.C. 9902(2)), including any revision required by such section.

(6) CONSTRUCTION.—Nothing in this section shall be construed—

(A) as preventing a State from further limiting the premiums and cost sharing imposed under this section beyond the limitations provided under this section;

(B) as affecting the authority of the Secretary through waiver to modify limitations on premiums and cost sharing under this section; or

(C) as affecting any such waiver of requirements in effect under this title before the date of the enactment of this section with regard to the imposition of premiums and cost sharing.

[(c)] Ability to charge tiered cost sharing for prescription drugs (higher cost sharing for non-preferred drugs).

(c) SPECIAL RULES FOR COST SHARING FOR PRESCRIPTION DRUGS.—

(1) IN GENERAL.—In order to encourage beneficiaries to use drugs (in this subsection referred to as "preferred drugs") identified by the State as the most (or more) cost effective prescription drugs within a class of drugs (as defined by the State), with respect to one or more groups of beneficiaries specified by the State, subject to paragraph (2), the State may—

(A) provide cost sharing (instead of the level of cost sharing otherwise permitted under section 1916, but subject to paragraphs (2) and (3)) with respect to drugs that are not preferred drugs within a class; and

(B) waive or reduce the cost sharing otherwise applicable for preferred drugs within such class and shall not apply any such cost sharing for such preferred drugs for individuals for whom cost sharing may not be imposed under subsection (a) due to the application of subsection (b)(3)(B).

[(c)(2)] Maximum cost sharing for non-preferred drugs limited to nominal cost sharing amounts for exempt populations and families under 150% FPL and limited to 20% of the drug's cost for families above 150% FPL.

(2) LIMITATIONS.—

(A) BY INCOME GROUP.—In no case may the cost sharing under paragraph (1)(A) with respect to a non-preferred drug exceed—

(i) in the case of an individual whose family income does not exceed 150 percent of the poverty line applicable to a family of the size involved, the amount of nominal cost sharing (as otherwise determined under section 1916); or

(ii) in the case of an individual whose family income exceeds 150 percent of the poverty line applicable to a family of the size involved, 20 percent of the cost of the drug.

(B) LIMITATION TO NOMINAL FOR EXEMPT POPULATIONS.—In the case of an individual who is not subject to cost sharing under subsection (a) due to the application of paragraph (1)(B), any cost sharing under paragraph (1)(A) with respect to a non-preferred drug may not exceed a nominal amount (as otherwise determined under section 1916).

(C) CONTINUED APPLICATION OF AGGREGATE CAP.—In addition to the limitations imposed under subparagraphs (A) and (B), any cost sharing under paragraph (1)(A) continues to be subject to the aggregate cap on cost sharing applied under subsection (a)(2)(B) or under paragraph (1) or (2) of subsection (b), as the case may be.

(3) WAIVER.—In carrying out paragraph (1), a State shall provide for the application of cost sharing levels applicable to a preferred drug in the case of a drug that is not a preferred drug if the prescribing physician determines that the preferred drug for treatment of the same condition either would not be as effective for the individual or would have adverse effects for the individual or both.

(4) EXCLUSION AUTHORITY.—Nothing in this subsection shall be construed as preventing a State from excluding specified drugs or classes of drugs from the application of paragraph (1).

(d) ENFORCEABILITY OF PREMIUMS AND OTHER COST SHARING.—

(1) PREMIUMS.—Notwithstanding section 1916(c)(3) and section 1902(a)(10)(B), a State may, at its option, condition the provision of medical assistance for an individual upon prepayment of a premium authorized to be imposed under this section, or may terminate eligibility for such medical assistance on the basis of failure to pay such a premium but shall not terminate eligibility of an individual for medical assistance under this title on the basis of failure to pay any such premium until such failure continues for a period of not less than 60 days. A State may apply the previous sentence for some or all groups of beneficiaries as specified by the State and may waive payment of any such premium in any case where the State determines that requiring such payment would create an undue hardship.

(2) COST SHARING.—Notwithstanding section 1916(e) or any other provision of law, a State may permit a provider participating under the State plan to require, as a condition for the provision of care, items, or services to an individual entitled to medical assistance under this title for such care, items, or services, the payment of any cost sharing authorized to be imposed under this section with respect to such care, items, or services. Nothing in this paragraph shall be construed as preventing a provider from reducing or waiving the application of such cost sharing on a case-by-case basis.

(e) STATE OPTION FOR PERMITTING HOSPITALS TO IMPOSE COST SHARING FOR NON-EMERGENCY CARE FURNISHED IN AN EMERGENCY DEPARTMENT.—

(1) IN GENERAL.—Notwithstanding section 1916 and section 1902(a)(1) or the previous provisions of this section, but subject to the limitations of paragraph (2), a State may, by amendment to its State plan under this title, permit a hospital to impose cost sharing for non-emergency services furnished to an individual (within one or more groups of individuals specified by the State) in the hospital emergency department under this subsection if the following conditions are met:

(A) ACCESS TO NON-EMERGENCY ROOM PROVIDER.—The individual has actually available and accessible (as such terms are applied by the Secretary under section 1916(b)(3)) an alternate non-emergency services provider with respect to such services.

(B) NOTICE.—The hospital must inform the beneficiary after receiving an appropriate medical screening examination under section 1867 and after a determination has been made that the individual does not have an emergency medical condition, but before providing the non-emergency services, of the following:

(i) The hospital may require the payment of the State specified cost sharing before the service can be provided.

(ii) The name and location of an alternate non-emergency services provider (described in subparagraph (A)) that is actually available and accessible (as described in such subparagraph).

(iii) The fact that such alternate provider can provide the services without the imposition of cost sharing described in clause (i).

(iv) The hospital provides a referral to coordinate scheduling of this treatment.

Nothing in this subsection shall be construed as preventing a State from applying (or waiving) cost sharing otherwise permissible under this section to services described in clause (iii).

(2) LIMITATIONS.—

(A) INDIVIDUALS WITH FAMILY INCOME BETWEEN 100 AND 150 PERCENT OF THE POVERTY LINE.—In the case of an individual described in subsection (b)(1) who is not described in subparagraph (B), the cost sharing imposed under this subsection may not exceed twice the amount determined to be nominal under section 1916, subject to the percent of income limitation otherwise applicable under subsection (b)(1)(B)(ii).

(B) APPLICATION TO EXEMPT POPULATIONS.—In the case of an individual described in subsection (a)(2)(A) or who is not subject to cost sharing under subsection (b)(3)(B) with respect to non-emergency services described in paragraph (1), a State may impose cost sharing under paragraph (1) for care in an amount that does not exceed a nominal amount (as otherwise determined under section 1916) so long as no cost sharing is imposed to receive such care through an outpatient department or other alternative health care provider in the geographic area of the hospital emergency department involved.

(C) CONTINUED APPLICATION OF AGGREGATE CAP; RELATION TO OTHER COST SHARING.—In addition to the limitations imposed under subparagraphs (A) and (B), any cost sharing under paragraph (1) is subject to the aggregate cap on cost sharing applied under subsection (a)(2)(B) or under paragraph (1) or (2) of subsection (b), as the case may be. Cost sharing imposed for services under this subsection shall be instead of any cost sharing that may be imposed for such services under subsection (a) or section 1916.

(3) CONSTRUCTION.—Nothing in this section shall be construed—

(A) to limit a hospital's obligations with respect to screening and stabilizing treatment of an emergency medical condition under section 1867; or

(B) to modify any obligations under either State or Federal standards relating to the application of a prudent-layperson standard with respect to payment or coverage of emergency services by any managed care organization.

(4) DEFINITIONS.—For purposes of this subsection:

(A) NON-EMERGENCY SERVICES.—The term "non-emergency services" means any care or services furnished in an emergency department of a hospital that do not constitute an appropriate medical screening examination or stabilizing examination and treatment required to be provided by the hospital under section 1867.

(B) ALTERNATE NON-EMERGENCY SERVICES PROVIDER.—The term "alternative non-emergency services provider" means, with respect to non-emergency services for the diagnosis or treatment of a condition, a health care provider, such as a physician's office, health care clinic, community health center, hospital outpatient department, or similar health care provider, that can provide clinically appropriate services for the diagnosis or treatment of a condition contemporaneously with the provision of the non-emergency services that would be provided in an emergency department of a hospital for the diagnosis or treatment of a condition, and that is participating in the program under this title.

LIENS, ADJUSTMENTS AND RECOVERIES, AND TRANSFERS OF ASSETS

[1917] § 6021 of DRA 2005 contains provisions promoting state long-term care partnership programs, including a National Clearinghouse for Long-Term Care Information.

SEC. 1917. [42 U.S.C. 1396p] (a)(1) No lien may be imposed against the property of any individual prior to his death on account of medical assistance paid or to be paid on his behalf under the State plan, except—

(A) pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual, or

(B) in the case of the real property of an individual—

(i) who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution under the State plan, to spend for costs of medical care all but a minimal amount of his income required for personal needs, and

(ii) with respect to whom the State determines, after notice and opportunity for a hearing (in accordance with procedures established by the State), that he cannot reasonably be expected to be discharged from the medical institution and to return home,

except as provided in paragraph (2).

[(a)(2)] Excludes homes from liens under certain conditions.

(2) No lien may be imposed under paragraph (1)(B) on such individual's home if—

(A) the spouse of such individual,

(B) such individual's child who is under age 21, or (with respect to States eligible to participate in the State program established under title XVI) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1614, or

(C) a sibling of such individual (who has an equity interest in such home and who was residing in such individual's home

for a period of at least one year immediately before the date of the individual's admission to the medical institution),
is lawfully residing in such home.

(3) Any lien imposed with respect to an individual pursuant to paragraph (1)(B) shall dissolve upon that individual's discharge from the medical institution and return home.

[(b)(1)] Requirement for State to seek recovery in certain cases.

(b)(1) No adjustment or recovery of any medical assistance correctly paid on behalf of an individual under the State plan may be made, except that the State shall seek adjustment or recovery of any medical assistance correctly paid on behalf of an individual under the State plan in the case of the following individuals:

[(b)(1)(A)] Recovery for institutionalized individuals.

(A) In the case of an individual described in subsection (a)(1)(B), the State shall seek adjustment or recovery from the individual's estate or upon sale of the property subject to a lien imposed on account of medical assistance paid on behalf of the individual.

[(b)(1)(B)] Recovery of LTSS and related benefits for individuals age 55 and older.

(B) In the case of an individual who was 55 years of age or older when the individual received such medical assistance, the State shall seek adjustment or recovery from the individual's estate, but only for medical assistance consisting of—

(i) nursing facility services, home and community-based services, and related hospital and prescription drug services, or

(ii) at the option of the State, any items or services under the State plan (but not including medical assistance for medicare cost-sharing or for benefits described in section 1902(a)(10)(E)) (but not including medical assistance for medicare cost-sharing or for benefits described in section 1902(a)(10)(E)).

[(b)(1)(C)] Recovery of LTSS for individuals with long-term care insurance policies.

(C)(i) In the case of an individual who has received (or is entitled to receive) benefits under a long-term care insurance policy in connection with which assets or resources are disregarded in the manner described in clause (ii), except as provided in such clause, the State shall seek adjustment or recovery from the individual's estate on account of medical assistance paid on behalf of the individual for nursing facility and other long-term care services.

[(b)(1)(C)(ii)] Exception from recovery under state long-term care insurance partnership.

(ii) Clause (i) shall not apply in the case of an individual who received medical assistance under a State plan of a State which had a State plan amendment approved as of May 14, 1993, and which satisfies clause (iv), or which has a State plan amendment that provides for a qualified State long-term care insurance partnership (as defined in clause (iii)) which provided for the disregard of any assets or resources—

(I) to the extent that payments are made under a long-term care insurance policy; or

(II) because an individual has received (or is entitled to receive) benefits under a long-term care insurance policy.

(iii) For purposes of this paragraph, the term "qualified State long-term care insurance partnership" means an approved State plan amendment under this title that provides for the disregard of any assets or resources in an amount equal to the insurance benefit payments that are made to or on behalf

of an individual who is a beneficiary under a long-term care insurance policy if the following requirements are met:

(I) The policy covers an insured who was a resident of such State when coverage first became effective under the policy.

(II) The policy is a qualified long-term care insurance policy (as defined in section 7702B(b) of the Internal Revenue Code of 1986) issued not earlier than the effective date of the State plan amendment.

(III) The policy meets the model regulations and the requirements of the model Act specified in paragraph (5).

(IV) If the policy is sold to an individual who—

(aa) has not attained age 61 as of the date of purchase, the policy provides compound annual inflation protection;

(bb) has attained age 61 but has not attained age 76 as of such date, the policy provides some level of inflation protection; and

(cc) has attained age 76 as of such date, the policy may (but is not required to) provide some level of inflation protection.

(V) The State Medicaid agency under section 1902(a)(5) provides information and technical assistance to the State insurance department on the insurance department's role of assuring that any individual who sells a long-term care insurance policy under the partnership receives training and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.

(VI) The issuer of the policy provides regular reports to the Secretary, in accordance with regulations of the Secretary, that include notification regarding when benefits provided under the policy have been paid and the amount of such benefits paid, notification regarding when the policy otherwise terminates, and such other information as the Secretary determines may be appropriate to the administration of such partnerships.

(VII) The State does not impose any requirement affecting the terms or benefits of such a policy unless the State imposes such requirement on long-term care insurance policies without regard to whether the policy is covered under the partnership or is offered in connection with such a partnership.

In the case of a long-term care insurance policy which is exchanged for another such policy, subclause (I) shall be applied based on the coverage of the first such policy that was exchanged. For purposes of this clause and paragraph (5), the term "long-term care insurance policy" includes a certificate issued under a group insurance contract.

(iv) With respect to a State which had a State plan amendment approved as of May 14, 1993, such a State satisfies this clause for purposes of clause (ii) if the Secretary determines that the State plan amendment provides for consumer protection standards which are no less stringent than the consumer

protection standards which applied under such State plan amendment as of December 31, 2005.

(v) The regulations of the Secretary required under clause (iii)(VI) shall be promulgated after consultation with the National Association of Insurance Commissioners, issuers of long-term care insurance policies, States with experience with long-term care insurance partnership plans, other States, and representatives of consumers of long-term care insurance policies, and shall specify the type and format of the data and information to be reported and the frequency with which such reports are to be made. The Secretary, as appropriate, shall provide copies of the reports provided in accordance with that clause to the State involved.

(vi) The Secretary, in consultation with other appropriate Federal agencies, issuers of long-term care insurance, the National Association of Insurance Commissioners, State insurance commissioners, States with experience with long-term care insurance partnership plans, other States, and representatives of consumers of long-term care insurance policies, shall develop recommendations for Congress to authorize and fund a uniform minimum data set to be reported electronically by all issuers of long-term care insurance policies under qualified State long-term care insurance partnerships to a secure, centralized electronic query and report-generating mechanism that the State, the Secretary, and other Federal agencies can access.

[(b)(2)] Homes cannot be subject to estate recovery if certain family members still reside in it.

(2) Any adjustment or recovery under paragraph (1) may be made only after the death of the individual's surviving spouse, if any, and only at a time—

(A) when he has no surviving child who is under age 21, or (with respect to States eligible to participate in the State program established under title XVI) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1614; and

(B) in the case of a lien on an individual's home under subsection (a)(1)(B), when—

(i) no sibling of the individual (who was residing in the individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution), and

(ii) no son or daughter of the individual (who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the medical institution, and who establishes to the satisfaction of the State that he or she provided care to such individual which permitted such individual to reside at home rather than in an institution),

is lawfully residing in such home who has lawfully resided in such home on a continuous basis since the date of the individual's admission to the medical institution.

[(b)(3)] States required to waive estate recovery if would cause undue hardship based on HHS criteria.

(3)(A) The State agency shall establish procedures (in accordance with standards specified by the Secretary) under which the agency shall waive the application of this subsection (other than paragraph (1)(C)) if such application would work an undue hardship as determined on the basis of criteria established by the Secretary.

(B) The standards specified by the Secretary under subparagraph (A) shall require that the procedures established by the State agency under subparagraph (A) exempt income, resources, and property that are exempt from the application of this subsection as of April 1, 2003, under manual instructions issued to carry out this subsection (as in effect on such date) because of the Federal responsibility for Indian Tribes and Alaska Native Villages. Nothing in this subparagraph shall be construed as preventing the Secretary from providing additional estate recovery exemptions under this title for Indians.

(4) For purposes of this subsection, the term "estate", with respect to a deceased individual—

(A) shall include all real and personal property and other assets included within the individual's estate, as defined for purposes of State probate law; and

(B) may include, at the option of the State (and shall include, in the case of an individual to whom paragraph (1)(C)(i) applies), any other real and personal property and other assets in which the individual had any legal title or interest at the time of death (to the extent of such interest), including such assets conveyed to a survivor, heir, or assign of the deceased individual through joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement.

(5)(A) For purposes of clause (iii)(III), the model regulations and the requirements of the model Act specified in this paragraph are:

(i) In the case of the model regulation, the following requirements:

(I) Section 6A (relating to guaranteed renewal or noncancellability), other than paragraph (5) thereof, and the requirements of section 6B of the model Act relating to such section 6A.

(VII) Section 8 (relating to disclosure), other than sections 8F, 8G, 8H, and 8I thereof.

(VIII) Section 9 (relating to required disclosure of rating practices to consumer).

(IX) Section 11 (relating to prohibitions against post-claims underwriting).

(X) Section 12 (relating to minimum standards).

(XI) Section 14 (relating to application forms and replacement coverage).

(XII) Section 15 (relating to reporting requirements).

(XIII) Section 22 (relating to filing requirements for marketing).

(XIV) Section 23 (relating to standards for marketing), including inaccurate completion of medical histories, other than paragraphs (1), (6), and (9) of section 23C.

(XV) Section 24 (relating to suitability).

(XVI) Section 25 (relating to prohibition against preexisting conditions and probationary periods in replacement policies or certificates).

(XVII) The provisions of section 26 relating to contingent nonforfeiture benefits, if the policyholder declines the offer of a nonforfeiture provision described in paragraph (4).

(XVIII) Section 29 (relating to standard format outline of coverage).

(XIX) Section 30 (relating to requirement to deliver shopper's guide).

(ii) In the case of the model Act, the following:

(I) Section 6C (relating to preexisting conditions).

(II) Section 6D (relating to prior hospitalization).

(III) The provisions of section 8 relating to contingent nonforfeiture benefits.

(i) the terms "model regulation" and "model Act" mean the long-term care insurance model regulation, and the long-term care insurance model Act, respectively, promulgated by the National Association of Insurance Commissioners (as adopted as of October 2000);

(ii) any provision of the model regulation or model Act listed under subparagraph (A) shall be treated as including any other provision of such regulation or Act necessary to implement the provision; and

(iii) with respect to a long-term care insurance policy issued in a State, the policy shall be deemed to meet applicable requirements of the model regulation or the model Act if the State plan amendment under paragraph (1)(C)(iii) provides that the State insurance commissioner for the State certifies (in a manner satisfactory to the Secretary) that the policy meets such requirements.

(C) Not later than 12 months after the National Association of Insurance Commissioners issues a revision, update, or other modification of a model regulation or model Act provision specified in subparagraph (A), or of any provision of such regulation or Act that is substantively related to a provision specified in such subparagraph, the Secretary shall review the changes made to the provision, determine whether incorporating such changes into the corresponding provision specified in such subparagraph would improve

qualified State long-term care insurance partnerships, and if so, shall incorporate the changes into such provision.

[(c)] Delay in eligibility for institutional services and HCBS for transfers of assets for less than fair market value within five years of application (look-back period).

(c)(1)(A) In order to meet the requirements of this subsection for purposes of section 1902(a)(18), the State plan must provide that if an institutionalized individual or the spouse of such an individual (or, at the option of a State, a noninstitutionalized individual or the spouse of such an individual) disposes of assets for less than fair market value on or after the look-back date specified in subparagraph (B)(i), the individual is ineligible for medical assistance for services described in subparagraph (C)(i) (or, in the case of a noninstitutionalized individual, for the services described in subparagraph (C)(ii)) during the period beginning on the date specified in subparagraph (D) and equal to the number of months specified in subparagraph (E).

(B)(i) The look-back date specified in this subparagraph is a date that is 36 months (or, in the case of payments from a trust or portions of a trust that are treated as assets disposed of by the individual pursuant to paragraph (3)(A)(iii) or (3)(B)(ii) of subsection (d) or in the case of any other disposal of assets made on or after the date of the enactment of the Deficit Reduction Act of 2005, 60 months) before the date specified in clause (ii).

(ii) The date specified in this clause, with respect to—

(I) an institutionalized individual is the first date as of which the individual both is an institutionalized individual and has applied for medical assistance under the State plan, or

(II) a noninstitutionalized individual is the date on which the individual applies for medical assistance under the State plan or, if later, the date on which the individual disposes of assets for less than fair market value.

(C)(i) The services described in this subparagraph with respect to an institutionalized individual are the following:

(I) Nursing facility services.

(II) A level of care in any institution equivalent to that of nursing facility services.

(III) Home or community-based services furnished under a waiver granted under subsection (c) or (d) of section 1915.

(ii) The services described in this subparagraph with respect to a noninstitutionalized individual are services (not including any services described in clause (i)) that are described in paragraph (7), (22), or (24) of section 1905(a), and, at the option of a State, other long-term care services for which medical assistance is otherwise available under the State plan to individuals requiring long-term care.

(D)(i) In the case of a transfer of asset made before the date of the enactment of the Deficit Reduction Act of 2005, the date specified in this subparagraph is the first day of the first month during or after which assets have been transferred for less than fair market value and which does not occur in any other periods of ineligibility under this subsection.

(ii) In the case of a transfer of asset made on or after the date of the enactment of the Deficit Reduction Act of 2005, the date specified in this subparagraph is the first day of a month during or after which assets have been transferred for less than fair market value, or the date on which the individual is eligible for medical

assistance under the State plan and would otherwise be receiving institutional level care described in subparagraph (C) based on an approved application for such care but for the application of the penalty period, whichever is later, and which does not occur during any other period of ineligibility under this subsection.

(E)(i) With respect to an institutionalized individual, the number of months of ineligibility under this subparagraph for an individual shall be equal to—

(I) the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) on or after the look-back date specified in subparagraph (B)(i), divided by

(II) the average monthly cost to a private patient of nursing facility services in the State (or, at the option of the State, in the community in which the individual is institutionalized) at the time of application.

(ii) With respect to a noninstitutionalized individual, the number of months of ineligibility under this subparagraph for an individual shall not be greater than a number equal to—

(I) the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) on or after the look-back date specified in subparagraph (B)(i), divided by

(II) the average monthly cost to a private patient of nursing facility services in the State (or, at the option of the State, in the community in which the individual is institutionalized) at the time of application.

(iii) The number of months of ineligibility otherwise determined under clause (i) or (ii) with respect to the disposal of an asset shall be reduced—

(I) in the case of periods of ineligibility determined under clause (i), by the number of months of ineligibility applicable to the individual under clause (ii) as a result of such disposal, and

(II) in the case of periods of ineligibility determined under clause (ii), by the number of months of ineligibility applicable to the individual under clause (i) as a result of such disposal.

(iv) A State shall not round down, or otherwise disregard any fractional period of ineligibility determined under clause (i) or (ii) with respect to the disposal of assets.

(F) For purposes of this paragraph, the purchase of an annuity shall be treated as the disposal of an asset for less than fair market value unless—

(i) the State is named as the remainder beneficiary in the first position for at least the total amount of medical assistance paid on behalf of the institutionalized individual under this title; or

(ii) the State is named as such a beneficiary in the second position after the community spouse or minor or disabled child and is named in the first position if such spouse or a representative of such child disposes of any such remainder for less than fair market value.

(G) For purposes of this paragraph with respect to a transfer of assets, the term "assets" includes an annuity purchased by or on behalf of an annuitant who has applied for medical assistance with respect to nursing facility services or other long-term care services under this title unless—

(i) the annuity is—

(I) an annuity described in subsection (b) or (q) of section 408 of the Internal Revenue Code of 1986; or

(II) purchased with proceeds from—

(aa) an account or trust described in subsection (a), (c), or (p) of section 408 of such Code;

(bb) a simplified employee pension (within the meaning of section 408(k) of such Code); or

(cc) a Roth IRA described in section 408A of such Code; or

(ii) the annuity—

(I) is irrevocable and nonassignable;

(II) is actuarially sound (as determined in accordance with actuarial publications of the Office of the Chief Actuary of the Social Security Administration); and

(III) provides for payments in equal amounts during the term of the annuity, with no deferral and no balloon payments made.

(H) Notwithstanding the preceding provisions of this paragraph, in the case of an individual (or individual's spouse) who makes multiple fractional transfers of assets in more than 1 month for less than fair market value on or after the applicable look-back date specified in subparagraph (B), a State may determine the period of ineligibility applicable to such individual under this paragraph by—

(i) treating the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) during all months on or after the look-back date specified in subparagraph (B) as 1 transfer for purposes of clause (i) or (ii) (as the case may be) of subparagraph (E); and

(ii) beginning such period on the earliest date which would apply under subparagraph (D) to any of such transfers.

(I) For purposes of this paragraph with respect to a transfer of assets, the term "assets" includes funds used to purchase a promissory note, loan, or mortgage unless such note, loan, or mortgage—

(i) has a repayment term that is actuarially sound (as determined in accordance with actuarial publications of the Office of the Chief Actuary of the Social Security Administration);

(ii) provides for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made; and

(iii) prohibits the cancellation of the balance upon the death of the lender.

In the case of a promissory note, loan, or mortgage that does not satisfy the requirements of clauses (i) through (iii), the value of such note, loan, or mortgage shall be the outstanding balance due as of the date of the individual's application for medical assistance for services described in subparagraph (C).

(J) For purposes of this paragraph with respect to a transfer of assets, the term "assets" includes the purchase of a life estate

interest in another individual's home unless the purchaser resides in the home for a period of at least 1 year after the date of the purchase.

[(c)(2)] Exception for certain asset transfers.

(2) An individual shall not be ineligible for medical assistance by reason of paragraph (1) to the extent that—

(A) the assets transferred were a home and title to the home was transferred to—

(i) the spouse of such individual;

(ii) a child of such individual who (I) is under age 21, or (II) (with respect to States eligible to participate in the State program established under title XVI) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1614;

(iii) a sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date the individual becomes an institutionalized individual; or

(iv) a son or daughter of such individual (other than a child described in clause (ii)) who was residing in such individual's home for a period of at least two years immediately before the date the individual becomes an institutionalized individual, and who (as determined by the State) provided care to such individual which permitted such individual to reside at home rather than in such an institution or facility;

[(c)(2)(B)(ii)] Exception for transfers to certain special-needs trusts.

(B) the assets—

(i) were transferred to the individual's spouse or to another for the sole benefit of the individual's spouse,

(ii) were transferred from the individual's spouse to another for the sole benefit of the individual's spouse,

(iii) were transferred to, or to a trust (including a trust described in subsection (d)(4)) established solely for the benefit of, the individual's child described in subparagraph (A)(ii)(II), or

(iv) were transferred to a trust (including a trust described in subsection (d)(4)) established solely for the benefit of an individual under 65 years of age who is disabled (as defined in section 1614(a)(3));

(C) a satisfactory showing is made to the State (in accordance with regulations promulgated by the Secretary) that (i) the individual intended to dispose of the assets either at fair market value, or for other valuable consideration, (ii) the assets were transferred exclusively for a purpose other than to qualify for medical assistance, or (iii) all assets transferred for less than fair market value have been returned to the individual; or

[(c)(2)(D)] Undue hardship exemption.

(D) the State determines, under procedures established by the State (in accordance with standards specified by the Secretary), that the denial of eligibility would work an undue hardship as determined on the basis of criteria established by the Secretary.

The procedures established under subparagraph (D) shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the personal representative of the individual. While an application for an undue hardship waiver is pending under subparagraph (D) in the case of an individual who is a resident of a nursing facility, if the application meets such criteria as the Secretary specifies, the State may provide for payments for nursing facility services in order to hold the bed for the individual at the facility, but not in excess of payments for 30 days.

(3) For purposes of this subsection, in the case of an asset held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the asset (or the affected portion of such asset) shall be considered to be transferred by such individual when any action is taken, either by such individual or by any other person, that reduces or eliminates such individual's ownership or control of such asset.

(4) A State (including a State which has elected treatment under section 1902(f)) may not provide for any period of ineligibility for an individual due to transfer of resources for less than fair market value except in accordance with this subsection. In the case of a transfer by the spouse of an individual which results in a period of ineligibility for medical assistance under a State plan for such individual, a State shall, using a reasonable methodology (as specified by the Secretary), apportion such period of ineligibility (or any portion of such period) among the individual and the individual's spouse if the spouse otherwise becomes eligible for medical assistance under the State plan.

(5) In this subsection, the term "resources" has the meaning given such term in section 1613, without regard to the exclusion described in subsection (a)(1) thereof.

(d)(1) For purposes of determining an individual's eligibility for, or amount of, benefits under a State plan under this title, subject to paragraph (4), the rules specified in paragraph (3) shall apply to a trust established by such individual.

(2)(A) For purposes of this subsection, an individual shall be considered to have established a trust if assets of the individual were used to form all or part of the corpus of the trust and if any of the following individuals established such trust other than by will:

(i) The individual.

(ii) The individual's spouse.

(iii) A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse.

(iv) A person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(B) In the case of a trust the corpus of which includes assets of an individual (as determined under subparagraph (A)) and assets of any other person or persons, the provisions of this subsection shall apply to the portion of the trust attributable to the assets of the individual.

(C) Subject to paragraph (4), this subsection shall apply without regard to—

(i) the purposes for which a trust is established,

(ii) whether the trustees have or exercise any discretion under the trust,

(iii) any restrictions on when or whether distributions may be made from the trust, or

(iv) any restrictions on the use of distributions from the trust.

(3)(A) In the case of a revocable trust—

(i) the corpus of the trust shall be considered resources available to the individual,

(ii) payments from the trust to or for the benefit of the individual shall be considered income of the individual, and

(iii) any other payments from the trust shall be considered assets disposed of by the individual for purposes of subsection (c).

(B) In the case of an irrevocable trust—

(i) if there are any circumstances under which payment from the trust could be made to or for the benefit of the individual, the portion of the corpus from which, or the income on the corpus from which, payment to the individual could be made shall be considered resources available to the individual, and payments from that portion of the corpus or income—

(I) to or for the benefit of the individual, shall be considered income of the individual, and

(II) for any other purpose, shall be considered a transfer of assets by the individual subject to subsection (c); and

(ii) any portion of the trust from which, or any income on the corpus from which, no payment could under any circumstances be made to the individual shall be considered, as of the date of establishment of the trust (or, if later, the date on which payment to the individual was foreclosed) to be assets disposed by the individual for purposes of subsection (c), and the value of the trust shall be determined for purposes of such subsection by including the amount of any payments made from such portion of the trust after such date.

[(d)(4)] Exception for certain trusts.

(4) This subsection shall not apply to any of the following trusts:

[(d)(4)(A)] Individual special-needs trusts.

(A) A trust containing the assets of an individual under age 65 who is disabled (as defined in section 1614(a)(3)) and which is established for the benefit of such individual by the individual, a parent, grandparent, legal guardian of the individual, or a court if the State will receive all amounts remaining in the trust upon the death of such individual up to an amount equal to the total medical assistance paid on behalf of the individual under a State plan under this title.

[(d)(4)(B)] Miller trusts.

(B) A trust established in a State for the benefit of an individual if—

(i) the trust is composed only of pension, Social Security, and other income to the individual (and accumulated income in the trust),

(ii) the State will receive all amounts remaining in the trust upon the death of such individual up to an amount

equal to the total medical assistance paid on behalf of the individual under a State plan under this title, and

(iii) the State makes medical assistance available to individuals described in section 1902(a)(10)(A)(ii)(V), but does not make such assistance available to individuals for nursing facility services under section 1902(a)(10)(C).

[(d)(4)(C)] Pooled-income trusts.

(C) A trust containing the assets of an individual who is disabled (as defined in section 1614(a)(3)) that meets the following conditions:

(i) The trust is established and managed by a nonprofit association.

(ii) A separate account is maintained for each beneficiary of the trust, but, for purposes of investment and management of funds, the trust pools these accounts.

(iii) Accounts in the trust are established solely for the benefit of individuals who are disabled (as defined in section 1614(a)(3)) by the parent, grandparent, or legal guardian of such individuals, by such individuals, or by a court.

(iv) To the extent that amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the trust, the trust pays to the State from such remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary under the State plan under this title.

(5) The State agency shall establish procedures (in accordance with standards specified by the Secretary) under which the agency waives the application of this subsection with respect to an individual if the individual establishes that such application would work an undue hardship on the individual as determined on the basis of criteria established by the Secretary.

(6) The term "trust" includes any legal instrument or device that is similar to a trust but includes an annuity only to such extent and in such manner as the Secretary specifies.

(e)(1) In order to meet the requirements of this section for purposes of section 1902(a)(18), a State shall require, as a condition for the provision of medical assistance for services described in subsection (c)(1)(C)(i) (relating to long-term care services) for an individual, the application of the individual for such assistance (including any recertification of eligibility for such assistance) shall disclose a description of any interest the individual or community spouse has in an annuity (or similar financial instrument, as may be specified by the Secretary), regardless of whether the annuity is irrevocable or is treated as an asset. Such application or recertification form shall include a statement that under paragraph (2) the State becomes a remainder beneficiary under such an annuity or similar financial instrument by virtue of the provision of such medical assistance.

(2)(A) In the case of disclosure concerning an annuity under subsection (c)(1)(F), the State shall notify the issuer of the annuity of the right of the State under such subsection as a preferred remainder beneficiary in the annuity for medical assistance furnished to the individual. Nothing in this paragraph shall be construed as preventing such an issuer from notifying persons with any other re-

mainder interest of the State's remainder interest under such subsection.

(B) In the case of such an issuer receiving notice under subparagraph (A), the State may require the issuer to notify the State when there is a change in the amount of income or principal being withdrawn from the amount that was being withdrawn at the time of the most recent disclosure described in paragraph (1). A State shall take such information into account in determining the amount of the State's obligations for medical assistance or in the individual's eligibility for such assistance.

(3) The Secretary may provide guidance to States on categories of transactions that may be treated as a transfer of asset for less than fair market value.

(4) Nothing in this subsection shall be construed as preventing a State from denying eligibility for medical assistance for an individual based on the income or resources derived from an annuity described in paragraph (1).

[(f)] LTSS recipients' home equity cannot exceed $500,000 (or a higher amount, up to $750,000, at the option of the state).

(f)(1)(A) Notwithstanding any other provision of this title, subject to subparagraphs (B) and (C) of this paragraph and paragraph (2), in determining eligibility of an individual for medical assistance with respect to nursing facility services or other long-term care services, the individual shall not be eligible for such assistance if the individual's equity interest in the individual's home exceeds $500,000.

(B) A State may elect, without regard to the requirements of section 1902(a)(1) (relating to statewideness) and section 1902(a)(10)(B) (relating to comparability), to apply subparagraph (A) by substituting for "$500,000", an amount that exceeds such amount, but does not exceed $750,000.

(C) The dollar amounts specified in this paragraph shall be increased, beginning with 2011, from year to year based on the percentage increase in the consumer price index for all urban consumers (all items; United States city average), rounded to the nearest $1,000.

(2) Paragraph (1) shall not apply with respect to an individual if—

(A) the spouse of such individual, or

(B) such individual's child who is under age 21, or (with respect to States eligible to participate in the State program established under title XVI) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1614,

is lawfully residing in the individual's home.

(3) Nothing in this subsection shall be construed as preventing an individual from using a reverse mortgage or home equity loan to reduce the individual's total equity interest in the home.

(4) The Secretary shall establish a process whereby paragraph (1) is waived in the case of a demonstrated hardship.

(g) TREATMENT OF ENTRANCE FEES OF INDIVIDUALS RESIDING IN CONTINUING CARE RETIREMENT COMMUNITIES.—

(1) IN GENERAL.—For purposes of determining an individual's eligibility for, or amount of, benefits under a State plan under this title, the rules specified in paragraph (2) shall apply

to individuals residing in continuing care retirement communities or life care communities that collect an entrance fee on admission from such individuals.

(2) TREATMENT OF ENTRANCE FEE.—For purposes of this subsection, an individual's entrance fee in a continuing care retirement community or life care community shall be considered a resource available to the individual to the extent that—

(A) the individual has the ability to use the entrance fee, or the contract provides that the entrance fee may be used, to pay for care should other resources or income of the individual be insufficient to pay for such care;

(B) the individual is eligible for a refund of any remaining entrance fee when the individual dies or terminates the continuing care retirement community or life care community contract and leaves the community; and

(C) the entrance fee does not confer an ownership interest in the continuing care retirement community or life care community.

(h) In this section, the following definitions shall apply:

(1) The term "assets", with respect to an individual, includes all income and resources of the individual and of the individual's spouse, including any income or resources which the individual or such individual's spouse is entitled to but does not receive because of action—

(A) by the individual or such individual's spouse,

(B) by a person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or such individual's spouse, or

(C) by any person, including any court or administrative body, acting at the direction or upon the request of the individual or such individual's spouse.

(2) The term "income" has the meaning given such term in section 1612.

(3) The term "institutionalized individual" means an individual who is an inpatient in a nursing facility, who is an inpatient in a medical institution and with respect to whom payment is made based on a level of care provided in a nursing facility, or who is described in section 1902(a)(10)(A)(ii)(VI).

(4) The term "noninstitutionalized individual" means an individual receiving any of the services specified in subsection (c)(1)(C)(ii).

(5) The term "resources" has the meaning given such term in section 1613, without regard (in the case of an institutionalized individual) to the exclusion described in subsection (a)(1) of such section.

APPLICATION OF PROVISIONS OF TITLE II RELATING TO SUBPOENAS

SEC. 1918. [42 U.S.C. 1396q] The provisions of subsections (d) and (e) of section 205 of this Act shall apply with respect to this title to the same extent as they are applicable with respect to title II, except that, in so applying such subsections, and in applying section 205(l) thereto, with respect to this title, any reference therein to the Commissioner of Social Security or the Social Security Ad-

ministration shall be considered a reference to the Secretary or the Department of Health and Human Services, respectively.

REQUIREMENTS FOR NURSING FACILITIES

[(a)] Definition of "nursing facility" (NF) for Medicaid is a facility that provides skilled nursing care and related care, rehabilitation services, or other services required for institutionalized individuals and that is not an IMD; it includes more than Medicare's "skilled nursing facility".

SEC. 1919. [42 U.S.C. 1396r] (a) NURSING FACILITY DEFINED.—In this title, the term "nursing facility" means an institution (or a distinct part of an institution) which—

(1) is primarily engaged in providing to residents—

(A) skilled nursing care and related services for residents who require medical or nursing care,

(B) rehabilitation services for the rehabilitation of injured, disabled, or sick persons, or

(C) on a regular basis, health-related care and services to individuals who because of their mental or physical condition require care and services (above the level of room and board) which can be made available to them only through institutional facilities,

and is not primarily for the care and treatment of mental diseases;

(2) has in effect a transfer agreement (meeting the requirements of section 1861(l)) with one or more hospitals having agreements in effect under section 1866; and

(3) meets the requirements for a nursing facility described in subsections (b), (c), and (d) of this section.

Such term also includes any facility which is located in a State on an Indian reservation and is certified by the Secretary as meeting the requirements of paragraph (1) and subsections (b), (c), and (d).

(b) REQUIREMENTS RELATING TO PROVISION OF SERVICES.—

(1) QUALITY OF LIFE.—

(A) IN GENERAL.—A nursing facility must care for its residents in such a manner and in such an environment as will promote maintenance or enhancement of the quality of life of each resident.

(B) QUALITY ASSESSMENT AND ASSURANCE.—A nursing facility must maintain a quality assessment and assurance committee, consisting of the director of nursing services, a physician designated by the facility, and at least 3 other members of the facility's staff, which (i) meets at least quarterly to identify issues with respect to which quality assessment and assurance activities are necessary and (ii) develops and implements appropriate plans of action to correct identified quality deficiencies. A State or the Secretary may not require disclosure of the records of such committee except insofar as such disclosure is related to the compliance of such committee with the requirements of this subparagraph.

(2) SCOPE OF SERVICES AND ACTIVITIES UNDER PLAN OF CARE.—A nursing facility must provide services and activities to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident in accordance with a written plan of care which—

(A) describes the medical, nursing, and psychosocial needs of the resident and how such needs will be met;

(B) is initially prepared, with the participation to the extent practicable of the resident or the resident's family or legal representative, by a team which includes the resident's attending physician and a registered professional nurse with responsibility for the resident; and

(C) is periodically reviewed and revised by such team after each assessment under paragraph (3).

[(b)(3)(A)] Collection of Minimum Data Set (MDS) on all NF residents.

(3) RESIDENTS' ASSESSMENT.—

(A) REQUIREMENT.—A nursing facility must conduct a comprehensive, accurate, standardized, reproducible assessment of each resident's functional capacity, which assessment—

(i) describes the resident's capability to perform daily life functions and significant impairments in functional capacity;

(ii) is based on a uniform minimum data set specified by the Secretary under subsection (f)(6)(A);

(iii) uses an instrument which is specified by the State under subsection (e)(5); and

(iv) includes the identification of medical problems.

(B) CERTIFICATION.—

(i) IN GENERAL.—Each such assessment must be conducted or coordinated (with the appropriate participation of health professionals) by a registered professional nurse who signs and certifies the completion of the assessment. Each individual who completes a portion of such an assessment shall sign and certify as to the accuracy of that portion of the assessment.

(ii) PENALTY FOR FALSIFICATION.—

(I) An individual who willfully and knowingly certifies under clause (i) a material and false statement in a resident assessment is subject to a civil money penalty of not more than $1,000 with respect to each assessment.

(II) An individual who willfully and knowingly causes another individual to certify under clause (i) a material and false statement in a resident assessment is subject to a civil money penalty of not more than $5,000 with respect to each assessment.

(III) The provisions of section 1128A (other than subsections (a) and (b)) shall apply to a civil money penalty under this clause in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a).

(iii) USE OF INDEPENDENT ASSESSORS.—If a State determines, under a survey under subsection (g) or otherwise, that there has been a knowing and willful certification of false assessments under this paragraph, the State may require (for a period specified by the State) that resident assessments under this paragraph be conducted and certified by individuals who

are independent of the facility and who are approved by the State.

(C) FREQUENCY.—

(i) IN GENERAL.—Such an assessment must be conducted—

(I) promptly upon (but no later than 14 days after the date of) admission for each individual admitted on or after October 1, 1990, and by not later than October 1, 1991, for each resident of the facility on that date;

(II) promptly after a significant change in the resident's physical or mental condition; and

(III) in no case less often than once every 12 months.

[(b)(3)(C)(i)(III)] Assessments required at admission, at least annually, and upon significant change in condition.

(ii) RESIDENT REVIEW.—The nursing facility must examine each resident no less frequently than once every 3 months and, as appropriate, revise the resident's assessment to assure the continuing accuracy of the assessment.

K.—The results of such an assessment shall be used in developing, reviewing, and revising the resident's plan of care under paragraph (2).

(E) COORDINATION.—Such assessments shall be coordinated with any State-required preadmission screening program to the maximum extent practicable in order to avoid duplicative testing and effort. In addition, a nursing facility shall notify the State mental health authority or State mental retardation or developmental disability authority, as applicable, promptly after a significant change in the physical or mental condition of a resident who is mentally ill or mentally retarded.

[(b)(3)(F)] Pre-admission screening for mental illness and intellectual disability required under PASRR requirements in subsection (e)(7).

(F) REQUIREMENTS RELATING TO PREADMISSION SCREENING FOR MENTALLY ILL AND MENTALLY RETARDED INDIVIDUALS.—Except as provided in clauses (ii) and (iii) of subsection (e)(7)(A), a nursing facility must not admit, on or after January 1, 1989, any new resident who—

(i) is mentally ill (as defined in subsection (e)(7)(G)(i)) unless the State mental health authority has determined (based on an independent physical and mental evaluation performed by a person or entity other than the State mental health authority) prior to admission that, because of the physical and mental condition of the individual, the individual requires the level of services provided by a nursing facility, and, if the individual requires such level of services, whether the individual requires specialized services for mental illness, or

(ii) is mentally retarded (as defined in subsection (e)(7)(G)(ii)) unless the State mental retardation or developmental disability authority has determined prior to admission that, because of the physical and mental condition of the individual, the individual requires the level of services provided by a nursing facility, and, if the individual requires such level of services, whether

the individual requires specialized services for mental retardation.

A State mental health authority and a State mental retardation or developmental disability authority may not delegate (by subcontract or otherwise) their responsibilities under this subparagraph to a nursing facility (or to an entity that has a direct or indirect affiliation or relationship with such a facility).

[(b)(4)] NF requirements for services.

(4) PROVISION OF SERVICES AND ACTIVITIES.—

(A) IN GENERAL.—To the extent needed to fulfill all plans of care described in paragraph (2), a nursing facility must provide (or arrange for the provision of)—

(i) nursing and related services and specialized rehabilitative services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident;

(ii) medically-related social services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident;

(iii) pharmaceutical services (including procedures that assure the accurate acquiring, receiving, dispensing, and administering of all drugs and biologicals) to meet the needs of each resident;

(iv) dietary services that assure that the meals meet the daily nutritional and special dietary needs of each resident;

(v) an on-going program, directed by a qualified professional, of activities designed to meet the interests and the physical, mental, and psychosocial well-being of each resident;

(vi) routine dental services (to the extent covered under the State plan) and emergency dental services to meet the needs of each resident; and

(vii) treatment and services required by mentally ill and mentally retarded residents not otherwise provided or arranged for (or required to be provided or arranged for) by the State.

The services provided or arranged by the facility must meet professional standards of quality.

(B) QUALIFIED PERSONS PROVIDING SERVICES.—Services described in clauses (i), (ii), (iii), (iv), and (vi) of subparagraph (A) must be provided by qualified persons in accordance with each resident's written plan of care.

(C) REQUIRED NURSING CARE; FACILITY WAIVERS.—

(i) GENERAL REQUIREMENTS.—With respect to nursing facility services provided on or after October 1, 1990, a nursing facility—

(I) except as provided in clause (ii), must provide 24-hour licensed nursing services which are sufficient to meet the nursing needs of its residents, and

(II) except as provided in clause (ii), must use the services of a registered professional nurse for at least 8 consecutive hours a day, 7 days a week.

(ii) WAIVER BY STATE.—To the extent that a facility is unable to meet the requirements of clause (i), a State may waive such requirements with respect to the facility if—

(I) the facility demonstrates to the satisfaction of the State that the facility has been unable, despite diligent efforts (including offering wages at the community prevailing rate for nursing facilities), to recruit appropriate personnel,

(II) the State determines that a waiver of the requirement will not endanger the health or safety of individuals staying in the facility,

(III) the State finds that, for any such periods in which licensed nursing services are not available, a registered professional nurse or a physician is obligated to respond immediately to telephone calls from the facility,

(IV) the State agency granting a waiver of such requirements provides notice of the waiver to the State long-term care ombudsman (established under section 307(a)(12) of the Older Americans Act of 1965) and the protection and advocacy system in the State for the mentally ill and the mentally retarded, and

(V) the nursing facility that is granted such a waiver by a State notifies residents of the facility (or, where appropriate, the guardians or legal representatives of such residents) and members of their immediate families of the waiver.

A waiver under this clause shall be subject to annual review and to the review of the Secretary and subject to clause (iii) shall be accepted by the Secretary for purposes of this title to the same extent as is the State's certification of the facility. In granting or renewing a waiver, a State may require the facility to use other qualified, licensed personnel.

(iii) ASSUMPTION OF WAIVER AUTHORITY BY SECRETARY.—If the Secretary determines that a State has shown a clear pattern and practice of allowing waivers in the absence of diligent efforts by facilities to meet the staffing requirements, the Secretary shall assume and exercise the authority of the State to grant waivers.

(5) REQUIRED TRAINING OF NURSE AIDES.—

(A) IN GENERAL.—(i) Except as provided in clause (ii), a nursing facility must not use on a full-time basis any individual as a nurse aide in the facility on or after October 1, 1990, for more than 4 months unless the individual—

(I) has completed a training and competency evaluation program, or a competency evaluation program, approved by the State under subsection (e)(1)(A), and

(II) is competent to provide nursing or nursing-related services.

(ii) A nursing facility must not use on a temporary, per diem, leased, or on any other basis other than as a permanent employee any individual as a nurse aide in the facility on or after January 1, 1991, unless the individual meets the requirements described in clause (i).

(B) OFFERING COMPETENCY EVALUATION PROGRAMS FOR CURRENT EMPLOYEES.—A nursing facility must provide, for individuals used as a nurse aide by the facility as of January 1, 1990, for a competency evaluation program approved by the State under subsection (e)(1) and such preparation as may be necessary for the individual to complete such a program by 0ctober 1, 1990.

(C) COMPETENCY.—The nursing facility must not permit an individual, other than in a training and competency evaluation program approved by the State, to serve as a nurse aide or provide services of a type for which the individual has not demonstrated competency and must not use such an individual as a nurse aide unless the facility has inquired of any State registry established under subsection (e)(2)(A) that the facility believes will include information concerning the individual.

(D) RE-TRAINING REQUIRED.—For purposes of subparagraph (A), if, since an individual's most recent completion of a training and competency evaluation program, there has been a continuous period of 24 consecutive months during none of which the individual performed nursing or nursing-related services for monetary compensation, such individual shall complete a new training and competency evaluation program, or a new competency evaluation program.

(E) REGULAR IN-SERVICE EDUCATION.—The nursing facility must provide such regular performance review and regular in-service education as assures that individuals used as nurse aides are competent to perform services as nurse aides, including training for individuals providing nursing and nursing-related services to residents with cognitive impairments.

(F) NURSE AIDE DEFINED.—In this paragraph, the term "nurse aide" means any individual providing nursing or nursing-related services to residents in a nursing facility, but does not include an individual—

(i) who is a licensed health professional (as defined in subparagraph (G)) or a registered dietician, or

(ii) who volunteers to provide such services without monetary compensation.

Such term includes an individual who provides such services through an agency or under a contract with the facility.

(G) LICENSED HEALTH PROFESSIONAL DEFINED.—In this paragraph, the term "licensed health professional" means a physician, physician assistant, nurse practitioner, physical, speech, or occupational therapist, physical or occupational therapy assistant, registered professional nurse, li-

(4) NURSING FACILITY ADMINISTRATOR STANDARDS.—By not later than July 1, 1989, the State must have implemented and enforced the nursing facility administrator standards developed under subsection (f)(4) respecting the qualification of administrators of nursing facilities.

The failure of the Secretary to develop minimum criteria under subsection (f)(8) shall not relieve any State of its responsibility to have a preadmission screening program under this subparagraph or to perform resident reviews under subparagraph (B).

[(e)(7)(A)(ii)] PASRR not required for post-hospitalization readmissions.

(ii) CLARIFICATION WITH RESPECT TO CERTAIN READMISSIONS.—The preadmission screening program under clause (i) need not provide for determinations in the case of the readmission to a nursing facility of an individual who, after being admitted to the nursing facility, was transferred for care in a hospital.

(I) who is admitted to the facility directly from a hospital after receiving acute inpatient care at the hospital,

(II) who requires nursing facility services for the condition for which the individual received care in the hospital, and

(III) whose attending physician has certified, before admission to the facility, that the individual is likely to require less than 30 days of nursing facility services.

(B) STATE REQUIREMENT FOR RESIDENT REVIEW.—

(i) FOR MENTALLY ILL RESIDENTS.—As of April 1, 1990, in the case of each resident of a nursing facility who is mentally ill, the State mental health authority must review and determine (using any criteria developed under subsection (f)(8) and based on an independent physical and mental evaluation performed by a person or entity other than the State mental health authority)—

[(e)(7)(B)(i)(I)] The state mental health authority must determine if a mentally ill NF resident requires inpatient psychiatric services or specialized services for mental illness.

(I) whether or not the resident, because of the resident's physical and mental condition, requires the level of services provided by a nursing facility or requires the level of services of an inpatient psychiatric hospital for individuals under age 21 (as described in section 1905(h)) or of an institution for mental diseases providing medical assistance to individuals 65 years of age or older; and

(II) whether or not the resident requires specialized services for mental illness.

[(e)(7)(B)(ii)] The state intellectual disabilities and developmental disabilities (ID/DD) authority must determine whether NF residents with ID require ICF services or specialized services for ID.

(ii) FOR MENTALLY RETARDED RESIDENTS.—As of April 1, 1990, in the case of each resident of a nursing facility who is mentally retarded, the State mental retardation or developmental disability authority must review and determine (using any criteria developed under subsection (f)(8))—

(I) whether or not the resident, because of the resident's physical and mental condition, requires the level of services provided by a nursing facility or requires the level of services of an intermediate care facility described under section 1905(d); and

(II) whether or not the resident requires specialized services for mental retardation.

[(e)(7)(B)(iii)] PASRR screenings must be conducted whenever there is a significant change in resident's condition.

(iii) REVIEW REQUIRED UPON CHANGE IN RESIDENT'S CONDITION.—A review and determination under clause (i) or (ii) must be conducted promptly after a nursing facility has notified the State mental health authority or State mental retardation or developmental disability authority, as applicable, under subsection (b)(3)(E) with respect to a mentally ill or mentally retarded resident, that there has been a significant change in the resident's physical or mental condition.

[(e)(7)(B)(iv)] NFs cannot conduct PASRR screenings.

(iv) PROHIBITION OF DELEGATION.—A State mental health authority, a State mental retardation or developmental disability authority, and a State may not delegate (by subcontract or otherwise) their responsibilities under this subparagraph to a nursing facility (or to an entity that has a direct or indirect affiliation or relationship with such a facility).

G:\COMP\SSA\SOCIAL SECURITY ACT-TITLE XIXGRANTS TO STATE....XML

[(e)(7)(C)(i)] If a long-stay (30 months or more) NF resident is identified as needing specialized services for ID or mental illness during PASRR screen, the state must offer applicable institutional and non-institutional alternatives (e.g., ICF or HCBS waivers). The individual may choose to remain in the NF and, if so, the state must provide for specialized services for the individuals.

(C) RESPONSE TO PREADMISSION SCREENING AND RESIDENT REVIEW.—As of April 1, 1990, the State must meet the following requirements:

(i) LONG-TERM RESIDENTS NOT REQUIRING NURSING FACILITY SERVICES, BUT REQUIRING SPECIALIZED SERVICES.—In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility, but to require specialized services for mental illness or mental retardation, and who has continuously resided in a nursing facility for at least 30 months before the date of the determination, the State must, in consultation with the resident's family or legal representative and caregivers—

(I) inform the resident of the institutional and noninstitutional alternatives covered under the State plan for the resident,

(II) offer the resident the choice of remaining in the facility or of receiving covered services in an alternative appropriate institutional or noninstitutional setting,

(III) clarify the effect on eligibility for services under the State plan if the resident chooses to leave the facility (including its effect on readmission to the facility), and

(IV) regardless of the resident's choice, provide for (or arrange for the provision of) such specialized services for the mental illness or mental retardation.

A State shall not be denied payment under this title for nursing facility services for a resident described in this clause because the resident does not require the level of services provided by such a facility, if the resident chooses to remain in such a facility.

(ii) OTHER RESIDENTS NOT REQUIRING NURSING FACILITY SERVICES, BUT REQUIRING SPECIALIZED SERVICES.—In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility, but to require specialized services for mental illness or mental retardation, and who has not continuously resided in a nursing facility for at least 30 months before the date of the determination, the State must, in consultation with the resident's family or legal representative and care-givers—

(I) arrange for the safe and orderly discharge of the resident from the facility, consistent with the requirements of subsection (c)(2),

(II) prepare and orient the resident for such discharge, and

(III) provide for (or arrange for the provision of) such specialized services for the mental illness or mental retardation.

(iii) RESIDENTS NOT REQUIRING NURSING FACILITY SERVICES AND NOT REQUIRING SPECIALIZED SERVICES.—In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility and not to require specialized services for mental illness or mental retardation, the State must—

(I) arrange for the safe and orderly discharge of the resident from the facility, consistent with the requirements of subsection (c)(2), and

(II) prepare and orient the resident for such discharge.

(iv) ANNUAL REPORT.—Each State shall report to the Secretary annually concerning the number and disposition of residents described in each of clauses (ii) and (iii).

(D) DENIAL OF PAYMENT.—

(i) FOR FAILURE TO CONDUCT PREADMISSION SCREENING OR REVIEW.—No payment may be made under section 1903(a) with respect to nursing facility services furnished to an individual for whom a determination is required under subsection (b)(3)(F) or subparagraph (B) but for whom the determination is not made.

(ii) FOR CERTAIN RESIDENTS NOT REQUIRING NURSING FACILITY LEVEL OF SERVICES.—No payment may be made under section 1903(a) with respect to nursing facility services furnished to an individual (other than an individual described in subparagraph (C)(i)) who does not require the level of services provided by a nursing facility.

(E) PERMITTING ALTERNATIVE DISPOSITION PLANS.—With respect to residents of a nursing facility who are mentally retarded or mentally ill and who are determined under subparagraph (B) not to require the level of services of such a facility, but who require specialized services for mental illness or mental retardation, a State and the nursing facility shall be considered to be in compliance with the requirements of subparagraphs (A) through (C) of this paragraph if, before April 1, 1989, the State and the Secretary have entered into an agreement relating to the disposition of such residents of the facility and the State is in compliance with such agreement. Such an agreement may provide for the disposition of the residents after the date specified in subparagraph (C). The State may revise such an agreement, subject to the approval of the Secretary, before October 1, 1991, but only if, under the revised agreement, all residents subject to the agreement who do not require the level of services of such a facility

are discharged from the facility by not later than April 1, 1994.

(F) APPEALS PROCEDURES.—Each State, as a condition of approval of its plan under this title, effective January 1, 1989, must have in effect an appeals process for individuals adversely affected by determinations under subparagraph (A) or (B).

(G) DEFINITIONS.—In this paragraph and in subsection (b)(3)(F):

[(e)(7)(G)(i)] For the purposes of PASRR, mentally ill does not include dementia (including Alzheimer's).

(i) An individual is considered to be "mentally ill" if the individual has a serious mental illness (as defined by the Secretary in consultation with the National Institute of Mental Health) and does not have a primary diagnosis of dementia (including Alzheimer's disease or a related disorder) or a diagnosis (other than a primary diagnosis) of dementia and a primary diagnosis that is not a serious mental illness.

(ii) An individual is considered to be "mentally retarded" if the individual is mentally retarded or a person with a related condition (as described in section 1905(d)).

(iii) The term "specialized services" has the meaning given such term by the Secretary in regulations, but does not include, in the case of a resident of a nursing facility, services within the scope of services which the facility must provide or arrange for its residents under subsection (b)(4).

[(f)] HHS responsibilities.

(f) RESPONSIBILITIES OF SECRETARY RELATING TO NURSING FACILITY REQUIREMENTS.—

(1) GENERAL RESPONSIBILITY.—It is the duty and responsibility of the Secretary to assure that requirements which govern the provision of care in nursing facilities under State plans approved under this title, and the enforcement of such requirements, are adequate to protect the health, safety, welfare, and rights of residents and to promote the effective and efficient use of public moneys.

(2) REQUIREMENTS FOR NURSE AIDE TRAINING AND COMPETENCY EVALUATION PROGRAMS AND FOR NURSE AIDE COMPETENCY EVALUATION PROGRAMS.—

(A) IN GENERAL.—For purposes of subsections (b)(5) and (e)(1)(A), the Secretary shall establish, by not later than September 1, 1988—

(i) requirements for the approval of nurse aide training and competency evaluation programs, including requirements relating to (I) the areas to be covered in such a program (including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, and residents' rights) and content of the curriculum (including, in the case of initial training and, if the Secretary determines appropriate, in the case of ongoing training, dementia management training, and patient abuse prevention training, (II) minimum hours of initial and

ongoing training and retraining (including not less than 75 hours in the case of initial training), (III) qualifications of instructors, and (IV) procedures for determination of competency;

(ii) requirements for the approval of nurse aide competency evaluation programs, including requirement relating to the areas to be covered in such a program, including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, and residents' rights, and procedures for determination of competency;

(iii) requirements respecting the minimum frequency and methodology to be used by a State in reviewing such programs' compliance with the requirements for such programs; and

(iv) requirements, under both such programs, that—

(I) provide procedures for determining competency that permit a nurse aide, at the nurse aide's option, to establish competency through procedures or methods other than the passing of a written examination and to have the competency evaluation conducted at the nursing facility at which the aide is (or will be) employed (unless the facility is described in subparagraph (B)(iii)(I)),

(II) prohibit the imposition on a nurse aide who is employed by (or who has received an offer of employment from) a facility on the date on which the aide begins either such program of any charges (including any charges for textbooks and other required course materials and any charges for the competency evaluation) for either such program, and

(III) in the case of a nurse aide not described in subclause (II) who is employed by (or who has received an offer of employment from) a facility not later than 12 months after completing either such program, the State shall provide for the reimbursement of costs incurred in completing such program on a prorata basis during the period in which the nurse aide is so employed.

(B) APPROVAL OF CERTAIN PROGRAMS.—Such requirements—

(i) may permit approval of programs offered by or in facilities, as well as outside facilities (including employee organizations), and of programs in effect on the date of the enactment of this section;

(ii) shall permit a State to find that an individual who has completed (before July 1, 1989) a nurse aide training and competency evaluation program shall be deemed to have completed such a program approved under subsection (b)(5) if the State determines that, at the time the program was offered, the program met

the requirements for approval under such paragraph; and

(iii) subject to subparagraphs (C) and (D), shall prohibit approval of such a program—

(I) offered by or in a nursing facility which, within the previous 2 years—

(a) has operated under a waiver under subsection (b)(4)(C)(ii) that was granted on the basis of a demonstration that the facility is unable to provide the nursing care required under subsection (b)(4)(C)(i) for a period in excess of 48 hours during a week;

(b) has been subject to an extended (or partial extended) survey under section 1819(g)(2)(B)(i) or subsection (g)(2)(B)(i); or

(c) has been assessed a civil money penalty described in section 1819(h)(2)(B)(ii) or subsection (h)(2)(A)(ii) of not less than $5,000, or has been subject to a remedy described in subsection (h)(1)(B)(i), clauses (i), (iii), or (iv) of subsection (h)(2)(A), clauses (i) or (iii) of section 1819(h)(2)(B), or section 1819(h)(4), or

(II) offered by or in a nursing facility unless the State makes the determination, upon an individual's completion of the program, that the individual is competent to provide nursing and nursing-related services in nursing facilities.

A State may not delegate (through subcontract or otherwise) its responsibility under clause (iii)(II) to the nursing facility.

(C) WAIVER AUTHORIZED.—Clause (iii)(I) of subparagraph (B) shall not apply to a program offered in (but not by) a nursing facility (or skilled nursing facility for purposes of title XVIII) in a State if the State—

(i) determines that there is no other such program offered within a reasonable distance of the facility,

(ii) assures, through an oversight effort, that an adequate environment exists for operating the program in the facility, and

(iii) provides notice of such determination and assurances to the State long-term care ombudsman.

(D) WAIVER OF DISAPPROVAL OF NURSE-AIDE TRAINING PROGRAMS.—Upon application of a nursing facility, the Secretary may waive the application of subparagraph (B)(iii)(I)(c) if the imposition of the civil monetary penalty was not related to the quality of care provided to residents of the facility. Nothing in this subparagraph shall be construed as eliminating any requirement upon a facility to pay a civil monetary penalty described in the preceding sentence.

(3) FEDERAL GUIDELINES FOR STATE APPEALS PROCESS FOR TRANSFERS AND DISCHARGES.—For purposes of subsections (c)(2)(B)(iii) and (e)(3), by not later than October 1, 1988, the Secretary shall establish guidelines for minimum standards

which State appeals processes under subsection (e)(3) must meet to provide a fair mechanism for hearing appeals on transfers and discharges of residents from nursing facilities.

(4) SECRETARIAL STANDARDS QUALIFICATION OF ADMINISTRATORS.—For purposes of subsections (d)(1)(C) and (e)(4), the Secretary shall develop, by not later than March 1, 1988, standards to be applied in assuring the qualifications of administrators of nursing facilities.

(5) CRITERIA FOR ADMINISTRATION.—The Secretary shall establish criteria for assessing a nursing facility's compliance with the requirement of subsection (d)(1) with respect to—

(A) its governing body and management,

(B) agreements with hospitals regarding transfers of residents to and from the hospitals and to and from other nursing facilities,

(C) disaster preparedness,

(D) direction of medical care by a physician,

(E) laboratory and radiological services,

(F) clinical records, and

(G) resident and advocate participation.

(6) SPECIFICATION OF RESIDENT ASSESSMENT DATA SET AND INSTRUMENTS.—The Secretary shall—

[(f)(6)(A)] HHS specified the Minimum Data Set (MDS).

(A) not later than January 1, 1989, specify a minimum data set of core elements and common definitions for use by nursing facilities in conducting the assessments required under subsection (b)(3), and establish guidelines for utilization of the data set; and

(B) by not later than April 1, 1990, designate one or more instruments which are consistent with the specification made under subparagraph (A) and which a State may specify under subsection (e)(5)(A) for use by nursing facilities in complying with the requirements of subsection (b)(3)(A)(iii).

(7) LIST OF ITEMS AND SERVICES FURNISHED IN NURSING FACILITIES NOT CHARGEABLE TO THE PERSONAL FUNDS OF A RESIDENT.—

[(f)(7)(A)] Regulations must specify which NF costs can be charged to residents' personal funds.

(A) REGULATIONS REQUIRED.—Pursuant to the requirement of section 21(b) of the Medicare-Medicaid Anti-Fraud and Abuse Amendments of 1977, the Secretary shall issue regulations, on or before the first day of the seventh month to begin after the date of enactment of this section, that define those costs which may be charged to the personal funds of residents in nursing facilities who are individuals receiving medical assistance with respect to nursing facility services under this title and those costs which are to be included in the payment amount under this title for nursing facility services.

(B) RULE IF FAILURE TO PUBLISH REGULATIONS.—If the Secretary does not issue the regulations under subparagraph (A) on or before the date required in that subparagraph, in the case of a resident of a nursing facility who is eligible to receive benefits for nursing facility services under this title, for purposes of section 1902(a)(28)(B), the Secretary shall be deemed to have promulgated regulations under this paragraph which provide that the costs which may not be charged to the personal funds of such resident (and for which payment is considered to be made under this title) include, at a minimum, the costs for routine personal hygiene items and services furnished by the facility.

(8) FEDERAL MINIMUM CRITERIA AND MONITORING FOR PREADMISSION SCREENING AND RESIDENT REVIEW.—

[(f)(8)(A)] The Secretary develops the minimum PASRR criteria.

(A) MINIMUM CRITERIA.—The Secretary shall develop, by not later than October 1, 1988, minimum criteria for States to use in making determinations under subsections (b)(3)(F) and (e)(7)(B) and in permitting individuals adversely affected to appeal such determinations, and shall notify the States of such criteria.

(B) MONITORING COMPLIANCE.—The Secretary shall review, in a sufficient number of cases to allow reasonable inferences, each State's compliance with the requirements of subsection (e)(7)(C)(ii) (relating to discharge and placement for active treatment of certain residents).

(9) CRITERIA FOR MONITORING STATE WAIVERS.—The Secretary shall develop, by not later than October 1, 1988, criteria and procedures for monitoring State performances in granting waivers pursuant to subsection (b)(4)(C)(ii).

(10) SPECIAL FOCUS FACILITY PROGRAM.—

(A) IN GENERAL.—The Secretary shall conduct a special focus facility program for enforcement of requirements for nursing facilities that the Secretary has identified as having substantially failed to meet applicable requirements of this Act.

(B) PERIODIC SURVEYS.—Under such program the Secretary shall conduct surveys of each facility in the program not less often than once every 6 months.

(g) SURVEY AND CERTIFICATION PROCESS.—

(1) STATE AND FEDERAL RESPONSIBILITY.—

[(g)(1)(A)] States are responsible for regulatory oversight of NFs via survey and certification procedures.

(A) IN GENERAL.—Under each State plan under this title, the State shall be responsible for certifying, in accordance with surveys conducted under paragraph (2), the compliance of nursing facilities (other than facilities of the State) with the requirements of subsections (b), (c), and (d). The Secretary shall be responsible for certifying, in accordance with surveys conducted under paragraph (2), the compliance of State nursing facilities with the requirements of such subsections.

(B) EDUCATIONAL PROGRAM.—Each State shall conduct periodic educational programs for the staff and residents (and their representatives) of nursing facilities in order to present current regulations, procedures, and policies under this section.

[(g)(1)(C)] States must investigate allegations of abuse, neglect, or misappropriation of funds by nurse aides and report findings to nurse aide registry.

(C) INVESTIGATION OF ALLEGATIONS OF RESIDENT NEGLECT AND ABUSE AND MISAPPROPRIATION OF RESIDENT PROPERTY.—The State shall provide, through the agency responsible for surveys and certification of nursing facilities under this subsection, for a process for the receipt and timely review and investigation of allegations of neglect

G:\COMP\SSA\SOCIAL SECURITY ACT-TITLE XIXGRANTS TO STATE....XML

and abuse and misappropriation of resident property by a nurse aide of a resident in a nursing facility or by another individual used by the facility in providing services to such a resident. The State shall, after notice to the individual involved and a reasonable opportunity for a hearing for the individual to rebut allegations, make a finding as to the accuracy of the allegations. If the State finds that a nurse aide has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the nurse aide and the registry of such finding. If the State finds that any other individual used by the facility has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the appropriate licensure authority. A State shall not make a finding that an individual has neglected a resident if the individual demonstrates that such neglect was caused by factors beyond the control of the individual.

(D) REMOVAL OF NAME FROM NURSE AIDE REGISTRY.—

(i) IN GENERAL.—In the case of a finding of neglect under subparagraph (C), the State shall establish a procedure to permit a nurse aide to petition the State to have his or her name removed from the registry upon a determination by the State that—

(I) the employment and personal history of the nurse aide does not reflect a pattern of abusive behavior or neglect; and

(II) the neglect involved in the original finding was a singular occurrence.

(ii) TIMING OF DETERMINATION.—In no case shall a determination on a petition submitted under clause (i) be made prior to the expiration of the 1-year period beginning on the date on which the name of the petitioner was added to the registry under subparagraph (C).

(E) CONSTRUCTION.—The failure of the Secretary to issue regulations to carry out this subsection shall not relieve a State of its responsibility under this subsection.

(2) SURVEYS.—

[(g)(2)(A)(i)] States must conduct annual, unannounced surveys of NFs.

(A) ANNUAL STANDARD SURVEY.—

(i) IN GENERAL.—Each nursing facility shall be subject to a standard survey, to be conducted without any prior notice to the facility. Any individual who notifies (or causes to be notified) a nursing facility of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed $2,000. The provisions of section 1128A (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a). The Secretary shall review each State's procedures for scheduling and conduct of standard surveys to assure that the State has taken all reasonable steps to avoid giving

notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(ii) CONTENTS.—Each standard survey shall include, for a case-mix stratified sample of residents—

(I) a survey of the quality of care furnished, as measured by indicators of medical, nursing, and rehabilitative care, dietary and nutrition services, activities and social participation, and sanitation, infection control, and the physical environment,

(II) written plans of care provided under subsection (b)(2) and an audit of the residents' assessments under subsection (b)(3) to determine the accuracy of such assessments and the adequacy of such plans of care, and

(III) a review of compliance with residents' rights under subsection (c).

(iii) FREQUENCY.—

(I) IN GENERAL.—Each nursing facility shall be subject to a standard survey not later than 15 months after the date of the previous standard survey conducted under this subparagraph. The statewide average interval between standard surveys of a nursing facility shall not exceed 12 months.

(II) SPECIAL SURVEYS.—If not otherwise conducted under subclause (I), a standard survey (or an abbreviated standard survey) may be conducted within 2 months of any change of ownership, administration, management of a nursing facility, or director of nursing in order to determine whether the change has resulted in any decline in the quality of care furnished in the facility.

[(g)(2)(B)(i)] Special circumstances may trigger special surveys of the NF.

(B) EXTENDED SURVEYS.—

(i) IN GENERAL.—Each nursing facility which is found, under a standard survey, to have provided substandard quality of care shall be subject to an extended survey. Any other facility may, at the Secretary's or State's discretion, be subject to such an extended survey (or a partial extended survey).

(ii) TIMING.—The extended survey shall be conducted immediately after the standard survey (or, if not practicable, not later than 2 weeks after the date of completion of the standard survey).

(iii) CONTENTS.—In such an extended survey, the survey team shall review and identify the policies and procedures which produced such substandard quality of care and shall determine whether the facility has complied with all the requirements described in subsections (b), (c), and (d). Such review shall include an expansion of the size of the sample of residents' assessments reviewed and a review of the staffing, of in-service training, and, if appropriate, of contracts with consultants.

(iv) CONSTRUCTION.—Nothing in this paragraph shall be construed as requiring an extended or partial extended survey as a prerequisite to imposing a sanction against a facility under subsection (h) on the basis of findings in a standard survey.

(C) SURVEY PROTOCOL.—Standard and extended surveys shall be conducted—

(i) based upon a protocol which the Secretary has developed, tested, and validated by not later than January 1, 1990, and

(ii) by individuals, of a survey team, who meet such minimum qualifications as the Secretary establishes by not later than such date.

The failure of the Secretary to develop, test, or validate such protocols or to establish such minimum qualifications shall not relieve any State of its responsibility (or the Secretary of the Secretary's responsibility) to conduct surveys under this subsection.

(D) CONSISTENCY OF SURVEYS.—Each State shall implement programs to measure and reduce inconsistency in the application of survey results among surveyors.

(E) SURVEY TEAMS.—

(i) IN GENERAL.—Surveys under this subsection shall be conducted by a multidisciplinary team of professionals (including a registered professional nurse).

(ii) PROHIBITION OF CONFLICTS OF INTEREST.—A State may not use as a member of a survey team under this subsection an individual who is serving (or has served within the previous 2 years) as a member of the staff of, or as a consultant to, the facility surveyed respecting compliance with the requirements of subsections (b), (c), and (d), or who has a personal or familial financial interest in the facility being surveyed.

(iii) TRAINING.—The Secretary shall provide for the comprehensive training of State and Federal surveyors in the conduct of standard and extended surveys under this subsection, including the auditing of resident assessments and plans of care. No individual shall serve as a member of a survey team unless the individual has successfully completed a training and testing program in survey and certification techniques that has been approved by the Secretary.

(3) VALIDATION SURVEYS.—

(A) IN GENERAL.—The Secretary shall conduct onsite surveys of a representative sample of nursing facilities in each State, within 2 months of the date of surveys conducted under paragraph (2) by the State, in a sufficient number to allow inferences about the adequacies of each State's surveys conducted under paragraph (2). In conducting such surveys, the Secretary shall use the same survey protocols as the State is required to use under paragraph (2). If the State has determined that an individual nursing facility meets the requirements of subsections (b), (c), and (d), but the Secretary determines that the facility does not meet such requirements, the Secretary's determination as to the facility's noncompliance with such requirements is binding and supersedes that of the State survey.

(B) SCOPE.—With respect to each State, the Secretary shall conduct surveys under subparagraph (A) each year with respect to at least 5 percent of the number of nursing facilities surveyed by the State in the year, but in no case less than 5 nursing facilities in the State.

(C) REDUCTION IN ADMINISTRATIVE COSTS FOR SUBSTANDARD PERFORMANCE.—If the Secretary finds, on the basis of such surveys, that a State has failed to perform surveys as required under paragraph (2) or that a State's survey and certification performance otherwise is not adequate, the Secretary may provide for the training of survey teams in the State and shall provide for a reduction of the payment otherwise made to the State under section 1903(a)(2)(D) with respect to a quarter equal to 33 percent multiplied by a fraction, the denominator of which is equal to the total number of residents in nursing facilities surveyed by the Secretary that quarter and the numerator of which is equal to the total number of residents in nursing facilities which were found pursuant to such surveys to be not in compliance with any of the requirements of subsections (b), (c), and (d). A State that is dissatisfied with the Secretary's findings under this subparagraph may obtain reconsideration and review of the findings under section 1116 in the same manner as a State may seek reconsideration and review under that section of the Secretary's determination under section 1116(a)(1).

(D) SPECIAL SURVEYS OF COMPLIANCE.—Where the Secretary has reason to question the compliance of a nursing facility with any of the requirements of subsections (b), (c), and (d), the Secretary may conduct a survey of the facility and, on the basis of that survey, make independent and binding determinations concerning the extent to which the nursing facility meets such requirements.

[(g)(4)] States must investigate complaints against NFs and monitor compliance.

(4) INVESTIGATION OF COMPLAINTS AND MONITORING NURSING FACILITY COMPLIANCE.—Each State shall maintain procedures and adequate staff to—

(A) investigate complaints of violations of requirements by nursing facilities, and

(B) monitor, on-site, on a regular, as needed basis, a nursing facility's compliance with the requirements of subsections (b), (c), and (d), if—

(i) the facility has been found not to be in compliance with such requirements and is in the process of correcting deficiencies to achieve such compliance;

(ii) the facility was previously found not to be in compliance with such requirements, has corrected deficiencies to achieve such compliance, and verification of continued compliance is indicated; or

G:\COMP\SSA\SOCIAL SECURITY ACT-TITLE XIXGRANTS TO STATE....XML

(iii) the State has reason to question the compliance of the facility with such requirements.

A State may maintain and utilize a specialized team (including an attorney, an auditor, and appropriate health care professionals) for the purpose of identifying, surveying, gathering and preserving evidence, and carrying out appropriate enforcement actions against substandard nursing facilities.

(5) DISCLOSURE OF RESULTS OF INSPECTIONS AND ACTIVITIES.—

[(g)(5)(A)] NF survey and certification results must be made public.

(A) PUBLIC INFORMATION.—Each State, and the Secretary, shall make available to the public—

(i) information respecting all surveys and certifications made respecting nursing facilities, including statements of deficiencies, within 14 calendar days after such information is made available to those facilities, and approved plans of correction,

(ii) copies of cost reports of such facilities filed under this title or under title XVIII,

(iii) copies of statements of ownership under section 1124, and

(iv) information disclosed under section 1126.

(B) NOTICE TO OMBUDSMAN.—Each State shall notify the State long-term care ombudsman (established under title III or VII of the Older Americans Act of 1965 in accordance with section 712 of the Act) of the State's findings of noncompliance with any of the requirements of subsections (b), (c), and (d), or of any adverse action taken against a nursing facility under paragraphs (1), (2), or (3) of subsection (h), with respect to a nursing facility in the State.

(C) NOTICE TO PHYSICIANS AND NURSING FACILITY ADMINISTRATOR LICENSING BOARD.—If a State finds that a nursing facility has provided substandard quality of care, the State shall notify—

(i) the attending physician of each resident with respect to which such finding is made, and

(ii) any State board responsible for the licensing of the nursing facility administrator of the facility.

(D) ACCESS TO FRAUD CONTROL UNITS.—Each State shall provide its State medicaid fraud and abuse control unit (established under section 1903(q)) with access to all information of the State agency responsible for surveys and certifications under this subsection.

(E) SUBMISSION OF SURVEY AND CERTIFICATION INFORMATION TO THE SECRETARY.—In order to improve the timeliness of information made available to the public under subparagraph (A) and provided on the Nursing Home Compare Medicare website under subsection (i), each State shall submit information respecting any survey or certification made respecting a nursing facility (including any enforcement actions taken by the State) to the Secretary not later than the date on which the State sends such information to the facility. The Secretary shall use the information submitted under the preceding sentence to update

the information provided on the Nursing Home Compare Medicare website as expeditiously as practicable but not less frequently than quarterly.

(h) ENFORCEMENT PROCESS.—

[(h)(1)] State termination authority and alternative remedies.

(1) IN GENERAL.—If a State finds, on the basis of a standard, extended, or partial extended survey under subsection (g)(2) or otherwise, that a nursing facility no longer meets a requirement of subsection (b), (c), or (d), and further finds that the facility's deficiencies—

(A) immediately jeopardize the health or safety of its residents, the State shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in paragraph (2)(A)(iii), or terminate the facility's participation under the State plan and may provide, in addition, for one or more of the other remedies described in paragraph (2); or

(B) do not immediately jeopardize the health or safety of its residents, the State may—

(i) terminate the facility's participation under the State plan,

(ii) provide for one or more of the remedies described in paragraph (2), or

(iii) do both.

Nothing in this paragraph shall be construed as restricting the remedies available to a State to remedy a nursing facility's deficiencies. If a State finds that a nursing facility meets the requirements of subsections (b), (c), and (d), but, as of a previous period, did not meet such requirements, the State may provide for a civil money penalty under paragraph (2)(A)(ii) for the days in which it finds that the facility was not in compliance with such requirements.

(2) SPECIFIED REMEDIES.—

(A) LISTING.—Except as provided in subparagraph (B)(ii), each State shall establish by law (whether statute or regulation) at least the following remedies:

(i) Denial of payment under the State plan with respect to any individual admitted to the nursing facility involved after such notice to the public and to the facility as may be provided for by the State.

(ii) A civil money penalty assessed and collected, with interest, for each day in which the facility is or was out of compliance with a requirement of subsection (b), (c), or (d). Funds collected by a State as a result of imposition of such a penalty (or as a result of the imposition by the State of a civil money penalty for activities described in subsections (b)(3)(B)(ii)(I), (b)(3)(B)(ii)(II), or (g)(2)(A)(i)) shall be applied to the protection of the health or property of residents of nursing facilities that the State or the Secretary finds deficient, including payment for the costs of relocation of residents to other facilities, maintenance of operation of a facility pending correction of deficiencies or closure, and reimbursement of residents for personal funds lost.

(iii) The appointment of temporary management to oversee the operation of the facility and to assure the health and safety of the facility's residents, where there is a need for temporary management while—

(I) there is an orderly closure of the facility, or

(II) improvements are made in order to bring the facility into compliance with all the requirements of subsections (b), (c), and (d).

The temporary management under this clause shall not be terminated under subclause (II) until the State has determined that the facility has the management capability to ensure continued compliance with all the requirements of subsections (b), (c), and (d).

(iv) The authority, in the case of an emergency, to close the facility, to transfer residents in that facility to other facilities, or both.

The State also shall specify criteria, as to when and how each of such remedies is to be applied, the amounts of any fines, and the severity of each of these remedies, to be used in the imposition of such remedies. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the remedies and shall provide for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies. In addition, the State may provide for other specified remedies, such as directed plans of correction.

(B) DEADLINE AND GUIDANCE.—(i) Except as provided in clause (ii), as a condition for approval of a State plan for calendar quarters beginning on or after October 1, 1989, each State shall establish the remedies described in clauses (i) through (iv) of subparagraph (A) by not later than October 1, 1989. The Secretary shall provide, through regulations by not later than October 1, 1988, guidance to States in establishing such remedies; but the failure of the Secretary to provide such guidance shall not relieve a State of the responsibility for establishing such remedies.

(ii) A State may establish alternative remedies (other than termination of participation) other than those described in clauses (i) through (iv) of subparagraph (A), if the State demonstrates to the Secretary's satisfaction that the alternative remedies are as effective in deterring noncompliance and correcting deficiencies as those described in subparagraph (A).

(C) ASSURING PROMPT COMPLIANCE.—If a nursing facility has not complied with any of the requirements of subsections (b), (c), and (d), within 3 months after the date the facility is found to be out of compliance with such requirements, the State shall impose the remedy described in subparagraph (A)(i) for all individuals who are admitted to the facility after such date.

(D) REPEATED NONCOMPLIANCE.—In the case of a nursing facility which, on 3 consecutive standard surveys conducted under subsection (g)(2), has been found to have provided substandard quality of care, the State shall (regardless of what other remedies are provided)—

(i) impose the remedy described in subparagraph (A)(i), and

(ii) monitor the facility under subsection (g)(4)(B), until the facility has demonstrated, to the satisfaction of the State, that it is in compliance with the requirements of subsections (b), (c), and (d), and that it will remain in compliance with such requirements.

(E) FUNDING.—The reasonable expenditures of a State to provide for temporary management and other expenses associated with implementing the remedies described in clauses (iii) and (iv) of subparagraph (A) shall be considered, for purposes of section 1903(a)(7), to be necessary for the proper and efficient administration of the State plan.

(F) INCENTIVES FOR HIGH QUALITY CARE.—In addition to the remedies specified in this paragraph, a State may establish a program to reward, through public recognition, incentive payments, or both, nursing facilities that provide the highest quality care to residents who are entitled to medical assistance under this title. For purposes of section 1903(a)(7), proper expenses incurred by a State in carrying out such a program shall be considered to be expenses necessary for the proper and efficient administration of the State plan under this title.

(3) SECRETARIAL AUTHORITY.—

(A) FOR STATE NURSING FACILITIES.—With respect to a State nursing facility, the Secretary shall have the authority and duties of a State under this subsection, including the authority to impose remedies described in clauses (i), (ii), and (iii) of paragraph (2)(A).

(B) OTHER NURSING FACILITIES.—With respect to any other nursing facility in a State, if the Secretary finds that a nursing facility no longer meets a requirement of subsection (b), (c), (d), or (e), and further finds that the facility's deficiencies—

(i) immediately jeopardize the health or safety of its residents, the Secretary shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in subparagraph (C)(iii), or terminate the facility's participation under the State plan and may provide, in addition, for one or more of the other remedies described in subparagraph (C); or

(ii) do not immediately jeopardize the health or safety of its residents, the Secretary may impose any of the remedies described in subparagraph (C).

Nothing in this subparagraph shall be construed as restricting the remedies available to the Secretary to remedy a nursing facility's deficiencies. If the Secretary finds that a nursing facility meets such requirements but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under sub-

paragraph (C)(ii) for the days on which he finds that the facility was not in compliance with such requirements.

(C) SPECIFIED REMEDIES.—The Secretary may take the following actions with respect to a finding that a facility has not met an applicable requirement:

(i) DENIAL OF PAYMENT.—The Secretary may deny any further payments to the State for medical assistance furnished by the facility to all individuals in the facility or to individuals admitted to the facility after the effective date of the finding.

(ii) AUTHORITY WITH RESPECT TO CIVIL MONEY PENALTIES[36].—

(I) IN GENERAL.—Subject to subclause (II), the Secretary may impose a civil money penalty in an amount not to exceed $10,000 for each day of noncompliance. The provisions of section 1128A (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a).

(II) REDUCTION OF CIVIL MONEY PENALTIES IN CERTAIN CIRCUMSTANCES.—Subject to subclause (III), in the case where a facility self-reports and promptly corrects a deficiency for which a penalty was imposed under this clause not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

(III) PROHIBITIONS ON REDUCTION FOR CERTAIN DEFICIENCIES.—

(aa) REPEAT DEFICIENCIES.—The Secretary may not reduce the amount of a penalty under subclause (II) if the Secretary had reduced a penalty imposed on the facility in the preceding year under such subclause with respect to a repeat deficiency.

(bb) CERTAIN OTHER DEFICIENCIES.—The Secretary may not reduce the amount of a penalty under subclause (II) if the penalty is imposed on the facility for a deficiency that is found to result in a pattern of harm or widespread harm, immediately jeopardizes the health or safety of a resident or residents of the facility, or results in the death of a resident of the facility.

(IV) COLLECTION OF CIVIL MONEY PENALTIES.—In the case of a civil money penalty imposed under this clause, the Secretary shall issue regulations that—

(aa) subject to item (cc), not later than 30 days after the imposition of the penalty, provide for the facility to have the opportunity to participate in an independent informal dispute resolution process which generates a written record prior to the collection of such penalty;

(bb) in the case where the penalty is imposed for each day of noncompliance, provide that a penalty may not be imposed for any day during the period beginning on the initial day of the imposition of the penalty and ending on the day on which the informal dispute resolution process under item (aa) is completed;

(cc) may provide for the collection of such civil money penalty and the placement of such amounts collected in an escrow account under the direction of the Secretary on the earlier of the date on which the informal dispute resolution process under item (aa) is completed or the date that is 90 days after the date of the imposition of the penalty;

(dd) may provide that such amounts collected are kept in such account pending the resolution of any subsequent appeals;

(ee) in the case where the facility successfully appeals the penalty, may provide for the return of such amounts collected (plus interest) to the facility; and

(ff) in the case where all such appeals are unsuccessful, may provide that some portion of such amounts collected may be used to support activities that benefit residents, including assistance to support and protect residents of a facility that closes (voluntarily or involuntarily) or is decertified (including offsetting costs of relocating residents to home and community-based settings or another facility), projects that support resident and family councils and other consumer involvement in assuring quality care in facilities, and facility improvement initiatives approved by the Secretary (including joint training of facility staff and surveyors, technical assistance for facilities implementing quality assurance programs, the appointment of temporary management firms, and other activities approved by the Secretary).

(iii) APPOINTMENT OF TEMPORARY MANAGEMENT.—In consultation with the State, the Secretary may appoint temporary management to oversee the operation of the facility and to assure the health and safety of

the facility's residents, where there is a need for temporary management while—

(I) there is an orderly closure of the facility, or

(II) improvements are made in order to bring the facility into compliance with all the requirements of subsections (b), (c), and (d).

The temporary management under this clause shall not be terminated under subclause (II) until the Secretary has determined that the facility has the management capability to ensure continued compliance with all the requirements of subsections (b), (c), and (d).

The Secretary shall specify criteria, as to when and how each of such remedies is to be applied, the amounts of any fines, and the severity of each of these remedies, to be used in the imposition of such remedies. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the remedies and shall provide for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies. In addition, the Secretary may provide for other specified remedies, such as directed plans of correction.

(D) CONTINUATION OF PAYMENTS PENDING REMEDIATION.—The Secretary may continue payments, over a period of not longer than 6 months after the effective date of the findings, under this title with respect to a nursing facility not in compliance with a requirement of subsection (b), (c), or (d), if—

(i) the State survey agency finds that it is more appropriate to take alternative action to assure compliance of the facility with the requirements than to terminate the certification of the facility, and

(ii) the State has submitted a plan and timetable for corrective action to the Secretary for approval and the Secretary approves the plan of corrective action.

The Secretary shall establish guidelines for approval of corrective actions requested by States under this subparagraph.

(4) EFFECTIVE PERIOD OF DENIAL OF PAYMENT.—A finding to deny payment under this subsection shall terminate when the State or Secretary (or both, as the case may be) finds that the facility is in substantial compliance with all the requirements of subsections (b), (c), and (d).

(5) IMMEDIATE TERMINATION OF PARTICIPATION FOR FACILITY WHERE STATE OR SECRETARY FINDS NONCOMPLIANCE AND IMMEDIATE JEOPARDY.—If either the State or the Secretary finds that a nursing facility has not met a requirement of subsection (b), (c), or (d), and finds that the failure immediately jeopardizes the health or safety of its residents, the State or the Secretary, respectively shall notify the other of such finding, and the State or the Secretary, respectively, shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in paragraph (2)(A)(iii)

or (3)(C)(iii), or terminate the facility's participation under the State plan. If the facility's participation in the State plan is terminated by either the State or the Secretary, the State shall provide for the safe and orderly transfer of the residents eligible under the State plan consistent with the requirements of subsection (c)(2).

(6) SPECIAL RULES WHERE STATE AND SECRETARY DO NOT AGREE ON FINDING OF NONCOMPLIANCE.—

(A) STATE FINDING OF NONCOMPLIANCE AND NO SECRETARIAL FINDING OF NONCOMPLIANCE.—If the Secretary finds that a nursing facility has met all the requirements of subsections (b), (c), and (d), but a State finds that the facility has not met such requirements and the failure does not immediately jeopardize the health or safety of its residents, the State's findings shall control and the remedies imposed by the State shall be applied.

(B) SECRETARIAL FINDING OF NONCOMPLIANCE AND NO STATE FINDING OF NONCOMPLIANCE.—If the Secretary finds that a nursing facility has not met all the requirements of subsections (b), (c), and (d), and that the failure does not immediately jeopardize the health or safety of its residents, but the State has not made such a finding, the Secretary—

(i) may impose any remedies specified in paragraph (3)(C) with respect to the facility, and

(ii) shall (pending any termination by the Secretary) permit continuation of payments in accordance with paragraph (3)(D).

(7) SPECIAL RULES FOR TIMING OF TERMINATION OF PARTICIPATION WHERE REMEDIES OVERLAP.—If both the Secretary and the State find that a nursing facility has not met all the requirements of subsections (b), (c), and (d), and neither finds that the failure immediately jeopardizes the health or safety of its residents—

(A)(i) if both find that the facility's participation under the State plan should be terminated, the State's timing of any termination shall control so long as the termination date does not occur later than 6 months after the date of the finding to terminate;

(ii) if the Secretary, but not the State, finds that the facility's participation under the State plan should be terminated, the Secretary shall (pending any termination by the Secretary) permit continuation of payments in accordance with paragraph (3)(D); or

(iii) if the State, but not the Secretary, finds that the facility's participation under the State plan should be terminated, the State's decision to terminate, and timing of such termination, shall control; and

(B)(i) if the Secretary or the State, but not both, establishes one or more remedies which are additional or alternative to the remedy of terminating the facility's participation under the State plan, such additional or alternative remedies shall also be applied, or

(ii) if both the Secretary and the State establish one or more remedies which are additional or alternative to the remedy of terminating the facility's participation under the State plan, only the additional or alternative remedies of the Secretary shall apply.

(8) CONSTRUCTION.—The remedies provided under this subsection are in addition to those otherwise available under State or Federal law and shall not be construed as limiting such other remedies, including any remedy available to an individual at common law. The remedies described in clauses (i),[37] (iii), and (iv) of paragraph (2)(A) may be imposed during the pendency of any hearing. The provisions of this subsection shall apply to a nursing facility (or portion thereof) notwithstanding that the facility (or portion thereof) also is a skilled nursing facility for purposes of title XVIII.

(9) SHARING OF INFORMATION.—Notwithstanding any other provision of law, all information concerning nursing facilities required by this section to be filed with the Secretary or a State agency shall be made available by such facilities to Federal or State employees for purposes consistent with the effective administration of programs established under this title and title XVIII, including investigations by State medicaid fraud control units.

(B) ends with (and includes) the earlier of—

(i) the day on which a determination is made with respect to the eligibility of such individual for services under the State plan; or

(i) is eligible for payments under a State plan approved under this title; and

(ii) is determined by the State agency to be capable of making determinations of the type described in paragraph (1)(A).

(B) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed as preventing a State from limiting the classes of entities that may become qualified entities in order to prevent fraud and abuse.

(c) ADMINISTRATION.—

(1) IN GENERAL.—The State agency shall provide qualified entities with—

(A) such forms as are necessary for an application to be made by an individual described in subsection (a) for medical assistance under the State plan; and

SEC. 1921. [42 U.S.C. 1396r–2]

(a)[38] INFORMATION REPORTING REQUIREMENT.—The requirement referred to in section 1902(a)(49) is that the State must provide for the following:

(1) INFORMATION REPORTING SYSTEM.—

(A) LICENSING OR CERTIFICATION ACTIONS.—The State must have in effect a system of reporting the following information with respect to formal proceedings (as defined by the Secretary in regulations) concluded against a health care practitioner or entity by a State licensing or certification agency:

(i) Any adverse action taken by such licensing authority as a result of the proceeding, including any revocation or suspension of a license (and the length of any such suspension), reprimand, censure, or probation.

(ii) Any dismissal or closure of the proceedings by reason of the practitioner or entity surrendering the license or leaving the State or jurisdiction.

(iii) Any other loss of license or the right to apply for, or renew, a license by the practitioner or entity, whether by operation of law, voluntary surrender, nonrenewability, or otherwise.

(iv) Any negative action or finding by such authority, organization, or entity regarding the practitioner or entity.

(B) OTHER FINAL ADVERSE ACTIONS.—The State must have in effect a system of reporting information with respect to any final adverse action (not including settlements in which no findings of liability have been made) taken against a health care provider, supplier, or practitioner by a State law or fraud enforcement agency.

(2) ACCESS TO DOCUMENTS.—The State must provide the Secretary (or an entity designated by the Secretary) with access to such documents of a State licensing or certification agency or State law or fraud enforcement agency as may be necessary for the Secretary to determine the facts and circumstances concerning the actions and determinations de-

[38] The amendment by section 6403(b)(1)(A)(i) of Public Law 111–148 technically does not execute because the instruction states to strike a word in the heading for subsection (a)(1) "and all that follows through the semicolon" and in effect inserts a new subparagraph (A). The instructions probably should have been to strike such matter and all that follows through the colon. It has been carried to the 2nd version shown in a note following subsection (b) in order to reflect the probable intent of Congress.

scribed in such paragraph for the purpose of carrying out this Act.

(b) FORM OF INFORMATION.—The information described in subsection (a)(1) shall be provided to the Secretary (or to an appropriate private or public agency, under suitable arrangements made by the Secretary with respect to receipt, storage, protection of confidentiality, and dissemination of information) in such a form and manner as the Secretary determines to be appropriate in order to provide for activities of the Secretary under this Act and in order to provide, directly or through suitable arrangements made by the Secretary, information—

(5) to State law or fraud enforcement agencies,

(6) to hospitals and other health care entities (as defined in section 431 of the Health Care Quality Improvement Act of 1986), with respect to physicians or other licensed health care practitioners that have entered (or may be entering) into an employment or affiliation relationship with, or have applied for clinical privileges or appointments to the medical staff of, such hospitals or other health care entities (and such information shall be deemed to be disclosed pursuant to section 427 of, and be subject to the provisions of, that Act), but only with respect to information provided pursuant to subsection (a)(1)(A),

(7) to health plans (as defined in section 1128C(c));

(9) upon request, to the Comptroller General,

in order for such authorities to determine the fitness of individuals to provide health care services, to protect the health and safety of individuals receiving health care through such programs, and to protect the fiscal integrity of such programs.

(c) CONFIDENTIALITY OF INFORMATION PROVIDED.—The Secretary shall provide for suitable safeguards for the confidentiality of the information furnished under subsection (a). Nothing in this subsection shall prevent the disclosure of such information by a party which is otherwise authorized, under applicable State law, to make such disclosure.

(d) DISCLOSURE AND CORRECTION OF INFORMATION.—

(1) DISCLOSURE.—With respect to information reported pursuant to subsection (a)(1), the Secretary shall—

(A) provide for disclosure of the information, upon request, to the health care practitioner who, or the entity that, is the subject of the information reported; and

(B) establish procedures for the case where the health care practitioner or entity disputes the accuracy of the information reported.

(2) CORRECTIONS.—Each State licensing or certification agency and State law or fraud enforcement agency shall report corrections of information already reported about any formal proceeding or final adverse action described in subsection (a), in such form and manner as the Secretary prescribes by regulation.

(e) FEES FOR DISCLOSURE.—The Secretary may establish or approve reasonable fees for the disclosure of information under this section. The amount of such a fee may not exceed the costs of processing the requests for disclosure and of providing such information. Such fees shall be available to the Secretary to cover such costs.

(f) PROTECTION FROM LIABILITY FOR REPORTING.—No person or entity, including any agency designated by the Secretary in subsection (b), shall be held liable in any civil action with respect to any reporting of information as required under this section, without knowledge of the falsity of the information contained in the report.

(g) REFERENCES.—For purposes of this section:

(1) STATE LICENSING OR CERTIFICATION AGENCY.—The term "State licensing or certification agency" includes any authority of a State (or of a political subdivision thereof) responsible for the licensing of health care practitioners (or any peer review organization or private accreditation entity reviewing the services provided by health care practitioners) or entities.

CORRECTION AND REDUCTION PLANS FOR INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED

SEC. 1922. [42 U.S.C. 1396r–3] (a) If the Secretary finds that an intermediate care facility for the mentally retarded has substantial deficiencies which do not pose an immediate threat to the health and safety of residents (including failure to provide active treatment), the State may elect, subject to the limitations in this section, to—

[(a)(1)] Plan of correction for ICF-IID.

(1) submit, within the number of days specified by the Secretary in regulations which apply to submission of compliance plans with respect to deficiencies of such type, a written plan of correction which details the extent of the facility's current compliance with the standards promulgated by the Secretary, including all deficiencies identified during a validation survey, and which provides for a timetable for completion of necessary steps to correct all staffing deficiencies within 6 months, and a timetable for rectifying all physical plant deficiencies within 6 months; or

[(a)(2)] Plan of reduction for ICF-IID.

(2) submit, within a time period consisting of the number of days specified for submissions under paragraph (1) plus 35 days, a written plan for permanently reducing the number of certified beds, within a maximum of 36 months, in order to permit any noncomplying buildings (or distinct parts thereof) to be vacated and any staffing deficiencies to be corrected (hereinafter in this section referred to as a "reduction plan").

(b) As conditions of approval of any reduction plan submitted pursuant to subsection (a)(2), the State must—

(1) provide for a hearing to be held at the affected facility at least 35 days prior to submission of the reduction plan, with reasonable notice thereof to the staff and residents of the facility, responsible members of the residents' families, and the general public;

(2) demonstrate that the State has successfully provided home and community services similar to the services proposed to be provided under the reduction plan for similar individuals eligible for medical assistance; and

(3) provide assurances that the requirements of subsection (c) shall be met with respect to the reduction plan.

(c) The reduction plan must—

(1) identify the number and service needs of existing facility residents to be provided home or community services and the timetable for providing such services, in 6 month intervals, within the 36-month period;

(2) describe the methods to be used to select such residents for home and community services and to develop the alternative home and community services to meet their needs effectively;

(3) describe the necessary safeguards that will be applied to protect the health and welfare of the former residents of the facility who are to receive home or community services, including adequate standards for consumer and provider participation and assurances that applicable State licensure and applicable State and Federal certification requirements will be met in providing such home or community services;

(4) provide that residents of the affected facility who are eligible for medical assistance while in the facility shall, at their option, be placed in another setting (or another part of the affected facility) so as to retain their eligibility for medical assistance;

(5) specify the actions which will be taken to protect the health and safety of, and to provide active treatment for, the residents who remain in the affected facility while the reduction plan is in effect;

(6) provide that the ratio of qualified staff to residents at the affected facility (or the part thereof) which is subject to the reduction plan will be the higher of—

(A) the ratio which the Secretary determines is necessary in order to assure the health and safety of the residents of such facility (or part thereof); or

(B) the ratio which was in effect at the time that the finding of substantial deficiencies (referred to in subsection (a)) was made; and

(7) provide for the protection of the interests of employees affected by actions under the reduction plan, including—

(A) arrangements to preserve employee rights and benefits;

(B) training and retraining of such employees where necessary;

(C) redeployment of such employees to community settings under the reduction plan; and

(D) making maximum efforts to guarantee the employment of such employees (but this requirement shall not be construed to guarantee the employment of any employee).

(d)(1) The Secretary must provide for a period of not less than 30 days after the submission of a reduction plan by a State, during which comments on such reduction plan may be submitted to the Secretary, before the Secretary approves or disapproves such reduction plan.

(2) If the Secretary approves more than 15 reduction plans under this section in any fiscal year, any reduction plans approved in addition to the first 15 such plans approved, must be for a facility (or part thereof) for which the costs of correcting the substantial deficiencies (referred to in subsection (a)) are $2,000,000 or greater (as demonstrated by the State to the satisfaction of the Secretary).

(e)(1) If the Secretary, at the conclusion of the 6-month plan of correction described in subsection (a)(1), determines that the State has substantially failed to correct the deficiencies described in subsection (a), the Secretary may terminate the facility's provider agreement in accordance with the provisions of section 1910(b).

(2) In the case of a reduction plan described in subsection (a)(2), if the Secretary determines, at the conclusion of the initial 6-month period or any 6-month interval thereafter, that the State has substantially failed to meet the requirements of subsection (c), the Secretary shall—

(A) terminate the facility's provider agreement in accordance with the provisions of section 1910(b); or

(B) if the State has failed to meet such requirements despite good faith efforts, disallow, for purposes of Federal financial participation, an amount equal to 5 percent of the cost of care for all eligible individuals in the facility for each month for which the State fails to meet such requirements.

(f) The provisions of this section shall apply only to plans of correction and reduction plans approved by the Secretary by January 1, 1990.

ADJUSTMENT IN PAYMENT FOR INPATIENT HOSPITAL SERVICES FURNISHED BY DISPROPORTIONATE SHARE HOSPITALS

[1923] Requirements for DSH payments.

SEC. 1923. [42 U.S.C.1396r–4] (a) IMPLEMENTATION OF REQUIREMENT.—

(1) A State plan under this title shall not be considered to meet the requirement of section 1902(a)(13)(A)(iv) (insofar as it requires payments to hospitals to take into account the situation of hospitals which serve a disproportionate number of low income patients with special needs), as of July 1, 1988, unless the State has submitted to the Secretary, by not later than such date, an amendment to such plan that—

(A) specifically defines the hospitals so described (and includes in such definition any disproportionate share hospital described in subsection (b)(1) which meets the requirements of subsection (d)), and

(B) provides, effective for inpatient hospital services provided not later than July 1, 1988, for an appropriate increase in the rate or amount of payment for such services provided by such hospitals, consistent with subsection (c).

(2)(A) In order to be considered to have met such requirement of section 1902(a)(13)(A) as of July 1, 1989, the State must submit to the Secretary by not later than April 1, 1989, the State plan amendment described in paragraph (1), consistent with subsection (c), effective for inpatient hospital services provided on or after July 1, 1989.

(B) In order to be considered to have met such requirement of section 1902(a)(13)(A) as of July 1, 1990, the State must submit to the Secretary by not later than April 1, 1990, the State plan amendment described in paragraph (1), consistent with subsections (c) and (f), effective for inpatient hospital services provided on or after July 1, 1990.

(C) If a State plan under this title provides for payments for inpatient hospital services on a prospective basis (whether per diem, per case, or otherwise), in order for the plan to be considered to have met such requirement of section 1902(a)(13)(A) as of July 1, 1989, the State must submit to the Secretary by not later than April 1, 1989, a State plan amendment that provides, in the case of hospitals defined by the

State as disproportionate share hospitals under paragraph (1)(A), for an outlier adjustment in payment amounts for medically necessary inpatient hospital services provided on or after July 1, 1989, involving exceptionally high costs or exceptionally long lengths of stay for individuals under one year of age.

(D) A State plan under this title shall not be considered to meet the requirements of section 1902(a)(13)(A)(iv) (insofar as it requires payments to hospitals to take into account the situation of hospitals that serve a disproportionate number of low-income patients with special needs), as of October 1, 1998, unless the State has submitted to the Secretary by such date a description of the methodology used by the State to identify and to make payments to disproportionate share hospitals, including children's hospitals, on the basis of the proportion of low-income and medicaid patients (including such patients who receive benefits through a managed care entity) served by such hospitals. The State shall provide an annual report to the Secretary describing the disproportionate share payments to each such disproportionate share hospital.

(3) The Secretary shall, not later than 90 days after the date a State submits an amendment under this subsection, review each such amendment for compliance with such requirement and by such date shall approve or disapprove each such amendment. If the Secretary disapproves such an amendment, the State shall immediately submit a revised amendment which meets such requirement.

(4) The requirement of this subsection may not be waived under section 1915(b)(4).

[(b)] Deemed DSH hospitals must receive DSH payments.

(b) HOSPITALS DEEMED DISPROPORTIONATE SHARE.—

(1) For purposes of subsection (a)(1), a hospital which meets the requirements of subsection (d) is deemed to be a disproportionate share hospital if—

(A) the hospital's medicaid inpatient utilization rate (as defined in paragraph (2)) is at least one standard deviation above the mean medicaid inpatient utilization rate for hospitals receiving medicaid payments in the State; or

(B) the hospital's low-income utilization rate (as defined in paragraph (3)) exceeds 25 percent.

[(b)(2)] Medicaid inpatient utilization rate (MIUR) definition.

(2) For purposes of paragraph (1)(A), the term "medicaid inpatient utilization rate" means, for a hospital, a fraction (expressed as a percentage), the numerator of which is the hospital's number of inpatient days attributable to patients who (for such days) were eligible for medical assistance under a State plan approved under this title in a period (regardless of whether such patients receive medical assistance on a fee-for-service basis or through a managed care entity), and the denominator of which is the total number of the hospital's inpatient days in that period. In this paragraph, the term "inpatient day" includes each day in which an individual (including a newborn) is an inpatient in the hospital, whether or not the individual is in a specialized ward and whether or not the individual remains in the hospital for lack of suitable placement elsewhere.

[(b)(3)] Low-income utiliization rate (LIUR) definition.

(3) For purposes of paragraph (1)(B), the term "low-income utilization rate" means, for a hospital, the sum of—

(A) the fraction (expressed as a percentage)—

(i) the numerator of which is the sum (for a period) of (I) the total revenues paid the hospital for patient services under a State plan under this title (regardless of whether the services were furnished on a fee-for-service basis or through a managed care entity) and (II) the amount of the cash subsidies for patient services received directly from State and local governments, and

(ii) the denominator of which is the total amount of revenues of the hospital for patient services (including the amount of such cash subsidies) in the period; and

(B) a fraction (expressed as a percentage)—

(i) the numerator of which is the total amount of the hospital's charges for inpatient hospital services which are attributable to charity care in a period, less the portion of any cash subsidies described in clause (i)(II) of subparagraph (A) in the period reasonably attributable to inpatient hospital services, and

(ii) the denominator of which is the total amount of the hospital's charges for inpatient hospital services in the hospital in the period.

The numerator under subparagraph (B)(i) shall not include contractual allowances and discounts (other than for indigent patients not eligible for medical assistance under a State plan approved under this title).

(4) The Secretary may not restrict a State's authority to designate hospitals as disproportionate share hospitals under this section. The previous sentence shall not be construed to affect the authority of the Secretary to reduce payments pursuant to section 1903(w)(1)(A)(iii) if the Secretary determines that, as a result of such designations, there is in effect a hold harmless provision described in section 1903(w)(4).

(c) PAYMENT ADJUSTMENT.—Subject to subsections (f) and (g), in order to be consistent with this subsection, a payment adjustment for a disproportionate share hospital must either—

(1) be in an amount equal to at least the product of (A) the amount paid under the State plan to the hospital for operating costs for inpatient hospital services (of the kind described in section 1886(a)(4)), and (B) the hospital's disproportionate share adjustment percentage (established under section 1886(d)(5)(F)(iv));

(2) provide for a minimum specified additional payment amount (or increased percentage payment) and (without regard to whether the hospital is described in subparagraph (A) or (B) of subsection (b)(1)) for an increase in such a payment amount (or percentage payment) in proportion to the percentage by which the hospital's medicaid utilization rate (as defined in subsection (b)(2)) exceeds one standard deviation above the mean medicaid inpatient utilization rate for hospitals receiving

medicaid payments in the State or the hospital's low-income utilization rate (as defined in paragraph (b)(3)); or

(3) provide for a minimum specified additional payment amount (or increased percentage payment) that varies according to type of hospital under a methodology that—

(A) applies equally to all hospitals of each type; and

(B) results in an adjustment for each type of hospital that is reasonably related to the costs, volume, or proportion of services provided to patients eligible for medical assistance under a State plan approved under this title or to low-income patients,

except that, for purposes of paragraphs (1)(B) and (2)(A) of subsection (a), the payment adjustment for a disproportionate share hospital is consistent with this subsection if the appropriate increase in the rate or amount of payment is equal to at least one-third of the increase otherwise applicable under this subsection (in the case of such paragraph (1)(B)) and at least two-thirds of such increase (in the case of such paragraph (2)(A)). In the case of a hospital described in subsection (d)(2)(A)(i) (relating to children's hospitals), in computing the hospital's disproportionate share adjustment percentage for purposes of paragraph (1)(B) of this subsection, the disproportionate patient percentage (defined in section 1886(d)(5)(F)(vi)) shall be computed by substituting for the fraction described in subclause (I) of such section the fraction described in subclause (II) of that section. If a State elects in a State plan amendment under subsection (a) to provide the payment adjustment described in paragraph (2), the State must include in the amendment a detailed description of the specific methodology to be used in determining the specified additional payment amount (or increased percentage payment) to be made to each hospital qualifying for such a payment adjustment and must publish at least annually the name of each hospital qualifying for such a payment adjustment and the amount of such payment adjustment made for each such hospital.

[(d)] Minimum eligibility requirements to receive DSH payments.

(d) REQUIREMENTS TO QUALIFY AS DISPROPORTIONATE SHARE HOSPITAL.—

(1) Except as provided in paragraph (2), no hospital may be defined or deemed as a disproportionate share hospital under a State plan under this title or under subsection (b) of this section unless the hospital has at least 2 obstetricians who have staff privileges at the hospital and who have agreed to provide obstetric services to individuals who are entitled to medical assistance for such services under such State plan.

(2)(A) Paragraph (1) shall not apply to a hospital—

(i) the inpatients of which are predominantly individuals under 18 years of age; or

(ii) which does not offer nonemergency obstetric services to the general population as of the date of the enactment of this Act.

(B) In the case of a hospital located in a rural area (as defined for purposes of section 1886), in paragraph (1) the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures.

(3) No hospital may be defined or deemed as a disproportionate share hospital under a State plan under this title or under subsection (b) or (e) of this section unless the hospital has a medicaid inpatient utilization rate (as defined in subsection (b)(2)) of not less than 1 percent.

(e) SPECIAL RULE.—(1) A State plan shall be considered to meet the requirement of section 1902(a)(13)(A)(iv) (insofar as it requires payments to hospitals to take into account the situation of hospitals which serve a disproportionate number of low income patients with special needs) without regard to the requirement of subsection (a) if (A)(i) the plan provided for payment adjustments based on a pooling arrangement involving a majority of the hospitals participating under the plan for disproportionate share hospitals as of January 1, 1984, or (ii) the plan as of January 1, 1987, provided for payment adjustments based on a statewide pooling arrangement involving all acute care hospitals and the arrangement provides for reimbursement of the total amount of uncompensated care provided by each participating hospital, (B) the aggregate amount of the payment adjustments under the plan for such hospitals is not less than the aggregate amount of such adjustments otherwise required to be made under such subsection, and (C) the plan meets the requirement of subsection (d)(3) and such payment adjustments are made consistent with the last sentence of subsection (c).

(2) In the case of a State that used a health insuring organization before January 1, 1986, to administer a portion of its plan on a state-wide basis, beginning on July 1, 1988—

(A) the requirements of subsections (b) and (c) (other than the last sentence of subsection (c)) shall not apply if the aggregate amount of the payment adjustments under the plan for disproportionate share hospitals (as defined under the State plan) is not less than the aggregate amount of payment adjustments otherwise required to be made if such subsections applied,

(B) subsection (d)(2)(B) shall apply to hospitals located in urban areas, as well as in rural areas,

(C) subsection (d)(3) shall apply, and

(D) subsection (g) shall apply.

[(f)] §701(c)(2) of the Medicare, Medicaid, and CHIP Benefits Improvement and Protection Act of 2000 (BIPA) provides an exception for certain public hospitals with very high low-income utilization rates. §701(d) of BIPA provides additional DSH funding, without regard to allotment limitations, for certain public hospitals.

(f) LIMITATION ON FEDERAL FINANCIAL PARTICIPATION.—

(1) IN GENERAL.—Payment under section 1903(a) shall not be made to a State with respect to any payment adjustment made under this section for hospitals in a State for quarters in a fiscal year in excess of the disproportionate share hospital (in this subsection referred to as "DSH") allotment for the State for the fiscal year, as specified in paragraphs (2), (3), and (7).

(2) STATE DSH ALLOTMENTS FOR FISCAL YEARS 1998 THROUGH 2002.—Subject to paragraph (4), the DSH allotment for a State for each fiscal year during the period beginning with fiscal year 1998 and ending with fiscal year 2002 is determined in accordance with the following table:

[(f)(3)(F)] Provides a counteryclical DSH allotment during the COVID-19 public health emergency. Provision holds providers harmless for the total DSH allotment amount as if FMAP increase under FFCRA did not occur.

(3) STATE DSH ALLOTMENTS FOR FISCAL YEAR 2003 AND THEREAFTER.—

(A) IN GENERAL.—Except as provided in paragraphs (6), (7), and (8) and subparagraphs (E) and (F), the DSH allotment for any State for fiscal year 2003 and each succeeding fiscal year is equal to the DSH allotment for the State for the preceding fiscal year under paragraph (2) or this paragraph, increased, subject to subparagraphs (B) and (C) and paragraph (5), by the percentage change in

the consumer price index for all urban consumers (all items; U.S. city average), for the previous fiscal year.

(B) LIMITATION.—The DSH allotment for a State shall not be increased under subparagraph (A) for a fiscal year to the extent that such an increase would result in the DSH allotment for the year exceeding the greater of—

(i) the DSH allotment for the previous year, or

(ii) 12 percent of the total amount of expenditures under the State plan for medical assistance during the fiscal year.

(C) SPECIAL, TEMPORARY INCREASE IN ALLOTMENTS ON A ONE-TIME, NON-CUMULATIVE BASIS.—The DSH allotment for any State (other than a State with a DSH allotment determined under paragraph (5))—

(i) for fiscal year 2004 is equal to 116 percent of the DSH allotment for the State for fiscal year 2003 under this paragraph, notwithstanding subparagraph (B); and

(ii) for each succeeding fiscal year is equal to the DSH allotment for the State for fiscal year 2004 or, in the case of fiscal years beginning with the fiscal year specified in subparagraph (D) for that State, the DSH allotment for the State for the previous fiscal year increased by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average), for the previous fiscal year.

(D) FISCAL YEAR SPECIFIED.—For purposes of subparagraph (C)(ii), the fiscal year specified in this subparagraph for a State is the first fiscal year for which the Secretary estimates that the DSH allotment for that State will equal (or no longer exceed) the DSH allotment for that State under the law as in effect before the date of the enactment of this subparagraph.

(E) TEMPORARY INCREASE IN ALLOTMENTS DURING RECESSION.—

(i) IN GENERAL.—Subject to clause (ii), the DSH allotment for any State—

(I) for fiscal year 2009 is equal to 102.5 percent of the DSH allotment that would be determined under this paragraph for the State for fiscal year 2009 without application of this subparagraph, notwithstanding subparagraphs (B) and (C);

(II) for fiscal year 2010 is equal to 102.5 percent of the DSH allotment for the State for fiscal year 2009, as determined under subclause (I); and

(III) for each succeeding fiscal year is equal to the DSH allotment for the State under this paragraph determined without applying subclauses (I) and (II).

(ii) APPLICATION.—Clause (i) shall not apply to a State for a year in the case that the DSH allotment for such State for such year under this paragraph determined without applying clause (i) would grow higher than the DSH allotment specified under clause (i) for the State for such year.

(F) ALLOTMENTS DURING THE CORONAVIRUS TEMPORARY MEDICAID FMAP INCREASE.—

(i) IN GENERAL.—Notwithstanding any other provision of this subsection, for any fiscal year for which the Federal medical assistance percentage applicable to expenditures under this section is increased pursuant to section 6008 of the Families First Coronavirus Response Act, the Secretary shall recalculate the annual DSH allotment, including the DSH allotment specified under paragraph (6)(A)(vi), to ensure that the total DSH payments (including both Federal and State shares) that a State may make related to a fiscal year is equal to the total DSH payments that the State could have made for such fiscal year without such increase to the Federal medical assistance percentage.

(ii) NO APPLICATION TO ALLOTMENTS BEGINNING AFTER COVID–19 EMERGENCY PERIOD.—The DSH allotment for any State for the first fiscal year beginning after the end of the emergency period described in section 1135(g)(1)(B) or any succeeding fiscal year shall be determined under this paragraph without regard to the DSH allotments determined under clause (i).

(A) IN GENERAL.—Notwithstanding paragraph (2), the DSH allotment for any State for—

(i) fiscal year 2001, shall be the DSH allotment determined under paragraph (2) for fiscal year 2000 increased, subject to subparagraph (B) and paragraph (5), by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average) for fiscal year 2000; and

(ii) fiscal year 2002, shall be the DSH allotment determined under clause (i) increased, subject to subparagraph (B) and paragraph (5), by the percentage change in the consumer price index for all urban consumers (all items; U.S. city average) for fiscal year 2001.

(B) LIMITATION.—Subparagraph (B) of paragraph (3) shall apply to subparagraph (A) of this paragraph in the same manner as that subparagraph (B) applies to paragraph (3)(A).

pital adjustments under this section for fiscal year 1999, as reported to the Administrator of the Health Care Financing Administration as of August 31, 2000, is greater than 0 but less than 1 percent of the State's total amount of expenditures under the State plan for medical assistance during the fiscal year, the DSH allotment for fiscal year 2001 shall be increased to 1 percent of the State's total amount of expenditures under such plan for such assistance during such fiscal year. In subsequent fiscal years before fiscal year 2004[39], such increased allotment is subject to an increase for inflation as provided in paragraph (3)(A).

(B) FOR FISCAL YEAR 2004 AND SUBSEQUENT FISCAL YEARS.—In the case of a State in which the total expenditures under the State plan (including Federal and State shares) for disproportionate share hospital adjustments under this section for fiscal year 2000, as reported to the Administrator of the Centers for Medicare & Medicaid Services as of August 31, 2003, is greater than 0 but less than 3 percent of the State's total amount of expenditures under the State plan for medical assistance during the fiscal year, the DSH allotment for the State with respect to—

(A) TENNESSEE.—

(i) IN GENERAL.—Only with respect to fiscal year 2007, the DSH allotment for Tennessee for such fiscal year, notwithstanding the table set forth in paragraph (2) or the terms of the TennCare Demonstration Project in effect for the State, shall be the greater of—

(I) the amount that the Secretary determines is equal to the Federal medical assistance percentage component attributable to disproportionate share hospital payment adjustments for the demonstration year ending in 2006 that is reflected in the budget neutrality provision of the TennCare Demonstration Project; and

The Secretary may not approve such plan amendment unless the methodology described in the amendment is consistent with the requirements under this section for making payment adjustments to disproportionate share hospitals. For purposes of demonstrating budget neutrality under the TennCare Demonstration Project, payment adjustments made pursuant to a State plan amendment approved in accordance with this subparagraph shall be considered expenditures under such project.

(III) CERTAIN HOSPITAL PAYMENTS.—The Secretary may not impose a limitation on the total amount of payments made to hospitals under the QUEST section 1115 Demonstration Project except to the extent that such limitation is necessary to ensure that a hospital does not receive payments in excess of the amounts described in subsection (g), or as necessary to ensure that such payments under the waiver and such payments pursuant to the allotment provided in this clause do not, in the aggregate in any year, exceed the amount that the Secretary determines is equal to the Federal medical assistance percentage component attributable to disproportionate share hospital payment adjustments for such year that is reflected in the budget neutrality provision of the QUEST Demonstration Project.

(7) MEDICAID DSH REDUCTIONS.—

[(f)(7)(A)] ACA's DSH reductions have been delayed multiple times since 2016. Under this provision DSH reductions will be in effect only for FYs 2024-2027.

[(f)(7)(B)] Disproportionate share hospital Health Reform Methodology (DHRM).

(B) DSH HEALTH REFORM METHODOLOGY.—The Secretary shall carry out subparagraph (A) through use of a DSH Health Reform methodology that meets the following requirements:

(i) The methodology imposes the largest percentage reductions on the States that—

(I) have the lowest percentages of uninsured individuals (determined on the basis of data from the Bureau of the Census, audited hospital cost reports, and other information likely to yield accurate data) during the most recent year for which such data are available; or

(II) do not target their DSH payments on—

(aa) hospitals with high volumes of Medicaid inpatients (as defined in subsection (b)(1)(A)); and

(bb) hospitals that have high levels of uncompensated care (excluding bad debt).

(ii) The methodology imposes a smaller percentage reduction on low DSH States described in paragraph (5)(B).

(ii) the sum of—

(I) payments under this title (other than under this section) for such services; and

(II) payments by uninsured patients for such services.

(B) INDIVIDUALS DESCRIBED.—For purposes of subparagraph (A), the individuals described in this clause are the following:

(C) EXCLUSION OF CERTAIN PAYMENTS.—For purposes of subparagraph (B)(ii), payments made to a hospital for services provided to indigent patients made by a State or a unit of local government within a State shall not be considered to be a source of third party coverage.

(2) APPLICATION OF LIMITS FOR CERTAIN HOSPITALS.—

(A) IN GENERAL.—A payment adjustment during a fiscal year shall not be considered to be consistent with subsection (c) with respect to a hospital described in subparagraph (B) if the payment adjustment exceeds the higher of—

(i) the amount determined for the hospital and fiscal year under paragraph (1)(A); and

(ii) the amount determined for the hospital under paragraph (1)(A) as in effect on January 1, 2020.

(B) HOSPITALS DESCRIBED.—A hospital is described in this subparagraph for a fiscal year if, for the most recent cost reporting period, the hospital is in at least the 97th percentile of all hospitals with respect to—

(i) the number of inpatient days for such period that were made up of patients who (for such days) were entitled to benefits under part A of title XVIII and were entitled to supplemental security income benefits under title XVI (excluding any State supplementary benefits paid with respect to such patients); or

(ii) the percentage of total inpatient days that were made up of patients who (for such days) were described in clause (i).

[(g)(3)] Under (g)(3) California public hospitals can receive DSH payments that cover 175% of the hospital's uncompensated care costs (See § 4721(g) of BBA 1997, § 701(c)(2) of Appendix F of BIPA)).

(3) CONTINUED APPLICATION OF GRANDFATHERED TRANSITION RULE.—Notwithstanding paragraph (2) of this subsection (as in effect on October 1, 2021), paragraph (2) of this subsection (as in effect on September 30, 2021, and as applied under section 4721(e) of the Balanced Budget Act of 1997, and amended by section 607 of the Medicare, Medicaid, and SCHIP Balanced Budget Refinement Act of 1999 (Public Law 106–113)) shall apply in determining whether a payment adjustment for a hospital in a State referenced in section 4721(e) of

the Balanced Budget Act of 1997 during a State fiscal year shall be considered consistent with subsection (c).

(h) LIMITATION ON CERTAIN STATE DSH EXPENDITURES.—

(1) IN GENERAL.—Payment under section 1903(a) shall not be made to a State with respect to any payment adjustments made under this section for quarters in a fiscal year (beginning with fiscal year 1998) to institutions for mental diseases or other mental health facilities, to the extent the aggregate of such adjustments in the fiscal year exceeds the lesser of the following:

(A) 1995 IMD DSH PAYMENT ADJUSTMENTS.—The total State DSH expenditures that are attributable to fiscal year 1995 for payments to institutions for mental diseases and other mental health facilities (based on reporting data specified by the State on HCFA Form 64 as mental health DSH, and as approved by the Secretary).

(B) APPLICABLE PERCENTAGE OF 1995 TOTAL DSH PAYMENT ALLOTMENT.—The amount of such payment adjustments which are equal to the applicable percentage of the Federal share of payment adjustments made to hospitals in the State under subsection (c) that are attributable to the 1995 DSH allotment for the State for payments to institutions for mental diseases and other mental health facilities (based on reporting data specified by the State on HCFA Form 64 as mental health DSH, and as approved by the Secretary).

(2) APPLICABLE PERCENTAGE.—

(A) IN GENERAL.—For purposes of paragraph (1), the applicable percentage with respect to—

(i) each of fiscal years 1998, 1999, and 2000, is the percentage determined under subparagraph (B); or

(ii) a succeeding fiscal year is the lesser of the percentage determined under subparagraph (B) or the following percentage:

(I) For fiscal year 2001, 50 percent.

(II) For fiscal year 2002, 40 percent.

(III) For each succeeding fiscal year, 33 percent.

(B) 1995 PERCENTAGE.—The percentage determined under this subparagraph is the ratio (determined as a percentage) of—

(i) the Federal share of payment adjustments made to hospitals in the State under subsection (c) that are attributable to the 1995 DSH allotment for the State (as reported by the State not later than January 1, 1997, on HCFA Form 64, and as approved by the Secretary) for payments to institutions for mental diseases and other mental health facilities, to

(ii) the State 1995 DSH spending amount.

(C) STATE 1995 DSH SPENDING AMOUNT.—For purposes of subparagraph (B)(ii), the "State 1995 DSH spending amount", with respect to a State, is the Federal medical assistance percentage (for fiscal year 1995) of the payment adjustments made under subsection (c) under the State plan that are attributable to the fiscal year 1995 DSH allotment for the State (as reported by the State not later than January 1, 1997, on HCFA Form 64, and as approved by the Secretary).

(i) REQUIREMENT FOR DIRECT PAYMENT.—

(1) IN GENERAL.—No payment may be made under section 1903(a)(1) with respect to a payment adjustment made under this section, for services furnished by a hospital on or after October 1, 1997, with respect to individuals eligible for medical assistance under the State plan who are enrolled with a managed care entity (as defined in section 1932(a)(1)(B)) or under any other managed care arrangement unless a payment, equal to the amount of the payment adjustment—

(A) is made directly to the hospital by the State; and

(B) is not used to determine the amount of a prepaid capitation payment under the State plan to the entity or arrangement with respect to such individuals.

(2) EXCEPTION FOR CURRENT ARRANGEMENTS.—Paragraph (1) shall not apply to a payment adjustment provided pursuant to a payment arrangement in effect on July 1, 1997.

(j) ANNUAL REPORTS AND OTHER REQUIREMENTS REGARDING PAYMENT ADJUSTMENTS.—With respect to fiscal year 2004 and each fiscal year thereafter, the Secretary shall require a State, as a condition of receiving a payment under section 1903(a)(1) with respect to a payment adjustment made under this section, to do the following:

[(j)(2)] DSH audit requirements.

(1) REPORT.—The State shall submit an annual report that includes the following:

(A) An identification of each disproportionate share hospital that received a payment adjustment under this section for the preceding fiscal year and the amount of the payment adjustment made to such hospital for the preceding fiscal year.

(B) Such other information as the Secretary determines necessary to ensure the appropriateness of the payment adjustments made under this section for the preceding fiscal year.

(2) INDEPENDENT CERTIFIED AUDIT.—The State shall annually submit to the Secretary an independent certified audit that verifies each of the following:

(A) The extent to which hospitals in the State have reduced their uncompensated care costs to reflect the total amount of claimed expenditures made under this section.

(B) Payments under this section to hospitals that comply with the requirements of subsection (g).

(C) Only the uncompensated care costs of providing inpatient hospital and outpatient hospital services to individuals described in paragraph (1)(A) of such subsection are included in the calculation of the hospital-specific limits under such subsection.

(D) The State included all payments under this title, including supplemental payments, in the calculation of such hospital-specific limits.

(E) The State has separately documented and retained a record of all of its costs under this title, claimed expenditures under this title, uninsured costs in determining payment adjustments under this section, and any payments made on behalf of the uninsured from payment adjustments under this section.

(A) APPLICATION IN STATES OPERATING UNDER DEMONSTRATION PROJECTS.—In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1115, the Secretary shall require the State to meet the requirements of this section in the same manner as the State would be required to meet such requirement if the State had in effect a plan approved under this title.

(B) NO APPLICATION IN COMMONWEALTHS AND TERRITORIES.—This section shall only apply to a State that is one of the 50 States or the District of Columbia.

(5) APPLICATION TO INDIVIDUALS RECEIVING SERVICES UNDER PACE PROGRAMS.—This section applies to individuals receiving institutional or noninstitutional services under a PACE demonstration waiver program (as defined in section 1934(a)(7)) or under a PACE program under section 1934 or 1894.

[(b)] Determining eligibility of institutionalized beneficiary: treatment of community spouse's income.

(b) RULES FOR TREATMENT OF INCOME.—

(1) SEPARATE TREATMENT OF INCOME.—During any month in which an institutionalized spouse is in the institution, except as provided in paragraph (2), no income of the community spouse shall be deemed available to the institutionalized spouse.

(2) ATTRIBUTION OF INCOME.—In determining the income of an institutionalized spouse or community spouse for purposes of the post-eligibility income determination described in

G:\COMP\SSA\SOCIAL SECURITY ACT-TITLE XIXGRANTS TO STATE....XML

subsection (d), except as otherwise provided in this section and regardless of any State laws relating to community property or the division of marital property, the following rules apply:

(A) NON-TRUST PROPERTY.—Subject to subparagraphs (C) and (D), in the case of income not from a trust, unless the instrument providing the income otherwise specifically provides—

(i) if payment of income is made solely in the name of the institutionalized spouse or the community spouse, the income shall be considered available only to that respective spouse;

(ii) if payment of income is made in the names of the institutionalized spouse and the community spouse, one-half of the income shall be considered available to each of them; and

(iii) if payment of income is made in the names of the institutionalized spouse or the community spouse, or both, and to another person or persons, the income shall be considered available to each spouse in proportion to the spouse's interest (or, if payment is made with respect to both spouses and no such interest is specified, one-half of the joint interest shall be considered available to each spouse).

(B) TRUST PROPERTY.—In the case of a trust—

(i) except as provided in clause (ii), income shall be attributed in accordance with the provisions of this title (including sections 1902(a)(17) and 1917(d), and

(ii) income shall be considered available to each spouse as provided in the trust, or, in the absence of a specific provision in the trust—

(I) if payment of income is made solely to the institutionalized spouse or the community spouse, the income shall be considered available only to that respective spouse;

(II) if payment of income is made to both the institutionalized spouse and the community spouse, one-half of the income shall be considered available to each of them; and

(III) if payment of income is made to the institutionalized spouse or the community spouse, or both, and to another person or persons, the income shall be considered available to each spouse in proportion to the spouse's interest (or, if payment is made with respect to both spouses and no such interest is specified, one-half of the joint interest shall be considered available to each spouse).

(C) PROPERTY WITH NO INSTRUMENT.—In the case of income not from a trust in which there is no instrument establishing ownership, subject to subparagraph (D), one-half of the income shall be considered to be available to the institutionalized spouse and one-half to the community spouse.

(D) REBUTTING OWNERSHIP.—The rules of subparagraphs (A) and (C) are superseded to the extent that an institutionalized spouse can establish, by a preponderance of the evidence, that the ownership interests in income are other than as provided under such subparagraphs.

[(c)] Determining eligibility of institutionalized beneficiary: treatment of joint resources with community spouse.

(c) RULES FOR TREATMENT OF RESOURCES.—

(1) COMPUTATION OF SPOUSAL SHARE AT TIME OF INSTITUTIONALIZATION.—

(A) TOTAL JOINT RESOURCES.—There shall be computed (as of the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989) of the institutionalized spouse)—

(i) the total value of the resources to the extent either the institutionalized spouse or the community spouse has an ownership interest, and

(ii) a spousal share which is equal to ½ of such total value.

(B) ASSESSMENT.—At the request of an institutionalized spouse or community spouse, at the beginning of the first continuous period of institutionalization (beginning on or after September 30, 1989) of the institutionalized spouse and upon the receipt of relevant documentation of resources, the State shall promptly assess and document the total value described in subparagraph (A)(i) and shall provide a copy of such assessment and documentation to each spouse and shall retain a copy of the assessment for use under this section. If the request is not part of an application for medical assistance under this title, the State may, at its option as a condition of providing the assessment, require payment of a fee not exceeding the reasonable expenses of providing and documenting the assessment. At the time of providing the copy of the assessment, the State shall include a notice indicating that the spouse will have a right to a fair hearing under subsection (e)(2).

(2) ATTRIBUTION OF RESOURCES AT TIME OF INITIAL ELIGIBILITY DETERMINATION.—In determining the resources of an institutionalized spouse at the time of application for benefits under this title, regardless of any State laws relating to community property or the division of marital property—

(A) except as provided in subparagraph (B), all the resources held by either the institutionalized spouse, community spouse, or both, shall be considered to be available to the institutionalized spouse, and

(B) resources shall be considered to be available to an institutionalized spouse, but only to the extent that the amount of such resources exceeds the amount computed under subsection (f)(2)(A) (as of the time of application for benefits).

(3) ASSIGNMENT OF SUPPORT RIGHTS.—The institutionalized spouse shall not be ineligible by reason of resources determined under paragraph (2) to be available for the cost of care where—

(A) the institutionalized spouse has assigned to the State any rights to support from the community spouse;

(B) the institutionalized spouse lacks the ability to execute an assignment due to physical or mental impairment but the State has the right to bring a support proceeding against a community spouse without such assignment; or

(C) the State determines that denial of eligibility would work an undue hardship.

(4) SEPARATE TREATMENT OF RESOURCES AFTER ELIGIBILITY FOR BENEFITS ESTABLISHED.—During the continuous period in which an institutionalized spouse is in an institution and after the month in which an institutionalized spouse is determined to be eligible for benefits under this title, no resources of the community spouse shall be deemed available to the institutionalized spouse.

(5) RESOURCES DEFINED.—In this section, the term "resources" does not include—

(A) resources excluded under subsection (a) or (d) of section 1613, and

(B) resources that would be excluded under section 1613(a)(2)(A) but for the limitation on total value described in such section.

[(d)] Protections against impoverishment of community spouse.

(d) PROTECTING INCOME FOR COMMUNITY SPOUSE.—

(1) ALLOWANCES TO BE OFFSET FROM INCOME OF INSTITUTIONALIZED SPOUSE.—After an institutionalized spouse is determined or redetermined to be eligible for medical assistance, in determining the amount of the spouse's income that is to be applied monthly to payment for the costs of care in the institution, there shall be deducted from the spouse's monthly income the following amounts in the following order:

(A) A personal needs allowance (described in section 1902(q)(1)), in an amount not less than the amount specified in section 1902(q)(2).

(B) A community spouse monthly income allowance (as defined in paragraph (2)), but only to the extent income of the institutionalized spouse is made available to (or for the benefit of) the community spouse.

(C) A family allowance, for each family member, equal to at least ⅓ of the amount by which the amount described in paragraph (3)(A)(i) exceeds the amount of the monthly income of that family member.

(D) Amounts for incurred expenses for medical or remedial care for the institutionalized spouse (as provided under section 1902(r)).

In subparagraph (C), the term "family member" only includes minor or dependent children, dependent parents, or dependent siblings of the institutionalized or community spouse who are residing with the community spouse.

(2) COMMUNITY SPOUSE MONTHLY INCOME ALLOWANCE DEFINED.—In this section (except as provided in paragraph (5)), the "community spouse monthly income allowance" for a community spouse is an amount by which—

(A) except as provided in subsection (e), the minimum monthly maintenance needs allowance (established under

and in accordance with paragraph (3)) for the spouse, exceeds

(B) the amount of monthly income otherwise available to the community spouse (determined without regard to such an allowance).

(3) ESTABLISHMENT OF MINIMUM MONTHLY MAINTENANCE NEEDS ALLOWANCE.—

(A) IN GENERAL.—Each State shall establish a minimum monthly maintenance needs allowance for each community spouse which, subject to subparagraph (C), is equal to or exceeds—

(i) the applicable percent (described in subparagraph (B)) of 1/12 of the income official poverty line (defined by the Office of Management and Budget and revised annually in accordance with section 673(2)) for a family unit of 2 members; plus

(ii) an excess shelter allowance (as defined in paragraph (4)).

A revision of the official poverty line referred to in clause (i) shall apply to medical assistance furnished during and after the second calendar quarter that begins after the date of publication of the revision.

(B) APPLICABLE PERCENT.—For purposes of subparagraph (A)(i), the "applicable percent" described in this paragraph, effective as of—

(i) September 30, 1989, is 122 percent,

(ii) July 1, 1991, is 133 percent, and

(iii) July 1, 1992, is 150 percent.

(C) CAP ON MINIMUM MONTHLY MAINTENANCE NEEDS ALLOWANCE.—The minimum monthly maintenance needs allowance established under subparagraph (A) may not exceed $1,500 (subject to adjustment under subsections (e) and (g)).

(4) EXCESS SHELTER ALLOWANCE DEFINED.—In paragraph (3)(A)(ii), the term "excess shelter allowance" means, for a community spouse, the amount by which the sum of—

(A) the spouse's expenses for rent or mortgage payment (including principal and interest), taxes and insurance and, in the case of a condominium or cooperative, required maintenance charge, for the community spouse's principal residence, and

(B) the standard utility allowance (used by the State under section 5(e) of the Food and Nutrition Act of 2008) or, if the State does not use such an allowance, the spouse's actual utility expenses,

exceeds 30 percent of the amount described in paragraph (3)(A)(i), except that, in the case of a condominium or cooperative, for which a maintenance charge is included under subparagraph (A), any allowance under subparagraph (B) shall be reduced to the extent the maintenance charge includes utility expenses.

(5) COURT ORDERED SUPPORT.—If a court has entered an order against an institutionalized spouse for monthly income for the support of the community spouse, the community

spouse monthly income allowance for the spouse shall be not less than the amount of the monthly income so ordered.

(6) APPLICATION OF "INCOME FIRST" RULE TO REVISION OF COMMUNITY SPOUSE RESOURCE ALLOWANCE.—For purposes of this subsection and subsections (c) and (e), a State must consider that all income of the institutionalized spouse that could be made available to a community spouse, in accordance with the calculation of the community spouse monthly income allowance under this subsection, has been made available before the State allocates to the community spouse an amount of resources adequate to provide the difference between the minimum monthly maintenance needs allowance and all income available to the community spouse.

(e) NOTICE AND FAIR HEARING.—

(1) NOTICE.—Upon—

(A) a determination of eligibility for medical assistance of an institutionalized spouse, or

(B) a request by either the institutionalized spouse, or the community spouse, or a representative acting on behalf of either spouse,

each State shall notify both spouses (in the case described in subparagraph (A)) or the spouse making the request (in the case described in subparagraph (B)) of the amount of the community spouse monthly income allowance (described in subsection (d)(1)(B)), of the amount of any family allowances (described in subsection (d)(1)(C)), of the method for computing the amount of the community spouse resources allowance permitted under subsection (f), and of the spouse's right to a fair hearing under this subsection respecting ownership or availability of income or resources, and the determination of the community spouse monthly income or resource allowance.

(2) FAIR HEARING.—

(A) IN GENERAL.—If either the institutionalized spouse or the community spouse is dissatisfied with a determination of—

(i) the community spouse monthly income allowance;

(ii) the amount of monthly income otherwise available to the community spouse (as applied under subsection (d)(2)(B));

(iii) the computation of the spousal share of resources under subsection (c)(1);

(iv) the attribution of resources under subsection (c)(2); or

(v) the determination of the community spouse resource allowance (as defined in subsection (f)(2));

such spouse is entitled to a fair hearing described in section 1902(a)(3) with respect to such determination if an application for benefits under this title has been made on behalf of the institutionalized spouse. Any such hearing respecting the determination of the community spouse resource allowance shall be held within 30 days of the date of the request for the hearing.

(B) REVISION OF MINIMUM MONTHLY MAINTENANCE NEEDS ALLOWANCE.—If either such spouse establishes that the community spouse needs income, above the level otherwise provided by the minimum monthly maintenance needs allowance, due to exceptional circumstances resulting in significant financial duress, there shall be substituted, for the minimum monthly maintenance needs allowance in subsection (d)(2)(A), an amount adequate to provide such additional income as is necessary.

(C) REVISION OF COMMUNITY SPOUSE RESOURCE ALLOWANCE.—If either such spouse establishes that the community spouse resource allowance (in relation to the amount of income generated by such an allowance) is inadequate to raise the community spouse's income to the minimum monthly maintenance needs allowance, there shall be substituted, for the community spouse resource allowance under subsection (f)(2), an amount adequate to provide such a minimum monthly maintenance needs allowance.

[(f)] Allowable transfers of resources to community spouse.

(f) PERMITTING TRANSFER OF RESOURCES TO COMMUNITY SPOUSE.—

(1) IN GENERAL.—An institutionalized spouse may, without regard to section 1917(c)(1), transfer an amount equal to the community spouse resource allowance (as defined in paragraph (2)), but only to the extent the resources of the institutionalized spouse are transferred to (or for the sole benefit of) the community spouse. The transfer under the preceding sentence shall be made as soon as practicable after the date of the initial determination of eligibility, taking into account such time as may be necessary to obtain a court order under paragraph (3).

(2) COMMUNITY SPOUSE RESOURCE ALLOWANCE DEFINED.—In paragraph (1), the "community spouse resource allowance" for a community spouse is an amount (if any) by which—

(A) the greatest of—

(i) $12,000 (subject to adjustment under subsection (g)), or, if greater (but not to exceed the amount specified in clause (ii)(II)) an amount specified under the State plan,

(ii) the lesser of (I) the spousal share computed under subsection (c)(1), or (II) $60,000 (subject to adjustment under subsection (g)),

(iii) the amount established under subsection (e)(2); or

(iv) the amount transferred under a court order under paragraph (3);

exceeds

(B) the amount of the resources otherwise available to the community spouse (determined without regard to such an allowance).

(3) TRANSFERS UNDER COURT ORDERS.—If a court has entered an order against an institutionalized spouse for the support of the community spouse, section 1917 shall not apply to amounts of resources transferred pursuant to such order for

the support of the spouse or a family member (as defined in subsection (d)(1)).

(g) INDEXING DOLLAR AMOUNTS.—For services furnished during a calendar year after 1989, the dollar amounts specified in subsections (d)(3)(C), (f)(2)(A)(i), and (f)(2)(A)(ii)(II) shall be increased by the same percentage as the percentage increase in the consumer price index for all urban consumers (all items; U.S. city average) between September 1988 and the September before the calendar year involved.

[(h)(1)(A)] § 2404 of ACA (as most recently amended by § 5115 of division FF of PL 117-328), protects through 09/30/27 recipients of HCBS against spousal impoverishment.

(h) DEFINITIONS.—In this section:

(1) The term "institutionalized spouse" means an individual who—

(A) is in a medical institution or nursing facility or who (at the option of the State) is described in section 1902(a)(10)(A)(ii)(VI), and

(B) is married to a spouse who is not in a medical institution or nursing facility;

but does not include any such individual who is not likely to meet the requirements of subparagraph (A) for at least 30 consecutive days.

(2) The term "community spouse" means the spouse of an institutionalized spouse.

EXTENSION OF ELIGIBILITY FOR MEDICAL ASSISTANCE

[1925] TMA; made permanent under MACRA.

SEC. 1925. [42 U.S.C. 1396r–6] (a) INITIAL 6-MONTH EXTENSION.—

(1) REQUIREMENT.—

(A) IN GENERAL.—Notwithstanding any other provision of this title but subject to subparagraph (B) and paragraph (5), each State plan approved under this title must provide that each family which was receiving aid pursuant to a plan of the State approved under part A of title IV in at least 3 of the 6 months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of, or income from, employment of the caretaker relative (as defined in subsection (e)) or because of section 402(a)(8)(B)(ii)(II) (providing for a time-limited earned income disregard), shall, subject to paragraph (3) and without any reapplication for benefits under the plan, remain eligible for assistance under the plan approved under this title during the immediately succeeding 6-month period in accordance with this subsection.

(B) STATE OPTION TO WAIVE REQUIREMENT FOR 3 MONTHS BEFORE RECEIPT OF MEDICAL ASSISTANCE.—A State may, at its option, elect also to apply subparagraph (A) in the case of a family that was receiving such aid for fewer than three months or that had applied for and was eligible for such aid for fewer than 3 months during the 6 immediately preceding months described in such subparagraph.

(2) NOTICE OF BENEFITS.—Each State, in the notice of termination of aid under part A of title IV sent to a family meeting the requirements of paragraph (1)—

(A) shall notify the family of its right to extended medical assistance under this subsection and include in the notice a description of the reporting requirement of subsection (b)(2)(B)(i) and of the circumstances (described in paragraph (3)) under which such extension may be terminated; and

(B) shall include a card or other evidence of the family's entitlement to assistance under this title for the period provided in this subsection.

(3) TERMINATION OF EXTENSION.—

(A) NO DEPENDENT CHILD.—Subject to subparagraphs (B) and (C), extension of assistance during the 6-month period described in paragraph (1) to a family shall terminate (during such period) at the close of the first month in which the family ceases to include a child, whether or not the child is (or would if needy be) a dependent child under part A of title IV.

(B) NOTICE BEFORE TERMINATION.—No termination of assistance shall become effective under subparagraph (A) until the State has provided the family with notice of the grounds for the termination.

(C) CONTINUATION IN CERTAIN CASES UNTIL REDETERMINATION.—With respect to a child who would cease to receive medical assistance because of subparagraph (A) but who may be eligible for assistance under the State plan because the child is described in clause (i) of section 1905(a) or clause (i)(IV), (i)(VI), (i)(VII), or (ii)(IX) of section 1902(a)(10)(A), the State may not discontinue such assistance under such subparagraph until the State has determined that the child is not eligible for assistance under the plan.

(4) SCOPE OF COVERAGE.—

(A) IN GENERAL.—Subject to subparagraph (B), during the 6-month extension period under this subsection, the amount, duration, and scope of medical assistance made available with respect to a family shall be the same as if the family were still receiving aid under the plan approved under part A of title IV.

(B) STATE MEDICAID "WRAP-AROUND" OPTION.—A State, at its option, may pay a family's expenses for premiums, deductibles, coinsurance, and similar costs for health insurance or other health coverage offered by an employer of the caretaker relative or by an employer of the absent parent of a dependent child. In the case of such coverage offered by an employer of the caretaker relative—

(i) the State may require the caretaker relative, as a condition of extension of coverage under this subsection for the caretaker and the caretaker's family, to make application for such employer coverage, but only if—

(I) the caretaker relative is not required to make financial contributions for such coverage (whether through payroll deduction, payment of deductibles, coinsurance, or similar costs, or otherwise), and

(II) the State provides, directly or otherwise, for payment of any of the premium amount, deductible, coinsurance, or similar expense that the employee is otherwise required to pay; and

(ii) the State shall treat the coverage under such an employer plan as a third party liability (under section 1902(a)(25)).

Payments for premiums, deductibles, coinsurance, and similar expenses under this subparagraph shall be considered, for purposes of section 1903(a), to be payments for medical assistance.

[(a)(5)] Requirement for 340B agreement.

(5) OPTION OF 12-MONTH INITIAL ELIGIBILITY PERIOD.—A State may elect to treat any reference in this subsection to a 6-month period (or 6 months) as a reference to a 12-month period (or 12 months). In the case of such an election, subsection (b) shall not apply.

(b) ADDITIONAL 6-MONTH EXTENSION.—

(1) REQUIREMENT.—Notwithstanding any other provision of this title but subject to subsection (a)(5), each State plan approved under this title shall provide that the State shall offer to each family, which has received assistance during the entire 6-month period under subsection (a) and which meets the requirement of paragraph (2)(B)(i), in the last month of the period the option of extending coverage under this subsection for the succeeding 6-month period, subject to paragraph (3).

(2) NOTICE AND REPORTING REQUIREMENTS.—

(A) NOTICES.—

(i) NOTICE DURING INITIAL EXTENSION PERIOD OF OPTION AND REQUIREMENTS.—Each State, during the 3rd and 6th month of any extended assistance furnished to a family under subsection (a), shall notify the family of the family's option for additional extended assistance under this subsection. Each such notice shall include (I) in the 3rd month notice, a statement of the reporting requirement under subparagraph (B)(i), and, in the 6th month notice, a statement of the reporting requirement under subparagraph (B)(ii), (II) a statement as to whether any premiums are required for such additional extended assistance, and (III) a description of other out-of-pocket expenses, benefits, reporting and payment procedures, and any pre-existing condition limitations, waiting periods, or other coverage limitations imposed under any alternative coverage options offered under paragraph (4)(D). The 6th month notice under this subparagraph shall describe the amount of any premium required of a particular family for each of the first 3 months of additional extended assistance under this subsection.

(ii) NOTICE DURING ADDITIONAL EXTENSION PERIOD OF REPORTING REQUIREMENTS AND PREMIUMS.—Each State, during the 3rd month of any additional extended assistance furnished to a family under this

subsection, shall notify the family of the reporting requirement under subparagraph (B)(ii) and a statement of the amount of any premium required for such extended assistance for the succeeding 3 months.

(B) REPORTING REQUIREMENTS.—

(i) DURING INITIAL EXTENSION PERIOD.—Each State shall require (as a condition for additional extended assistance under this subsection) that a family receiving extended assistance under subsection (a) report to the State, not later than the 21st day of the 4th month in the period of extended assistance under subsection (a), on the family's gross monthly earnings and on the family's costs for such child care as is necessary for the employment of the caretaker relative in each of the first 3 months of that period. A State may permit such additional extended assistance under this subsection notwithstanding a failure to report under this clause if the family has established, to the satisfaction of the State, good cause for the failure to report on a timely basis.

(ii) DURING ADDITIONAL EXTENSION PERIOD.—Each State shall require that a family receiving extended assistance under this subsection report to the State, not later than the 21st day of the 1st month and of the 4th month in the period of additional extended assistance under this subsection, on the family's gross monthly earnings and on the family's costs for such child care as is necessary for the employment of the caretaker relative in each of the 3 preceding months.

(iii) CLARIFICATION ON FREQUENCY OF REPORTING.—A State may not require that a family receiving extended assistance under this subsection or subsection (a) report more frequently than as required under clause (i) or (ii).

(3) TERMINATION OF EXTENSION.—

(A) IN GENERAL.—Subject to subparagraphs (B) and (C), extension of assistance during the 6-month period described in paragraph (1) to a family shall terminate (during the period) as follows:

(i) NO DEPENDENT CHILD.—The extension shall terminate at the close of the first month in which the family ceases to include a child, whether or not the child is (or would if needy be) a dependent child under part A of title IV.

(ii) FAILURE TO PAY ANY PREMIUM.—If the family fails to pay any premium for a month under paragraph (5) by the 21st day of the following month, the extension shall terminate at the close of that following month, unless the family has established, to the satisfaction of the State, good cause for the failure to pay such premium on a timely basis.

(iii) QUARTERLY INCOME REPORTING AND TEST.—The extension under this subsection shall terminate at the close of the 1st or 4th month of the 6-month period if—

(I) the family fails to report to the State, by the 21st day of such month, the information required under paragraph (2)(B)(ii), unless the family has established, to the satisfaction of the State, good cause for the failure to report on a timely basis;

(II) the caretaker relative had no earnings in one or more of the previous 3 months, unless such lack of any earnings was due to an involuntary loss of employment, illness, or other good cause, established to the satisfaction of the State; or

(III) the State determines that the family's average gross monthly earnings (less such costs for such child care as is necessary for the employment of the caretaker relative) during the immediately preceding 3-month period exceed 185 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

Information described in clause (iii)(I) shall be subject to the restrictions on use and disclosure of information provided under section 402(a)(9). Instead of terminating a family's extension under clause (iii)(I), a State, at its option, may provide for suspension of the extension until the month after the month in which the family reports information required under paragraph (2)(B)(ii), but only if the family's extension has not otherwise been terminated under subclause (II) or (III) of clause (iii). The State shall make determinations under clause (iii)(III) for a family each time a report under paragraph (2)(B)(ii) for the family is received.

(B) NOTICE BEFORE TERMINATION.—No termination of assistance shall become effective under subparagraph (A) until the State has provided the family with notice of the grounds for the termination, which notice shall include (in the case of termination under subparagraph (A)(iii)(II), relating to no continued earnings) a description of how the family may reestablish eligibility for medical assistance under the State plan. No such termination shall be effective earlier than 10 days after the date of mailing of such notice.

(C) CONTINUATION IN CERTAIN CASES UNTIL REDETERMINATION.—

(i) DEPENDENT CHILDREN.—With respect to a child who would cease to receive medical assistance because of subparagraph (A)(i) but who may be eligible for assistance under the State plan because the child is described in clause (i) of section 1905(a) or clause (i)(IV), (i)(VI), (i)(VII), or (ii)(IX) of section 1902(a)(10)(A), the State may not discontinue such assistance under such

subparagraph until the State has determined that the child is not eligible for assistance under the plan.

(ii) MEDICALLY NEEDY.—With respect to an individual who would cease to receive medical assistance because of clause (ii) or (iii) of subparagraph (A) but who may be eligible for assistance under the State plan because the individual is within a category of person for which medical assistance under the State plan is available under section 1902(a)(10)(C) (relating to medically needy individuals), the State may not discontinue such assistance under such subparagraph until the State has determined that the individual is not eligible for assistance under the plan.

(4) COVERAGE.—

(A) IN GENERAL.—During the extension period under this subsection—

(i) the State plan shall offer to each family medical assistance which (subject to subparagraphs (B) and (C)) is the same amount, duration, and scope as would be made available to the family if it were still receiving aid under the plan approved under part A of title IV; and

(ii) the State plan may offer alternative coverage described in subparagraph (D).

(B) ELIMINATION OF MOST NON-ACUTE CARE BENEFITS.—At a State's option and notwithstanding any other provision of this title, a State may choose not to provide medical assistance under this subsection with respect to any (or all) of the items and services described in paragraphs (4)(A), (6), (7), (8), (11), (13), (14), (15), (16), (18), (20), and (21) of section 1905(a).

(C) STATE MEDICAID "WRAP-AROUND" OPTION.—At a State's option, the State may elect to apply the option described in subsection (a)(4)(B) (relating to "wrap-around" coverage) for families electing medical assistance under this subsection in the same manner as such option applies to families provided extended eligibility for medical assistance under subsection (a).

(D) ALTERNATIVE ASSISTANCE.—At a State's option, the State may offer families a choice of health care coverage under one or more of the following, instead of the medical assistance otherwise made available under this subsection:

(i) ENROLLMENT IN FAMILY OPTION OF EMPLOYER PLAN.—Enrollment of the caretaker relative and dependent children in a family option of the group health plan offered to the caretaker relative.

(ii) ENROLLMENT IN FAMILY OPTION OF STATE EMPLOYEE PLAN.—Enrollment of the caretaker relative and dependent children in a family option within the options of the group health plan or plans offered by the State to State employees.

(iii) ENROLLMENT IN STATE UNINSURED PLAN.—Enrollment of the caretaker relative and dependent children in a basic State health plan offered by the State

to individuals in the State (or areas of the State) otherwise unable to obtain health insurance coverage.

(iv) ENROLLMENT IN MEDICAID MANAGED CARE ORGANIZATION.—Enrollment of the caretaker relative and dependent children in a medicaid managed care organization (as defined in section 1903(m)(1)(A)) and the applicable requirements of section 1932.

If a State elects to offer an option to enroll a family under this subparagraph, the State shall pay any premiums and other costs for such enrollment imposed on the family and may pay deductibles and coinsurance imposed on the family. A State's payment of premiums for the enrollment of families under this subparagraph (not including any premiums otherwise payable by an employer and less the amount of premiums collected from such families under paragraph (5)) and payment of any deductibles and coinsurance shall be considered, for purposes of section 1903(a)(1), to be payments for medical assistance.

(E) PROHIBITION ON COST-SHARING FOR MATERNITY AND PREVENTIVE PEDIATRIC CARE.—

(i) IN GENERAL.—If a State offers any alternative option under subparagraph (D) for families, under each such option the State must assure that care described in clause (ii) is available without charge to the families through—

(I) payment of any deductibles, coinsurance, and other cost-sharing respecting such care, or

(II) providing coverage under the State plan for such care without any cost-sharing,

or any combination of such mechanisms.

(ii) CARE DESCRIBED.—The care described in this clause consists of—

(I) services related to pregnancy (including prenatal, delivery, and post partum services), and

(II) ambulatory preventive pediatric care (including ambulatory early and periodic screening, diagnosis, and treatment services under section 1905(a)(4)(B)) for each child who meets the age and date of birth requirements to be a qualified child under section 1905(n)(2).

(5) PREMIUM.—

(A) PERMITTED.—Notwithstanding any other provision of this title (including section 1916), a State may impose a premium for a family for additional extended coverage under this subsection for a premium payment period (as defined in subparagraph (D)(i)), but only if the family's average gross monthly earnings (less the average monthly costs for such child care as is necessary for the employment of the caretaker relative) for the premium base period exceed 100 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

(B) LEVEL MAY VARY BY OPTION OFFERED.—The level of such premium may vary, for the same family, for each option offered by a State under paragraph (4)(D).

(C) LIMIT ON PREMIUM.—In no case may the amount of any premium under this paragraph for a family for a month in either of the premium payment periods described in subparagraph (D)(i) exceed 3 percent of the family's average gross monthly earnings (less the average monthly costs for such child care as is necessary for the employment of the caretaker relative) during the premium base period (as defined in subparagraph (D)(ii)).

(D) DEFINITIONS.—In this paragraph:

PAYMENT FOR COVERED OUTPATIENT DRUGS

SEC. 1927. [42 U.S.C. 1396r–8] (a) REQUIREMENT FOR REBATE AGREEMENT.—

[(a)] Drug manufacturer must provide rebates in order for its outpatient products to be eligible for federal match.

(1) IN GENERAL.—In order for payment to be available under section 1903(a) or under part B of title XVIII for covered outpatient drugs of a manufacturer, the manufacturer must have entered into and have in effect a rebate agreement described in subsection (b) with the Secretary, on behalf of States (except that, the Secretary may authorize a State to enter directly into agreements with a manufacturer), and must meet the requirements of paragraph (5) (with respect to drugs purchased by a covered entity on or after the first day of the first month that begins after the date of the enactment of title VI of the Veterans Health Care Act of 1992) and paragraph (6). Any agreement between a State and a manufacturer prior to April 1, 1991, shall be deemed to have been entered into on January 1, 1991, and payment to such manufacturer shall be retroactively calculated as if the agreement between the manufacturer and the State had been entered into on January 1, 1991. If a manufacturer has not entered into such an agreement before March 1, 1991, such an agreement, subsequently entered into, shall become effective as of the date on which the agreement is entered into or, at State option, on any date thereafter on or before the first day of the calendar quarter that begins more than 60 days after the date the agreement is entered into.

(2) EFFECTIVE DATE.—Paragraph (1) shall first apply to drugs dispensed under this title on or after January 1, 1991.

[(a)(3)] Exception for "essential" drugs.

(3) AUTHORIZING PAYMENT FOR DRUGS NOT COVERED UNDER REBATE AGREEMENTS.—Paragraph (1), and section 1903(i)(10)(A), shall not apply to the dispensing of a single source drug or innovator multiple source drug if (A)(i) the State has made a determination that the availability of the drug is essential to the health of beneficiaries under the State plan for medical assistance; (ii) such drug has been given a rating of 1-A by the Food and Drug Administration; and (iii)(I) the physician has obtained approval for use of the drug in advance of its dispensing in accordance with a prior authorization program described in subsection (d), or (II) the Secretary has reviewed and approved the State's determination under subpara-

graph (A); or (B) the Secretary determines that in the first calendar quarter of 1991, there were extenuating circumstances. The preceding sentence shall not apply to a single source drug or innovator multiple source drug of a manufacturer for any period described in section 5000D(c)(1) of the Internal Revenue Code of 1986 with respect to the manufacturer.

(4) EFFECT ON EXISTING AGREEMENTS.—In the case of a rebate agreement in effect between a State and a manufacturer on the date of the enactment of this section, such agreement, for the initial agreement period specified therein, shall be considered to be a rebate agreement in compliance with this section with respect to that State, if the State agrees to report to the Secretary any rebates paid pursuant to the agreement and such agreement provides for a minimum aggregate rebate of 10 percent of the State's total expenditures under the State plan for coverage of the manufacturer's drugs under this title. If, after the initial agreement period, the State establishes to the satisfaction of the Secretary that an agreement in effect on the date of the enactment of this section provides for rebates that are at least as large as the rebates otherwise required under this section, and the State agrees to report any rebates under the agreement to the Secretary, the agreement shall be considered to be a rebate agreement in compliance with the section for the renewal periods of such agreement.

(5) LIMITATION ON PRICES OF DRUGS PURCHASED BY COVERED ENTITIES.—

(A) AGREEMENT WITH SECRETARY.—A manufacturer meets the requirements of this paragraph if the manufacturer has entered into an agreement with the Secretary that meets the requirements of section 340B of the Public Health Service Act with respect to covered outpatient drugs purchased by a covered entity on or after the first day of the first month that begins after the date of the enactment of this paragraph.

[(a)(5)(C)] Drugs purchased through 340B program do not receive rebates.

(B) COVERED ENTITY DEFINED.—In this subsection, the term "covered entity" means an entity described in section 340B(a)(4) of the Public Health Service Act.

(C) ESTABLISHMENT OF ALTERNATIVE MECHANISM TO ENSURE AGAINST DUPLICATE DISCOUNTS OR REBATES.—If the Secretary does not establish a mechanism under section 340B(a)(5)(A) of the Public Health Service Act within 12 months of the date of the enactment of such section, the following requirements shall apply:

(i) ENTITIES.—Each covered entity shall inform the single State agency under section 1902(a)(5) when it is seeking reimbursement from the State plan for medical assistance described in section 1905(a)(12) with respect to a unit of any covered outpatient drug which is subject to an agreement under section 340B(a) of such Act.

(ii) STATE AGENCY.—Each such single State agency shall provide a means by which a covered entity shall indicate on any drug reimbursement claims form (or format, where electronic claims management is

used) that a unit of the drug that is the subject of the form is subject to an agreement under section 340B of such Act, and not submit to any manufacturer a claim for a rebate payment under subsection (b) with respect to such a drug.

(D) EFFECT OF SUBSEQUENT AMENDMENTS.—In determining whether an agreement under subparagraph (A) meets the requirements of section 340B of the Public Health Service Act, the Secretary shall not take into account any amendments to such section that are enacted after the enactment of title VI of the Veterans Health Care Act of 1992.

(E) DETERMINATION OF COMPLIANCE.—A manufacturer is deemed to meet the requirements of this paragraph if the manufacturer establishes to the satisfaction of the Secretary that the manufacturer would comply (and has offered to comply) with the provisions of section 340B of the Public Health Service Act (as in effect immediately after the enactment of this paragraph, and would have entered into an agreement under such section (as such section was in effect at such time), but for a legislative change in such section after the date of the enactment of this paragraph.

[(a)(6)] Requirement for Veterans Affairs master agreement.

(6) REQUIREMENTS RELATING TO MASTER AGREEMENTS FOR DRUGS PROCURED BY DEPARTMENT OF VETERANS AFFAIRS AND CERTAIN OTHER FEDERAL AGENCIES.—

(A) IN GENERAL.—A manufacturer meets the requirements of this paragraph if the manufacturer complies with the provisions of section 8126 of title 38, United States Code, including the requirement of entering into a master agreement with the Secretary of Veterans Affairs under such section.

(B) EFFECT OF SUBSEQUENT AMENDMENTS.—In determining whether a master agreement described in subparagraph (A) meets the requirements of section 8126 of title 38, United States Code, the Secretary shall not take into account any amendments to such section that are enacted after the enactment of title VI of the Veterans Health Care Act of 1992.

(C) DETERMINATION OF COMPLIANCE.—A manufacturer is deemed to meet the requirements of this paragraph if the manufacturer establishes to the satisfaction of the Secretary that the manufacturer would comply (and has offered to comply) with the provisions of section 8126 of title 38, United States Code (as in effect immediately after the enactment of this paragraph) and would have entered into an agreement under such section (as such section was in effect at such time), but for a legislative change in such section after the date of the enactment of this paragraph.

[(a)(7)] Data collection to ensure rebates for physician-administered drugs.

(7) REQUIREMENT FOR SUBMISSION OF UTILIZATION DATA FOR CERTAIN PHYSICIAN ADMINISTERED DRUGS.—

(A) SINGLE SOURCE DRUGS.—In order for payment to be available under section 1903(a) for a covered outpatient drug that is a single source drug that is physician admin-

istered under this title (as determined by the Secretary), and that is administered on or after January 1, 2006, the State shall provide for the collection and submission of such utilization data and coding (such as J-codes and National Drug Code numbers) for each such drug as the Secretary may specify as necessary to identify the manufacturer of the drug in order to secure rebates under this section for drugs administered for which payment is made under this title.

(B) MULTIPLE SOURCE DRUGS.—

(i) IDENTIFICATION OF MOST FREQUENTLY PHYSICIAN ADMINISTERED MULTIPLE SOURCE DRUGS.—Not later than January 1, 2007, the Secretary shall publish a list of the 20 physician administered multiple source drugs that the Secretary determines have the highest dollar volume of physician administered drugs dispensed under this title. The Secretary may modify such list from year to year to reflect changes in such volume.

(ii) REQUIREMENT.—In order for payment to be available under section 1903(a) for a covered outpatient drug that is a multiple source drug that is physician administered (as determined by the Secretary), that is on the list published under clause (i), and that is administered on or after January 1, 2008, the State shall provide for the submission of such utilization data and coding (such as J-codes and National Drug Code numbers) for each such drug as the Secretary may specify as necessary to identify the manufacturer of the drug in order to secure rebates under this section.

(C) USE OF NDC CODES.—Not later than January 1, 2007, the information shall be submitted under subparagraphs (A) and (B)(ii) using National Drug Code codes unless the Secretary specifies that an alternative coding system should be used.

(D) HARDSHIP WAIVER.—The Secretary may delay the application of subparagraph (A) or (B)(ii), or both, in the case of a State to prevent hardship to States which require additional time to implement the reporting system required under the respective subparagraph.

[(b)(1)] Timing of rebates.

(b) TERMS OF REBATE AGREEMENT.—

(1) PERIODIC REBATES.—

[(b)(1)(A)] Rebates apply to drugs covered by MCOs.

(A) IN GENERAL.—A rebate agreement under this subsection shall require the manufacturer to provide, to each State plan approved under this title, a rebate for a rebate period in an amount specified in subsection (c) for covered outpatient drugs of the manufacturer dispensed after December 31, 1990, for which payment was made under the State plan for such period, including such drugs dispensed to individuals enrolled with a medicaid managed care organization if the organization is responsible for coverage of such drugs. Such rebate shall be paid by the manufacturer

not later than 30 days after the date of receipt of the information described in paragraph (2) for the period involved.

(B) OFFSET AGAINST MEDICAL ASSISTANCE.—Amounts received by a State under this section (or under an agreement authorized by the Secretary under subsection (a)(1) or an agreement described in subsection (a)(4)) in any quarter, including amounts received by a State under subsection (c)(4), shall be considered to be a reduction in the amount expended under the State plan in the quarter for medical assistance for purposes of section 1903(a)(1).

[(b)(1)(C)(i)] State share of amounts attributable to increased rebates under ACA go back to federal government.

(C) SPECIAL RULE FOR INCREASED MINIMUM REBATE PERCENTAGE.—

(i) IN GENERAL.—In addition to the amounts applied as a reduction under subparagraph (B), for rebate periods beginning on or after January 1, 2010, during a fiscal year, the Secretary shall reduce payments to a State under section 1903(a) in the manner specified in clause (ii), in an amount equal to the product of—

(I) 100 percent minus the Federal medical assistance percentage applicable to the rebate period for the State; and

(II) the amounts received by the State under such subparagraph that are attributable (as estimated by the Secretary based on utilization and other data) to the increase in the minimum rebate percentage effected by the amendments made by subsections (a)(1), (b), and (d) of section 2501 of the Patient Protection and Affordable Care Act, taking into account the additional drugs included under the amendments made by subsection (c) of section 2501 of such Act.

The Secretary shall adjust such payment reduction for a calendar quarter to the extent the Secretary determines, based upon subsequent utilization and other data, that the reduction for such quarter was greater or less than the amount of payment reduction that should have been made.

(ii) MANNER OF PAYMENT REDUCTION.—The amount of the payment reduction under clause (i) for a State for a quarter shall be deemed an overpayment to the State under this title to be disallowed against the State's regular quarterly draw for all Medicaid spending under section 1903(d)(2). Such a disallowance is not subject to a reconsideration under section 1116(d).

(2) STATE PROVISION OF INFORMATION.—

(A) STATE RESPONSIBILITY.—Each State agency under this title shall report to each manufacturer not later than 60 days after the end of each rebate period and in a form consistent with a standard reporting format established by the Secretary, information on the total number of units of each dosage form and strength and package size of each covered outpatient drug dispensed after December 31,

1990, for which payment was made under the plan during the period, including such information reported by each medicaid managed care organization, and shall promptly transmit a copy of such report to the Secretary.

(B) AUDITS.—A manufacturer may audit the information provided (or required to be provided) under subparagraph (A). Adjustments to rebates shall be made to the extent that information indicates that utilization was greater or less than the amount previously specified.

[(b)(3)] Manufacturer must provide information on AMP and best price.

(3) MANUFACTURER PROVISION OF PRICE AND DRUG PRODUCT INFORMATION.—

(A) IN GENERAL.—Each manufacturer with an agreement in effect under this section shall report to the Secretary—

(i) not later than 30 days after the last day of each rebate period under the agreement—

(I) on the average manufacturer price (as defined in subsection (k)(1)) for covered outpatient drugs for the rebate period under the agreement (including for all such drugs that are sold under a new drug application approved under section 505(c) of the Federal Food, Drug, and Cosmetic Act); and

(II) for single source drugs and innovator multiple source drugs (including all such drugs that are sold under a new drug application approved under section 505(c) of the Federal Food, Drug, and Cosmetic Act), on the manufacturer's best price (as defined in subsection (c)(1)(C)) for such drugs for the rebate period under the agreement;

(ii) not later than 30 days after the date of entering into an agreement under this section on the average manufacturer price (as defined in subsection (k)(1)) as of October 1, 1990 [41] for each of the manufacturer's covered outpatient drugs (including for such drugs that are sold under a new drug application approved under section 505(c) of the Federal Food, Drug, and Cosmetic Act);

(iii) for calendar quarters beginning on or after January 1, 2004, in conjunction with reporting required under clause (i) and by National Drug Code (including package size)—

(I) the manufacturer's average sales price (as defined in section 1847A(c)) and the total number of units specified under section 1847A(b)(2)(A);

(II) if required to make payment under section 1847A, the manufacturer's wholesale acquisition cost, as defined in subsection (c)(6) of such section; and

(III) information on those sales that were made at a nominal price or otherwise described in section 1847A(c)(2)(B);

[41] So in original. Probably should read "1990,".

for a drug or biological described in subparagraph (C), (D), (E), or (G) of section 1842(o)(1) or section 1881(b)(14)(B), and, for calendar quarters beginning on or after January 1, 2007 and only with respect to the information described in subclause (III), for covered outpatient drugs;

(iv) not later than 30 days after the last day of each month of a rebate period under the agreement, on the manufacturer's total number of units that are used to calculate the monthly average manufacturer price for each covered outpatient drug; and

(v) not later than 30 days after the last day of each month of a rebate period under the agreement, such drug product information as the Secretary shall require for each of the manufacturer's covered outpatient drugs.

Information reported under this subparagraph is subject to audit by the Inspector General of the Department of Health and Human Services. Beginning July 1, 2006, the Secretary shall provide on a monthly basis to States under subparagraph (D)(iv) the most recently reported average manufacturer prices for single source drugs and for multiple source drugs and shall, on at least a quarterly basis, update the information posted on the website under subparagraph (D)(v) (relating to the weighted average of the most recently reported monthly average manufacturer prices) [42]. For purposes of applying clause (iii), for calendar quarters beginning on or after January 1, 2022, a drug or biological described in the flush matter following such clause includes items, services, supplies, and products that are payable under part B of title XVIII as a drug or biological.

(B) VERIFICATION SURVEYS OF AVERAGE MANUFACTURER PRICE AND MANUFACTURER'S AVERAGE SALES PRICE.—The Secretary may survey wholesalers and manufacturers that directly distribute their covered outpatient drugs, when necessary, to verify manufacturer prices and manufacturer's average sales prices (including wholesale acquisition cost) if required to make payment reported under subparagraph (A). The Secretary may impose a civil monetary penalty in an amount not to exceed $100,000 on a wholesaler, manufacturer, or direct seller, if the wholesaler, manufacturer, or direct seller of a covered outpatient drug refuses a request for information about charges or prices by the Secretary in connection with a survey under this subparagraph or knowingly provides false information. The provisions of section 1128A (other than subsections (a) (with respect to amounts of penalties or additional assessments) and (b)) shall apply to a civil money penalty under

[42] Section 2503(b)(1)(B) of the Patient Protection and Affordable Care Act (Public Law 111–148) amended the "second sentence, by inserting '(relating to the weighted average of the most recently reported monthly average manufacturer prices)' after '(D)(v)'". The amendment probably should have been made to the third sentence and was carried out above in the third sentence in order to reflect the probable intent of Congress.

this subparagraph in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a).

(C) PENALTIES.—

(i) FAILURE TO PROVIDE TIMELY INFORMATION.—In the case of a manufacturer with an agreement under this section that fails to provide information required under subparagraph (A) on a timely basis, the amount of the penalty shall be increased by $10,000 for each day in which such information has not been provided and such amount shall be paid to the Treasury, and, if such information is not reported within 90 days of the deadline imposed, the agreement shall be suspended for services furnished after the end of such 90-day period and until the date such information is reported (but in no case shall such suspension be for a period of less than 30 days).

(ii) FALSE INFORMATION.—Any manufacturer with an agreement under this section that knowingly provides false information, including information related to drug pricing, drug product information, and data related to drug pricing or drug product information, is subject to a civil money penalty in an amount not to exceed $100,000 for each item of false information. Such civil money penalties are in addition to other penalties as may be prescribed by law. The provisions of section 1128A (other than subsections (a), (b), (f)(3), and (f)(4)) shall apply to a civil money penalty under this subparagraph in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a).

(iii) MISCLASSIFIED DRUG PRODUCT OR MISREPORTED INFORMATION.—

(I) IN GENERAL.—Any manufacturer with an agreement under this section that knowingly (as defined in section 1003.110 of title 42, Code of Federal Regulations (or any successor regulation)) misclassifies a covered outpatient drug, such as by knowingly submitting incorrect drug product information, is subject to a civil money penalty for each covered outpatient drug that is misclassified in an amount not to exceed 2 times the amount of the difference between—

(aa) the total amount of rebates that the manufacturer paid with respect to the drug to all States for all rebate periods during which the drug was misclassified; and

(bb) the total amount of rebates that the manufacturer would have been required to pay, as determined by the Secretary using drug product information provided by the manufacturer, with respect to the drug to all States for all rebate periods during which the drug was misclassified if the drug had been correctly classified.

(II) OTHER PENALTIES AND RECOVERY OF UNDERPAID REBATES.—The civil money penalties described in subclause (I) are in addition to other penalties as may be prescribed by law and any other recovery of the underlying underpayment for rebates due under this section or the terms of the rebate agreement as determined by the Secretary.

(iv) INCREASING OVERSIGHT AND ENFORCEMENT.—Each year the Secretary shall retain, in addition to any amount retained by the Secretary to recoup investigation and litigation costs related to the enforcement of the civil money penalties under this subparagraph and subsection (c)(4)(B)(ii)(III), an amount equal to 25 percent of the total amount of civil money penalties collected under this subparagraph and subsection (c)(4)(B)(ii)(III) for the year, such retained amount shall be available to the Secretary, without further appropriation and until expended, for activities related to the oversight and enforcement of this section and agreements under this section, including—

(I) improving drug data reporting systems;

(II) evaluating and ensuring manufacturer compliance with rebate obligations; and

(III) oversight and enforcement related to ensuring that manufacturers accurately and fully report drug information, including data related to drug classification.

[(b)(3)(D)] Price data (AMP, best price) are confidential.

(D) CONFIDENTIALITY OF INFORMATION.—Notwithstanding any other provision of law, information disclosed by manufacturers or wholesalers under this paragraph or under an agreement with the Secretary of Veterans Affairs described in subsection (a)(6)(A) (other than the wholesale acquisition cost for purposes of carrying out section 1847A) is confidential and shall not be disclosed by the Secretary or the Secretary of Veterans Affairs or a State agency (or contractor therewith) in a form which discloses the identity of a specific manufacturer or wholesaler, prices charged for drugs by such manufacturer or wholesaler, except—

(i) as the Secretary determines to be necessary to carry out this section, to carry out section 1847A (including the determination and implementation of the payment amount and the rebate), or to carry out section 1847B, section 1192(f), including rebates under paragraph (4) of such section, or section 1860D–14B,

(ii) to permit the Comptroller General to review the information provided,

(iii) to permit the Director of the Congressional Budget Office to review the information provided,

(iv) to States to carry out this title,

(v) to the Secretary to disclose (through a website accessible to the public) the weighted average of the most recently reported monthly average manufacturer prices and the average retail survey price determined

for each multiple source drug in accordance with subsection (f),

(vi) in the case of categories of drug product or classification information that were not considered confidential by the Secretary on the day before the date of the enactment of this clause, and

(vii) to permit the Executive Director of the Medicare Payment Advisory Commission and the Executive Director of the Medicaid and CHIP Payment and Access Commission to review the information provided.

[(b)(3)(D)(vii)] Access of MACPAC Executive Director to confidential drug rebate and payment information.

The previous sentence shall also apply to information disclosed under section 1860D–2(d)(2) or 1860D–4(c)(2)(G) and drug pricing data reported under the first sentence of section 1860D–31(i)(1). Any information disclosed to the Executive Director of the Medicare Payment Advisory Commission or the Executive Director of the Medicaid and CHIP Payment and Access Commission pursuant to this subparagraph shall not be disclosed by either such Executive Director in a form which discloses the identity of a specific manufacturer or wholesaler or prices charged for drugs by such manufacturer or wholesaler. Such information also shall not be disclosed by either such Executive Director to individual Commissioners of the Medicare Payment Advisory Commission or of the Medicaid and CHIP Payment and Access Commission in a form which discloses the identity of a specific manufacturer or wholesaler or prices charged for drugs by such manufacturer or wholesaler.

(4) LENGTH OF AGREEMENT.—

(A) IN GENERAL.—A rebate agreement shall be effective for an initial period of not less than 1 year and shall be automatically renewed for a period of not less than one year unless terminated under subparagraph (B).

(B) TERMINATION.—

[(b)(4)(B)] Secretary may terminate rebate agreement for good cause.

(i) BY THE SECRETARY.—The Secretary may provide for termination of a rebate agreement for violation of the requirements of the agreement or other good cause shown. Such termination shall not be effective earlier than 60 days after the date of notice of such termination. The Secretary shall provide, upon request, a manufacturer with a hearing concerning such a termination, but such hearing shall not delay the effective date of the termination.

(ii) BY A MANUFACTURER.—A manufacturer may terminate a rebate agreement under this section for any reason. Any such termination shall not be effective until the calendar quarter beginning at least 60 days after the date the manufacturer provides notice to the Secretary.

(iii) EFFECTIVENESS OF TERMINATION.—Any termination under this subparagraph shall not affect rebates due under the agreement before the effective date of its termination.

(iv) NOTICE TO STATES.—In the case of a termination under this subparagraph, the Secretary shall provide notice of such termination to the States within not less than 30 days before the effective date of such termination.

(v) APPLICATION TO TERMINATIONS OF OTHER AGREEMENTS.—The provisions of this subparagraph shall apply to the terminations of agreements described in section 340B(a)(1) of the Public Health Service Act and master agreements described in section 8126(a) of title 38, United States Code.

(C) DELAY BEFORE REENTRY.—In the case of any rebate agreement with a manufacturer under this section which is terminated, another such agreement with the manufacturer (or a successor manufacturer) may not be entered into until a period of 1 calendar quarter has elapsed since the date of the termination, unless the Secretary finds good cause for an earlier reinstatement of such an agreement.

(c) DETERMINATION OF AMOUNT OF REBATE.—

(1) BASIC REBATE FOR SINGLE SOURCE DRUGS AND INNOVATOR MULTIPLE SOURCE DRUGS.—

[(c)(1)(A)] Basic rebate amount for brand name drugs is the greater of 23.1% of AMP or AMP minus best price.

(VI) subject to clause (ii)(V), any prices charged which are negotiated by a prescription drug plan under part D of title XVIII, by an MA–PD plan under part C of such title with respect to covered part D drugs or by a qualified retiree prescription drug plan (as defined in section 1860D–22(a)(2)) with respect to such drugs on behalf of individuals entitled to benefits under part A or enrolled under part B of such title, or any discounts provided by manufacturers under the Medicare coverage gap discount program under section 1860D–14A or under the manufacturer discount program under section 1860D–14C.

(ii) SPECIAL RULES.—The term "best price"—

(iii) APPLICATION OF AUDITING AND RECORDKEEPING REQUIREMENTS.—With respect to a covered entity described in section 340B(a)(4)(L) of the Public Health Service Act, any drug purchased for inpatient use shall be subject to the auditing and recordkeeping requirements described in section 340B(a)(5)(C) of the Public Health Service Act.

(D) LIMITATION ON SALES AT A NOMINAL PRICE.—

(i) IN GENERAL.—For purposes of subparagraph (C)(ii)(III) and subsection (b)(3)(A)(iii)(III), only sales by a manufacturer of covered outpatient drugs at nominal prices to the following shall be considered to be sales at a nominal price or merely nominal in amount:

(I) A covered entity described in section 340B(a)(4) of the Public Health Service Act.

(II) An intermediate care facility for the mentally retarded.

(III) A State-owned or operated nursing facility.

(IV) An entity that—

(aa) is described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Act or is State-owned or operated; and

(bb) would be a covered entity described in section 340(B)(a)(4) of the Public Health Service Act insofar as the entity provides the same type of services to the same type of populations as a covered entity described in such section provides, but does not receive funding under a provision of law referred to in such section;

(V) A public or nonprofit entity, or an entity based at an institution of higher learning whose primary purpose is to provide health care services to students of that institution, that provides a service or services described under section 1001(a) of the Public Health Service Act, 42 U.S.C. 300.

(VI) Any other facility or entity that the Secretary determines is a safety net provider to which sales of such drugs at a nominal price would be appropriate based on the factors described in clause (ii).

(ii) FACTORS.—The factors described in this clause with respect to a facility or entity are the following:

(I) The type of facility or entity.

(II) The services provided by the facility or entity.

(III) The patient population served by the facility or entity.

(IV) The number of other facilities or entities eligible to purchase at nominal prices in the same service area.

(iii) NONAPPLICATION.—Clause (i) shall not apply with respect to sales by a manufacturer at a nominal price of covered outpatient drugs pursuant to a master agreement under section 8126 of title 38, United States Code.

(iv) RULE OF CONSTRUCTION.—Nothing in this subparagraph shall be construed to alter any existing statutory or regulatory prohibition on services with respect to an entity described in clause (i)(IV), including the prohibition set forth in section 1008 of the Public Health Service Act.

[(c)(2)] Inflationary rebate on brand name drugs.

(2) ADDITIONAL REBATE FOR SINGLE SOURCE AND INNOVATOR MULTIPLE SOURCE DRUGS.—

(A) IN GENERAL.—The amount of the rebate specified in this subsection for a rebate period, with respect to each dosage form and strength of a single source drug or an innovator multiple source drug, shall be increased by an amount equal to the product of—

(i) the total number of units of such dosage form and strength dispensed after December 31, 1990, for which payment was made under the State plan for the rebate period; and

(ii) the amount (if any) by which—

(I) the average manufacturer price for the dosage form and strength of the drug for the period, exceeds

(II) the average manufacturer price for such dosage form and strength for the calendar quarter beginning July 1, 1990 (without regard to whether or not the drug has been sold or transferred to an entity, including a division or subsidiary of the manufacturer, after the first day of such quarter), increased by the percentage by which the consumer price index for all urban consumers (United States city average) for the month before the month in which the rebate period begins exceeds such index for September 1990.

[(c)(2)(C)] The inflationary rebate on certain line extension drugs is the greater of either the line extension drug's inflationary rebate or the inflationary rebate of the original product applied proportionally to the line extension drug. Excludes abuse-deterrent formulations from the line extension rebate.

(B) TREATMENT OF SUBSEQUENTLY APPROVED DRUGS.—In the case of a covered outpatient drug approved by the Food and Drug Administration after October 1, 1990, clause (ii)(II) of subparagraph (A) shall be applied by substituting "the first full calendar quarter after the day on which the drug was first marketed" for "the calendar quarter beginning July 1, 1990" and "the month prior to the first month of the first full calendar quarter after the day on which the drug was first marketed" for "September 1990".

(C) TREATMENT OF NEW FORMULATIONS.—

(i) IN GENERAL.—In the case of a drug that is a line extension of a single source drug or an innovator multiple source drug that is an oral solid dosage form,

the rebate obligation for a rebate period with respect to such drug under this subsection shall be the greater of the amount described in clause (ii) for such drug or the amount described in clause (iii) for such drug.

(ii) AMOUNT 1.—For purposes of clause (i), the amount described in this clause with respect to a drug described in clause (i) and rebate period is the amount computed under paragraph (1) for such drug, increased by the amount computed under subparagraph (A) and, as applicable, subparagraph (B) for such drug and rebate period.

(iii) AMOUNT 2.—For purposes of clause (i), the amount described in this clause with respect to a drug described in clause (i) and rebate period is the amount computed under paragraph (1) for such drug, increased by the product of—

(I) the average manufacturer price for the rebate period of the line extension of a single source drug or an innovator multiple source drug that is an oral solid dosage form;

(II) the highest additional rebate (calculated as a percentage of average manufacturer price) under this paragraph for the rebate period for any strength of the original single source drug or innovator multiple source drug; and

(III) the total number of units of each dosage form and strength of the line extension product paid for under the State plan in the rebate period (as reported by the State).

In this subparagraph, the term "line extension" means, with respect to a drug, a new formulation of the drug, such as an extended release formulation, but does not include an abuse-deterrent formulation of the drug (as determined by the Secretary), regardless of whether such abuse-deterrent formulation is an extended release formulation.

[(c)(2)(D)] The 100 percent cap on the total Medicaid drug rebates expires on 12/31/2023.

(D) MAXIMUM REBATE AMOUNT.—In no case shall the sum of the amounts applied under paragraph (1)(A)(ii) and this paragraph with respect to each dosage form and strength of a single source drug or an innovator multiple source drug for a rebate period beginning after December 31, 2009, and before January 1, 2024, exceed 100 percent of the average manufacturer price of the drug.

(3) REBATE FOR OTHER DRUGS.—

[(c)(3)(A)] Rebates for generic drugs.

(A) IN GENERAL.—Except as provided in subparagraph (C), the amount of the rebate paid to a State for a rebate period with respect to each dosage form and strength of covered outpatient drugs (other than single source drugs and innovator multiple source drugs) shall be equal to the product of—

(i) the applicable percentage (as described in subparagraph (B)) of the average manufacturer price for the dosage form and strength for the rebate period, and

(ii) the total number of units of such dosage form and strength dispensed after December 31, 1990, for which payment was made under the State plan for the rebate period.

[(c)(3)(B)] Basic rebate amount for generic drug is 13% of AMP.

(B) APPLICABLE PERCENTAGE DEFINED.—For purposes of subparagraph (A)(i), the "applicable percentage" for rebate periods beginning—

(i) before January 1, 1994, is 10 percent,

(ii) after December 31, 1993, and before January 1, 2010, is 11 percent; and

(iii) after December 31, 2009, is 13 percent.

[(c)(3)(C)] Inflationary rebate and 100% AMP cap for generic drugs.

(C) ADDITIONAL REBATE.—

(i) IN GENERAL.—The amount of the rebate specified in this paragraph for a rebate period, with respect to each dosage form and strength of a covered outpatient drug other than a single source drug or an innovator multiple source drug of a manufacturer, shall be increased in the manner that the rebate for a dosage form and strength of a single source drug or an innovator multiple source drug is increased under subparagraphs (A) and (D) of paragraph (2), except as provided in clause (ii).

(ii) SPECIAL RULES FOR APPLICATION OF PROVISION.—In applying subparagraphs (A) and (D) of paragraph (2) under clause (i)—

(I) the reference in subparagraph (A)(i) of such paragraph to "1990" shall be deemed a reference to "2014";

(II) subject to clause (iii), the reference in subparagraph (A)(ii) of such paragraph to "the calendar quarter beginning July 1, 1990" shall be deemed a reference to "the calendar quarter beginning July 1, 2014"; and

(III) subject to clause (iii), the reference in subparagraph (A)(ii) of such paragraph to "September 1990" shall be deemed a reference to "September 2014";

(IV) the references in subparagraph (D) of such paragraph to "paragraph (1)(A)(ii)", "this paragraph", and "December 31, 2009" shall be deemed references to "subparagraph (A)", "this subparagraph", and "December 31, 2014", respectively; and

(V) any reference in such paragraph to a "single source drug or an innovator multiple source drug" shall be deemed to be a reference to a drug to which clause (i) applies.

(iii) SPECIAL RULE FOR CERTAIN NONINNOVATOR MULTIPLE SOURCE DRUGS.—In applying paragraph (2)(A)(ii)(II) under clause (i) with respect to a covered outpatient drug that is first marketed as a drug other than a single source drug or an innovator multiple source drug after April 1, 2013, such paragraph shall be applied—

(I) by substituting "the applicable quarter" for "the calendar quarter beginning July 1, 1990"; and

(II) by substituting "the last month in such applicable quarter" for "September 1990".

(iv) APPLICABLE QUARTER DEFINED.—In this subsection, the term "applicable quarter" means, with respect to a drug described in clause (iii), the fifth full calendar quarter after which the drug is marketed as a drug other than a single source drug or an innovator multiple source drug.

(4) RECOVERY OF UNPAID REBATE AMOUNTS DUE TO MISCLASSIFICATION OF COVERED OUTPATIENT DRUGS.—

(A) IN GENERAL.—If the Secretary determines that a manufacturer with an agreement under this section paid a lower per-unit rebate amount to a State for a rebate period as a result of the misclassification by the manufacturer of a covered outpatient drug (without regard to whether the manufacturer knowingly made the misclassification or should have known that the misclassification would be made) than the per-unit rebate amount that the manufacturer would have paid to the State if the drug had been correctly classified, the manufacturer shall pay to the State an amount equal to the product of—

(i) the difference between—

(I) the per-unit rebate amount paid to the State for the period; and

(II) the per-unit rebate amount that the manufacturer would have paid to the State for the period, as determined by the Secretary, if the drug had been correctly classified; and

(ii) the total units of the drug paid for under the State plan in the period.

(B) AUTHORITY TO CORRECT MISCLASSIFICATIONS.—

(i) IN GENERAL.—If the Secretary determines that a manufacturer with an agreement under this section has misclassified a covered outpatient drug (without regard to whether the manufacturer knowingly made the misclassification or should have known that the misclassification would be made), the Secretary shall notify the manufacturer of the misclassification and require the manufacturer to correct the misclassification in a timely manner.

(ii) ENFORCEMENT.—If, after receiving notice of a misclassification from the Secretary under clause (i), a manufacturer fails to correct the misclassification by such time as the Secretary shall require, until the manufacturer makes such correction, the Secretary may do any or all of the following:

(I) Correct the misclassification, using drug product information provided by the manufacturer, on behalf of the manufacturer.

(II) Suspend the misclassified drug and the drug's status as a covered outpatient drug under

the manufacturer's national rebate agreement, and exclude the misclassified drug from Federal financial participation in accordance with section 1903(i)(10)(E).

(III) Impose a civil money penalty (which shall be in addition to any other recovery or penalty which may be available under this section or any other provision of law) for each rebate period during which the drug is misclassified not to exceed an amount equal to the product of—

(aa) the total number of units of each dosage form and strength of such misclassified drug paid for under any State plan during such a rebate period; and

(bb) 23.1 percent of the average manufacturer price for the dosage form and strength of such misclassified drug.

(C) REPORTING AND TRANSPARENCY.—

(i) IN GENERAL.—The Secretary shall submit a report to Congress on at least an annual basis that includes information on the covered outpatient drugs that have been identified as misclassified, any steps taken to reclassify such drugs, the actions the Secretary has taken to ensure the payment of any rebate amounts which were unpaid as a result of such misclassification, and a disclosure of expenditures from the fund created in subsection (b)(3)(C)(iv), including an accounting of how such funds have been allocated and spent in accordance with such subsection.

(ii) PUBLIC ACCESS.—The Secretary shall make the information contained in the report required under clause (i) available to the public on a timely basis.

(D) OTHER PENALTIES AND ACTIONS.—Actions taken and penalties imposed under this clause shall be in addition to other remedies available to the Secretary including terminating the manufacturer's rebate agreement for noncompliance with the terms of such agreement and shall not exempt a manufacturer from, or preclude the Secretary from pursuing, any civil money penalty under this title or title XI, or any other penalty or action as may be prescribed by law.

[(d)(1)] States may use prior authorization if it complies with paragraph (5).

[(d)(1)(B)(i)] State may exclude coverage if drug not prescribed for a medically accepted indication.

(d) LIMITATIONS ON COVERAGE OF DRUGS.—

(1) PERMISSIBLE RESTRICTIONS.—(A) A State may subject to prior authorization any covered outpatient drug. Any such prior authorization program shall comply with the requirements of paragraph (5).

(B) A State may exclude or otherwise restrict coverage of a covered outpatient drug if—

(i) the prescribed use is not for a medically accepted indication (as defined in subsection (k)(6));

(ii) the drug is contained in the list referred to in paragraph (2);

(iii) the drug is subject to such restrictions pursuant to an agreement between a manufacturer and a State au-

thorized by the Secretary under subsection (a)(1) or in effect pursuant to subsection (a)(4); or

(iv) the State has excluded coverage of the drug from its formulary established in accordance with paragraph (4).

[(d)(2)] Drugs that may be excluded from coverage.

(2) LIST OF DRUGS SUBJECT TO RESTRICTION.—The following drugs or classes of drugs, or their medical uses, may be excluded from coverage or otherwise restricted:

(A) Agents when used for anorexia, weight loss, or weight gain.

(B) Agents when used to promote fertility.

(C) Agents when used for cosmetic purposes or hair growth.

(D) Agents when used for the symptomatic relief of cough and colds.

(E) Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations.

(F) Nonprescription drugs, except, in the case of pregnant women when recommended in accordance with the Guideline referred to in section 1905(bb)(2)(A), agents approved by the Food and Drug Administration under the over-the-counter monograph process for purposes of promoting, and when used to promote, tobacco cessation.

(G) Covered outpatient drugs which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee.

(H) Agents when used for the treatment of sexual or erectile dysfunction, unless such agents are used to treat a condition, other than sexual or erectile dysfunction, for which the agents have been approved by the Food and Drug Administration.

(3) UPDATE OF DRUG LISTINGS.—The Secretary shall, by regulation, periodically update the list of drugs or classes of drugs described in paragraph (2) or their medical uses, which the Secretary has determined, based on data collected by surveillance and utilization review programs of State medical assistance programs, to be subject to clinical abuse or inappropriate use.

[(d)(4)] States can create a formulary/preferred drug list (PDL) if conditions are met.

(4) REQUIREMENTS FOR FORMULARIES.—A State may establish a formulary if the formulary meets the following requirements:

(A) The formulary is developed by a committee consisting of physicians, pharmacists, and other appropriate individuals appointed by the Governor of the State (or, at the option of the State, the State's drug use review board established under subsection (g)(3)).

(B) Except as provided in subparagraph (C), the formulary includes the covered outpatient drugs of any manufacturer which has entered into and complies with an agreement under subsection (a) (other than any drug excluded from coverage or otherwise restricted under paragraph (2)).

(C) A covered outpatient drug may be excluded with respect to the treatment of a specific disease or condition

for an identified population (if any) only if, based on the drug's labeling (or, in the case of a drug the prescribed use of which is not approved under the Federal Food, Drug, and Cosmetic Act but is a medically accepted indication, based on information from the appropriate compendia described in subsection (k)(6)), the excluded drug does not have a significant, clinically meaningful therapeutic advantage in terms of safety, effectiveness, or clinical outcome of such treatment for such population over other drugs included in the formulary and there is a written explanation (available to the public) of the basis for the exclusion.

[(d)(4)(D)] State plan must allow for coverage for any drug excluded from the PDL through a prior authorization process.

(D) The State plan permits coverage of a drug excluded from the formulary (other than any drug excluded from coverage or otherwise restricted under paragraph (2)) pursuant to a prior authorization program that is consistent with paragraph (5).

(E) The formulary meets such other requirements as the Secretary may impose in order to achieve program savings consistent with protecting the health of program beneficiaries.

A prior authorization program established by a State under paragraph (5) is not a formulary subject to the requirements of this paragraph.

[(d)(5)] Timely response to requests required for prior authorization programs.

(5) REQUIREMENTS OF PRIOR AUTHORIZATION PROGRAMS.—A State plan under this title may require, as a condition of coverage or payment for a covered outpatient drug for which Federal financial participation is available in accordance with this section, with respect to drugs dispensed on or after July 1, 1991, the approval of the drug before its dispensing for any medically accepted indication (as defined in subsection (k)(6)) only if the system providing for such approval—

(A) provides response by telephone or other telecommunication device within 24 hours of a request for prior authorization; and

(B) except with respect to the drugs on the list referred to in paragraph (2), provides for the dispensing of at least 72-hour supply of a covered outpatient prescription drug in an emergency situation (as defined by the Secretary).

(6) OTHER PERMISSIBLE RESTRICTIONS.—A State may impose limitations, with respect to all such drugs in a therapeutic class, on the minimum or maximum quantities per prescription or on the number of refills, if such limitations are necessary to discourage waste, and may address instances of fraud or abuse by individuals in any manner authorized under this Act.

(7) NON-EXCLUDABLE DRUGS.—The following drugs or classes of drugs, or their medical uses, shall not be excluded from coverage:

(A) Agents when used to promote smoking cessation, including agents approved by the Food and Drug Administration under the over-the-counter monograph process for purposes of promoting, and when used to promote, tobacco cessation.

(B) Barbiturates.
(C) Benzodiazepines.
(D) Drugs and biological products described in subsection (ee)(1)(A) of section 1905 that are furnished as medical assistance in accordance with subsection (a)(29) of such section and section 1902(a)(10)(A).
(E) Drugs and biological products to which section 1905(a)(4)(F) and subclause (XVIII) in the matter following subparagraph (G) of section 1902(a)(10) apply that are furnished as medical assistance in accordance with such section or clause, respectively, for the treatment or prevention, of COVID–19, as described in such subparagraph or subclause, respectively, and section 1902(a)(10)(A).

(e) TREATMENT OF PHARMACY REIMBURSEMENT LIMITS.—
(1) IN GENERAL.—During the period beginning on January 1, 1991, and ending on December 31, 1994—
(A) a State may not reduce the payment limits established by regulation under this title or any limitation described in paragraph (3) with respect to the ingredient cost of a covered outpatient drug or the dispensing fee for such a drug below the limits in effect as of January 1, 1991, and
(B) except as provided in paragraph (2), the Secretary may not modify by regulation the formula established under sections 447.331 through 447.334 of title 42, Code of Federal Regulations, in effect on November 5, 1990, to reduce the limits described in subparagraph (A).
(2) SPECIAL RULE.—If a State is not in compliance with the regulations described in paragraph (1)(B), paragraph (1)(A) shall not apply to such State until such State is in compliance with such regulations.
(3) EFFECT ON STATE MAXIMUM ALLOWABLE COST LIMITATIONS.—This section shall not supersede or affect provisions in effect prior to January 1, 1991, or after December 31, 1994, relating to any maximum allowable cost limitation established by a State for payment by the State for covered outpatient drugs, and rebates shall be made under this section without regard to whether or not payment by the State for such drugs is subject to such a limitation or the amount of such a limitation.

[(e)(4)] Established Federal Upper Limit (FUL) for certain multiple source drugs.

(4) ESTABLISHMENT OF UPPER PAYMENT LIMITS.—Subject to paragraph (5), the Secretary shall establish a Federal upper reimbursement limit for each multiple source drug for which the FDA has rated three or more products therapeutically and pharmaceutically equivalent, regardless of whether all such additional formulations are rated as such and shall use only such formulations when determining any such upper limit.

[(e)(5)] ACA established AMP as basis for FUL; FUL is set at no less than 175% of AMP.

(5) USE OF AMP IN UPPER PAYMENT LIMITS.—The Secretary shall calculate the Federal upper reimbursement limit established under paragraph (4) as no less than 175 percent of the weighted average (determined on the basis of utilization) of the most recently reported monthly average manufacturer prices for pharmaceutically and therapeutically equivalent multiple source drug products that are available for purchase by retail community pharmacies on a nationwide basis. The Secretary shall implement a smoothing process for average manufacturer

prices. Such process shall be similar to the smoothing process used in determining the average sales price of a drug or biological under section 1847A.

(f) SURVEY OF RETAIL PRICES; STATE PAYMENT AND UTILIZATION RATES; AND PERFORMANCE RANKINGS.—
(1) SURVEY OF RETAIL PRICES.—
(A) USE OF VENDOR.—The Secretary may contract services for—
(i) with respect to a retail community pharmacy, the determination on a monthly basis of retail survey prices for covered outpatient drugs that represent a nationwide average of consumer purchase prices for such drugs, net of all discounts and rebates (to the extent any information with respect to such discounts and rebates is available); and
(ii) the notification of the Secretary when a drug product that is therapeutically and pharmaceutically equivalent and bioequivalent becomes generally available.
(B) SECRETARY RESPONSE TO NOTIFICATION OF AVAILABILITY OF MULTIPLE SOURCE PRODUCTS.—If contractor notifies the Secretary under subparagraph (A)(ii) that a drug product described in such subparagraph has become generally available, the Secretary shall make a determination, within 7 days after receiving such notification, as to whether the product is now described in subsection (e)(4).
(C) USE OF COMPETITIVE BIDDING.—In contracting for such services, the Secretary shall competitively bid for an outside vendor that has a demonstrated history in—
(i) surveying and determining, on a representative nationwide basis, retail prices for ingredient costs of prescription drugs;
(ii) working with retail community pharmacies, commercial payers, and States in obtaining and disseminating such price information; and
(iii) collecting and reporting such price information on at least a monthly basis.

In contracting for such services, the Secretary may waive such provisions of the Federal Acquisition Regulation as are necessary for the efficient implementation of this subsection, other than provisions relating to confidentiality of information and such other provisions as the Secretary determines appropriate.
(D) ADDITIONAL PROVISIONS.—A contract with a vendor under this paragraph shall include such terms and conditions as the Secretary shall specify, including the following:
(i) The vendor must monitor the marketplace and report to the Secretary each time there is a new covered outpatient drug generally available.
(ii) The vendor must update the Secretary no less often than monthly on the retail survey prices for covered outpatient drugs.

(iii) The contract shall be effective for a term of 2 years.

(E) AVAILABILITY OF INFORMATION TO STATES.—Information on retail survey prices obtained under this paragraph, including applicable information on single source drugs, shall be provided to States on at least a monthly basis. The Secretary shall devise and implement a means for providing access to each State agency designated under section 1902(a)(5) with responsibility for the administration or supervision of the administration of the State plan under this title of the retail survey price determined under this paragraph.

(2) ANNUAL STATE REPORT.—Each State shall annually report to the Secretary information on—

(A) the payment rates under the State plan under this title for covered outpatient drugs;

(B) the dispensing fees paid under such plan for such drugs; and

(C) utilization rates for noninnovator multiple source drugs under such plan.

(3) ANNUAL STATE PERFORMANCE RANKINGS.—

(A) COMPARATIVE ANALYSIS.—The Secretary annually shall compare, for the 50 most widely prescribed drugs identified by the Secretary, the national retail sales price data (collected under paragraph (1)) for such drugs with data on prices under this title for each such drug for each State.

(B) AVAILABILITY OF INFORMATION.—The Secretary shall submit to Congress and the States full information regarding the annual rankings made under subparagraph (A).

(4) APPROPRIATION.—Out of any funds in the Treasury not otherwise appropriated, there is appropriated to the Secretary of Health and Human Services $5,000,000 for each of fiscal years 2006 through 2010 to carry out this subsection.

[(g)] State must implement a DUR program.

(g) DRUG USE REVIEW.—

(1) IN GENERAL.—

(A) In order to meet the requirement of section 1903(i)(10)(B), a State shall provide, by not later than January 1, 1993, for a drug use review program described in paragraph (2) for covered outpatient drugs in order to assure that prescriptions (i) are appropriate, (ii) are medically necessary, and (iii) are not likely to result in adverse medical results. The program shall be designed to educate physicians and pharmacists to identify and reduce the frequency of patterns of fraud, abuse, gross overuse, or inappropriate or medically unnecessary care, among physicians, pharmacists, and patients, or associated with specific drugs or groups of drugs, as well as potential and actual severe adverse reactions to drugs including education on therapeutic appropriateness, overutilization and underutilization, appropriate use of generic products, therapeutic duplication, drug-disease contraindications, drug-drug interactions, incorrect drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse/misuse.

(A) In order to meet the requirement of section 1902(a)(54), a State shall provide for a drug use review program described in paragraph (2) for covered outpatient drugs in order to assure that prescriptions (i) are appropriate, (ii) are medically necessary, and (iii) are not likely to result in adverse medical results. The program shall be designed to educate physicians and pharmacists to identify and reduce the frequency of patterns of fraud, abuse, gross overuse, excessive utilization,inappropriate or medically unnecessary care, or prescribing or billing practices that indicate abuse or excessive utilization, among physicians, pharmacists, and patients, or associated with specific drugs or groups of drugs, as well as potential and actual severe adverse reactions to drugs including education on therapeutic appropriateness, overutilization and underutilization, appropriate use of generic products, therapeutic duplication, drug-disease contraindications, drug-drug interactions, incorrect drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse/misuse.

(B) The program shall assess data on drug use against predetermined standards, consistent with the following:

(i) compendia which shall consist of the following:

(I) American Hospital Formulary Service Drug Information;

(II) United States Pharmacopeia-Drug Information (or its successor publications); and

(III) the DRUGDEX Information System; and

(ii) the peer-reviewed medical literature.

(C) The Secretary, under the procedures established in section 1903, shall pay to each State an amount equal to 75 per centum of so much of the sums expended by the State plan during calendar years 1991 through 1993 as the Secretary determines is attributable to the statewide adoption of a drug use review program which conforms to the requirements of this subsection.

(D) States shall not be required to perform additional drug use reviews with respect to drugs dispensed to residents of nursing facilities which are in compliance with the drug regimen review procedures prescribed by the Secretary for such facilities in regulations implementing section 1919, currently at section 483.60 of title 42, Code of Federal Regulations.

(2) DESCRIPTION OF PROGRAM.—Each drug use review program shall meet the following requirements for covered outpatient drugs:

(A) PROSPECTIVE DRUG REVIEW.—(i) The State plan shall provide for a review of drug therapy before each prescription is filled or delivered to an individual receiving benefits under this title, typically at the point-of-sale or point of distribution. The review shall include screening for potential drug therapy problems due to therapeutic du-

plication, drug-disease contraindications, drug-drug interactions (including serious interactions with nonprescription or over-the-counter drugs), incorrect drug dosage or duration of drug treatment, drug-allergy interactions, and clinical abuse/misuse. Each State shall use the compendia and literature referred to in paragraph (1)(B) as its source of standards for such review.

(ii) As part of the State's prospective drug use review program under this subparagraph applicable State law shall establish standards for counseling of individuals receiving benefits under this title by pharmacists which includes at least the following:

(I) The pharmacist must offer to discuss with each individual receiving benefits under this title or caregiver of such individual (in person, whenever practicable, or through access to a telephone service which is toll-free for long-distance calls) who presents a prescription, matters which in the exercise of the pharmacist's professional judgment (consistent with State law respecting the provision of such information), the pharmacist deems significant including the following:

(aa) The name and description of the medication.

(bb) The route, dosage form, dosage, route of administration, and duration of drug therapy.

(cc) Special directions and precautions for preparation, administration and use by the patient.

(dd) Common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur.

(ee) Techniques for self-monitoring drug therapy.

(ff) Proper storage.

(gg) Prescription refill information.

(hh) Action to be taken in the event of a missed dose.

(II) A reasonable effort must be made by the pharmacist to obtain, record, and maintain at least the following information regarding individuals receiving benefits under this title:

The State shall submit a report on an annual basis to the Secretary which shall include a description of the activities of the Board, including the nature and scope of the prospective and retrospective drug use review programs, a summary of the interventions used, an assessment of the impact of these educational interventions on quality of care, and an estimate of the cost savings generated as a result of such program. [45] Section 11201(e)(8)(B) of Public Law 117–169 provides for an amendment to insert "or under section 1860D–14C" before the period at the end. Such amendment should have been made to insert such phrase before the semicolon at the end.

Any drug, biological product, or insulin excluded from the definition of such term as a result of this paragraph shall be treated as a covered outpatient drug for purposes of determining the best price (as defined in subsection (c)(1)(C)) for such drug, biological product, or insulin.

(4) NONPRESCRIPTION DRUGS.—If a State plan for medical assistance under this title includes coverage of prescribed drugs as described in section 1905(a)(12) and permits coverage of drugs which may be sold without a prescription (commonly referred to as "over-the-counter" drugs), if they are prescribed by a physician (or other person authorized to prescribe under State law), such a drug shall be regarded as a covered outpatient drug.

(7) MULTIPLE SOURCE DRUG; INNOVATOR MULTIPLE SOURCE DRUG; NONINNOVATOR MULTIPLE SOURCE DRUG; SINGLE SOURCE DRUG.—

(A) DEFINED.—

(i) MULTIPLE SOURCE DRUG.—The term "multiple source drug" means, with respect to a rebate period, a covered outpatient drug, including a drug product approved for marketing as a non-prescription drug that is regarded as a covered outpatient drug under paragraph (4), for which there at least 1 other drug product which—

(II) except as provided in subparagraph (B), is pharmaceutically equivalent and bioequivalent, as defined in subparagraph (C) and as determined by the Food and Drug Administration, and

(III) is sold or marketed in the United States during the period.

(ii) INNOVATOR MULTIPLE SOURCE DRUG.—The term "innovator multiple source drug" means a multiple source drug that is marketed under a new drug application approved by the Food and Drug Administration, unless the Secretary determines that a narrow exception applies (as described in section 447.502 of title 42, Code of Federal Regulations (or any successor regulation)).

(iii) NONINNOVATOR MULTIPLE SOURCE DRUG.—The term "noninnovator multiple source drug" means a multiple source drug that is not an innovator multiple source drug.

(iv) SINGLE SOURCE DRUG.—The term "single source drug" means a covered outpatient drug, including a drug product approved for marketing as a nonprescription drug that is regarded as a covered outpatient drug under paragraph (4), which is produced or distributed under a new drug application approved by the Food and Drug Administration, including a drug product marketed by any cross-licensed producers or distributors operating under the new drug application unless the Secretary determines that a narrow exception applies (as described in section 447.502 of title 42, Code of Federal Regulations (or any successor regulation)). Such term also includes a covered outpatient drug that is a biological product licensed, produced, or distributed under a biologics license application approved by the Food and Drug Administration.

(B) EXCEPTION.—Subparagraph (A)(i)(II) shall not apply if the Food and Drug Administration changes by regulation the requirement that, for purposes of the publication described in subparagraph (A)(i)(I), in order for drug products to be rated as therapeutically equivalent, they must be pharmaceutically equivalent and bioequivalent, as defined in subparagraph (C).

(C) DEFINITIONS.—For purposes of this paragraph—

(i) drug products are pharmaceutically equivalent if the products contain identical amounts of the same active drug ingredient in the same dosage form and meet compendial or other applicable standards of strength, quality, purity, and identity; and

(ii) drugs are bioequivalent if they do not present a known or potential bioequivalence problem, or, if they do present such a problem, they are shown to meet an appropriate standard of bioequivalence.

(8) REBATE PERIOD.—The term "rebate period" means, with respect to an agreement under subsection (a), a calendar quarter or other period specified by the Secretary with respect to the payment of rebates under such agreement.

PROGRAM FOR DISTRIBUTION OF PEDIATRIC VACCINES

[1928] Vaccines for Children (VFC) program. CDC and states distribute vaccines to health care providers to be administered to VFC-eligible children (e.g., Medicaid-eligible, uninsured) at no charge. Costs associated with vaccines are eligible for full federal reimbursement.

SEC. 1928. [42 U.S.C. 1396s] (a) ESTABLISHMENT OF PROGRAM.—

(1) IN GENERAL.—In order to meet the requirement of section 1902(a)(62), each State shall establish a pediatric vaccine distribution program (which may be administered by the State department of health), consistent with the requirements of this section, under which—

(A) each vaccine-eligible child (as defined in subsection (b)), in receiving an immunization with a qualified pediatric vaccine (as defined in subsection (h)(8)) from a program-registered provider (as defined in subsection (c)) on or after October 1, 1994, is entitled to receive the immunization without charge for the cost of such vaccine; and

(B)(i) each program-registered provider who administers such a pediatric vaccine to a vaccine-eligible child on or after such date is entitled to receive such vaccine under the program without charge either for the vaccine or its delivery to the provider, and (ii) no vaccine is distributed under the program to a provider unless the provider is a program-registered provider.

(2) DELIVERY OF SUFFICIENT QUANTITIES OF PEDIATRIC VACCINES TO IMMUNIZE FEDERALLY VACCINE-ELIGIBLE CHILDREN.—

(A) IN GENERAL.—The Secretary shall provide under subsection (d) for the purchase and delivery on behalf of each State meeting the requirement of section 1902(a)(62) (or, with respect to vaccines administered by an Indian tribe or tribal organization to Indian children, directly to the tribe or organization), without charge to the State, of such quantities of qualified pediatric vaccines as may be necessary for the administration of such vaccines to all federally vaccine-eligible children in the State on or after October 1, 1994. This paragraph constitutes budget au-

thority in advance of appropriations Acts, and represents the obligation of the Federal Government to provide for the purchase and delivery to States of the vaccines (or payment under subparagraph (C)) in accordance with this paragraph.

(B) SPECIAL RULES WHERE VACCINE IS UNAVAILABLE.—To the extent that a sufficient quantity of a vaccine is not available for purchase or delivery under subsection (d), the Secretary shall provide for the purchase and delivery of the available vaccine in accordance with priorities established by the Secretary, with priority given to federally vaccine-eligible children unless the Secretary finds there are other public health considerations.

(C) SPECIAL RULES WHERE STATE IS A MANUFACTURER.—

(i) PAYMENTS IN LIEU OF VACCINES.—In the case of a State that manufactures a pediatric vaccine the Secretary, instead of providing the vaccine on behalf of a State under subparagraph (A), shall provide to the State an amount equal to the value of the quantity of such vaccine that otherwise would have been delivered on behalf of the State under such subparagraph but only if the State agrees that such payments will only be used for purposes relating to pediatric immunizations.

(ii) DETERMINATION OF VALUE.—In determining the amount to pay a State under clause (i) with respect to a pediatric vaccine, the value of the quantity of vaccine shall be determined on the basis of the price in effect for the qualified pediatric vaccine under contracts under subsection (d). If more than 1 such contract is in effect, the Secretary shall determine such value on the basis of the average of the prices under the contracts, after weighting each such price in relation to the quantity of vaccine under the contract involved.

(b) VACCINE-ELIGIBLE CHILDREN.—For purposes of this section:

(1) IN GENERAL.—The term "vaccine-eligible child" means a child who is a federally vaccine-eligible child (as defined in paragraph (2)) or a State vaccine-eligible child (as defined in paragraph (3)).

(2) FEDERALLY VACCINE-ELIGIBLE CHILD.—

(A) IN GENERAL.—The term "federally vaccine-eligible child" means any of the following children:

(i) A medicaid-eligible child.

(ii) A child who is not insured.

(iii) A child who (I) is administered a qualified pediatric vaccine by a federally-qualified health center (as defined in section 1905(l)(2)(B)) or a rural health clinic (as defined in section 1905(l)(1)), and (II) is not insured with respect to the vaccine.

(iv) A child who is an Indian (as defined in subsection (h)(3)).

(B) DEFINITIONS.—In subparagraph (A):

(i) The term "medicaid-eligible" means, with respect to a child, a child who is entitled to medical assistance under a state plan approved under this title.

(ii) The term "insured" means, with respect to a child—

(I) for purposes of subparagraph (A)(ii), that the child is enrolled under, and entitled to benefits under, a health insurance policy or plan, including a group health plan, a prepaid health plan, or an employee welfare benefit plan under the Employee Retirement Income Security Act of 1974; and

(II) for purposes of subparagraph (A)(iii)(II) with respect to a pediatric vaccine, that the child is entitled to benefits under such a health insurance policy or plan, but such benefits are not available with respect to the cost of the pediatric vaccine.

(3) STATE VACCINE-ELIGIBLE CHILD.—The term "State vaccine-eligible child" means, with respect to a State and a qualified pediatric vaccine, a child who is within a class of children for which the State is purchasing the vaccine pursuant to subsection (d)(4)(B).

(c) PROGRAM-REGISTERED PROVIDERS.—

(1) DEFINED.—In this section, except as otherwise provided, the term "program-registered provider" means, with respect to a State, any health care provider that—

(A) is licensed or otherwise authorized for administration of pediatric vaccines under the law of the State in which the administration occurs (subject to section 333(e) of the Public Health Service Act), without regard to whether or not the provider participates in the plan under this title;

(B) submits to the State an executed provider agreement described in paragraph (2); and

(C) has not been found, by the Secretary or the State, to have violated such agreement or other applicable requirements established by the Secretary or the State consistent with this section.

(2) PROVIDER AGREEMENT.—A provider agreement for a provider under this paragraph is an agreement (in such form and manner as the Secretary may require) that the provider agrees as follows:

(A)(i) Before administering a qualified pediatric vaccine to a child, the provider will ask a parent of the child such questions as are necessary to determine whether the child is a vaccine-eligible child, but the provider need not independently verify the answers to such questions.

(ii) The provider will, for a period of time specified by the Secretary, maintain records of responses made to the questions.

(iii) The provider will, upon request, make such records available to the State and to the Secretary, subject to section 1902(a)(7).

(B)(i) Subject to clause (ii), the provider will comply with the schedule, regarding the appropriate periodicity, dosage, and contraindications applicable to pediatric vaccines, that is established and periodically reviewed and, as appropriate, revised by the advisory committee referred to in subsection (e), except in such cases as, in the provider's medical judgment subject to accepted medical practice, such compliance is medically inappropriate.

(ii) The provider will provide pediatric vaccines in compliance with applicable State law, including any such law relating to any religious or other exemption.

[(c)(2)(C)(i)] Providers may charge patients a vaccine administration fee, but cannot charge for the vaccine.

(C)(i) In administering a qualified pediatric vaccine to a vaccine-eligible child, the provider will not impose a charge for the cost of the vaccine. A program-registered provider is not required under this section to administer such a vaccine to each child for whom an immunization with the vaccine is sought from the provider.

(ii) The provider may impose a fee for the administration of a qualified pediatric vaccine so long as the fee in the case of a federally vaccine-eligible child does not exceed the costs of such administration (as determined by the Secretary based on actual regional costs for such administration).

(iii) The provider will not deny administration of a qualified pediatric vaccine to a vaccine-eligible child due to the inability of the child's parent to pay an administration fee.

(3) ENCOURAGING INVOLVEMENT OF PROVIDERS.—Each program under this section shall provide, in accordance with criteria established by the Secretary—

(A) for encouraging the following to become program-registered providers: private health care providers, the Indian Health Service, health care providers that receive funds under title V of the Indian Health Care Improvement Act, and health programs or facilities operated by Indian tribes or tribal organizations; and

(B) for identifying, with respect to any population of vaccine-eligible children a substantial portion of whose parents have a limited ability to speak the English language, those program-registered providers who are able to communicate with the population involved in the language and cultural context that is most appropriate.

(4) STATE REQUIREMENTS.—Except as the Secretary may permit in order to prevent fraud and abuse and for related purposes, a State may not impose additional qualifications or conditions, in addition to the requirements of paragraph (1), in order that a provider qualify as a program-registered provider under this section. This subsection does not limit the exercise of State authority under section 1915(b).

(d) NEGOTIATION OF CONTRACTS WITH MANUFACTURERS.—

(1) IN GENERAL.—For the purpose of meeting obligations under this section, the Secretary shall negotiate and enter into contracts with manufacturers of pediatric vaccines consistent with the requirements of this subsection and, to the maximum extent practicable, consolidate such contracting with any other contracting activities conducted by the Secretary to purchase vaccines. The Secretary may enter into such contracts under which the Federal Government is obligated to make outlays, the budget authority for which is not provided for in advance in appropriations Acts, for the purchase and delivery of pediatric vaccines under subsection (a)(2)(A).

(2) AUTHORITY TO DECLINE CONTRACTS.—The Secretary may decline to enter into such contracts and may modify or extend such contracts.

(3) CONTRACT PRICE.—

(A) IN GENERAL.—The Secretary, in negotiating the prices at which pediatric vaccines will be purchased and delivered from a manufacturer under this subsection, shall take into account quantities of vaccines to be purchased by States under the option under paragraph (4)(B).

(B) NEGOTIATION OF DISCOUNTED PRICE FOR CURRENT VACCINES.—With respect to contracts entered into under this subsection for a pediatric vaccine for which the Centers for Disease Control and Prevention has a contract in effect under section 317(j)(1) of the Public Health Service Act as of May 1, 1993, no price for the purchase of such vaccine for vaccine-eligible children shall be agreed to by the Secretary under this subsection if the price per dose of such vaccine (including delivery costs and any applicable excise tax established under section 4131 of the Internal Revenue Code of 1986) exceeds the price per dose for the vaccine in effect under such a contract as of such date increased by the percentage increase in the consumer price index for all urban consumers (all items; United States city average) from May 1993 to the month before the month in which such contract is entered into.

(C) NEGOTIATION OF DISCOUNTED PRICE FOR NEW VACCINES.—With respect to contracts entered into for a pediatric vaccine not described in subparagraph (B), the price for the purchase of such vaccine shall be a discounted price negotiated by the Secretary that may be established without regard to such subparagraph.

(4) QUANTITIES AND TERMS OF DELIVERY.—Under such contracts—

(A) the Secretary shall provide, consistent with paragraph (6), for the purchase and delivery on behalf of States (and tribes and tribal organizations) of quantities of pediatric vaccines for federally vaccine-eligible children; and

(B) each State, at the option of the State, shall be permitted to obtain additional quantities of pediatric vaccines (subject to amounts specified to the Secretary by the State in advance of negotiations) through purchasing the vaccines from the manufacturers at the applicable price negotiated by the Secretary consistent with paragraph (3), if (i) the State agrees that the vaccines will be used to provide immunizations only for children who are not federally vaccine-eligible children and (ii) the State provides to the Secretary such information (at a time and manner specified

G:\COMP\SSA\SOCIAL SECURITY ACT-TITLE XIXGRANTS TO STATE....XML

by the Secretary, including in advance of negotiations under paragraph (1)) as the Secretary determines to be necessary, to provide for quantities of pediatric vaccines for the State to purchase pursuant to this subsection and to determine annually the percentage of the vaccine market that is purchased pursuant to this section and this subparagraph.

The Secretary shall enter into the initial negotiations under the preceding sentence not later than 180 days after the date of the enactment of the Omnibus Budget Reconciliation Act of 1993.

(5) CHARGES FOR SHIPPING AND HANDLING.—The Secretary may enter into a contract referred to in paragraph (1) only if the manufacturer involved agrees to submit to the Secretary such reports as the Secretary determines to be appropriate to assure compliance with the contract and if, with respect to a State program under this section that does not provide for the direct delivery of qualified pediatric vaccines, the manufacturer involved agrees that the manufacturer will provide for the delivery of the vaccines on behalf of the State in accordance with such program and will not impose any charges for the costs of such delivery (except to the extent such costs are provided for in the price established under paragraph (3)).

(6) ASSURING ADEQUATE SUPPLY OF VACCINES.—The Secretary, in negotiations under paragraph (1), shall negotiate for quantities of pediatric vaccines such that an adequate supply of such vaccines will be maintained to meet unanticipated needs for the vaccines. For purposes of the preceding sentence, the Secretary shall negotiate for a 6-month supply of vaccines in addition to the quantity that the Secretary otherwise would provide for in such negotiations. In carrying out this paragraph, the Secretary shall consider the potential for outbreaks of the diseases with respect to which the vaccines have been developed.

(7) MULTIPLE SUPPLIERS.—In the case of the pediatric vaccine involved, the Secretary shall, as appropriate, enter into a contract referred to in paragraph (1) with each manufacturer of the vaccine that meets the terms and conditions of the Secretary for an award of such a contract (including terms and conditions regarding safety and quality). With respect to multiple contracts entered into pursuant to this paragraph, the Secretary may have in effect different prices under each of such contracts and, with respect to a purchase by States pursuant to paragraph (4)(B), the Secretary shall determine which of such contracts will be applicable to the purchase.

(e) USE OF PEDIATRIC VACCINES LIST.—The Secretary shall use, for the purpose of the purchase, delivery, and administration of pediatric vaccines under this section, the list established (and periodically reviewed and as appropriate revised) by the Advisory Committee on Immunization Practices (an advisory committee established by the Secretary, acting through the Director of the Centers for Disease Control and Prevention).

(f) REQUIREMENT OF STATE MAINTENANCE OF IMMUNIZATION LAWS.—In the case of a State that had in effect as of May 1, 1993, a law that requires some or all health insurance policies or plans to provide some coverage with respect to a pediatric vaccine, a State program under this section does not comply with the requirements of this section unless the State certifies to the Secretary that the State has not modified or repealed such law in a manner that reduces the amount of coverage so required.

(g) TERMINATION.—This section, and the requirement of section 1902(a)(62), shall cease to be in effect beginning on such date as may be prescribed in Federal law providing for immunization services for all children as part of a broad-based reform of the national health care system.

(c) DETERMINATIONS OF FUNCTIONAL DISABILITY.—

(1) IN GENERAL.—In this section, an individual is "functionally disabled" if the individual—

(A) is unable to perform without substantial assistance from another individual at least 2 of the following 3 activities of daily living: toileting, transferring, and eating; or

(D) PERIODIC REVIEW.—Each individual who qualifies as a functionally disabled elderly individual shall have the individual's assessment periodically reviewed and revised not less often than once every 12 months.

(E) CONDUCT OF ASSESSMENT BY INTERDISCIPLINARY TEAMS.—An assessment under subparagraph (A) and a review under subparagraph (D) must be conducted by an interdisciplinary team designated by the State. The Secretary shall permit a State to provide for assessments and reviews through teams under contracts—

(i) with public organizations; or

(ii) with nonpublic organizations which do not provide home and community care or nursing facility services and do not have a direct or indirect ownership or control interest in, or direct or indirect affiliation or relationship with, an entity that provides, community care or nursing facility services.

(F) CONTENTS OF ASSESSMENT.—The interdisciplinary team must—

(A) is established, and is periodically reviewed and revised, by a qualified case manager after a face-to-face interview with the individual or primary caregiver and based upon the most recent comprehensive functional assessment of such individual conducted under subsection (c)(2);

(B) specifies, within any amount, duration, and scope limitations imposed on home and community care provided under the State plan, the home and community care to be provided to such individual under the plan, and indicates the individual's preferences for the types and providers of services; and

(C) may specify other services required by such individual.

An ICCP may also designate the specific providers (qualified to provide home and community care under the State plan) which will provide the home and community care described in subparagraph (B). Nothing in this section shall be construed as authorizing an ICCP or the State to restrict the specific persons or individuals (who are competent to provide home and community care under the State plan) who will provide the home and community care described in subparagraph (B).

(2) QUALIFIED COMMUNITY CARE CASE MANAGER DEFINED.—In this section, the term "qualified community care case manager" means a nonprofit or public agency or organization which—

(i) such a manager is competent to perform case management functions;

(ii) individuals whose home and community care they manage are not at risk of financial exploitation due to such a manager; and

(iii) meets such other standards as the State may establish.

The Secretary may waive the requirement of subparagraph (C) in the case of a nonprofit agency located in a rural area.

(3) APPEALS PROCESS.—Each State which elects to provide home and community care under this section must have in effect an appeals process for individuals who disagree with the ICCP established.

(e) CEILING ON PAYMENT AMOUNTS AND MAINTENANCE OF EFFORT.—

(1) CEILING ON PAYMENT AMOUNTS.—Payments may not be made under section 1903(a) to a State for home and community care provided under this section in a quarter to the extent that the medical assistance for such care in the quarter exceeds 50 percent of the product of—

(A) the average number of individuals in the quarter receiving such care under this section;

(B) the average per diem rate of payment which the Secretary has determined (before the beginning of the quarter) will be payable under title XVIII (without regard to coinsurance) for extended care services to be provided in the State during such quarter; and

(C) the number of days in such quarter.

(2) MAINTENANCE OF EFFORT.—

(A) ANNUAL REPORTS.—As a condition for the receipt of payment under section 1903(a) with respect to medical assistance provided by a State for home and community care (other than a waiver under section 1915(c) and other than home health care services described in section 1905(a)(7) and personal care services specified under regulations under section 1905(a)(23)), the State shall report to the Secretary, with respect to each Federal fiscal year (beginning with fiscal year 1990) and in a format developed or approved by the Secretary, the amount of funds obligated by the State with respect to the provision of home and community care to the functionally disabled elderly in that fiscal year.

(B) REDUCTION IN PAYMENT IF FAILURE TO MAINTAIN EFFORT.—If the amount reported under subparagraph (A) by a State with respect to a fiscal year is less than the amount reported under subparagraph (A) with respect to fiscal year 1989, the Secretary shall provide for a reduction in payments to the State under section 1903(a) in an amount equal to the difference between the amounts so reported.

(f) MINIMUM REQUIREMENTS FOR HOME AND COMMUNITY CARE.—

(1) REQUIREMENTS.—Home and Community care provided under this section must meet such requirements for individuals' rights and quality as are published or developed by the Secretary under subsection (k). Such requirements shall include—

(A) the requirement that individuals providing care are competent to provide such care; and

(B) the rights specified in paragraph (2).

(2) SPECIFIED RIGHTS.—The rights specified in this paragraph are as follows:

(g) MINIMUM REQUIREMENTS FOR SMALL COMMUNITY CARE SETTINGS.—

(1) SMALL COMMUNITY CARE SETTINGS DEFINED.—In this section, the term "small community care setting" means—

(B) a residential setting in which more than 8 unrelated adults reside and in which personal services are provided in conjunction with residing in the setting in which home and community care under this section is provided.

(2) MINIMUM REQUIREMENTS.—A large community care setting in which community care is provided under this section must—

(A) meet such requirements as are published or developed by the Secretary under subsection (k);

(B) meet the requirements of paragraphs (1)(A), (1)(C), (1)(D), (3), and (6) of section 1919(c), to the extent applicable to such a setting;

(C) inform each individual receiving community care under this section in the setting, orally and in writing at the time the individual first receives home and community care in the setting, of the individual's legal rights with respect to such a setting and the care provided in the setting; and

(D) meet the requirements of paragraphs (2) and (3) of section 1919(d) (relating to administration and other matters) in the same manner as such requirements apply to nursing facilities under such section; except that, in applying the requirement of section 1919(d)(2) (relating to life safety code), the Secretary shall provide for the application of such life safety requirements (if any) that are appropriate to the setting.

(3) DISCLOSURE OF OWNERSHIP AND CONTROL INTERESTS AND EXCLUSION OF REPEATED VIOLATORS.—A community care setting—

(A) must disclose persons with an ownership or control interest (including such persons as defined in section 1124(a)(3)) in the setting; and

(B) may not have, as a person with an ownership or control interest in the setting, any individual or person who has been excluded from participation in the program under this title or who has had such an ownership or control interest in one or more community care settings which have been found repeatedly to be substandard or to have failed to meet the requirements of paragraph (2).

(i) SURVEY AND CERTIFICATION PROCESS.—

(1) CERTIFICATIONS.—

(A) RESPONSIBILITIES OF THE STATE.—Under each State plan under this title, the State shall be responsible for certifying the compliance of providers of home and community care and community care settings with the applicable requirements of subsections (f), (g) and (h). The failure of the Secretary to issue regulations to carry out this subsection shall not relieve a State of its responsibility under this subsection.

(B) RESPONSIBILITIES OF THE SECRETARY.—The Secretary shall be responsible for certifying the compliance of State providers of home and community care, and of State community care settings in which such care is provided, with the requirements of subsections (f), (g) and (h).

(C) FREQUENCY OF CERTIFICATIONS.—Certification of providers and settings under this subsection shall occur no less frequently than once every 12 months.

(2) REVIEWS OF PROVIDERS.—

(A) IN GENERAL.—The certification under this subsection with respect to a provider of home or community care must be based on a periodic review of the provider's performance in providing the care required under ICCP's in accordance with the requirements of subsection (f).

(B) SPECIAL REVIEWS OF COMPLIANCE.—Where the Secretary has reason to question the compliance of a provider of home or community care with any of the requirements of subsection (f), the Secretary may conduct a review of the provider and, on the basis of that review, make independent and binding determinations concerning the extent to which the provider meets such requirements.

(3) SURVEYS OF COMMUNITY CARE SETTINGS.—

(A) IN GENERAL.—The certification under this subsection with respect to community care settings must be based on a survey. Such survey for such a setting must be conducted without prior notice to the setting. Any individual who notifies (or causes to be notified) a community care setting of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed $2,000. The provisions of section 1128A (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a). The Secretary shall review each State's procedures for scheduling and conducting such surveys to assure that the State has taken all reasonable steps to avoid giving notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(B) SURVEY PROTOCOL.—Surveys under this paragraph shall be conducted based upon a protocol which the Secretary has provider for under subsection (k).

(C) PROHIBITION OF CONFLICT OF INTEREST IN SURVEY TEAM MEMBERSHIP.—A State and the Secretary may not use as a member of a survey team under this paragraph

an individual who is serving (or has served within the previous 2 years) as a member of the staff of, or as a consultant to, the community care setting being surveyed (or the person responsible for such setting) respecting compliance with the requirements of subsection (g) or (h) or who has a personal or familial financial interest in the setting being surveyed.

(D) VALIDATION SURVEYS OF COMMUNITY CARE SETTINGS.—The Secretary shall conduct onsite surveys of a representative sample of community care settings in each State, within 2 months of the date of surveys conducted under subparagraph (A) by the State, in a sufficient number to allow inferences about the adequacies of each State's surveys conducted under subparagraph (A). In conducting such surveys, the Secretary shall use the same survey protocols as the State is required to use under subparagraph (B). If the State has determined that an individual setting meets the requirements of subsection (g), but the Secretary determines that the setting does not meet such requirements, the Secretary's determination as to the setting's noncompliance with such requirements is binding and supersedes that of the State survey.

(E) SPECIAL SURVEYS OF COMPLIANCE.—Where the Secretary has reason to question the compliance of a community care setting with any of the requirements of subsection (g) or (h), the Secretary may conduct a survey of the setting and, on the basis of that survey, make independent and binding determinations concerning the extent to which the setting meets such requirements.

(4) INVESTIGATION OF COMPLAINTS AND MONITORING OF PROVIDERS AND SETTINGS.—Each State and the Secretary shall maintain procedures and adequate staff to investigate complaints of violations of applicable requirements imposed on providers of community care or on community care settings under subsections (f), (g) and (h).

(5) INVESTIGATION OF ALLEGATIONS OF INDIVIDUAL NEGLECT AND ABUSE AND MISAPPROPRIATION OF INDIVIDUAL PROPERTY.—The State shall provide, through the agency responsible for surveys and certification of providers of home or community care and community care settings under this subsection, for a process for the receipt, review, and investigation of allegations of individual neglect and abuse (including injuries of unknown source) by individuals providing such care or in such setting and of misappropriation of individual property by such individuals. The State shall, after notice to the individual involved and a reasonable opportunity for hearing for the individual to rebut allegations, make a finding as to the accuracy of the allegations. If the State finds that an individual has neglected or abused an individual receiving community care or misappropriated such individual's property, the State shall notify the individual against whom the finding is made. A State shall not make a finding that a person has neglected an individual receiving community care if the person demonstrates that such neglect was caused by factors beyond the control of the person.

The State shall provide for public disclosure of findings under this paragraph upon request and for inclusion, in any such disclosure of such findings, of any brief statement (or of a clear and accurate summary thereof) of the individual disputing such findings.

(6) DISCLOSURE OF RESULTS OF INSPECTIONS AND ACTIVITIES.—

(A) PUBLIC INFORMATION.—Each State, and the Secretary, shall make available to the public—

(i) information respecting all surveys, reviews, and certifications made under this subsection respecting providers of home or community care and community care settings, including statements of deficiencies,

(ii) copies of cost reports (if any) of such providers and settings filed under this title,

(iii) copies of statements of ownership under section 1124, and

(iv) information disclosed under section 1126.

(B) NOTICES OF SUBSTANDARD CARE.—If a State finds that—

(i) a provider of home or community care has provided care of substandard quality with respect to an individual, the State shall make a reasonable effort to notify promptly (I) an immediate family member of each such individual and (II) individuals receiving home or community care from that provider under this title, or

(ii) a community care setting is substandard, the State shall make a reasonable effort to notify promptly (I) individuals receiving community care in that setting, and (II) immediate family members of such individuals.

(C) ACCESS TO FRAUD CONTROL UNITS.—Each State shall provide its State medicaid fraud and abuse control unit (established under section 1903(q)) with access to all information of the State agency responsible for surveys, reviews, and certifications under this subsection.

(j) ENFORCEMENT PROCESS FOR PROVIDERS OF COMMUNITY CARE.—

(1) STATE AUTHORITY.—

(A) IN GENERAL.—If a State finds, on the basis of a review under subsection (i)(2) or otherwise, that a provider of home or community care no longer meets the requirements of this section, the State may terminate the provider's participation under the State plan and may provide in addition for a civil money penalty. Nothing in this subparagraph shall be construed as restricting the remedies available to a State to remedy a provider's deficiencies. If the State finds that a provider meets such requirements but, as of a previous period, did not meet such requirements, the State may provide for a civil money penalty under paragraph (2)(A) for the period during which it finds that the provider was not in compliance with such requirements.

(B) CIVIL MONEY PENALTY.—

(i) IN GENERAL.—Each State shall establish by law (whether statute or regulation) at least the following remedy: A civil money penalty assessed and collected, with interest, for each day in which the provider is or was out of compliance with a requirement of this section. Funds collected by a State as a result of imposition of such a penalty (or as a result of the imposition by the State of a civil money penalty under subsection (i)(3)(A)) may be applied to reimbursement of individuals for personal funds lost due to a failure of home or community care providers to meet the requirements of this section. The State also shall specify criteria, as to when and how this remedy is to be applied and the amounts of any penalties. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the penalties and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

(ii) DEADLINE AND GUIDANCE.—Each State which elects to provide home and community care under this section must establish the civil money penalty remedy described in clause (i) applicable to all providers of community care covered under this section. The Secretary shall provide, through regulations or otherwise by not later than July 1, 1990, guidance to States in establishing such remedy; but the failure of the Secretary to provide such guidance shall not relieve a State of the responsibility for establishing such remedy.

(2) SECRETARIAL AUTHORITY.—

(A) FOR STATE PROVIDERS.—With respect to a State provider of home or community care, the Secretary shall have the authority and duties of a State under this subsection, except that the civil money penalty remedy described in subparagraph (C) shall be substituted for the civil money remedy described in paragraph (1)(B)(i).

(B) OTHER PROVIDERS.—With respect to any other provider of home or community care in a State, if the Secretary finds that a provider no longer meets a requirement of this section, the Secretary may terminate the provider's participation under the State plan and may provide, in addition, for a civil money penalty under subparagraph (C). If the Secretary finds that a provider meets such requirements but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under subparagraph (C) for the period during which the Secretary finds that the provider was not in compliance with such requirements.

(C) CIVIL MONEY PENALTY.—If the Secretary finds on the basis of a review under subsection (i)(2) or otherwise that a home or community care provider no longer meets the requirements of this section, the Secretary shall impose a civil money penalty in an amount not to exceed $10,000 for each day of noncompliance. The provisions of section 1128A (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a). The Secretary shall specify criteria, as to when and how this remedy is to be applied and the amounts of any penalties. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the penalties and shall provide for the imposition of incrementally more severe penalties for repeated or uncorrected deficiencies.

(k) SECRETARIAL RESPONSIBILITIES.—

(1) PUBLICATION OF INTERIM REQUIREMENTS.—

(A) IN GENERAL.—The Secretary shall publish, by December 1, 1991, a proposed regulation that sets forth interim requirements, consistent with subparagraph (B), for the provision of home and community care and for community care settings, including—

(i) the requirements of subsection (c)(2) (relating to comprehensive functional assessments, including the use of assessment instruments), of subsection (d)(2)(E) (relating to qualifications for qualified case managers), of subsection (f) (relating to minimum requirements for home and community care), of subsection (g) (relating to minimum requirements for small community care settings), and of subsection (h) (relating to minimum requirements for large community care settings), and

(ii) survey protocols (for use under subsection (i)(3)(A)) which relate to such requirements.

(B) MINIMUM PROTECTIONS.—Interim requirements under subparagraph (A) and final requirements under paragraph (2) shall assure, through methods other than reliance on State licensure processes, that individuals receiving home and community care are protected from neglect, physical and sexual abuse, financial exploitation, inappropriate involuntary restraint, and the provision of health care services by unqualified personnel in community care settings.

(2) DEVELOPMENT OF FINAL REQUIREMENTS.—The Secretary shall develop, by not later than October 1, 1992—

(A) final requirements, consistent with paragraph (1)(B), respecting the provision of appropriate, quality home and community care and respecting community care settings under this section, and including at least the requirements referred to in paragraph (1)(A)(i), and

(B) survey protocols and methods for evaluating and assuring the quality of community care settings.

The Secretary may, from time to time, revise such requirements, protocols, and methods.

(3) NO DELEGATION TO STATES.—The Secretary's authority under this subsection shall not be delegated to States.

(3) STATE CONFLICT-OF-INTEREST SAFEGUARDS IN MEDICAID RISK CONTRACTING.—A medicaid managed care organization may not enter into a contract with any State under section 1903(m) unless the State has in effect conflict-of-interest safeguards with respect to officers and employees of the State with responsibilities relating to contracts with such organizations or to the default enrollment process described in subsection (a)(4)(C)(ii) that are at least as effective as the Federal safe-

guards provided under section 27 of the Office of Federal Procurement Policy Act (41 U.S.C. 423), against conflicts of interest that apply with respect to Federal procurement officials with comparable responsibilities with respect to such contracts.

[(e)] Sanctions.

(e) SANCTIONS FOR NONCOMPLIANCE.—

(1) USE OF INTERMEDIATE SANCTIONS BY THE STATE TO ENFORCE REQUIREMENTS.—

(A) IN GENERAL.—A State may not enter into or renew a contract under section 1903(m) unless the State has established intermediate sanctions, which may include any of the types described in paragraph (2), other than the termination of a contract with a medicaid managed care organization, which the State may impose against a medicaid managed care organization with such a contract, if the organization—

(i) fails substantially to provide medically necessary items and services that are required (under law

or under such organization's contract with the State) to be provided to an enrollee covered under the contract;

(ii) imposes premiums or charges on enrollees in excess of the premiums or charges permitted under this title;

(iii) acts to discriminate among enrollees on the basis of their health status or requirements for health care services, including expulsion or refusal to reenroll an individual, except as permitted by this title, or engaging in any practice that would reasonably be expected to have the effect of denying or discouraging enrollment with the organization by eligible individuals whose medical condition or history indicates a need for substantial future medical services;

(iv) misrepresents or falsifies information that is furnished—

(I) to the Secretary or the State under this title; or

(II) to an enrollee, potential enrollee, or a health care provider under such title; or

(v) fails to comply with the applicable requirements of section 1903(m)(2)(A)(x).

The State may also impose such intermediate sanction against a managed care entity if the State determines that the entity distributed directly or through any agent or independent contractor marketing materials in violation of subsection (d)(2)(A)(i)(II).

(B) RULE OF CONSTRUCTION.—Clause (i) of subparagraph (A) shall not apply to the provision of abortion services, except that a State may impose a sanction on any medicaid managed care organization that has a contract to provide abortion services if the organization does not provide such services as provided for under the contract.

(2) INTERMEDIATE SANCTIONS.—The sanctions described in this paragraph are as follows:

(A) Civil money penalties as follows:

(i) Except as provided in clause (ii), (iii), or (iv), not more than $25,000 for each determination under paragraph (1)(A).

(iii) With respect to a determination under paragraph (1)(A)(ii), double the excess amount charged in violation of such subsection (and the excess amount charged shall be deducted from the penalty and returned to the individual concerned).

(iv) Subject to clause (ii), with respect to a determination under paragraph (1)(A)(iii), $15,000 for each individual not enrolled as a result of a practice described in such subsection.

(B) The appointment of temporary management—

(i) to oversee the operation of the medicaid managed care organization upon a finding by the State that there is continued egregious behavior by the organization or there is a substantial risk to the health of enrollees; or

(ii) to assure the health of the organization's enrollees, if there is a need for temporary management while—

(I) there is an orderly termination or reorganization of the organization; or

(II) improvements are made to remedy the violations found under paragraph (1),

except that temporary management under this subparagraph may not be terminated until the State has determined that the medicaid managed care organization has the capability to ensure that the violations shall not recur.

(C) Permitting individuals enrolled with the managed care entity to terminate enrollment without cause, and notifying such individuals of such right to terminate enrollment.

(D) Suspension or default of all enrollment of individuals under this title after the date the Secretary or the State notifies the entity of a determination of a violation of any requirement of section 1903(m) or this section.

(E) Suspension of payment to the entity under this title for individuals enrolled after the date the Secretary or State notifies the entity of such a determination and until the Secretary or State is satisfied that the basis for such determination has been corrected and is not likely to recur.

(3) TREATMENT OF CHRONIC SUBSTANDARD ENTITIES.—In the case of a medicaid managed care organization which has repeatedly failed to meet the requirements of section 1903(m) and this section, the State shall (regardless of what other sanctions are provided) impose the sanctions described in subparagraphs (B) and (C) of paragraph (2).

(4) AUTHORITY TO TERMINATE CONTRACT.—

(A) IN GENERAL.—In the case of a managed care entity which has failed to meet the requirements of this part or a contract under section 1903(m) or 1905(t)(3), the State shall have the authority to terminate such contract with the entity and to enroll such entity's enrollees with other managed care entities (or to permit such enrollees to receive medical assistance under the State plan under this title other than through a managed care entity).

(B) AVAILABILITY OF HEARING PRIOR TO TERMINATION OF CONTRACT.—A State may not terminate a contract with a managed care entity under subparagraph (A) unless the entity is provided with a hearing prior to the termination.

(C) NOTICE AND RIGHT TO DISENROLL IN CASES OF TERMINATION HEARING.—A State may—

(i) notify individuals enrolled with a managed care entity which is the subject of a hearing to terminate the entity's contract with the State of the hearing, and

(ii) in the case of such an entity, permit such enrollees to disenroll immediately with the entity without cause.

(5) OTHER PROTECTIONS FOR MANAGED CARE ENTITIES AGAINST SANCTIONS IMPOSED BY STATE.—Before imposing any sanction against a managed care entity other than termination of the entity's contract, the State shall provide the entity with notice and such other due process protections as the State may provide, except that a State may not provide a managed care entity with a pre-termination hearing before imposing the sanction described in paragraph (2)(B).

[(f)] MCO payments to providers.

(f) TIMELINESS OF PAYMENT; ADEQUACY OF PAYMENT FOR PRIMARY CARE SERVICES.—A contract under section 1903(m) with a medicaid managed care organization shall provide that the organization shall make payment to health care providers for items and services which are subject to the contract and that are furnished to individuals eligible for medical assistance under the State plan under this title who are enrolled with the organization on a timely basis consistent with the claims payment procedures described in section 1902(a)(37)(A), unless the health care provider and the organization agree to an alternate payment schedule and, in the case of primary care services described in section 1902(a)(13)(C), consistent with the minimum payment rates specified in such section (regardless of the manner in which such payments are made, including in the form of capitation or partial capitation).

(g) IDENTIFICATION OF PATIENTS FOR PURPOSES OF MAKING DSH PAYMENTS.—Each contract with a managed care entity under section 1903(m) or under section 1905(t)(3) shall require the entity either—

(1) to report to the State information necessary to determine the hospital services provided under the contract (and the identity of hospitals providing such services) for purposes of applying sections 1886(d)(5)(F) and 1923; or

(2) to include a sponsorship code in the identification card issued to individuals covered under this title in order that a hospital may identify a patient as being entitled to benefits under this title.

(h) SPECIAL RULES WITH RESPECT TO INDIAN ENROLLEES, INDIAN HEALTH CARE PROVIDERS, AND INDIAN MANAGED CARE ENTITIES.—

(1) ENROLLEE OPTION TO SELECT AN INDIAN HEALTH CARE PROVIDER AS PRIMARY CARE PROVIDER.—In the case of a non-Indian Medicaid managed care entity that—

(A) has an Indian enrolled with the entity; and

(B) has an Indian health care provider that is participating as a primary care provider within the network of the entity,

insofar as the Indian is otherwise eligible to receive services from such Indian health care provider and the Indian health care provider has the capacity to provide primary care services to such Indian, the contract with the entity under section 1903(m) or under section 1905(t)(3) shall require, as a condition of receiving payment under such contract, that the Indian

shall be allowed to choose such Indian health care provider as the Indian's primary care provider under the entity.

(2) ASSURANCE OF PAYMENT TO INDIAN HEALTH CARE PROVIDERS FOR PROVISION OF COVERED SERVICES.—Each contract with a managed care entity under section 1903(m) or under section 1905(t)(3) shall require any such entity, as a condition of receiving payment under such contract, to satisfy the following requirements:

(A) DEMONSTRATION OF ACCESS TO INDIAN HEALTH CARE PROVIDERS AND APPLICATION OF ALTERNATIVE PAYMENT ARRANGEMENTS.—Subject to subparagraph (C), to—

(i) demonstrate that the number of Indian health care providers that are participating providers with respect to such entity are sufficient to ensure timely access to covered Medicaid managed care services for those Indian enrollees who are eligible to receive services from such providers; and

(ii) agree to pay Indian health care providers, whether such providers are participating or nonparticipating providers with respect to the entity, for covered Medicaid managed care services provided to those Indian enrollees who are eligible to receive services from such providers at a rate equal to the rate negotiated between such entity and the provider involved or, if such a rate has not been negotiated, at a rate that is not less than the level and amount of payment which the entity would make for the services if the services were furnished by a participating provider which is not an Indian health care provider.

The Secretary shall establish procedures for applying the requirements of clause (i) in States where there are no or few Indian health providers.

(B) PROMPT PAYMENT.—To agree to make prompt payment (consistent with rule for prompt payment of providers under section 1932(f)) to Indian health care providers that are participating providers with respect to such entity or, in the case of an entity to which subparagraph (A)(ii) or (C) applies, that the entity is required to pay in accordance with that subparagraph.

(C) APPLICATION OF SPECIAL PAYMENT REQUIREMENTS FOR FEDERALLY-QUALIFIED HEALTH CENTERS AND FOR SERVICES PROVIDED BY CERTAIN INDIAN HEALTH CARE PROVIDERS.—

(i) FEDERALLY-QUALIFIED HEALTH CENTERS.—

(I) MANAGED CARE ENTITY PAYMENT REQUIREMENT.—To agree to pay any Indian health care provider that is a federally-qualified health center under this title but not a participating provider with respect to the entity, for the provision of covered Medicaid managed care services by such provider to an Indian enrollee of the entity at a rate equal to the amount of payment that the entity would pay a federally-qualified health center that is a participating provider with respect to the entity but is not an Indian health care provider for such services.

(II) CONTINUED APPLICATION OF STATE REQUIREMENT TO MAKE SUPPLEMENTAL PAYMENT.—Nothing in subclause (I) or subparagraph (A) or (B) shall be construed as waiving the application of section 1902(bb)(5) regarding the State plan requirement to make any supplemental payment due under such section to a federally-qualified health center for services furnished by such center to an enrollee of a managed care entity (regardless of whether the federally-qualified health center is or is not a participating provider with the entity).

(ii) PAYMENT RATE FOR SERVICES PROVIDED BY CERTAIN INDIAN HEALTH CARE PROVIDERS.—If the amount paid by a managed care entity to an Indian health care provider that is not a federally-qualified health center for services provided by the provider to an Indian enrollee with the managed care entity is less than the rate that applies to the provision of such services by the provider under the State plan, the plan shall provide for payment to the Indian health care provider, whether the provider is a participating or nonparticipating provider with respect to the entity, of the difference between such applicable rate and the amount paid by the managed care entity to the provider for such services.

(D) CONSTRUCTION.—Nothing in this paragraph shall be construed as waiving the application of section 1902(a)(30)(A) (relating to application of standards to assure that payments are consistent with efficiency, economy, and quality of care).

(3) SPECIAL RULE FOR ENROLLMENT FOR INDIAN MANAGED CARE ENTITIES.—Regarding the application of a Medicaid managed care program to Indian Medicaid managed care entities, an Indian Medicaid managed care entity may restrict enrollment under such program to Indians in the same manner as Indian Health Programs may restrict the delivery of services to Indians.

Such amount shall be an amount, specified under the PACE agreement, which is less than the amount that would otherwise have been made under the State plan if the individuals were not so enrolled and shall be adjusted to take into account the comparative frailty of PACE enrollees and such other factors as the Secretary determines to be appropriate. The payment under this section shall be in addition to any payment made under section 1894 for individuals who are enrolled in a PACE program under such section.

(e) PACE PROGRAM AGREEMENT.—

(v) shall contain such additional terms and conditions as the parties may agree to, so long as such terms and conditions are consistent with this section and regulations.

(B) SERVICE AREA OVERLAP.—In designating a service area under a PACE program agreement under subparagraph (A)(i), the Secretary (in consultation with the State administering agency) may exclude from designation an area that is already covered under another PACE program agreement, in order to avoid unnecessary duplication of services and avoid impairing the financial and service viability of an existing program.

(B) CAUSES FOR TERMINATION.—In accordance with regulations establishing procedures for termination of PACE program agreements, the Secretary or a State administering agency may terminate a PACE program agreement with a PACE provider for, among other reasons, the fact that—

(I) there are significant deficiencies in the quality of care provided to enrolled participants; or

(II) the provider has failed to comply substantially with conditions for a program or provider under this section or section 1894; and

(ii) the entity has failed to develop and successfully initiate, within 30 days of the date of the receipt of written notice of such a determination, a plan to correct the deficiencies, or has failed to continue implementation of such a plan.

(i) Condition the continuation of the PACE program agreement upon timely execution of a corrective action plan.

(ii) Withhold some or all further payments under the PACE program agreement under this section or section 1894 with respect to PACE program services furnished by such provider until the deficiencies have been corrected.

(8) TIMELY CONSIDERATION OF APPLICATIONS FOR PACE PROGRAM PROVIDER STATUS.—In considering an application for PACE provider program status, the application shall be deemed approved unless the Secretary, within 90 days after the date of the submission of the application to the Secretary, either denies such request in writing or informs the applicant in writing with respect to any additional information that is needed in order to make a final determination with respect to the application. After the date the Secretary receives such additional information, the application shall be deemed approved unless the Secretary, within 90 days of such date, denies such request.

(f) REGULATIONS.—

(1) IN GENERAL.—The Secretary shall issue interim final or final regulations to carry out this section and section 1894.

(2) USE OF PACE PROTOCOL.—

(A) IN GENERAL.—In issuing such regulations, the Secretary shall, to the extent consistent with the provisions of this section, incorporate the requirements applied to PACE demonstration waiver programs under the PACE protocol.

(i) The focus on frail elderly qualifying individuals who require the level of care provided in a nursing facility.

(ii) The delivery of comprehensive, integrated acute and long-term care services.

(iii) The interdisciplinary team approach to care management and service delivery.

(v) The assumption by the provider of full financial risk.

(C) CONTINUATION OF MODIFICATIONS OR WAIVERS OF OPERATIONAL REQUIREMENTS UNDER DEMONSTRATION STATUS.—If a PACE program operating under demonstration authority has contractual or other operating arrangements which are not otherwise recognized in regulation and which were in effect on July 1 2000, the Secretary (in close consultation with, and with the concurrence of, the State administering agency) shall permit any such program to continue such arrangements so long as such arrangements are found by the Secretary and the State to be reasonably consistent with the objectives of the PACE program.

(3) APPLICATION OF CERTAIN ADDITIONAL BENEFICIARY AND PROGRAM PROTECTIONS.—

(A) IN GENERAL.—In issuing such regulations and subject to subparagraph (B), the Secretary may apply with respect to PACE programs, providers, and agreements such requirements of part C of title XVIII (or, for periods before January 1, 1999, section 1876) and sections 1903(m) and 1932 relating to protection of beneficiaries and program integrity as would apply to Medicare+Choice organizations under such part C (or for such periods eligible organizations under risk-sharing contracts under section 1876) and to medicaid managed care organizations under prepaid capitation agreements under section 1903(m).

(B) CONSIDERATIONS.—In issuing such regulations, the Secretary shall—

[(g)] Waivers from Medicaid requirements for implementing PACE.

(g) WAIVERS OF REQUIREMENTS.—With respect to carrying out a PACE program under this section, the following requirements of this title (and regulations relating to such requirements) shall not apply:

(1) Section 1902(a)(1), relating to any requirement that PACE programs or PACE program services be provided in all areas of a State.

(6) MENTAL HEALTH SERVICES PARITY.—

(A) IN GENERAL.—In the case of any benchmark benefit package under paragraph (1) or benchmark equivalent coverage under paragraph (2) that is offered by an entity that is not a medicaid managed care organization and that provides both medical and surgical benefits and mental health or substance use disorder benefits, the entity shall ensure that the financial requirements and treatment limitations applicable to such mental health or substance use disorder benefits comply with the requirements of section 2726(a) of the Public Health Service Act in the same manner as such requirements apply to a group health plan. In applying the previous sentence with respect to requirements under paragraph (8) of section 2726(a) of the Public Health Service Act, a benchmark benefit package or benchmark equivalent coverage described in such sentence shall

[(b)(6)] Application of mental health parity to benchmark coverage and is satisfied for children through coverage of EPSDT.

(B) DEEMED COMPLIANCE.—Coverage provided with respect to an individual described in section 1905(a)(4)(B) and covered under the State plan under section 1902(a)(10)(A) of the services described in section 1905(a)(4)(B) (relating to early and periodic screening, diagnostic, and treatment services defined in section 1905(r)) and provided in accordance with section 1902(a)(43), shall be deemed to satisfy the requirements of subparagraph (A).

(7) COVERAGE OF FAMILY PLANNING SERVICES AND SUPPLIES.—Notwithstanding the previous provisions of this section, a State may not provide for medical assistance through enrollment of an individual with benchmark coverage or benchmark-equivalent coverage under this section unless such coverage includes for any individual described in section 1905(a)(4)(C), medical assistance for family planning services and supplies in accordance with such section.

(8) COVID–19 VACCINES, TESTING, AND TREATMENT.—Notwithstanding the previous provisions of this section, a State may not provide for medical assistance through enrollment of an individual with benchmark coverage or benchmark-equivalent coverage under this section unless, during the period beginning on the date of the enactment of the American Rescue Plan Act of 2021 and ending on the last day of the first calendar quarter that begins one year after the last day of the emergency period described in section 1135(g)(1)(B), such coverage includes (and does not impose any deduction, cost sharing, or similar charge for)—

(A) COVID–19 vaccines and administration of the vaccines; and

(B) testing and treatments for COVID–19, including specialized equipment and therapies (including preventive therapies), and, in the case of such an individual who is diagnosed with or presumed to have COVID–19, during the period such individual has (or is presumed to have) COVID–19, the treatment of a condition that may seriously complicate the treatment of COVID–19, if otherwise covered under the State plan (or waiver of such plan).

HEALTH OPPORTUNITY ACCOUNTS

[1938] § 613 of CHIPRA 2009 prohibited any new HOA demonstration programs under this section after 02/04/09. A 2011 GAO report (GAO-12-221R) indicated that only one State (SC) had an approved demonstration with five individuals enrolled.

SEC. 1938. [42 U.S.C. 1396u–8] (a) AUTHORITY.—

(1) IN GENERAL.—Notwithstanding any other provision of this title, the Secretary shall establish a demonstration program under which States may provide under their State plans under this title (including such a plan operating under a statewide waiver under section 1115) in accordance with this section for the provision of alternative benefits consistent with subsection (c) for eligible population groups in one or more geographic areas of the State specified by the State. An amendment under the previous sentence is referred to in this section as a "State demonstration program".

(2) INITIAL DEMONSTRATION.—

(A) IN GENERAL.—The demonstration program under this section shall begin on January 1, 2007. During the first 5 years of such program, the Secretary shall not approve more than 10 States to conduct demonstration programs under this section, with each State demonstration program covering 1 or more geographic areas specified by the State. After such 5-year period—

(i) unless the Secretary finds, taking into account cost-effectiveness, quality of care, and other criteria that the Secretary specifies, that a State demonstration program previously implemented has been unsuccessful, such a demonstration program may be extended or made permanent in the State; and

(ii) unless the Secretary finds, taking into account cost-effectiveness, quality of care, and other criteria that the Secretary specifies, that all State demonstration programs previously implemented were unsuccessful, other States may implement State demonstration programs.

(B) GAO REPORT.—

(i) IN GENERAL.—Not later than 3 months after the end of the 5-year period described in subparagraph (A), the Comptroller General of the United States shall submit a report to Congress evaluating the demonstration programs conducted under this section during such period.

(ii) APPROPRIATION.—Out of any funds in the Treasury not otherwise appropriated, there is appropriated to the Comptroller General of the United States, $550,000 for the period of fiscal years 2007 through 2010 to carry out clause (i).

(3) APPROVAL.—The Secretary shall not approve a State demonstration program under paragraph (1) unless the program includes the following:

(A) Creating patient awareness of the high cost of medical care.

(B) Providing incentives to patients to seek preventive care services.

(C) Reducing inappropriate use of health care services.

(D) Enabling patients to take responsibility for health outcomes.

(E) Providing enrollment counselors and ongoing education activities.

(F) Providing transactions involving health opportunity accounts to be conducted electronically and without cash.

(G) Providing access to negotiated provider payment rates consistent with this section.

Nothing in this section shall be construed as preventing a State demonstration program from providing incentives for patients obtaining appropriate preventive care (as defined for purposes of section 223(c)(2)(C) of the Internal Revenue Code of 1986), such as additional account contributions for an individual demonstrating healthy prevention practices.

(4) NO REQUIREMENT FOR STATEWIDENESS.—Nothing in this section or any other provision of law shall be construed to require that a State must provide for the implementation of a State demonstration program on a Statewide basis.

(b) ELIGIBLE POPULATION GROUPS.—

(1) IN GENERAL.—A State demonstration program under this section shall specify the eligible population groups consistent with paragraphs (2) and (3).

(2) ELIGIBILITY LIMITATIONS DURING INITIAL DEMONSTRATION PERIOD.—During the initial 5 years of the demonstration program under this section, a State demonstration program shall not apply to any of the following individuals:

(A) Individuals who are 65 years of age or older.

(B) Individuals who are disabled, regardless of whether or not their eligibility for medical assistance under this title is based on such disability.

(C) Individuals who are eligible for medical assistance under this title only because they are (or were within the previous 60 days) pregnant.

(D) Individuals who have been eligible for medical assistance for a continuous period of less than 3 months.

(3) ADDITIONAL LIMITATIONS.—A State demonstration program shall not apply to any individual within a category of individuals described in section 1937(a)(2)(B).

(4) LIMITATIONS.—

(A) STATE OPTION.—This subsection shall not be construed as preventing a State from further limiting eligibility.

(B) ON ENROLLEES IN MEDICAID MANAGED CARE ORGANIZATIONS.—Insofar as the State provides for eligibility of individuals who are enrolled in Medicaid managed care organizations, such individuals may participate in the State demonstration program only if the State provides assurances satisfactory to the Secretary that the following conditions are met with respect to any such organization:

(i) In no case may the number of such individuals enrolled in the organization who participate in the program exceed 5 percent of the total number of individuals enrolled in such organization.

(ii) The proportion of enrollees in the organization who so participate is not significantly disproportionate to the proportion of such enrollees in other such organizations who participate.

(iii) The State has provided for an appropriate adjustment in the per capita payments to the organization to account for such participation, taking into account differences in the likely use of health services between enrollees who so participate and enrollees who do not so participate.

(5) VOLUNTARY PARTICIPATION.—An eligible individual shall be enrolled in a State demonstration program only if the individual voluntarily enrolls. Except in such hardship cases as the Secretary shall specify, such an enrollment shall be effective for a period of 12 months, but may be extended for additional periods of 12 months each with the consent of the individual.

(6) 1-YEAR MORATORIUM FOR REENROLLMENT.—An eligible individual who, for any reason, is disenrolled from a State demonstration program conducted under this section shall not be permitted to reenroll in such program before the end of the 1-year period that begins on the effective date of such disenrollment.

(c) ALTERNATIVE BENEFITS.—

(1) IN GENERAL.—The alternative benefits provided under this section shall consist, consistent with this subsection, of at least—

(A) coverage for medical expenses in a year for items and services for which benefits are otherwise provided under this title after an annual deductible described in paragraph (2) has been met; and

(B) contribution into a health opportunity account.

Nothing in subparagraph (A) shall be construed as preventing a State from providing for coverage of preventive care (referred to in subsection (a)(3)) within the alternative benefits without regard to the annual deductible.

(2) ANNUAL DEDUCTIBLE.—The amount of the annual deductible described in paragraph (1)(A) shall be at least 100 percent, but no more than 110 percent, of the annualized amount of contributions to the health opportunity account under subsection (d)(2)(A)(i), determined without regard to any limitation described in subsection (d)(2)(C)(i)(II).

(3) ACCESS TO NEGOTIATED PROVIDER PAYMENT RATES.—

(A) FEE-FOR-SERVICE ENROLLEES.—In the case of an individual who is participating in a State demonstration program and who is not enrolled with a Medicaid managed care organization, the State shall provide that the individual may obtain demonstration program Medicaid services from—

(i) any participating provider under this title at the same payment rates that would be applicable to such services if the deductible described in paragraph (1)(A) was not applicable; or

(ii) any other provider at payment rates that do not exceed 125 percent of the payment rate that would be applicable to such services furnished by a participating provider under this title if the deductible described in paragraph (1)(A) was not applicable.

(B) TREATMENT UNDER MEDICAID MANAGED CARE PLANS.—In the case of an individual who is participating in a State demonstration program and is enrolled with a Medicaid managed care organization, the State shall enter into an arrangement with the organization under which the individual may obtain demonstration program Medicaid services from any provider described in clause (ii) of subparagraph (A) at payment rates that do not exceed the payment rates that may be imposed under that clause.

(C) COMPUTATION.—The payment rates described in subparagraphs (A) and (B) shall be computed without regard to any cost sharing that would be otherwise applicable under sections 1916 and 1916A.

(D) DEFINITIONS.—For purposes of this paragraph:

(i) The term "demonstration program Medicaid services" means, with respect to an individual participating in a State demonstration program, services for which the individual would be provided medical assistance under this title but for the application of the deductible described in paragraph (1)(A).

(ii) The term "participating provider" means—

(I) with respect to an individual described in subparagraph (A), a health care provider that has entered into a participation agreement with the State for the provision of services to individuals entitled to benefits under the State plan; or

(II) with respect to an individual described in subparagraph (B) who is enrolled in a Medicaid managed care organization, a health care provider that has entered into an arrangement for the provision of services to enrollees of the organization under this title.

(4) NO EFFECT ON SUBSEQUENT BENEFITS.—Except as provided under paragraphs (1) and (2), alternative benefits for an eligible individual shall consist of the benefits otherwise provided to the individual, including cost sharing relating to such benefits.

(5) OVERRIDING COST SHARING AND COMPARABILITY REQUIREMENTS FOR ALTERNATIVE BENEFITS.—The provisions of this title relating to cost sharing for benefits (including sections 1916 and 1916A) shall not apply with respect to benefits to which the annual deductible under paragraph (1)(A) applies. The provisions of section 1902(a)(10)(B) (relating to comparability) shall not apply with respect to the provision of alternative benefits (as described in this subsection).

(6) TREATMENT AS MEDICAL ASSISTANCE.—Subject to subparagraphs (D) and (E) of subsection (d)(2), payments for alternative benefits under this section (including contributions into

a health opportunity account) shall be treated as medical assistance for purposes of section 1903(a).

(7) USE OF TIERED DEDUCTIBLE AND COST SHARING.—

(A) IN GENERAL.—A State—

(i) may vary the amount of the annual deductible applied under paragraph (1)(A) based on the income of the family involved so long as it does not favor families with higher income over those with lower income; and

(ii) may vary the amount of the maximum out-of-pocket cost sharing (as defined in subparagraph (B)) based on the income of the family involved so long as it does not favor families with higher income over those with lower income.

(B) MAXIMUM OUT-OF-POCKET COST SHARING.—For purposes of subparagraph (A)(ii), the term "maximum out-of-pocket cost sharing" means, for an individual or family, the amount by which the annual deductible level applied under paragraph (1)(A) to the individual or family exceeds the balance in the health opportunity account for the individual or family.

(8) CONTRIBUTIONS BY EMPLOYERS.—Nothing in this section shall be construed as preventing an employer from providing health benefits coverage consisting of the coverage described in paragraph (1)(A) to individuals who are provided alternative benefits under this section.

(d) HEALTH OPPORTUNITY ACCOUNT.—

(1) IN GENERAL.—For purposes of this section, the term "health opportunity account" means an account that meets the requirements of this subsection.

(2) CONTRIBUTIONS.—

(A) IN GENERAL.—No contribution may be made into a health opportunity account except—

(i) contributions by the State under this title; and

(ii) contributions by other persons and entities, such as charitable organizations, as permitted under section 1903(w).

(B) STATE CONTRIBUTION.—A State shall specify the contribution amount that shall be deposited under subparagraph (A)(i) into a health opportunity account.

(C) LIMITATION ON ANNUAL STATE CONTRIBUTION PROVIDED AND PERMITTING IMPOSITION OF MAXIMUM ACCOUNT BALANCE.—

(i) IN GENERAL.—A State—

(I) may impose limitations on the maximum contributions that may be deposited under subparagraph (A)(i) into a health opportunity account in a year;

(II) may limit contributions into such an account once the balance in the account reaches a level specified by the State; and

(III) subject to clauses (ii) and (iii) and subparagraph (D)(i), may not provide contributions described in subparagraph (A)(i) to a health opportunity account on behalf of an individual or family to the extent the amount of such contributions (including both State and Federal shares) exceeds, on an annual basis, $2,500 for each individual (or family member) who is an adult and $1,000 for each individual (or family member) who is a child.

(ii) INDEXING OF DOLLAR LIMITATIONS.—For each year after 2006, the dollar amounts specified in clause (i)(III) shall be annually increased by the Secretary by a percentage that reflects the annual percentage increase in the medical care component of the consumer price index for all urban consumers.

(iii) BUDGET NEUTRAL ADJUSTMENT.—A State may provide for dollar limitations in excess of those specified in clause (i)(III) (as increased under clause (ii)) for specified individuals if the State provides assurances satisfactory to the Secretary that contributions otherwise made to other individuals will be reduced in a manner so as to provide for aggregate contributions that do not exceed the aggregate contributions that would otherwise be permitted under this subparagraph.

(D) LIMITATIONS ON FEDERAL MATCHING.—

(i) STATE CONTRIBUTION.—A State may contribute under subparagraph (A)(i) amounts to a health opportunity account in excess of the limitations provided under subparagraph (C)(i)(III), but no Federal financial participation shall be provided under section 1903(a) with respect to contributions in excess of such limitations.

(ii) NO FFP FOR PRIVATE CONTRIBUTIONS.—No Federal financial participation shall be provided under section 1903(a) with respect to any contributions described in subparagraph (A)(ii) to a health opportunity account.

(E) APPLICATION OF DIFFERENT MATCHING RATES.—The Secretary shall provide a method under which, for expenditures made from a health opportunity account for medical care for which the Federal matching rate under section 1903(a) exceeds the Federal medical assistance percentage, a State may obtain payment under such section at such higher matching rate for such expenditures.

(3) USE.—

(A) GENERAL USES.—

(i) IN GENERAL.—Subject to the succeeding provisions of this paragraph, amounts in a health opportunity account may be used for payment of such health care expenditures as the State specifies.

(ii) GENERAL LIMITATION.—Subject to subparagraph (B)(ii), in no case shall such account be used for payment for health care expenditures that are not payment of medical care (as defined by section 213(d) of the Internal Revenue Code of 1986).

(iii) STATE RESTRICTIONS.—In applying clause (i), a State may restrict payment for—

(I) providers of items and services to providers that are licensed or otherwise authorized under State law to provide the item or service and may deny payment for such a provider on the basis that the provider has been found, whether with respect to this title or any other health benefit program, to have failed to meet quality standards or to have committed 1 or more acts of fraud or abuse; and

(II) items and services insofar as the State finds they are not medically appropriate or necessary.

(iv) ELECTRONIC WITHDRAWALS.—The State demonstration program shall provide for a method whereby withdrawals may be made from the account for such purposes using an electronic system and shall not permit withdrawals from the account in cash.

(B) MAINTENANCE OF HEALTH OPPORTUNITY ACCOUNT AFTER BECOMING INELIGIBLE FOR PUBLIC BENEFIT.—

(i) IN GENERAL.—Notwithstanding any other provision of law, if an account holder of a health opportunity account becomes ineligible for benefits under this title because of an increase in income or assets—

(I) no additional contribution shall be made into the account under paragraph (2)(A)(i);

(II) subject to clause (iii), the balance in the account shall be reduced by 25 percent; and

(III) subject to the succeeding provisions of this subparagraph, the account shall remain available to the account holder for 3 years after the date on which the individual becomes ineligible for such benefits for withdrawals under the same terms and conditions as if the account holder remained eligible for such benefits, and such withdrawals shall be treated as medical assistance in accordance with subsection (c)(6).

(ii) SPECIAL RULES.—Withdrawals under this subparagraph from an account—

(I) shall be available for the purchase of health insurance coverage; and

(II) may, subject to clause (iv), be made available (at the option of the State) for such additional expenditures (such as job training and tuition expenses) specified by the State (and approved by the Secretary) as the State may specify.

(iii) EXCEPTION FROM 25 PERCENT SAVINGS TO GOVERNMENT FOR PRIVATE CONTRIBUTIONS.—Clause (i)(II) shall not apply to the portion of the account that is attributable to contributions described in paragraph (2)(A)(ii). For purposes of accounting for such contributions, withdrawals from a health opportunity account shall first be attributed to contributions described in paragraph (2)(A)(i).

(iv) CONDITION FOR NON-HEALTH WITHDRAWALS.—No withdrawal may be made from an account under clause (ii)(II) unless the account holder has participated in the program under this section for at least 1 year.

(v) NO REQUIREMENT FOR CONTINUATION OF COVERAGE.—An account holder of a health opportunity account, after becoming ineligible for medical assistance under this title, is not required to purchase high-deductible or other insurance as a condition of maintaining or using the account.

(4) ADMINISTRATION.—A State may coordinate administration of health opportunity accounts through the use of a third party administrator and reasonable expenditures for the use of such administrator shall be reimbursable to the State in the same manner as other administrative expenditures under section 1903(a)(7).

(5) TREATMENT.—Amounts in, or contributed to, a health opportunity account shall not be counted as income or assets for purposes of determining eligibility for benefits under this title.

(6) UNAUTHORIZED WITHDRAWALS.—A State may establish procedures—

(A) to penalize or remove an individual from the health opportunity account based on nonqualified withdrawals by the individual from such an account; and

(B) to recoup costs that derive from such nonqualified withdrawals.

[(a)(4)] Territories exempt from asset verification under this section.

[(b)(2)] Funding in MIF has been reduced and increased multiple times in the context of reconciliation legislation.

(4) EXEMPTION OF CERTAIN TERRITORIES.—This section shall only apply to the 50 States, the District of Columbia, and Puerto Rico.

(b) ASSET VERIFICATION PROGRAM.—

(1) IN GENERAL.—For purposes of this section, an asset verification program means a program described in paragraph (2) under which a State—

(A) requires each applicant for, or recipient of, medical assistance under the State plan under this title on the basis of being aged, blind, or disabled to provide authorization by such applicant or recipient (and any other person whose resources are required by law to be disclosed to determine the eligibility of the applicant or recipient for such assistance) for the State to obtain (subject to the cost reimbursement requirements of section 1115(a) of the Right to Financial Privacy Act but at no cost to the applicant or recipient) from any financial institution (within the meaning of section 1101(1) of such Act) any financial record (within the meaning of section 1101(2) of such Act) held by the institution with respect to the applicant or recipient (and such other person, as applicable), whenever the State determines the record is needed in connection with a determination with respect to such eligibility for (or the amount or extent of) such medical assistance; and

(B) uses the authorization provided under subparagraph (A) to verify the financial resources of such applicant or recipient (and such other person, as applicable), in order to determine or redetermine the eligibility of such applicant or recipient for medical assistance under the State plan.

(2) PROGRAM DESCRIBED.—A program described in this paragraph is a program for verifying individual assets in a manner consistent with the approach used by the Commissioner of Social Security under section 1631(e)(1)(B)(ii).

(1) the rendering of a final adverse decision on the applicant's application for medical assistance under the State's plan under this title;

(2) the cessation of the recipient's eligibility for such medical assistance; or

(3) the express revocation by the applicant or recipient (or such other person described in subsection (b)(1), as applicable) of the authorization, in a written notification to the State.

(d) TREATMENT OF RIGHT TO FINANCIAL PRIVACY ACT REQUIREMENTS.—

(1) An authorization obtained by the State under subsection (b)(1) shall be considered to meet the requirements of the Right to Financial Privacy Act for purposes of section 1103(a) of such Act, and need not be furnished to the financial institution, notwithstanding section 1104(a) of such Act.

(2) The certification requirements of section 1103(b) of the Right to Financial Privacy Act shall not apply to requests by the State pursuant to an authorization provided under subsection (b)(1).

(3) A request by the State pursuant to an authorization provided under subsection (b)(1) is deemed to meet the requirements of section 1104(a)(3) of the Right to Financial Privacy Act and of section 1102 of such Act, relating to a reasonable description of financial records.

(e) REQUIRED DISCLOSURE.—The State shall inform any person who provides authorization pursuant to subsection (b)(1)(A) of the duration and scope of the authorization.

(f) REFUSAL OR REVOCATION OF AUTHORIZATION.—If an applicant for, or recipient of, medical assistance under the State plan under this title (or such other person described in subsection (b)(1), as applicable) refuses to provide, or revokes, any authorization made by the applicant or recipient (or such other person, as applicable) under subsection (b)(1)(A) for the State to obtain from any financial institution any financial record, the State may, on that basis, determine that the applicant or recipient is ineligible for medical assistance.

(g) USE OF CONTRACTOR.—For purposes of implementing an asset verification program under this section, a State may select and enter into a contract with a public or private entity meeting such criteria and qualifications as the State determines appropriate, consistent with requirements in regulations relating to general contracting provisions and with section 1903(i)(2). In carrying out activities under such contract, such an entity shall be subject to the same requirements and limitations on use and disclosure of information as would apply if the State were to carry out such activities directly.

(h) TECHNICAL ASSISTANCE.—The Secretary shall provide States with technical assistance to aid in implementation of an asset verification program under this section.

(i) REPORTS.—A State implementing an asset verification program under this section shall furnish to the Secretary such reports concerning the program, at such times, in such format, and containing such information as the Secretary determines appropriate.

(j) TREATMENT OF PROGRAM EXPENSES.—Notwithstanding any other provision of law, reasonable expenses of States in carrying out the program under this section shall be treated, for purposes of section 1903(a), in the same manner as State expenditures specified in paragraph (7) of such section.
